6. The following report presented by Donald Myers, First Baptist Church Reidsville, was accepted. M. A. Huggins, General Secretary of the Baptist State Convention, spoke to the report.

STATE MISSIONS AND THE CO-OPERATIVE PROGRAM

State Missions is an integral and vitally important part of our Baptist Program. Granted that Foreign Missions is more romantic, and that City and Associational Missions are more immediate, there is a great challenge in trying to take North Carolina for Christ. The Old North State needs the gospel of the Christ for there are yet nearly 2,000,000 souls in the State who are not His.

The scope of our State Mission Program includes the work of the Sunday Schools, Training Union, Student Union, Visual Aids and Radio, Summer Student Program, Department of Evangelism, Department of Rural Church Program, Baptist Brotherhood and Schools for Pastors and Deacons; special ministeries are rendered by our two summer assemblies (Fruitland and Seaside), the two book stores (Charlotte and Raleigh) and work in hospitals and institutions, assistance to Indians and Negroes, and most recently to silent people; regularly, grants of money are made (1) to purchase new church lots when needed, (2) aid to Missionary Pastors, (3) $2,400 annually to assist our Negro convention, and (4) to support Allied Church League.

The next step Mr. Huggins would like to see would be a Home for Aged People.

To realize these worthy objectives, we need to support more worthily our whole mission enterprise, and the major method of doing such is by Churches giving through the Co-operative Program. "Fifty-Fifty by 1950" is our goal as we look forward to giving as much to Missions as we do to local needs.

The Program in terms of percentage is as follows:

For Objects of the State Convention

	Per Cent	
State Missions	13.00	
Hospital	7.00	
Christian Education (Colleges)	30.00	
Total		50.00

For Objects of the Southern Convention

Foreign Missions	23.00	
Home Missions	9.00	
Seminaries	8.50	
W. M. U. Training School	.50	
Relief and Annuity Board	7.50	
Radio Committee	.95	
Baptist Brotherhood	.50	
Southern Baptist Hospital	.05	
Total		50.00
		100.00%

I pay tribute to the many men who implement the State Mission Program, and allow me to call special attention to the man who heads up this work. I can do it no better than the way Forrest L. Fraser did it in his excellent report on this subject to the Association last year:

> "This report would be incomplete were we not to mention the untiring efforts of our efficient State Secretary, Mr. M. A. Huggins, a brother whose consecration, vision, faith and work are being so signally blessed by God. May his days be many; his powers uabated, and may he continually lead us to newer heights and greater victories is our earnest and sincere prayer."

Donald Myers.

7. The following report presented by T. L. Sasser, Associational Missionary, was accepted, T. L. Sasser spoke to his report.

REPORT OF ASSOCIATIONAL MISSIONS TO ANNUAL MEETING

Among Southern Baptists local, district or associational missions is taking on a new emphasis. This is particularly true in North Carolina and in our Association. The long period during which so many of our churches and institutions had heavy financial debts against them our state and south-wide institutions required a very large part of our energies and gifts.

Emerging from that bondage within recent years we have begun to restrengthen our basic missions. The new emphasis upon associational missions is not a substitute nor competitor against state, southwide and worldwide missions but it is a progressive movement to enlarge and to strengthen the base for all missions. What we term associational missions underlies and undergirds the whole denominational program of missions, Christian education, and benevolence of the whole Southern Baptist constituency.

More new work has been begun by the churches of our Association this year than in any previous year. This will become evident as the reports by the churches are made to this session of the Association.

More and larger support has been given by the churches to the associational missions program this year than in any previous year. We believe this added investment of energy and money by the churches is producing worthy results.

I hereby offer a summary of my personal activities from October 1, 1947 to September 30, 1948:

Days on the Field	303
Days on Other Field for State and Home Boards	63

T. L. Sasser, Associational Missionary.

14. The following report presented by Wilson Woodcock, College Park Baptist Church, was accepted. Dr. C. C. Carpenter, Dean of the Bowman Gray School of Medicine of Wake Forest College and Medical Director for our Baptist Hospital, spoke to the report.

NORTH CAROLINA BAPTIST HOSPITAL

The name of our Baptist Hospital is "North Carolina Baptist Hospital." The fame of the hospital is increasing day by day as people come from four fifths of the counties of our own state and from many other states of our nation. Professionally and educationally, the hospital continues to be fully approved by the standardizing and rating agencies of this country. In reciting this approval, due credit must be given to the Bowman-Gray School of Medicine of Wake Forest College for its important part in training the caliber of our service. The specialists in the Bowman-Gray School of Medicine donate their services to the charity patients of the hospital. But the North Carolina Baptist Hospital does not receive money from the Bowman-Gray endowment. It is a separate institution and is dependent wholly upon us for current expenses, building and equipment. Half of the patients in the hospital are free or part pay, people who are unable to pay any of the bill, or who would not be able to have the service if the full charge were made. In the Out-Patient Department 25,000 people receive examinations for a minimum charge, or for nothing if they have no money. It is our task to provide the money to care for these people.

The Hospital is an educational institution. Nurses, students of X-ray technology, students of anesthesia, and pastors receive instruction.

The Hospital is a religious institution. The Department of Religion is directed by Dr. W. K. McGee. Nurses and other students have a planned religious program. Pastors are given instruction in service to the sick. Seminary students spend a while at the hospital in a pastoral clinic relating to the care of the sick.

We recommend that a supplementary offering be taken by those churches which have made a Mother's Day offering, that those churches which have neglected to take the Mother's Day offering do so before the end of the year.

Wilson Woodcock.

16. The following report, presented by Mrs. W. C. Adkinson was accepted. Miss Ruth Provence, State Executive Secretary of the W. M. U., spoke to the report.

WOMAN'S MISSIONARY UNION

During the past year the women and young people of the Piedmont Association have worked faithfully, and gains have been made in our W. M. U. work, yet there is always a very earnest wish that more might have been accomplished for our Master. There is also a prayer that God may give us another year to work together "For God and Home and Every Land."

Out of the fifty-seven churches in our Association, we have W. M. S.'s in forty-six of them and some type of Young People's work in twenty-seven of them. In our forty-five W. M. S.'s we have a membership of 2,270. This is an increase over last year.

We had three W. M. S.'s reaching the A-1 Standard last year: Allen Jay, High Point; Hilliard Memorial, High Point; Sixteenth Street, Greensboro. This is an increase of two over last year. We have organized six new W. M. S.'s this year. This is an increase of four over the preceding year. For the last four quarters our women gave $26,926.17 through the Co-operative Program. This is an increase of $2,644.74 over last year. We have gone better than $400.00 over what we raised for State Missions last year and have made a gain of $1,248.04 over our offering for Home Missions for last year.

Mrs. James R. Thompson, Young People's Leader, has worked faithfully with the young people's leaders of our churches. We have 109 young people's organizations. This is an increase of twenty-one over last year. The young people have a membership of 1,175. This is a gain of 400 over last year. They have also made financial gains too.

We had five of the young people's organizations to make the A-1 Standard. Two Y. W. A.'s: Allen Jay, High Point; Buchanon, Greensboro. Two G. A.'s: Pisgah, High Point; and Baptist Temple, Reidsville. One Sunbeam Band: Sixteenth Street Church, Greensboro.

Mrs. Thompson secured Miss Kimiki Konesherio, Japanese girl, who is in training in our Training School, Louisville, to spend a week in our Association. Miss Konesherio visited in six of our churches and helped in a week-end camp for our Y. W. A.'s. There were three of the churches of Greensboro represented at this camp.

Early last December Mrs. A. C. Lowe, Associate Superintendent planned an Associational-wide Week of Prayer Program and invited Miss Ruth Provence, State Executive Secretary of W. M. U. of North Carolina, and Mary Christian, Field Representative of our Southern Baptist W. M. U. Union to be our guest speakers.

We had a splendid Leadership Conference in January with 33 churches represented and an attendance of 200.

Mrs. Fox, Mission Study Chairman, planned a Mission Study Institute in February at the Asheboro Street Church, Greensboro, but was forced to call it off because of the bad weather.

Our Annual Associational meeting for our W. M. U., Sixteenth Street Church, Greensboro was well attended. There were 33 churches represented with an attendance of 195. We had Mrs. Foy Farmer, our State W. M. U. President, and Miss Edna Dalkins, Personnel Department, Foreign Mission Board, as our guest speakers.

Mrs. C. W. Moseley, Community Mission Chairman planned two two-weeks Daily Vacation Bible Schools for the colored churches, Greensboro. The churches of the Greensboro group gave $62.00 toward the expense of these schools. Two of the churches in High Point gave $50.00 toward the expense of the Daily Vacation Bible Schools for the colored churches there. The churches of Reidsville gave Mrs. Kirby, a Negro worker, $38.00 to apply on her expenses to go to Shaw University to be trained and return to her churches in Reidsville to help in the Bible Schools there.

May whatever has been accomplished in our work in 1947 and 1948 be a challenge to our women and young people to serve our Lord in a greater and more acceptable way during the coming year than we have during the past.

Respectfully submitted,

Mrs. W. C. Adkinson,
Associational Superintendent
Piedmont W. M. U.

17. The following report, presented by W. C. Guth, West End Baptist Church, was accepted. J. E. Fraley, Treasurêr of the Baptist Orphanage, spoke to the report.

THE BAPTIST ORPHANAGE OF NORTH CAROLINA

That the Baptists of North Carolina have cause for much rejoicing over the achievements of the Baptist Orphanage, is a fact that cannot be denied. This noble institution, which was founded by Mr. J. H. Mills in 1885, has made a steady growth and expansion from the very beginning to the present time. In no phase of our denominational work, is the guiding hand of the Lord and the blessings of our Heavenly Father in more evidence than in this work.

The Orphanage, which is under the leadership of our new and beloved General Superintendent, Dr. Zeno Wall, maintains two homes; the Mills Home at Thomasville of which Miss Sarah E. Elmore is Superintendent, and the Kennedy Home near Kinston of which Brother W. C. Reed is Superintendent. Mr. J. D. Fraley is the present efficient treasurer.

Like in that impressive scene in the life of our Lord centuries ago, and through the out-reach of the Orphanage to the hundreds of North Carolina children, the unchanging Christ still says, "Suffer the little children to come unto me, and forbid them not; for such is the kingdom of God." In the light of this divine appeal for children, provision has been made that many might come to Christ. For the two homes the past year cared for a total of 608 precious children. Eighty other children were given Mothers Aid and eighty-three others were cared for in foster homes, thus making a total of 771 children helped by the two homes. The venture of the foster home program is still in its initial stage; when this program is more completely developed, many more children can be cared for through this service. The importance of this department is clearly seen when it is understood that the eighty-three children thus cared for the past year, would require more than three new cottages at the homes to sufficiently house them. The service rendered by the case workers also has a widening influence for good. These workers last year helped with plans for 749 other children, thus the Orphanage has rendered service to 1,520 children in the past year.

To meet the enlarging program, the Kennedy Home is to build a cottage this year to accommodate twenty-five children. At both homes frozen food plants are being constructed and will be completed soon; sufficient space is provided in each plant for the storing of food contributions given by Baptists throughout the State.

Baptists are exceedingly fortunate in having on the staff at each home a corps of consecrated workers, who take their work of properly molding the lives of boys and girls under their care, as a serious life business.

The fact of the existence of unity, harmony and co-operation among the workers, is quite evident. Each morning at 8:40 Dr. Wall calls his office force together for meditation upon the Word and prayer;

here hearts are blended into the oneness in Christ. With this spiritual atmosphere for the children, there is little wonder that recently at the Mills Home the Pastor, Brother John Walton, led 42 children into the baptismal waters to administer that sacred ordinance.

In the words of Dr. Wall: "We need your prayers; and on one Sunday in each month we know that you will continue to take an offering for us. . . . Let's all begin now to plan for a great Thanksgiving offering to back up the regular monthly gifts."

Respectfully submitted,

W. C. Guth.

REPORT OF TRAINING UNION

"And He said unto them, Follow me, and I will make you fishers of men." (Matt. 4:19). From these words of Jesus was taken our theme for the year—"Follow Me."

Working under the challenge of this theme, and with the guidance of the Holy Spirit, our Training Union program has moved forward in a great way. Slowly, but surely our Baptist people are becoming convinced that in order to have truly aggressive churches, that their membership must be trained. To the task of enlisting all of our churches in the Training Union program, we dedicate ourselves anew.

Some of our accomplishments of the year have been new Training Union organizations in five churches and a number of new Unions added to existing organizations. Study Courses have been held in all churches where there are Training Unions, these resulting in approximately 1,500 awards. Four well attended mass meetings were held, in addition to the 28th Annual Convention held in Reidsville in April.

We are especially proud of those who participated in our Tournament work. A number of these passed on through the Regional Convention and represented us in the State and Southwide Tournaments.

It would not be fair to close this report without saying a word of appreciation for Brother J. Carl Bell, who has so successfully led us during the past eleven years as Associational Director. Under his leadership we have grown from 13 Unions to a total of 42. He has also led us in maintaining the Standard of Excellence for 10 consecutive years.

Respectfully submitted,

J. J. Norwood.

REPORT ON SUNDAY SCHOOL WORK

Christian education begins with the home. Unless proper emphasis is placed upon spiritual values in the home, we cannot achieve our highest success in the Sunday School, nor in our colleges and churches. The home is of primary importance and has a work to do which cannot be supplanted by any other institution. Knowing this to be true, Baptists are placing a timely emphasis upon the relationships of home life. Individuals are being won to Christ and taught to practice the teachings of God's Word at home and in business. A vast amount of the best Christian literature available anywhere is being distributed by The Sunday School Board of the Southern Baptist Convention through our Sunday Schools and through the mail, of which some is especially designed to meet the ever growing attacks upon the home by the forces of evil. Daily Bible reading and family devotions are constantly encouraged and promoted as a part of our teaching ministry. Our Sunday School work continues to expand beyond the weekly class room teaching on Sunday.

Bible Study Week has been observed in many of our Churches this year as a regular part of our program of teaching, and reports indicate very favorable results. We recommend at least one week of Bible study for each church in the coming year.

Local and Southwide clinics for improving our Bible teaching are being promoted by our leaders to the immense benefit of busy teachers and officers who need this special instruction and training.

The Vacation Bible Schools have been fewer in number this year, and in some instances shorter than last year due to the serious epidemic of poliomyelitis in this area of the State during the summer months. Some of our churches, however, had their Vacation Bible Schools with good success. Special radio programs were worked out and presented during the epidemic. We pray that God may grant us better conditions in this respect next year.

Approximately forty of our churches in the Associatoin participated in the annual planning meetings which were sponsored by the Sunday School organization this year.

Attendance in our regular Sunday School services has been very encouraging as a whole, and many souls have been won to Christ through our Sunday Schools. New schools have been organized and some have already grown into thriving churches. An important sign of our progress is the erection of many new buildings. Others are planning and preparing to build. We bid God-speed to all of our churches who are engaged in building programs.

The time is near at hand for our special State Missions offering through the Sunday School, and we recommend that each Pastor and Superintendent co-operate in properly presenting this important phase of our work.

Let us purpose now to make the coming year one of Bible evangelism and character building through the proper teaching of God's Word by all agencies of our great Sunday School organization.

Respectfully submitted,

R. Von King.

36. The following report, presented by J. Ben Eller, Asheboro Street Church, was accepted. J. Ben Eller spoke to his report.

MINISTER'S RETIREMENT

The embarrassing conditions of many retired ministers and the widows of ministers who were not members of the Minister's Retirement Plan is sufficient evidence that we should take advantage of the best opportunity of our day for security tomorrow. Many faithful servants of yesterday are largely dependent upon the pitifully low relief grants of our Relief and Annuity Board. The North Carolina Baptist Annual of 1947 shows that 64 ministers and 71 widows were beneficiaries of that Board last year. The total amount that they received, however, was only $18,311.00, an average of a little more than $135.00 annually.

On the other hand we have 47 ministers and 9 widows receiving annuities from the Minister's Retirement Plan. These participants retired, were disabled, or became widows in the early days of the plan. Some were in just long enough to get the minimum allowance. Most of them are in the lower brackets. However, they received last year $23,183.27—an average for pastor and widow of $410.00. Those retiring now will receive much larger amounts. And furthermore each year that the pastor and his church remain paying members the annuity will increase upon retirement.

For general information let us restate the terms and hope of the Minister's Retirement Plan. To receive maximum benefits a minister must enter the plan when he begins his work as a pastor in the State. If he pays 4% of his salary and his church pays a like amount he may retire at the age of 65 and receive approximately one-half of the average of his salary during these years, if he has been a member for 20 years. The maximum that any one can receive, however, is $2,000.00 annually. If a member retires before 20 years of membership his annuity will be proportionately less. If a pastor wishes to pay less than 4% of his salary and receive a less amount upon retirement he may do so.

Our hope is that all pastors and all churches will become members of the Minister's Retirement Plan. But we are far from that goal today. We have about 1,500 pastors in our State and only 546 are active members—a little more than one-third. We have 2,781 churches and only 850 of them are participating—a little less than one-third. Let us, then, urge every pastor and every church to enter this plan at once. The pastor has nothing to lose but much to gain. The church ought to be co-operating with other churches in making certain the pastor's security when disease or age stops his work.

Respectfully submitted,

J. Ben Eller.

MISSIONS AT HOME AND ABROAD

During the year there were some sixty replacements among Home Missionaries due to resignation, retirement, or death. Home Board missionaries serving Guatemala and Honduras were transferred to the Foreign Mission Board, which took over the work in those Central American countries. The total number of missionaries is 720, three more than the number reported in 1946.

The missionaries of the Home Board delivered 68,425 sermons and addresses, made 255,388 religious visits, contacted 55,270 persons in personal work, and reported 24,221 conversions. There was an average of 30 conversions for every full-time worker.

On the foreign fields Southern Baptists are in the face of a challenging world situation that makes it imperative for an advance in their foreign mission program. The objective of the Advance program may be stated as follows: (1) to strengthen our 119 centers in 25 countries; (2) to open additional centers in strategic areas; (3) to support centers and projects undertaken directly by native Baptist Conventions; and (4) to increase our resources in personnel and finances until we have approximately 1,750 missionaries, an annual budget of $7,000,000 and an annual capital needs budget of $3,000,000.

The need for missionaries in Japan is so great that Dr. Baker James Cauthen, regional secretary for the Orient, has requested that the number for Japan be increased to 100 by 1950. In China, Communist action has caused some shifting of missionaries into other areas, as it is not possible to conduct mission work under Communist domination.

Communism is also blocking mission work in the Balkan states, but there is evidence that national Christians are keeping the light burning there. Missionaries are on the field in Spain and Italy, nominally committed to religious liberty. Catholic persecution is raising serious obstacles there. Property has been purchased for a Baptist seminary in Geneva, Switzerland, in order that European pastors may have adequate training to evangelize their own countries.

Africa is a bright spot on the missionary map. The policy of training native leadership is bearing fruit, and one of the most significant developments is the recent decision of Southern Baptist Seminary in Louisville to grant degree for work done by students in the Baptist Seminary at Obomosho, Nigeria.

Total receipts of the Foreign Mission Board during 1947 were $4,734,288 of which $2,277,000 came from undesignated funds from the Co-operative Program, $1,064,104 from special designated funds, and $1,393,183 from the Lottie Moon Offering. The grand total of the 1947 Lottie Moon Christmas Offering, on which the books were closed May 1, 1948, was $1,503,010.

Julian S. Hopkins.

THURSDAY AFTERNOON SESSION—2:00 P. M.

43. The Thursday afternoon session opened with the singing of "Tell Me the Old Story."

44. Rev. Erby Jackson, Rutherfordton, conducted the devotional service.

45. The following report, presented by Frank L. Stubbs, First Baptist Church, Greensboro, was accepted. Claude F. Gaddy, Secretary of Christian Education for the Baptist State Convention, spoke to the report.

REPORT ON CHRISTIAN EDUCATION

In the beginning of this report on Christian Education, I should like to quote in part from one of the major statements made during the past year by way of defining clearly the place of Christian Education in Democratic America. I quote, "All meaningful education is education for living. Christian education is education for Christian living. Our theory of education is derived from our philosophy of life. However, the meaning of Christian education is not found in a philosophy of life but in the revelation of God. Nazi education served a swastika, Soviet education serves the hammer and sickle, but Christian education is the bond servant of the Cross.

As the steward of the many-sided wisdom of God in Christ Jesus, Christian education would relate that wisdom to the student's quest for the abundant life. This quest for the abundant life is complicated by three problems: The breakdown of personality, the conflicts in human relations, and the peril of atomic annihilation. To these problems, Christian education offers the diagnosis and the remedy.

The individual in our day leads a life of 'quiet desperation.' The modern student is harassed by anxieties, enslaved by fears, tormented by the civil war within, and frustrated in his projected goals. It is the responsibility of Christian education to help him find freedom from fear, peace within, and the satisfaction of solid achievement.

In the wisdom of the revelation, Christian education teaches: that freedom from anxiety is found in trusting the Father God; that the civil war within can be stilled only when the arms of the creature's rebellion against the Creator are laid down and man is reconciled to God in Christ; and that self-realization is only possible through self-renunciation born of obedience to Jesus the Lord of Life." End quote.

From the 1948 report on Christian Education by Charles D. Johnson to the Southern Baptist Convention we find these facts: "Our 64 Baptist Schools—Academies, Collges, and Seminaries—are completing one of the best years, in many respects, in their history. Only colleges for women retained their approximate normal enrollments during the war. . . . Since the close of the war, enrollments have mounted rapidly and broken all previous records. This year there are 54,531 students in our Baptist schools, of whom 16,275 are veterans. Meanwhile our Baptist colleges and universities are seeking to raise their standards, and to do this it is necessary for Presidents and Deans to be furnished sufficient endowment to enable them to pay salaries in the neighborhood of if not equal with those paid by other standard colleges and universities. All past records have been exceeded in the number of ministerial students in our Baptist schools.

	Ministerial Students	**Volunteers**
Seminaries	1599	342
Colleges and Universities	2992	1403

CHRISTIAN EDUCATION IN THE BAPTIST COLLEGES OF NORTH CAROLINA

There are six Baptist Colleges in North Carolina receiving financial assistance from funds for Christian Education made available from the Co-operative program.

Wake Forest College

The oldest of these colleges is Wake Forest, with a history of more than 114 years of outstanding service in the life of our denomination as well as in the numerous professions in which her sons are active leaders. With an enrollment of more than 2,000 students, Wake Forest continues to be our largest Baptist College. The deep interest of the Baptists of North Carolina in the success of the program at Wake Forest is shown not only in the contribution of more than $118,000 for the support of the College last year, but in the present successful efforts to provide through the churches $1,500,000 toward the Wake Forest to be located in Winston-Salem.

Chowan College

Beginning in 1848, Chowan College, located in Murfreesboro, North Carolina, has had an enviable record in its nearly 100 years of educational achievement for the Baptist of the State. This College has not operated for approximately six years.

Mars Hill College

In 1856 Mars Hill College had its beginning as the first co-educational school to be operated by Baptist in this State. From 1856 to 1859 it operated as the French Broad Baptist Institute, and today it stands as our largest junior college, with an enrollment of more than 1,000. Through the Co-operative Program funds for Christian Education the Baptist of the State contributed approximately $65,000 to the training of these students in Mars Hill College last year.

Campbell College

Some thirty years later, at Buie's Creek, North Carolina, Dr. J. A. Campbell began what is now Campbell College with an enrollment at that time of 16 pupils, but with a total enrollment at this time of approximately 600 students and with contribution of $47,000 by the Baptist State Convention in 1947.

Wingate College

Our next College to be opened for the purpose of training young men and young women was Wingate, in 1897. From its small beginning this junior college now has more than 350 students, with Baptist of the State contributing almost $27,000 for their support last year.

Meredith College

It was in 1899 that the Baptist of North Carolina opened Meredith College, which has remained to this day our largest senior college for young women. With its enrollment of more than 600 students, and contributions of approximately $86,000 from the Co-operative Program in 1947, Meredith College continues to train young women for the many important services which they are providing throughout this State and even beyond its borders.

Gardner-Webb College

The last of the schools to be opened was Gardner-Webb, which, from a small beginning as a high school in 1907, has grown to be one of our most thriving junior colleges, with an enrollment of approximately 400 students and a contribution by the Baptist of the State of approximately $42,000 last year.

With a total enrollment of more than 5,000 students during the past college year, and with contributions of approximately $384,000 for operating purposes, these Baptist Colleges have had their most successful year from many standpoints. Without an exception, all of them have expansion programs with new buildings and other added facilities for providing for the needs of the students. In these colleges Baptist have investments in endowment and plant funds totaling approximately $12,000,000, not counting the Z. Smith Reynolds Foundation supporting the program of the new Wake Forest. The annual operating budgets, according to the most recent figures, total approximately $2,500,000.

Of the 5,000 students enrolled in these Baptist colleges, approximately 500 of them have dedicated themselves to full-time Christian service, either as ministers or volunteer workers. This shows that one out of every ten students is being trained for Christian leadership on a full-time basis, with nine out of each ten being trained to become Christian leaders not only in varied capacities in the local church but in the many professions into which these gaduates go Our colleges must continue to place first emphasis on the training of our ministers and those who are to devote their lives to positions of Christian leadership, but we must not overlook the importance of the training of great Christian lay leaders on which our churches depend so much for their progress. As never before our modern society needs the influence of these Christian men and women in the everyday activities of life. Mr. Robert Jackson, Associate Justice of the U. S. Supreme Court, is credited with the following statement: "It is one of the paradoxes of our time that modern society needs to fear . . . only the educated men. The primitive peoples of the earth constitute no menace. The most serious crimes against civilization can be committed only by educated and technically competent peoples." Granting the truthfulness of this statement, and realizing that we are living in an age of education, we must recognize that Christian education constitutes our first wall of defense against the evils of our world.

Christian education has no source of support other than that to be found in Christian people, and we shall have a Christian civilization to the extent that Christian people are willing to provide it These colleges offer us the opportunity for investing our lives and our money in the building of a Christian world. How much do we love them and how much do we believe in them? They need us and we cannot get along without them.

Respectfully submitted,

Frank L. Stubbs.

47. The following report, presented by W. E. Coates, Baptist Temple Church, was accepted. Dr. L. L. Carpenter, Editor of the Biblical Recorder, spoke to the report.

REPORT ON THE BAPTIST LITERATURE

The Religious press today is responsible for the Christian ideals, standards, convictions and visions of a people. Upon American churches rests the duty of seeing that every Christian family is persuaded to subscribe to the Church paper of its choice.

The Baptist State Convention of North Carolina, organized in 1830, has as its purpose, according to the Constitution, the promotion of "missions, education, social service, and the distribution of the Bible and **sound religious literature.**" We purposely underscore the words "sound religious literature."

The only real possession that Baptist have today is their message. The first on the list of Baptist Christian literature is our creed, the Bible, God's inspired message to man. "The old, old story of Jesus and His love," has been the essential thing, and is the only thing needed today to bring a lost world to God. What a message! It reaches back through the winding centuries to the cross of Calvary. It reaches forward with an open hand, and a warm and compassionate heart to all the peoples of the whole wide world. It lifts us up to the mercy of heaven. It reaches down to the depths of the vilest of the vile, and it finds its way into the heart of man to touch and give direction to the human soul.

Next on the list is the Biblical Recorder. The Biblical Recorder is a good wholesome, attractive family weekly and a solid substantial denominational journal.

Since the Biblical Recorder is the organ of our Baptist State Convention and because of the service it will render, we believe it ought to be going into every North Carolina Baptist home.

We believe it is highly important that each church appoint a committee to be responsible for promoting subscriptions to the Biblical Recorder.

The Recorder has three subscription plans: $2.00 a year for individual subscriptions; $1.50 a year in clubs—a minimum of at least 3 subscriptions is required for every church reporting less than 100 members, and 5 subscriptions for every church reporting more than 100 members; $1.20 a year for the Every-Family Plan—one subscription for each resident church family is required. We hope that pastors, superintendents, deacons, Training Union, and W. M. U. leaders will do what they can to encourage a good club in every Baptist church; or better still, to persuade the churches to inaugurate the Every-Family Plan; at the present time there are 311 churches which have the Recorder in every resident family. There are 806 churches which have Recorder clubs.

The following figures is a break down of our Biblical Recorder: Subscriptions as of October 11, 1948—

Individual Subscriptions @ $2.00 per year	800
Club Subscriptions @ $1.50 per year	14,707
Every-Family Subscriptions @ $1.20 per year	26,953
Miscellaneous	1,894
Total Subscriptions	44,354

Along with the Bible and the Biblical Recorder, we also commend to the churches and to our people the following Baptist literature:

1. "The Commission" published by our Foreign Mission Board.
2. The "Home Mission" published by the Home Mission Board.
3. The Mission Magazines published by the W. M. U.
4. The Sunday School and B. T. U. literature published by our Sunday School Board.
5. The "Charity and Children," the weekly publication of our Baptist Orphanage.

With this abundant supply of good material, our Baptist people should not lack for the information and inspiration of good sound Christian literature. In fact, each individual church should see to it that no member goes lacking of Christian knowledge.

Respectfully submitted,

W. E. Coates.

THE COOPERATIVE PROGRAM

Southern Baptists face a world in desperate need. In our home communities, in our State, in our southland, and on foreign fields multitudes are dying without Christ. All about us the homeless and the sick call for compassion and healing. And multitudes of our finest young people having heard the call of God for definite service are in great need of Christian education and a theological training.

The Co-operative Program is the avenue through which Southern Baptists are trying to meet these needs. Doctor Duke McCall well says: "The Cooperative Program is the channel through which 6,491,981 Baptists in 26,822 independent churches make their united impact for Christ upon a lost world; and only through it can every Baptist have a part in all the activities commanded by Christ in the Great Commission."

Therefore, when you give an undesignated dollar through the Cooperative Program you help support mission work in North Carolina, you assist in taking the gospel to needy and destitute peoples all over the southland, you help to carry the gospel to foreign mission fields, you aid in healing the sick in hospitals, and you have a part in educating worthy young people for Christian leadership. Why should any one object to having a part in such a program?

Nevertheless, as we scan reports from our churches we find much to give concern. We have 64 churches in our association. Last year 6 churches made no reports to the Association; and of the 58 reporting 14 had given nothing to the Cooperative Program. Most of these, however, did support mission objects included in the program.

We call attention to this in the spirit of fraternal helpfulness and not in the spirit of destructive criticism. Some of our zealous leaders and many of our best people are in these churches. Somewhere there must be misunderstanding or misplaced emphasis. Surely there are some members in all of our churches who desire to have a part in every work fostered by our Convention! We plead for complete cooperation and for faith in our chosen leaders.

The Southern Baptist Convention has launched a great program of advance. This advance must come through revival, stewardship, cooperation, and proportionate giving.

We prayerfully and urgently recommend:

1. That all of our churches fully cooperate in giving emphasis to the Cooperative Program;
2. That we urge our people to emphasize Stewardship, using Dr. McCalls's book, "God's Hurry";
3. That we strive to reach the objectives of "Every Baptist a Tither", and "Fifty-Fifty by 1950"; and
4. That we seek to have a great spiritual awakening in our churches.

Respectfully Submitted,

J. Ben Eller

9. The following report, presented by Albert H. Dunning, Jewel Church, was accepted.

BAPTIST LITERATURE REPORT

According to its constitution one objective of our Baptist State Convention is "the distribution of the Bible and other sound religious literature". That "sound religious literature" is published through the following outstanding mediums: The Biblical Recorder, Charity and Children, The Commission, Southern Baptist Home Missions, Woman's Missionary Union publications, Sunday School Board literature, and others.

Special emphasis should be placed upon the proper use of all these publications for a better understanding of the Bible and our Baptist Program. The daily devotional guide "Open Windows" merits wide distribution to prison camps, shut-ins, classrooms, clubs, homes, and individuals.

We urge each church to utalize its own well prepared bulletins, to distribute sound and wholesome tracts, and to make constant use of the printed page in propagating the gospel.

The Biblical Recorder, official organ of the Baptist State Convention, is a "Must" for every Baptist family. A wealth of informative material, covering every phase of our Baptist program, is supplied through its pages. Whether it is an assembly or a convention, an associational meeting or a special meeting, we invariably ask: "Where is the meeting?" "Who are the speakers?" "What is the program?" "When do we meet?" There's always the right answer in the Biblical Recorder.

Editorals, news items, and features are blended in the Recorder to make a commendable weekly magazine for our homes. The long, useful, and colorful history of this publication is proof that it soars beyond our Baptist walls in lifting to a higher plane the thought and action of others. Here are the three subscription plans: $2.50 per year for individual subscriptions. $2.00 per year club plan—minimum of three subscribers from churches with less than 100 members, minimum of five subscribers from churches with more than 100 members,

$1.50 per year per family if the church subscribes for a Recorder for every resident or resident member.

Current Biblical Recorder subscriptions as of January 1, 1949:

Individual Subscriptions @ $2.50 per year	800
Club Subscriptions @ $2.00 per year	14,707
Every-Family Subscriptions @ $1.50 per year	26,953
Miscellaneous	1,894
Total Subscriptions	44,354

Let us adopt the plan most helpful in placing the largest number of Biblical Recorders in our homes and adopt that plan at once.

Respectfully Submitted,

Albert H. Dunning

10. The following report, presented by I. E. Kerley, South Elm Street Church, was accepted.

REPORT ON BAPTIST ORPHANAGE

The Thomasville Orphanage received its first child in mid-November, 1885, and under the supervision of John H. Mills began the work of mercy and love which has since extended to thousands of homeless children.

Last year 608 children were cared for in both Mills Home and Kennedy Home, at Thomasville and Kinston. In addition, 83 children were cared for in foster homes, and 80 were given Mother's Aid in their own homes. Add it up, and you get a grand total of 771 children cared for directly. Case workers helped with plans for 749 other children; thus serving a total of 1520 children in some capacity.

Most of the buildings at both homes are old and in need of repairs constantly. This is being done, and furnace heat is being installed. At Kennedy Home a new cottage to take care of 25 children is to be built; and at both homes frozen food lockers are now under construction. Storage space will be provided to take care of canned food contributed by friends.

Dr. Zeno Wall is General Superintendent, Mr. J. D. Fraley the Treasurer. Mr. W. C. Reed is Superintendent at Kennedy Home, Miss Sarah Elmore at Mills Home. These have done a commendable job, and deserve the thanks of our Association. Furthermore, they deserve all the financial support that we can give. It is impossible to take care of all the children who need help; and unless our Baptist churches provide the funds, this condition will continue.

"Inasmuch as ye have done it unto the least of these . . . ye have done it unto Me."

Respectfully Submitted,

I. E. Kerley

11. The following report, by Floy W. Cox, Jr., read by Lewis E. Rhodes, Rankin Church, was accepted.

ASSOCIATIONAL SUNDAY SCHOOL REPORT

Baptists have no formal creed conceived by human thought, but have relied entirely upon the authority of the Bible. Baptists are a Bible-believing body, and it is through the ministry of the Sunday School that we are enabled to impart Bible knowledge.

The Sunday School Bible Teaching Program encourages, and stresses these points: (1) A session of the Sunday School each Sunday; (2) A Vacation Bible School for two weeks each year; (3) A week of Bible study the first full week of each new year; (4) Daily Bible Reading and family devotionals in each home; (5) A branch Sunday School maintained in every unchurched community.

With this Bible-centered program, it can be seen that our Sunday School ministry goes far beyond the weekly class room teaching on Sunday.

Our Association endeavors to promote each year a One-Day Vacation Bible School Clinic, and Sunday School Planning Meeting to make more effective our work. State and local clinics provide immense benefit for our leaders.

Many of our churches are adding new educational buildings, and new Sunday Schools are being organized. This indicates progress.

Our Sunday School Program may be summed up in the words of James 1:22—"Be ye doers of the word, and not hearers only, deceiving your own selves". Our plans must include not only the necessary class room teaching, but the day by day application of that teaching.

The major objectives are these: (1) Enroll every church member, and every other available individual in all phases of the Bible teaching program; (2) Win every individual of accountable age to Christ; (3) Help every Christian to grow in grace and in the knowledge of Christ; (4) Encourage every Christian to become a more useful church member and Christian citizen.

The Baptist Sunday School Board of the Southern Baptist Convention will assist you in making these objectives a reality by supplying you with literature for every department, and phase of the work. You may request and receive assistance from the State Sunday School Department, or the associational officers. We are "laborers together with Him."

Let us therefore keep on: looking for prospects, starting new Sunday schools, providing more space, training more workers, and going out after people.

Respectfully Submitted,

Floy W. Cox, Jr.

12. The following report, presented by Albert S. Hale, First Church, High Point, was accepted. Dr. A. B. Conrad spoke to the report, and urged every preacher to get into the annuity plan.

MINISTERS RETIREMENT

A recent report of the Relief and Annuity Board of the Southern Baptist Convention shows a total of 336 beneficiaries in North Carolina as of September 1, 1948. Total amount disbursed to these beneficiaries for year ending September 1, 1948, was $98,299.97.

The Relief and Annuity Board's report to the Oklahoma City meeting of the Convention showed that 2,297 new certificates in all the plans of the Board were issued during 1948. Of this number, 774 were in the Minister's Retirement Plan.

We have some 1500 Baptist pastors in North Carolina with less than 600 participating in this program. We have approximately 2800 churches with less than 900 participating.

In the Piedmont Association, we have approximately 60 Baptist ministers with only 19 participating. There are 64 churches in our Association with only 24 participating.

The Widow's Supplemental Annuity Plan is now in force in all the states of the Southern Baptist Convention except Florida and Tennessee.

Pastors and churches are urged to co-operate in this plan. Every person gainfully employed in denominational work, whether pastor, missionary, employee of State or Southwide board, institution or agency, and every lay worker, educational director, minister of music, church secretary, janitor, is entitled to the privileges of the plan set forth in the provisions by the Relief and Annuity Board and the North Carolina Baptist State Convention.

Information concerning any phase of the Retirement Plan or the Widow's Supplemental will be furnished gladly upon request to our State Secretary, Dr. M. A. Huggins.

19. The following report, presented by James R. Thompson, Florida Street, was accepted. James B. Clifton, Buchanan Church, gave an oral report on Fruitland Pastors' School. Dr. R. M. Lee represented Mars Hill College and Dr. Carlyle Campbell, President of Meredith College, spoke to the report.

REPORT ON CHRISTIAN EDUCATION

When Chowan College re-opened in September with 135 students North Carolina Baptists had seven colleges, two preachers' schools, a nurses' school and a medical school in the field of Christian Education. Chowan is largely supported by two Associations in the Murfreesboro area. All the others share in the gifts from all the churches to the Co-operative Program.

Wake Forest, the oldest and largest has 1967 students at Wake Forest and almost 200 in the Medical School. The new chapel building is now complete and in use. It seats 2100 and was built by North Carolina Baptists. On October 1, 1949 reports show that 875 churches had subscribed $1,651,668.50 and that cash receipts amounted to $444,463.10 toward the removal of Wake Forest to the new location in Winston-Salem. Other sources of income and pledges bring the total amount now in sight for this purpose to $5,575,000 not counting the property at Wake Forest. Much interest centers on the future use of the old Wake Forest plant. With the Southern Baptist Convention planning to establish new Seminaries perhaps a Seminary for the Eastern Area of our Convention is in prospect.

Meredith College celebrated 50 years of service in September by entering her new Auditorium which seats 1044 persons. This year Meredith has 529 students. Mars Hill opened with 911 students, 717 of these Baptist. Wingate, Campbell and Gardner-Webb are off to a good year with splendid enrollment. Dr. J. C. Canipe is directing a fine school for pastors at Fruitland. Beyond our borders, but sharing in our educational program are our seminaries—New Orleans with 499, Southwestern with 1364 and Southern with 1000.

Rev. James W. Ray, director of our Baptist Student Work has reached into nearly every college and university in our state to keep in touch with Baptist students. Trained and consecrated Baptist Student

Secretaries are doing full time work on these campuses among our own Baptist boys and girls.

In these schools, especially our Baptist Schools are our future leaders. In all of them are young men studying for the ministry, young women who will be missionaries—and scores of Christian young people who will be our public school teachers, our statesmen and leaders in community and church life. Our colleges are doing a splendid job. For example—last year every girl—and all but two or three boys at Mars Hill was enrolled in the Sunday School there. What church among us with a thousand members has all but 3 in its Sunday School?

In closing this report there seem to be two dangers we must avoid in this Association. One danger is the child of the first. An examination of our Association Minutes for the last ten years will reveal that the majority of the students who leave our churches to study for the ministry have gone to inter-denominational schools. This has been true because our own schools have often been criticized in their presence. If we would keep our Baptist Schools true we must send them our finest youth and we must see that our leadership in these many schools has our love and loyalty—and wherever needed our corrective influence. We can do it. If we do not we shall lose our schools, or they will cease to give us leadership. Let's keep our schools true to the teachings of Christ.

21. The following report, presented by R. T. Smith, Magnolia Street Church, was accepted. Rev. R. K. Young, Chaplain of the Baptist Hospital, spoke to the report.

REPORT ON THE NORTH CAROLINA BAPTIST HOSPITAL

The ministry of Jesus was a three-fold ministry. He was a preacher, a teacher, and a healer. Needless to say much of the fame of Jesus came about as a result of his healing ministry. He knew what North Carolina Baptists have not yet learned well, that men who are physically unfit are not at apt to respond to the call of the spiritual. We as Baptists are, however, beginning to learn this important fact.

In 1922 The North Carolina Baptist Hospital was incorporated and received its first patient on May 28, 1923. Since that time the hospital has grown to such an extent that it now has 260 beds and 55 bassinets. The hospital admits approximately 8,800 patients a year. This is an average of about 25 per day. The medical school was built adjoining the hospital in 1941. Thus our hospital is a teaching hospital also.

Of the patients who come to our hospital about half cannot pay for their hospitalization or can pay for only part of this service. The money for this comes from several sources. The larger part comes from the Mother's Day offerings which our churches receive each Mother's Day. The rest comes from individuals, welfare agencies, and the Duke Endowment. Last year the churches of North Carolina gave $141,150.51 for this help to the helpless of our state. This year we have as a goal for this purpose $150,000. Surely every church will want to do its part in this ministry of healing. If your church has not made an offering or has not made a worthy offering, we recommend that this be done as quickly as possible. For we remember the words of the Scripture which says that, "inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Respectfully Submitted,

R. T. Smith

TRAINING UNION REPORT

"Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of Truth". (2 Tim. 2:15) This injunction from the Apostle Paul to young Timothy is applicable to the membership of our churches today. There is a felt need in all of our churches for more trained leaders and a better informed membership. The Training Union is seeking to fill this need through study and practice. Through the course of study outlined by the Training Union Department of our Sunday School Board, we learn more about what the Bible teaches about itself, missions, stewardship, and the church. While studying, the individual is encouraged and trained to witness for Christ, in personal work as well as to stand on his feet and express himself to a group of people.

The past year has been a successful one in our Training Union work, even though some of our goals have not been reached. We had Study Courses in about 35 of our churches, which resulted in approximately 1300 awards. New unions were organized in three or four churches. We had four Associational Mass Meetings, which included the Annual Convention and Banquet, and the Associational Officers and Leaders Clinic.

In carrying out our plans for the incoming year, two dates stand out above all others. December 6th is the date for the planning meeting for 1950. The week of March , the Association wide Enlargement Campaign will be waged. During this week approximately 200 workers from our own and other Southern States and from Nashville will be working among our churches. This campaign will be under the leadership of Mr. J. E. Lambdin and Mr. Harvey Gibson.

As we dedicate ourselves anew to the carrying on of the training program of our churches, we ask the continued cooperation and prayers of the pastors and all other church leaders.

Respectfully submitted,

ASSOCIATIONAL MISSIONS

The current movement in the field of city and associational missions, which began in 1943, to re-emphasize the work of reaching and developing Baptist possibilities is a church sponsored movement. The thought on the part of the mission boards and agencies is that the local churches working harmoniously together join forces to cover the whole field of their cities and associational districts. The work of evangelism is promoted by the established churches, the city and associational missionaries work in harmony with and through the churches. Likewise the matter of locating mission stations and new churches.

There now exist in the area of the Piedmont Baptist Association twenty-one churches that were non-existent January 1, 1943. These new churches have been brought into being by the churches of the Association. Some of the new ones have already become significant givers to denominational objects. The others are also growing and developing toward this objective. The very success of Associational

Missions calls for new emphasis and new energy in the whole mission program.

Within the Piedmont fellowship there are as capable men and women, and in as comparatively large numbers, as there are anywhere in the State. Our situation is a fortunate and a responsible one. The leadership in the churches is in close proximity to this very productive mission field.

We have comparatively many strong churches. Almost all of them support well the cause of Associational Missions. We also have a number of churches not numerically and financialy strong as yet. The immediate needs for building, equipment, and current support for new churches, mission stations are far beyond what we can reasonably expect from even the strongest churches immediately, but it is reasonable to expect increasing support on the part of all in our growing situation and advancement.

I hereby offer a summary of my personal activities from October 1, 1948 through September 30, 1949:

STATE MISSIONS

Report to the Piedmont Baptist Association, 1949

Our State Missions program is the united effort of the Baptists of North Carolina to win the people of our state to Christ. It was inaugurated in obedience to the command of Christ to make disciples of all people everywhere. It is a vital part of our world-wide missionary program.

The work is carried forward under the capable leadership of Dr. M. A. Huggins and his able staff of co-workers. It is broad and increasing in scope, including work with Sunday Schools, Training Unions, Baptist Colleges, Baptist Student Unions on our college campuses, Associatioinal Missionaries, work with rural and urban churches, summer assemblies, pastors' schools, visual aids, etc. It cooperates with the W. M. U., the Negro Baptists, the Indians, and with many organizations and groups whose purpose is to evangelize and Christianize North Carolina.

Every Baptist church and every individual Baptist should have a vital part in this vast and important program. We should worthily and whole-heartedly support State missions by our prayers, our labors, and our liberal offerings.

HOME MISSIONS REPORT

Since this report is to deal with the facts and figures in regard to our Home Mission Program, I beg leave to quote from the 1949 Southern Baptist Convention Annual, pages 168-170.

> "The field of missionary activity is the whole world. The fundamental purpose of missions is the proclamation of the saving grace of Jesus Christ through all the time and all lands. There are no preferred nations in the atonement of Christ. He died for the Indians in Oklahoma as well as for the Chinese in China; the underprivileged in the slums of American cities are just as precious to Christ as the savages on the islands of the Pacific.
>
> "The Home Mission Board has been commissioned by the Southern Baptist Convention to see that our homeland is thoroughly evangelized, and to this task the Board is giving itself. The purpose of Home Missions is to evangelize the

homeland for World Conquest for Christ. A saved homeland holds the key to a world's saving. If the gospel fails here at home how can we hope for it to succeed in lands afar?

RESOLUTIONS

Your Committee on resolutions submits the following report:

1. That we express our profound gratitude to the Asheboro Street and Reedy Fork Baptist Churches for the kind and generous way in which they have entertained this 56th meeting of the Piedmont Association.
2. We express our sincere thanks to all those who brought reports and discussions to this Association.
3. We express or heartfelt thanks to those who came from beyond our bounds of our Association to inspire and challenge us to go forward in the Master's work.
4. We wish to thank the Program Committee, the Moderator, and all others who have had a part in making this meeting a glorious success.
5. We thank the Greensboro Daily News, The Greensboro Record, and any other Daily Paper for the publicity given to this meeting.
6. We express to Mr. T. L. Sasser, our faithful and efficient Associa-

tional Missionary, our sincere appreciation for his tireless leadership and we pledge to him our full cooperation as we go forward in the work of the Kingdom.

7. That this fifty-sixth annual meeting of the Piedmont Baptist Association go on record as commending the noble work of the Allied Church League and that we join hands and hearts in the movement to outlaw beer and wine in the bounds of this Association. Furthermore register our opposition to the use or sale of intoxicating drinks in any form, and suggest that a committee be appointed from our Association at this session to confer and advise with the Allied Church League in regard to fight against alcoholic beverages.
8. That a place be given on our program to include civic reghteousness and public morals which will include the alcoholic beverage problem.
9. That this annual session look with disfavor upon the use of public school buildings and other tax-supported buildings by Baptists and other religious groups to sponsor so-called religious singings or programs of entertainment for the purpose of raising funds to support their religious organizations. We take this action for two reasons. First, such methods of raising funds, we believe cuts across the stewardship teachings of our Saviour and Lord. Second, we believe that the use of such tax supported buildings is a violation of the cherished principle of separation of Church and State.

45. The following report, presented by Dr. Arthur S. Gillespie, was accepted. Dr. Gillespie, returned Missionary from China, spoke to his report.

FOREIGN MISSIONS

We feel deeply grateful to God for his abundant blessings. Southern Baptists have mission work in thirty geographical areas. At present the work in seven of these areas is carried on by nationals without missionary personnel; three of these are in Communist Europe, three in Communist China, and the other is in Moslem Trans-Jordan. The Foreign Mission Board has 689 active missionaries under appointment, working in 119 mission centers. "The Commission" is the title of the Southern Baptist foreign mission magazine. Subscription to this magazine is $1.00 for one year or $2.00 for three years.

The appointment of new missionaries is a matter for great rejoicing. In 1948 seventy-three new missionaries were appointed. Between January 1 and May 1, 1949 forty-six additional appointments were made. Missionaries are stationed in four new areas: Guatemala, Venezuela, Formosa, and West China. Moreover, Costa Rica and the two missionaries there were transferred from the Home Mission Board to the Foreign Mission Board on May 1, 1949. Many new mission centers have been opened.

Some foreign mission highlights for the year are as follows: a missionary doctor's success in securing a license to practice medicine in Paraquay, making possible the establishment of Southern Baptists' first hospital in South America, a missionary couple sent to Paraquay for Russian-speaking people; purchase of Southern Baptists' first missionary airplane, for use in Interior Brazil; rehabilitation of China and Japan from the destruction of war; extensive building in Italy; and intensive evangelistic work in Nigeria and the Gold Coast.

The healthy condition of Southern Baptist work in other lands is evident in the national Baptist conventions organized during the year and in extensive work of older national organizations. The Columbian-Venezuelan Convention was organized in February, 1949; the China National Baptist Convention, for the first time bringing Baptists from the whole of China into one organization, was formed in November, 1948; and the Urguayan Convention was formed in June, 1948. The value of such national organizations is demonstrated clearly in countries where national Baptists are holding Southern Baptist work together without missionary help.

Our Southern Baptist people are feeling increasingly the need for strengthening and expanding our foreign mission work. Secretary M. Theron Rankin, early in 1948, proposed an advace program calling for a total staff of 1750 missionaries and an annual budget of $10,000,000. This grew into the Southern Baptist Advance Program presented to the Covention in Oklahoma City in May. The Convention launched a campaign for advancement all along the line, from the local church to the world mission fields, based on the principle of a fifty-fifty division of the collection-plate dollar.

We need to advance with Christ now, moreover, we call upon all of our people and churches to do the will of God, to pray, study, and give faithfully of our lives, time, and material resources that men, women and children around the world may know and turn to Jesus Christ the Saviour.

Respectfully submitted,

Arthur S. Gillespie

50. The following report, presented by Mrs. W. C. Adkinson, Assistant Superintendent of Piedmont W. M. U., was accepted. Mrs. Adkinson and Mrs. James R. Thompson spoke to the report.

WOMAN'S MISSIONARY UNION

As we look back over the year's accomplishments, we pause in thanksgiving to God, to witness His wonderful goodness and mercy. The W. M. U. has made definite progress in almost every phase of its work. Our present enrollment is 2435 in 48 societies. We report three new societies. We had two societies A-1, Baptist Temple, Reidsville; Sixteenth Street, Greensboro. We had four societies with every member reading an approved mission study book, College Park, Greensboro; Sixteenth Street, Greensboro; Revolution, Greensboro and Allen Jay, High Point. It is a great pleasure to report that our Association was one of three in our State reaching the Standard of Excellence. Notable increases were made in mission study classes, missionary reading, number of new tithers, membership, new organizations, and giving to all causes.

Last November our associational officers planned a one night or one day clinic for each of the three areas of our association, Greensboro, High Point and Reidsville. Twenty churches participated in these clinics with more than seventy-five present.

We had a very helpful Leadership Conference in January with thirty churches represented and approximately two hundred present.

Last February we planned a six-day schedule with our State W. M. U. Field-Workers, Mrs. John Wacaster and Miss Laura Frances Snow. Two days were given to each of the three areas. A coronation service and two Methods Conferences at Reidsville; the Greensboro group planned a Mission Study Institute, an afternoon and three night Methods Conferences; High Point planned a Mission Study Institute, an afternoon and night Methods Conferences. We were in ten churches, had 107 registered at the two Mission Study Institutes and 235 registered in the Methods Conferences. There were 39 churches reached in these meetings.

The spiritual uplift of our Annual Association meeting in April, Hilliard Memorial Church, High Point, was most gratifying. We had 28 churches represented and 150 present.

Mrs. James R. Thompson, Young People's Leader, reports an enrollment of 1207 in 125 Auxiliaries. She reports 25 new Auxiliaries, one Associational Councelors' Clinic, one Associational G. A. camp, one Associational R. A. camp, with 19 churches represented at the camps, a regristration of 106 G. A.'s and 50 R. A.'s at these camps. We urge every one to keep praying for our Young People's Leader and her assistants.

Mrs. W. S. Fox, Mission Study Chairman, conducted three very successful Mission Study Institutes, one in October and two in February.

Our women purchased a typewriter, mimeograph and supplies at a cost of $185.00, for Tai Ho Woo, one of our representatives who is trying to get our Baptist work started in Korea.

A steady stream of clothing has gone from our churches to the Southern Baptist Convention Relief Center in New Orleans.

With the love of Christ in our hearts we shall continue "to make known to the sons of men His mighty acts and the glorious majesty of His Kingdom."

EXECUTIVE COMMITTEE

A change in ARTICLE 10, Section 2, of the Constitution made in this annual meeting of the Association provides that the Executive Committee be composed of the elected officers of the Association, the pastor and one layman from each church of the Association. The committee to nominate the members of the Executive Committee did not have time and opportunity to complete its work before the Association adjourned. PROCEEDINGS

of the

FIFTY-SEVENTH ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held with

HIGH POINT FIRST and ALLEN JAY CHURCHES
High Point, N. C.

October 19-20, 1950

THURSDAY MORNING SESSION—10:00 A. M.

Moderator Grover H. Jones called the Association to order. Led by E. David Lee the congregation sang, "O Worship the King."

Pastor Troy G. Robbins of Immanuel Church read Nehemiah 8:1-3, delivered a message on, "Streets Mentioned in the Bible," and lead in prayer.

A motion prevailed to recognize all duly accredited Messengers of the churches who have registered or who may yet register during this annual session as constituting the Association.

Chairman George Richman of the Program Committee moved that the Program which had been prepared by the Committee and printed copies of which had been distributed in the assembly be adopted. The motion prevailed.

The Moderator appointed the Committee on Committees as follows: R. Von King, Chairman; W. E. Coates, H. O. Miller.

At the request of the Moderator T. L. Sasser presented the pastors, ministers of music and educational directors who have come to the churches of the Association since the last annual meeting. They are as follows: Pastors, A. L. Parker, Charles C. Cross, Troy G. Robbins, J. Glenn Flynt, J. Claude Creason, W. P. Biggerstaff, C. R. Hanner. Ministers of music: Miss Eva Staples, Jack Clinard, Glad Lawson, Miss Frances Cartner. Educational Directors: Miss Betty Winningham, Russell Noel, C. W. Terrill, Jr., J. C. Hatfield, E. David Lee, S. C. Ray.

The Moderator requested any Messengers present bearing petitionary letters from churches wishing to be received into the Association to come to the front. Pastor J. T. Swinson, and Deacon C. M. Johnson of newly organized Faith church presented a letter which was referred to the Church Advisory and Missions Committee.

The following report on State Missions presented by Howell V. Brady and spoken to by Donald G. Myers was adopted.

STATE MISSIONS

Since the organization of The Baptist State Convention State Missions has been central in the thinking of Baptist life in North Carolina. Baptist are a powerful denomination today, and so far as one can see this is true because during the years there has been in operation a fairly aggressive State Mission program.

Most of the churches in North Carolina have been aided in one way or another through the State Mission program. Within the past fifteen years some four hundred new churches have come into existance, and State Missions has helped in one way or another perhaps three-fourths of them.

For a hundred years aid has been given in helping on pastors' salaries in new churches located in strategic centers without, however, neglecting those churches in sparsely settled areas. Speaking in business terms, these investments have brought rich dividends because every actvity which Baptists support through the State Mission program has touched the churches more directly than have the activities of other agencies.

As the Denomination has grown so has the State Mission program. There are now nineteen different activities in this program. These activities are listed herewith:

S	Sunday School Work
T	Training Union Work
A	Summer Assemblies
T	Teaching Activities (Visual Education, Radio, Etc.)
E	Evangelism (City and Association-wide Revivals)

M	New and Needy Churches
I	Work Among the Indians
S	Schools for Ministers
S	Work Among Silent People
I	Interracial Activities
O	Other Activities—Including Allied Church League, Rural Work
N	Neglected Areas (Lots for New Churches)
S	Student Work Among 15,000 Baptist Students

How is this great program supported? State Missions received 13 cents out of the total gifts through the Cooperative Program. In addition to that some money is received through the Sunday School Board to promote the departments of Sunday School, Training Union, and Student Work. Then the Woman's Missionary Union makes a special offering in September. Then October is STATE MISSION MONTH. During that month, and particularly on the last two Sundays the people are asked to make a special offering through the Sunday School and Churches for all these activities.

Let us all remember that State Missions is not ONE object but NINETEEN. One's offering, therefore, would need to be a dollar if only 5 cents is given to each activity.

It is hoped that every Pastor and every Sunday School Superintendent, along with the teachers in the Sunday Schools, will get behind the program in October and get the greatest offering by far that has ever been made for State Missions.

H. V. BRADY

The following report on Home Missions presented by Walter W. Stanley and spoken to by James R. Thompson was adopted.

A CRUSADE FOR HOME MISSIONS

At its last annual meeting the Home Mission Board launched a five-year Crusade in response to the need revealed by a survey of the fields and the necessity for strengthening and sustaining the home base for a great world-wide mission program.

The needed strength will come from three sources: more members, more churches, and more effective witnessing.

The first emphasis, therefore, in the new crusade is soul-winning.

During 1950 and 1951, the Evangelistic Department is directing Evangelistic Crusades throughout the Convention territory and in the outposts of Alaska, Panama, and Cuba. This is a concerted effort to reach a large number of the 39,000,000 unchurched people in areas served by the Board, more Christians will mean more strength.

In 1951 and 1952, following this soul-winning effort, the crusade will be directed especially in establishing new churches and mission stations. There are 21,000,000 people in areas served by the Board who are not within easy reach of any Baptist church that can serve them. New converts won in the evangelistic crusade will need new places of worship.

Within this five-year period an effort will be made to lead in constituting 5,000 new churches and 10,000 new mission stations. A survey of cities, suburban areas, rural districts, mountain regions, underprivileged sections, and language groups, reveals a need far in excess of this goal. The strength of Baptists has always been in the number and strength of the churches.

Throughout the five-year period, but receiving special emphasis in 1953-54, the Board will lead in a crusade to make the witness of Baptists more effective, especially in needy areas. The work among the language groups, underprivileged, juvenile delinquents, migrants, and isolated people will receive special emphasis. Efforts to reach the 1,500,000 "unattached" Baptists, to revitalize 1,000 inactive country churches, and to create a greater loyalty on the part of all our constituency are included in the crusade goals.

To accomplish these tasks, the Home Mission Board will need 1,027 missionaries (an increase of 248), an annual operating budget of $2,000,000 and a total of $3,500,000 to meet capital needs.

Make America safe and our constituency strong in missionary service by winning the lost, building strong churches and stimulating an effective Christian witness. Join in the Home Mission Crusade.

HOME MISSION VICTORY IN EVANGELISM

The annual report of the Home Mission Board for 1949 magnifies the fruits of Evangelism. In Simultaneous Evangelistic Crusades, led by the three workers in the Department of Evangelism of the Home Mission Board, 7,780 baptisms were reported with 11,875 additions to the churches participating in crusades, personally directed by staff members. The year of Evangelism reported by Southern Baptists showing 334,862 baptisms brings joy to all Southern Baptists. The Department of Evangelism has occasion for special rejoicing, both in fruits already reported and in evangelistic crusades being consummated in the greatest effort for evangelism made by any religious body. Baptist Chaplains reported 4,893 professions of faith. Not counting the above reports, home missionaries during 1949 reported 35,913 conversions.

NEW CHURCHES AND MISSIONS

During the year the reports showed 165 new churches constituted and 577 new missions opened. Most of the new missions will grow into churches. Thus from year to year the number of new churches constituted will grow as emphasis is given to the establishment of missions.

NEW BUILDINGS

During 1949 fifty new buildings were either completed or were under construction. Fifty-four pieces of home mission property were improved. Appropriations for building projects during the year amounted to $751,896.85.

MISSIONARY PERSONNEL

A total of 779 regular missionaries served the Home Mission Board during the year and 251 summer student workers gave ten weeks of mission service, making a grand total of 1,030 workers. Missionaries contracted 177,139 in personal work, delivered 31,039 sermons and addresses, taught 22,987 classes, conducted 1,817 revivals, distributed 57,419 Bibles and Gospels and made 258,818 religious visits. They worked in 1,541 Vacation Bible schools. There are 44 kindergartens in operation.

LITERATURE

The rural series of graded home mission studies prepared in 1949 has met with the best response of any mission study series. Peak printing of the magazine was 121,000. Subscriptions have dropped and an appeal is made for help in getting the magazine into more homes. Millions of pages of tracts and free literature have been distributed.

WALTER W. STANLEY

The following report on Christian Literature presented by Ronald E. Wall and spoken to by L. L. Carpenter, Editor of the Biblical Recorder was adopted.

REPORT ON CHRISTIAN LITERATURE

Some say that we are what we eat and the Bible says that we are what we think. Our thinking is governed largely by what we read. Therefore, we should read good Christian literature. The Bible should head the list. Along with the Bible we should read the Biblical Recorder, Charity and Children, The Commission, Open Windows, Home Life, Southern Baptist Home Missions, the Woman's Missionary Union publications, Our Sunday School Board literature, and books selected by the Sunday School Board for our Church Libraries. A wide reading of good Christian literature will keep one from reading books that are unwholesome and detrimental.

We recommend that our denominational periodicals be placed in our church budgets and sent to all the resident members of our churches and that we all encourage the reading of these and other Christian magazines and books.

Respectfully submitted,

RONALD E. WALL

The following report on Home Missions presented by A. L. Parker and spoken to by him was adopted.

REPORT ON FOREIGN MISSIONS

Advance has been the keynote of the Foreign Mission Board's program since 1948. This suggestion of advance by Dr. Rankin has captured the imagination of the entire denomination and now embraces all of the causes represented in the cooperative program. There has been advance in the overall undertaking of Foreign Missions both at home and abroad as well as in plans for the future.

According to Samuel E. Maddox of the personnel department of the Board, 67 missionaries were appointed in 1949. Of this number, 19 went to Africa, Europe and the Near East, 16 went to Japan and Hawaii, and 32 went to Latin America. Requests for 241 missionaries have come from our missions. We have been authorized to commission 100 missionaries in 1950, and hope that each year the number of appointments will be increased by 25 until in 1954 we appoint 200 missionaries. To accomplish this there must be a steady increase in Southern Baptist Missionary giving and in the number of young Baptists dedicating their lives to the missionary task.

People ask, "Even if the money is raised, can a sufficient number of qualified new missionaries be found to increase our staff to 1,750?" We answer in the affirmative. Hundreds of our young people desire to find God's will and live it to the fullest.

Dr. Rankin states that the most rapid advance is in Japan where we now have 40 missionaries. The highest number our board ever had in Japan at any one time prior to the second World War was approximately 20. Enlargement is constantly taking place in the Hawaiian Islands. In Central and South America, we have undertaken new work in Costa Rica and have authorized the beginning of new work in Ecuador and Peru. In February of 1949 the Baptist Churches of Colombia and Venezuela organized themselves into the Columbia-Venezuela Baptist Convention.

The program of training national Christian leaders in all areas is being enlarged. This includes the organization of additional seminaries in Spanish-speaking South America and the strengthening of the two seminaries in Brazil. It involves the further development of the Italian seminary in Turin, the seminary in Nigeria and the seminary in Zurich. Dr. Sadler says it is his conviction that Southern Baptists never launched an enterprise that is more far reaching in its possibilities than the seminary of Zurich. Already there is evidence of the favor of God upon this infant institution. He also states that though we are well nigh cut off from our friends in the Balkins, that does not mean the power of the gospel is failing to function in those countries. The opposite is true.

Secretary Everett Gill, Jr. states that our missionary undertaking in Latin America continues to go forward in spite of flood, earthquake and revolution. Here we are advancing through the appointment of new missionaries, with 19 appointments to the Spanish-speaking countries studying in Medellin, Columbia, and 10 appointees studying in the Portuguese language school in Campinas, Brazil. An interesting development in transportation is the purchase of two planes in North Brazil; one to serve in the interior and one on the northern coast. This is a new venture in missions for our Board, but it has been studied very carefully and we have as our representative, Missionary Robert Standley, who has already flown eight years in Brazil.

Secretary Baker J. Cauthen reports emergencies in China emphasize the urgency of entering other open doors in the Orient. We are summoned anew to expand our work in Japan. India, with her 400 million people, is calling. She must have a large place in the strategy of advance for the Orient. Our missionaries to Korea must return as soon as hostilities cease. Indo-China with her 27 million people is one of the neediest sections of the world from the standpoint of missions. We still have missionaries in China and the Chinese Christians will never stop witnessing.

Half the people of the world live in the Orient. Much of the misery, poverty, and spiritual darkness of mankind are concentrated there. Propogandists of blind-alley ideologies are seeking with fanatical zeal to gain control of these masses. What will be the fate of the world if they succeed? How can we face our Lord if we fail to tell them of Jesus? May God help us to do our duty while the opportunity yet remains.

A. LEROY PARKER

The following report on Hospitals presented by R. F. Wyatt and spoken to by him was adopted.

REPORT OF NORTH CAROLINA BAPTIST HOSPITAL, 1950

Our Baptist Hospital has become a haven of hope for thousands of sick persons each year throughout North Carolina. It provides the highest type of medical service for the sick of all classes. It is our means of carrying on the healing ministry of Jesus.

Last year 9,900 patients were cared for in the Hospital and 90,000 visits were made to the clinics for examinations and treatments. About half of these were persons with little or no money; they were provided free professional care by the doctors, and were given additional financial assistance with the cost of the service they received.

This free service was provided largely by our Mothers Day offerings which amounted to $128,900.00. Other assistance came from various health and welfare agencies, the Duke Endowment, and individual gifts. All this added together enabled the Hospital to provide free service amounting to $312,500.00, in addition to the work of the doctors. And yet, many could not be given as much financial assistance as they needed because the Hospital did not have sufficient funds.

We are happy to report that at this date the Mother's Day offerings this year are running ahead of those last year. The reports from the special offerings to raise $700,000.00 toward the building of the new South Wing to the Hospital are most encouraging. It looks now as if the full amount will be raised when all the churches have made their offerings and sent in the money. The 150 new beds this enlargement will provide will relieve the great shortage and enable the Hospital to admit the sick more promptly.

The School of Nursing is admitting one of the largest classes in its history and it looks as if it will be one of the best. It has applications from far more than it can accomodate. The Medical School has likewise had one of its best years.

The Department of Religion is growing and becoming more effective as a part of the life and work of the Hospital. Through the generous support of a friend another Chaplain is being added to the staff. The Department of Religion seeks through its ministry to help make the Baptist Hospital a genuinely Christian institution of healing and teaching.

Moderator Grover H. Jones called the Association to order. Led by E. David Lee the congregation sang "Jesus Shall Reign."

A motion prevailed to send greetings to former Moderator Clarence Smith who is not physically able to be present.

The following report on Ministers Retirement presented by J. C. Gillespie, Sr., and spoken to by him was adopted.

REPORT OF THE RELIEF AND ANNUITY BOARD OF THE SOUTHERN BAPTIST CONVENTION
1950

The reports, reviewing the work of the Relief and Annuity Board, presented at the annual meeting of the Board in Dallas, on March 8th, showed 1949 to be a year of continued progress and enlarged serivce to our Southern Baptist constituency.

Officers of the Board were re-elected: Dr. Wallace Bassett, president; Dr. Walter R. Alexander, executive secretary; Dr. Robert S. Jones, associate secretary; Mr. Orville Groner, treasurer-investments.

Total income for 1949 was $4,269,496.13, with total benefits paid, amounting to $1,375,209.25. Total assets of the Board as of December 31, 1949 were $17,613,434.86.

The relief department again spent more than it received in 1949. Southern Baptists gave $225,376.33 for relief of aged ministers and widows of ministers, while the department spent $242,066.37 in an effort to prevent suffering and want, among our old preachers. We would urge every church in the Association to follow the Calendar of

Denominational Activities of the Sounthern Baptist Convention and take a fellowship offering for ministerial relief, preferably at the observance of the Lord's Supper or at such time as convenient for the church.

There is much need for greater promotion in all the states. As yet, there are too many pastors who do not have the protection offered by the ministers Retirement Plan and the Widows Supplemental Annuity Plan. Many of our Pastors are retiring without any retirement benefit and are throwing a burden upon the relief department beyond its resources. Your state office desires the assistance of Pastors, and others who have this protection, to assist in the work of enlismtent, bringing others into the plans provided for them.

The broadened Social Security bill, passed by the United States Senate on June 20, 1950, excluded all employees of churches, and church related groups, from the Social Security program. The bill, as first drawn by the committee, included such employees, but at the insistance of Southern Baptist leaders, the committee changed the bill to exclude them. The Southern Baptist leaders, the meeting in Chicago, passed a strong resolution, requesting that religious groups be excluded. Now that the Senate has granted the request of Southern Baptists, it becomes imperative that all lay employees such as educational directors, church secretaries, janitors, etc., be enrolled in one of the plans of the Board, that they not be made to suffer because of the historic position of Baptists on complete separation of church and state.

JAMES C. GILLESPIE

The following report on Christian Education presented by L. B. Reavis and spoken to by him and Professor McLeod of Mars Hill College was adopted. A motion prevailed to ask the Biblical Recorder to publish this report in that paper.

REPORT ON CHRISTIAN EDUCATION

In the early days of our country, education and religion were synomonous terms. One was not thought of without the other. Practically every great old college in the land had a religious origin. Harvard, the oldest of them all, was named for a preacher and was founded by the Puritans for the purpose of educating for the ministry. Yale was founded when Harvard seemed to be veering away from the true faith. Dartmouth was founded by the Congregationalists for the purpose of educating for the ministry and laity of that faith. William and Mary was founded so that the church of Virginia might be furnished with a seminary for the ministers of the gospel and the youth might be educated. Brown University, Chicago, and others were established by the Baptists; Princeton and others by churches of other faiths.

So the story has gone. College after college and university after university has been established and nurtured by sacrifice and love of early American Christians. We have, however, seen these schools slip between our fingers. Why is this so? In trying to answer this question we would say that in the first place we have lost them because we have failed to keep on our boards of trustees, Baptists who were Baptists in name and in faith. We were so anxious to put men of prestige and money on the boards that when these men were in the majority, the schools were lost by the denomination.

Again, we were so anxious to raise the scholarship that many times teachers were employed who were neither Christian nor Baptist, but were employed purely on a scholastic basis, which brings us to face this fact: If our church colleges are simply duplicating the education which the state provides, the Christian college has no reason for existing. If on the other hand, the church colleges have something to contribute to their students that is over and altogether different from what the state-supported universities give and which is desirable, then they justify their existence.

I am vitally concerned about the future of our Baptist colleges, but I am more concerned that our Baptist colleges shall be thoroughly Christian in all the aspects of their life.

Since I am not a college administrator and never intend to be one, there are some things that I can say frankly and some suggestions that I shall make.

First, if I were president of a Baptist college, I should insist that every member of my faculty be a working Christian. I might wish that they were all Baptists. The Roman Catholics insist that theirs be priests of the Roman Catholic order.

Second, I would insist that every member of my board of trustees be a Baptist and a practicing Baptist.

Third, I would let it be known without the possibility of any doubt that I was running an institution that was definitely concerned with the building of Christian character. I would quit fretting about the minor things and strive to build a Christian atmosphere so strong and solid that all students would find their attention focused always on the great principles upon which life is based. Then they could say with Augustine: "Love God and do as you please." But they would love Him so much that they would please to do that which was right.

L. B. REAVIS

The following report on Brotherhood presented by W. DeWitt Long and spoken to by him was adopted.

REPORT ON BROTHERHOOD

The work of the Baptist Brotherhood in our Association for the past year has been limited to a small list of our churches. This work, however, has been done under the suggestive direction of the Brotherhood of the South. As we review the suggestive schedule of activities we see that they are listed under four Activities:

I. EVANGELISM:

An endeavor has been made to lead the men to see that winning souls to Christ is the chief task of every Christian and of every Christian Church. The Brotherhood has proposed and tried to enlist the efforts of men in this major field of Christian service—witnessing for Him in every appropriate personal contact.

II. MAN AND BOY MOVEMENT:

No more productive field of Evangelism could be suggested than that of bringing boys under the influence of Bible teachers in our Sunday Schools. Find a boy: Take him to Sunday School four successive Sundays: Make a pal of him during the week. You will win him to Christ that way.

III. CO-OPERATIVE PROGRAM:

Lead the men to see that only by channelling our efforts through the Co-operative Program can we support the whole denominational program. Only thus, can we completely fulfill our Lord's command to preach His Gospel to the uttermost part of the earth.

IV. BAPTIST FOUNDATIONS:

Assure the men of our churches that the only guarantee of the perpetuity of our denominational boards and institutions is by creating adequate financial reserves. In no way can this be accomplished so effectively as by gifts and bequests to our Baptist Foundation. Such gifts and bequests will be administered precisely according to the wishes of those making them.

Thus the work of a limited number of brotherhoods has been successful in these fields of service.

Respectfully submitted,

W. DeWITT LONG

The following report on Radio presented by R. Von King and spoken to by James R. Thompson was adopted.

RADIO

Radio is like money. It can be a demon of darkness or an angel of light, according to how it is used. If used to promote the sales and use of alcoholic liquors and similar purposes, it becomes the tool of Satan, a demon of darkness; if used to spread the gospel of Christ and similar purposes, it becomes the agent of the Lord, an angel of light. Money is a medium of exchange. Radio is a medium of expression. It has many possibilities for evil and many possibilities for good. It possesses the proverbial power of sending forth both bitter and sweet, good and evil. The powers of evil have been wiser and more prompt in many instances in using radio, television, and similar inventions to promote their interests than have the children of light. But we are now seeing and seizing the opportunities to use radio as an angel of light for the glory of God. Baptists now have well-established programs, southwide, state, and local, of which the most familiar to all is The Baptist Hour.

The Radio Commission of the Southern Baptist Convention, of which Brother S. F. Lowe is director, sends to us the following summary of "The Baptist Hour—A Missionary Ministry:"

"The Baptist Hour is definitely a missionary service of the Southern Baptist Convention, rendered through its Radio Comission. In its purpose and fruits, it seeks to carry out the spirit of the Great Commission. Through gospel sermons and songs, many lost ones are won to Christ, believers are strengthened in the Lord, shut-ins, and the sick are ministered to; our whole people are undergirded spiritually during these frightful days through which we pass. There are thousands who do not know the gospel as Baptists believe and teach it, but are becoming acquainted with our Baptist people and their teachings through the weekly broadcasts of The Baptist Hour. Our mail brings ample evidence of such fruits. . . .

With a network of some 180 stations during most of the year expiring with the close of September, an estimated 150 million listeners have been reached with the gospel. Speakers for the four respective quarters were: Dr. R. G. Lee, Reverend Charles Wellborn, Dr. Duke K. McCall and Dr. Forrest C. Feezor.

Our Southern Baptist Convention has voted at its last two annual meetings that The Baptist Hour shall be financed for the most part through personal contributions mailed to The Baptist Hour, Station E, Atlanta, Georgia. This action was taken because it was felt that so large a cost (of approximately $360,000.00 a year) could best be met with this method, employed successfully by the Old Fashioned Revival Hour and the Lutheran Hour, both of which are commercial religious broadcasts. All that is needed now is for all our Baptist people to realize the importance of this Raido work, and feel a personal responsibility for it.

Meanwhile, in order to help clear the present Baptist Hour deficit, and properly prepare for a great Baptist Hour season in 1951, no Convention-wide Baptist Hour will be broadcast during October, November, and December of this year. The program will return to the air in January with Charles Wellborn as speaker for the first quarter.

In addition to the Baptist Hour, the Radio Commission is seeking to extend our Lord's kingdom in the following ways:

(1) Before the end of 1951 some new fifteen-minute devotional transcriptions will be available for use by our churches and for broadcasts over local stations.

(2) Two television programs are now on film and are available for broadcasts over local TV stations. In order to meet the many opportunities in this new and rapidly developing field, the Commission is seeking to enlarge its TV ministry as rapidly as possible.

(3) Co-operation with all agencies of the Southern Baptist Convention and State Conventions in broadcasting has been a service of the Radio Commission from its beginning.

We urge every church, every church organization, and every member within our Association to give the Radio Commission and work a large place in your prayer life.

In addition to this mighty ministry of our Radio Commission of the Southern Baptist Convention, we are not unmindful of our own North Carolina Light for Living Series, available for church use, and the extensive and effective ministry of local Church through both AM and FM radio facilities, but time and space would forbid a thorough and detailed report on these activities. May we forge forward with strong offensive action against the powers of wickedness in the realm of radio, and in every other area of our work.

R. VON KING

A motion prevailed, after considerable discussion, to amend the Constitution of the Association as follows: ARTICLE 10, Section 2.—A committee composed of the Moderator, Vice-Moderator, the Clerk and Treasurer of the Association, the Associational W. M. U. Superintendent, The Associational Sunday School Superintendent, The Associational B. T. U. Director, and the pastor of each of the co-operating churches, and one layman appointed from each of the co-operating churches, shall constitute the Executive Committee of the Association. The Committee at its first meeting shall decide the number required for a quorum.

A motion prevailed to approve the following proposed amendment to the Constitution of the Baptist State Convention of North Carolina, and to petition the Convention to adopt this proposed amendment:

PROPOSED

Article VII. The General Board of the Convention. The General Board shall consist of the President and the Recording Secretary of the Convention, ex officio, and one member for each Association, and one additional member for each Association for every ten thosand members or fraction thereof beyond the first ten thousand members; provided, that no Association shall be entitled to more than three members. Beginning January 1, 1951 the members of the board shall be nominated annually by the associations in their annual sessions and elected by the Convention. The members of the Board who are serving on December 31, 1951, shall cease to be members unless they have been re-elected. The term of membership shall be from January 1 until December 31, it being understood that a member can serve for four consecutive years, but no longer without an intermission of one year. No one in the employment for pay of any institution of the Convention shall be eligible for membership on the Board except as an ex-officio member. The General Board shall have the power of the Convention in the interim between sessions of the Convention, except as specifically limited by the constitution, and it shall have general supervision of all agencies and institutions fostered and supported by the Convention. The associations or their executive committees shall have power to fill vacancies in the Board's membership occurring between sessions of the Convention.

A motion prevailed requesting and instructing R. T. Smith to present this proposal to the Sate Convention in its annual session next month. L. B. Reavis was elected alternate.

A motion prevailed expressing appreciation to High Point First Church for gracious hospitality manifest today in our meeting with this church.

The following resolution was presented by Mrs. W. C. Adkinson, which was referred to the Resolutions Committee to be included in that committee's report on the second day of this annual meeting of the Association.

A RESOLUTION TO COME BEFORE THE ASSOCIATION

Whereas the young people of the churches of our Association are our greatest possession and their Spiritual guidance our very large responsibility, and

Whereas, our young people's work in recent years has made manifest a serious need of a place for annual assemblies where essential traning in Stewardship, in Missions, and in other Kingdom interests, can be developed, and

Whereas, for several years we have been unable to find adequate places and equipment for this work,

Therefore, be it resolved by Woman's Missionary Union of Piedmont Baptist Association that we go on record as favoring the purchase and the development of a site for our Associational work and pledge our co-operation to this end, and

Be it further resolved, that we urgently request Piedmont Baptist Association to consider favorably this movement, to instruct the Executive-Promotion Committee to take appropriate action in the finding and the purchase of a site, to fully advise the churches of the Association about the proposed project, endeavoring to secure their co-operation, and to make necessary provisions for financing the project.

Whereas, the Executive Committee of Woman's Missionary Union of the Association is particularly interested in this project, be it further resolved by the Association to instruct the Executive-Promotion Committee to invite the Executive Committee of Woman's Missionary Union to meet with them when this project is being considered.

The foregoing resolutions were adopted by the Executive Committee of Woman's Missionary Union in Executive meeting Tuesday, October 17, 1950.

MRS. W. C. ADKINSON, President

The Association stood adjourned until the evening session.

THURSDAY EVENING—7:30

Moderator Grover H. Jones called the Association to order. Led by E. David Lee the congregation sang: "All Hail the Power of Jesus' Name."

Charlie Monk, Jr., read from Acts 4, spoke briefly and led in prayer.

The Moderator presented Charles R. Pierce, Associate Director of Piedmont Training Union, who presented the following report which was adopted:

TRAINING UNION REPORT

Over a period of years, Southern Baptists have placed much stress upon a trained ministry. Our Colleges and Seminaries have come to be a vital part of our work. Even with all this, our work can fail to a large degree if we fail to train and to inform our people. To this end, the Training Union has set itself, and is using a fine set of Quarterly material for all ages. To this is added our study course system. We urge our churches to use these study course books, that cover every phase of our work, because an informed people are an aggressive people. Our Association has in it many trained workers who are available to teach in even the smallest mission point. Let us join with the Sunday School, Home Mission, and Foreign Mission Boards study course system and give to our people the finest religious training that can be had anywhere.

We have had a good year in the Training Union, four (4) mass meetings and a Regional Convention held in Leaksville that were well attended. There were 2,873 Study Course awards this year.

Our Association Wide Enlargement Campaign, under the leadership of our Director Brother Carl Bell, assisted by Brother Harvey Gibson of Raleigh, and Brother J. E. Lambdin of Nashville, Tennessee. There were forty-two (42) churches and one hundred twenty-one (121) workers in this great endeavor. All of our churches received great good. There were four (4) new Training Unions organized, and many new Unions added in nearly all of our churches, and many study course awards granted. We shall ever be grateful to our Sunday School Board and our Association for the time and money they invested in this great campaign.

Respectfully submitted,

CHARLES R. PIERCE, Associate Director.

The Training Union Nominating Committee presented the list of proposed Associational Training union officers for the coming year and a motion prevailed to elect them. (See list on page 6).

The Young Peoples' Choir of High Point First Church rendered a program of music.

Young People of Asheboro Street Church presented the pageant: "Jesus Shall Reign."

As provided in the program W. W. Robbins delivered an inspirational address, following which he led in prayer, and the Association stood adjourned until Friday at 10:00 A. M. with Allen Jay Church.

FRIDAY MORNING—10:00

Led my E. David Lee the congregation sang: "Saviour, Like a Shepherd Lead Us," and "I Need Thee Every Hour."

J. H. Scalf read John 17, spoke briefly and led in prayer.

The following report prepared by W. S. Holton and spoken to by Marse Grant, Editor of Charity and Children, was adopted after being amended by adding item 4, under the heading: "There are three ways" etc., and by adding the statement expressing the Association's appreciation of the work of Editor Marse Grant.

ORPHANAGE

The Word of God declares that if we bring up a child in the way he should go, when he is old he will not depart from it. The Baptists of North Carolina believe this and through the Baptist Orphanage is seeking to give proper guidance to as many children as possible.

Last year through the two branches of the Orphanage, Mills Home at Thomasville and Kennedy Home at Kinston, the Baptists of North Carolina cared for 781 children. The health of the Children was excellent and they did well in school, fourteen graduating from Mills Home and five from Kennedy Home. We rejoice in this manifestation of God's blessing in providing for the physical necessities of the children. Yet, as Baptists our chief concern is for the spiritual welfare of the children. This was the concern of Jesus, "The Son of Man is come to seek and to save that which was lost." Therefore, we rejoice to report that last year at Mills Home, 70 were baptized upon professing faith in the Lord Jesus Christ as their own Savior. Much good work was also accomplished along spiritual lines at Kennedy Home. Let us remember in our prayers these young people who have become "partakers of the divine nature" that they might be strengthened with might by His spirit in the inner man and that they "might be filled with all the fullnes of God."

This year there have been a number of changes in personnel. Dr. Zeno Wall retired as General Superintendent, and W. C. Reed of

Kennedy Home was appointed to fill this vacancy. Mr. Reed is a man of culture, experience and consecration and will be used of God to lead the orphanage to a place of greater usefulness.

Mr. and Mrs. W. A. Smith of Boone took over the work at Kennedy Home. He will be Superintendent there and his wife will assist him. Mr. Riman Muth took over the work of Treasurer upon the resignation of Mr. J. D. Fraley. Mr. J. Marse Grant was again elected Editor of CHARITY AND CHILDREN and has for his goal 50,000 copies of this paper going out weekly into the homes and churches of Baptist of North Carolina.

During the year funds were provided for the erection of new buildings. These include a new church at Mills Home, an infirmary and a vocational building. Let us thank God and take courage remembering with Samuel that "Hitherto hath the Lord helped us."

With 65 years of glorious history back of us, with a big building problem immediately in front of us, with a new General Superintendent and a group of new workers: with a faithful and experienced band of old workers; with scores of needy children calling for help, we as Baptists must not fail now.

There are four ways by which our churches can help:

1. Churches with unified budgets should place the Orphanage in their budgets.
2. The churches which do not have the unified budget should reserve one Sunday's offering per month from the Sunday School.
3. Special offerings at Thanksgiving and gifts from the interested members and groups should be promoted.
4. All Churches should subscribe for ample copies of Charity and Children.

We wish to highly commend Editor Marse Grant for his excellent work as Editor of Charity and Children. Each Church can aid by one or more of these methods. Let's do it for Christ.

Respectfully submitted,

W. S. HOLTON

As provided in the program Horace Easom of Shelby, North Carolina delivered an address on: "Church Music."

The following report presented and spoken to by Walter E. Crissman was adopted.

REPORT ON SUNDAY SCHOOL WORK

The teaching and study of the Bible should begin in the home. However, this is not true in many of the homes of our Church Membership. The first knowledge of the Bible is too often that knowledge obtained in our Sunday School. Certainly, our Church program should encourage Bible teaching in the homes. There is no doubt that it would make the teaching easier in our Sunday Schools.

Our Sunday Schools have endeavored to continue the teaching of God's word three definite ways during the past year.

A quick survey of the Sunday Schools in our Association shows an increase in enrollment and an increase in attendance. Our first means of teaching the Bible is through attendance in our various Sunday Schools, those graded and those not graded. Our survey also shows that about 50% of our Sunday Schools have a regular visitation program. It is significant that only those Sunday Schools in which there is no regular visitation program do not report an increase in enrollment and attendance.

Our next means of teaching the Word is through Vacation Bible Schools. We are convinced that there were more Vacation Bible Schools in our Association this year than last, that they were better conducted and attended by a larger group of our children.

The third manner in which we are reaching our people with Bible teaching is through Study Courses which teach the Word of God direct and train others to do a better job of teaching. We find that there have been Sunday School Enlargement programs in connection with Study Courses in several of our Churches during the past year and that some Sunday School have estabilished Mission Sunday Schools to add to the teachings.

Results obtained in the various Sunday Schools were regular visitation programs have been put on and where enlistment and enlargement campaigns have been entered into definitely show us that the "T. E. V." plan as suggested by our Sunday School Board is in all respects practical—Tithing, Enlistment and Visitation will go a long way toward enabling us to reach those in our various communities for Bible teaching in our Sunday Schools. We can certainly recommend such plans and programs.

Respectfully submitted,

WALTER E. CRISSMAN

Following the adoption of the Report on Sunday School work a motion prevailed instructing the Program Commitee for the 1951 annual meeting of the Association to give a a larger place on the program for this subject.

The following report on Associational Missions presented by T. L. Sasser, and spoken to by him was adopted:

ASSOCIATIONAL MISSIONS

Our Association occupies a challenging position in a fruitful mission field. The Churches of the Association are located in a territory where considerably more than 200,000 people live. More than 100,000 of them have no definite Church connection of record. Our objective is to change this mission field into a missionary force.

The work of the Churches is progressing in three distinct ways. First, in marked numerical membership. Second, in teaching, training and spiritual development of the membership, and third, in giving.

Even a casual study of the statistical tables reveals the steady and in some respects the rapid growth in numbers and in giving. An acquaintance particularly with the young people of the Churches and an observation of their missionary activities reveals the spiritual growth of the Churches.

The work of the Sunday Schools, the Training Unions, and the Missionary Unions is bearing rich fruits as the young people are nurtured and directed in Kingdom enterprise.

This summer's student missionary program, in my opinion, was the most effective of any of the years so far. The largest number of capable young men and women yet to offer themselves in local or Associational mission work served in this field. All of them were members of the Churches of our Association. The whole work of the Association was never so promising of gracious results as it is now.

I hereby offer a summary of my personal activities from October 1, 1949 through September 30, 1950:

Days on the Field	317
Days on Other Fields for State and Home Mission Boards	40
Miles Traveled	36,607
Personal Conferences with Individuals on Work	468
Group Conferences	67
Pastors' Conferences	56
Associational Meetings Participated In	18
State Meetings	5
Mission Fields Surveyed	4
Visits to Churches	180
Sermons Delivered	81
Addresses Delivered	68
Classes Taught	16
Circular Letters, etc. Sent Out	4850

I herein record my deep gratitude to God for the privilege of serving and my sincere thanks to one and all of you for the abundant kindness shown to methroughout the Association.

Respectfully submitted,

T. L. SASSER, Missionary

A motion prevalied by standing vote to express the Association's appreciation for the work of T. L. Sasser, Associational Missionary.

An oral message was received by the Association stating that J. M. and Mrs. Allred were injured in an automobile accident on the way home from the meeting Thursday night. The Association paused and engaged in prayer for their comfort and recovery.

The report of the Nominating Committee was presented by W. DeWitt Long and the officers of the Association as nominated by the Nominating Committee were elected. A motion prevailed to add E. David Lee as Director of Music to the list of Associational Officers.

(See complete list on page 4).

A motion prevailed to appoint the following men as representatives of North Carolina Baptist Hospital in this Association, whose duties will be to stimulate and elicit the co-operation of our people in the support of the Hospital and its work: Sloan Gibson, High Point District; R. W. Morton, Greensboro District; and G. F. McBrayer, Reidsville District.

The following report presented by Mrs. W. C. Adkinson and briefly spoken to by her and by R. A. Counsellor T. C. Williams was adopted:

REPORT OF WOMAN'S MISSIONARY UNION

A great missions professor once said, "Missions is the greatest work of man, the greatest need of the world, and the greatest aid to civilization, the greatest hope of the future, the greatest desire of God. Make missions a major!" Truly this has been the aim of Woman's Missionary Union of the Piedmont Association, during the past year.

Our records show that we have 47 W. M. S.'s with a membership of 2751, an increase of 316 members over last year. We had five W. M. S.'s A-1: Allen Jay, High Point; Baptist Temple, Reidsville; Rankin, Greensboro; Sixteenth Street, Greensboro; and, Stevens Memorial, Greensboro. Notable growth was made in all phases of our work.

Our Leadership Conference in January proved very helpful. We had our main Conference January 17 at the First Baptist Church, Greensboro with 165 registered. We then had a follow-up Conference in each of the three areas the week following with all the Associational officers and the W. M. U. officers in the local societies present for an open forum discussing ways and means of promoting the various phases of our W. M. U. work. In these meetings: January 23, First Baptist Church, Reidsville, there were 32 present; January 26, First Church Greensboro, 35 present; January 30, First Church, High Point, 68 present. Thirty-eight churches were represented.

The Sixteenth Street Church had W. M. U. Emphasis Week in February, with Mrs. John Wacaster, Field Worker, and Rev. Bill Jackson, State R. A. Secretary present to lead conferences, teach classes, etc. The Churches in the Association were invited. There were eleven represented at these meetings. The week was climaxed with an Associational R. A. Conclave. There were 80 boys present.

Our annual meeting in April, College Park Church, was very successful. We had 36 Churches represented with 172 registering.

Mrs. James R. Thompson reports 147 auxiliaries with a membership of 1639. This shows an increase of 22 auxiliaries over last year with an increase of 432 members over last year. The work is progressing in every phase.

Mrs. Thompson reports one G. A. camp with 64 girls registering and one R. A. Camp with 75 boys registering. There were 15 conversions with 3 dedications for definite service.

Mrs. Leroy Parker, Mission Study Chairman reports two mission study institutes, one in October and one in February. Both of these proved very successful. Our records show an increase in number of women and young people reading mission books and number of mission study classes.

Mrs. Willis Malone reports an increase in number of tithers over last year. We would like for every Church to observe Stewardship Night or Stewardship Emphasis Week in your Church in October, 1950.

The success of the community missions program depends upon the individual Christian woman's recognizing her stewardship of the Gospel of Christ and adding her sacrifical service to that of other consecrated women in making Christ known in her own community.

As we look forward to the year ahead, we the women and young people of the Piedmont Association, pledge our best in helping to build for Christian neighborliness by endeavoring to lead our women and young people to dedicate themselves to the service of humanity both at home and to the ends of the earth.

Respectfully submitted,

MRS. W. C. ADKINSON

A motion prevailed to support and co-operate with the Allied Church League of North Carolina in the League's petition to the 1951 State Legislature for a State-wide vote on the sale of alcoholic beverages, to request our County representatives to support the measure, and to instruct the Clerk of the Association to inform the proper persons of this action by the Association.

The congregation sang: "Love Lifted Me."

As provided in the program L. Bun Olive of Raleigh, North Carolina delivered an inspirational address on world-wide missions, following which he led in prayer including thanks for the dinner prepared by Allen Jay Church, and the Association stood adjourned until 2:00 p. m.

FRIDAY AFTERNOON—2:00

Led by Horace Easom the congregation sang: "I Am Thine, O Lord."

In the absence of J. M. Allred who was to lead the congregation in this period of worship but absent because of injuries received in an automobile accident Thursday night W. DeWitt Long read: I Corinthians 13 and led in prayer.

The following report presented by W. C. Adkinson and spoken to by him was adopted:

EVANGELISM REPORT

Evangelism is the main function of the Church. The great Commission implies that we must go into all the world making disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and we are to teach them to observe all things that Christ has commanded. Therefore Evangelism does not end after baptism, but must continue in the Christian development and growth.

In 1949, the Churches of the Piedmont Association baptized 1637 members. With a total membership of 23403 members of our Churches, this means that it took almost 15 people to win one person to Christ for the entire year. This may far exceed the average throughout the State, but it is falling far short of what Christ expects of us. When it requires 15 people to win one person to Christ during the whole year, some one must be idle at the job. The work of Evangelism is not just the work for the Pastors and Evangelists, but for every individual Christian. If only every Baptist in the Piedmont Association were to win one person to Christ during the year, we would double our membership.

In the year of 1951, the Piedmont Association will co-operate with the Southern Baptist Convention in a Simultaneous Evangelistic Crusade. During March 25th through April 8th, 16,000 Baptist Churches East of the Mississippi River will be united in this great effort. This is not just another fancy program handed down for us to follow, but it is a united program of Evangelism, worked out, and prayed through, with the assurance that if each Church and Pastor will enter, we will experience one of the greatest revivals that our Association has witnessed.

In this report on Evangelism to the Association we are urging each Church to lend your full co-operation with your prayers and interest, and with the feeling that you are not alone for there will be all the Churches united in the greatest work that Jesus has ever asked us to do.

This Simultaneous Crusade will be preceeded in January with Bible Study, followed in February with religious census and studies in Soul-Winning. March will be given over for cottage prayer meetings and the final preparation for the Revival beginning on March 25th.

With each Church using its Pastor or some other Evangelist, and with great spiritual preparation we should experience one of the greatest revivals we have ever seen in our day.

Now as we go back to our Churches, let each of us begin to plan how best to enter the Evangelistic Crusade.

Respectfully submitted,

W. C. ADKINSON

Led by Horace Easom the congregation sang: "The Old Rugged Cross."

As provided in the program J. C. Canipe, State Convention Secretary of Evangelism delivered an inspirational address laying special emphasis on the coming "East of the River Simultaneous Evangelistic Crusade" next March 25-April 8.

The following report by W. P. Biggerstaff on Time, Place and Preacher for the 1951 Annual meeting of the Association was adopted:

1. Time—Thursday and Friday, October 18-19, 1951
2. Place—(a) Thursday, Florida Street Church, Greensboro
   (b) Friday, Lexington Ave. Church, High Point.
3. Preacher—Donald G. Myers
   Alternate—Charles C. Cross

Chairman W. C. Adkinson of the Committee to Nominate Members of the Executive Committee stated to the Association that his committee was unable to make a complete report because the members of the Committee did not have sufficient knowledge of the church memberships to suggest suitable laymen from all the churches as required by the amended Constitution. A motion prevailed instructing the elected officers of the Association and the pastors of the churches, who are by virtue of their offices members of the Executive Committee, to select and elect the laymen to serve on the Executive Committee according to the Constitution.

The Committee to nominate the Church Advisory and Missions Committee recommended that since most of the members of this Commitee had served for only a brief period that all be re-elected and the one vacancy made by the removal of R. C. Shearin from the Association be filled by W. DeWitt Long. A motion to adopt this recommendation prevailed. (See list on page 4).

The Resolutions Committee presented the following report which was read in three sections by the three members of the Committee. First section by J. Claude Creason as follows:

1. That we express our sincere gratitude to the First Baptist Church of High Point and the Allen Jay Church of High Point for the gracious and efficient manner in which they received and entertained us.

2. We express our appreciation for the presence of the visitors who helped in the fellowship and program of the Association.

3. We wish to express our appreciation to T. L. Sasser for the preparation of the printed reports and for his able leadership in general, and to Mr. Grover H. Jones for his excellent presiding.

4. We express out thanks to the High Point Enterprise and the Greensboro Daily News for publicity given this meeting.

Second section by Troy G. Robbins as follows:

RESOLUTION AUTHORIZING THE MODERATOR AND CLERK OF THE PIEDMONT BAPTIST ASSOCIATION TO EXECUTE A DEED TO TRUSTEES OF LEBANON BAPTIST CHURCH NEAR GREENSBORO

WHEREAS, on the 14th day of November, 1910, W. A. Wyrick and wife executed and delivered a deed to the Piedmont Baptist Association for one-half acre of land, Deed Book 228, Page 490, Register of Deeds office, Guilford County, N. C., and Samuel Apple executed and delivered deed to the Piedmont Baptist Association for three-eighths acre of land, Deed Book 228, Page 492, Register of Deeds office, Guilford County, N. C., and Y. T. Melvin and wife executed and delivered deed to the Piedmont Baptist Association for five-eighths acre of land, Deep Book 228, Page 441, Register of Deeds office, Guilford County, N. C., which land was to be and has been used as the site for Lebanon Baptist Church; and,

WHEREAS, the present members of the Lebanon Baptist Church are desirious of holding title to the said property.

NOW, THEREFORE Be It Resolved by the Piedmont Baptist

Association in regular meeting duly assembled on the 20th day of October, 1950, that the Moderator and Clerk of Piedmont Baptist Association be and they hereby are authorized to execute and deliver a deed for and on behalf of the said Association to the trustees of Lebanon Baptist Church for the land described in the deeds above referred to.

Be It Further Resolved that the said deed shall be executed and delivered for the purpose of conveying any title that the Piedmont Baptist Association holds in such land.

Third section by Donald G. Myers as follows:

We hereby voice our protest at the growing secularization of the Lord's Day, and specifically we deplore the growing menace of Fairs and other commercial amusement centers being held on Sunday, for a continental Sabbath is only the prelude to a more general breakdown of the moral life of our nation.

Finally, we hereby voice our protest over advertising of alcoholic beverages by radio, televinsion and daily papers, and we appeal to these agencies in our area to clear their channels of advertising of alcoholic beverages, and help us in our program of education concerning the evils of drink.

Clerk's Note: The resolution presented on Thursday to the Association relative to the purchase of land for an Associational Assembly was considered by the Resolutions Committee, which Committee recommended a further study of the matter and a report made at the 1951 annual meeting of the Association. Upon the reading of this recommendation of the Resolutions Committee and a duly seconded motion to adopt the whole report of the Committee a substitute resolution, after considerable discussion, was adopted. It is as follows:

Be it resolved that the Executive Committee of the Association be authorized by the Association to buy an Assembly Ground for the Association if a suitable place can be found at a reasonable price and money becomes available to pay for it.

The motion to adopt as a whole the report of the Resolutions Committee as changed by the substitute resolution prevailed.

A motion prevailed instructing the Moderator to appoint three Trustees of the Association. This being necessary if and when the Association purchases real property as contemplated in the resolution immediately preceeding this motion.

The Church Advisory and Missions Committee, to whom the letter from Faith Church asking to be admitted into the Association was referred, suggested that since there were no members of Faith Church present on the second day of the meeting of the Association to confer with the Committee, at which time the Committee met, that this petitionary letter be referred to the Executive Committee of the Association with power to act. A motion to this effect prevailed.

The congregation sang: "God Be With You 'Til We Meet Again" and Ronald E. Wall led in the closing prayer.

Thursday, October 18, and with

LEXINGTON AVENUE CHURCH,

Friday, October 19, 1951

THURSDAY, 10:00 A. M.

Vice-Moderator Ronald E. Wall called the Association to order. Led by E. David Lee the congregation sang: "All Hail the Power of Jesus Name." George H. Wallace read Philipians 2:1ff and led in prayer.

Mimeographed booklets containing the proposed program and the reports of committees were distributed to the messengers present.

A motion prevailed recognizing all duly accredited messengers of the churches who had registered or who would register during this annual session as constituting the Association.

Chairman A. L. Parker of the Program Committee moved that the program prepared by the Committee, of which mimeographed copies had just been distributed, be adopted. The motion prevailed.

The moderator appointed the following Committee on Committees: L. B. Reavis, C. C. Cross, and W. E. Coates.

At the request of the moderator T. L. Sasser presented the pastors who have come to the churches of the Association since the last annual meeting and the messengers of churches asking to be received into the fellowship of the Association. The new pastors were J. W. Levan of Hilliard Memorial, Clifford Vestal of Reedy Fork, George H. Wallace of Allen Jay, C. F. Johnson of Woodard Memorial, J. William Hines of Mount Zion, and M. Roger Snipes of Southside-Greensboro. The messengers bringing petitionary letters for admission into the Association were: Howell V. Brady, Mrs. W. B. Craven, Mrs. C. G. Rumley of Calvary; E. D. Young, Mrs. J. H. Martin, Mrs. R. U. McCormick, Jr., of Camp Herman. Ernest G. Holt, Mrs. C. S. Melvin, Miss Rosemarie Weaver of Northwood.

The following visitors from other associations were recognized: M. A. Huggins, Raleigh; C. W. Bazemore, Raleigh; W. C. Reed, Liberty; J. M. Hayes, Pilot Mountain; Hoyt Blackwell, French Road; Zeno Wall, Kings Mountain.

Former Moderator Clarence A. Smith who served the Association in this office continuously from 1921 to 1936 was recognized and spoke briefly.

W. DeWitt Long presented the following Report on Associational Missions and spoke to the report. His motion to adopt prevailed.

REPORT ON ASSOCIATIONAL MISSIONS

Within our association we still have the challenging responsibility of a great missionary opportunity. Jesus said for his disciples to preach and teach to the uttermost parts of the earth, but for them to begin at home. We need a foreign missionary advance, but to make this a permanent force there is the increasing need for us to advance on the home front. There are still over 100,000 within our territory that need to be told the story of Jesus and his saving grace. Our goal is to review the past in order that we may reach forth with greater missionary effectiveness in the future.

A look at the Baptist work in the Piedmont during the past year would lead us to see that we are meeting a challenge for missionary advance. Within the churches a most fruitful year has been seen in the field of evangelism. As our churches have reached the lost and had them added to the fellowship they have carried forth an excellent program of training in church membership and stewardship.

A new force to missionary advance within our gates has been added by the effective work of the Woman's Missionary Union of our association and a group of loyal laymen in the purchase (with gifts from most of the churches) and practical development of Lakewood, our associational assembly ground. Eternity will tell the story of good that this assembly will accomplish in the lives of all our people. Parts of the world that are still in darkness will see The Light through the call that youth will feel and heed at Lakewood. Here is one of greatest opportunity and also a responsibility.

This summer we used the fine young people of our association for the Student Summer Work. They were effective in Vacation Bible School and revival work in the churches and under the tent. From this work we will see churches coming into being and requesting for a part within our associational fellowship and missionary advance.

Again we thank God for the capable leader He has given our association in the person of T. L. Sasser, our missionary. His work has been without reservation of himself in the total program of our endeavor. His manifestation of the Spirit of Jesus has been an inspiration and benedictions to all the pastors and churches. Here is a summary of his activities for this year.

W. DeWITT LONG

In the absence of R. W. Morton who was ill Mrs. W. C. Adkinson presented the following Report on the Association Assembly, moved its adoption and spoke to the report. The motion to adopt prevailed.

REPORT ON ASSOCIATION ASSEMBLY

SITE PURCHASE

You remember the noble step taken by our Association last October granting the women the privilege to lead out in the location of a suitable camp site and the raising of money to purchase same, where and when it was deemed advisable. Words are inadequate to express our deep gratitude to our Lord for breaking down every obstacle that might have hindered, and making it possible for us to locate, purchase and partially develop Lakewood Baptist Assembly in our Piedmont Association. We must acknowledge that God has granted this by laying the gigantic task for Kingdom building upon the hearts of noble men and women who have given themselves so wonderfully to this task. I wish to thank personally everyone who uttered a prayer, said a word or gave a penny to make this assembly possible. I wish to thank the members of Woman's Missionary Union in Piedmont Association, who did such a marvelous job in helping to raise the money to purchase the property. I wish I could call by name everyone who has aided in any way in this noble work but space will not permit. However, I would be very ungrateful if I did not mention two people who have given themselves completely to help locate and partially develop this assembly: our beloved associational missionary, Rev. T. L. Sasser and Mr. Richard W. Morton, chairman of our Trustees and chairman of our control committee for the assembly. The Lord gave us these two men to touch the heart strings of many people in our association to inspire them to give their time and talents to launch out in the development of the assembly. Thank you! Thank you, one and all! Many have donated things for the camp such as cooking stove, tables, dishes, cooking utensils, furniture, etc. For this we say: "Thank you."

The lake has been cleared of brush and undergrowth, the spring made usable, a well drilled and pump installed, a pump house built, electric power line extended into the property, a fine road graded and ready for rock surfacing, and other minor work done. Let us all praise the Lord for this glorious work and accomplishment. We have just begun with the devolopment of this property, but I believe with all my heart that God will open a way for this just as He has in the locating and purchase of same. Let's pray much for this project.

MRS. W. C. ADKINSON, Secretary
Assembly Commitee

A motion prevailed to send greetings from the Association to R. W. Morton expressing appreciation for his fine and self-sacrificing service in securing and beginning the development of the Association Assembly site and the hopes for his early recovery from his current illness. His pastor, Claud B. Bowen was requested to carry the greetings.

The next item on the Progrm was the Report on the Association Budget by Moderator Grover H. Jones. A conflict in engagements made it necessary for him to be elsewhere during the morning session and this item by vote of the Association was postponed to a later session.

Since State Convention Secretary M. A. Huggins was present and could be present at this morning session only a motion prevailed to change the program and hear him. He delivered an address on State Missions and appealed for its continued support.

Mrs. W. C. Adkinson presented the following Report on Woman's Missionary Union, moved its adoption and spoke to the Report. W. W. Robbins discussed that phase of the report dealing with the Association Assembly and appealed for its aditional financial support. The motion to adopt prevailed.

REPORT ON ASSOCIATIONAL WOMAN'S MISSIONARY UNION

It is always hard for me to make an adequate report on Kingdom work, because I realize too well that some of the finest work can never be expressed and all our consecrated leaders cannot be memtioned. With this in mind, I wish to acknowledge the work of every person who has made it possible through the leadership of the Holy Spirit, for the Piedmont Associational W.M.U. to show the progress for which I am grateful.

In our association with 71 churches, we have 52 W.M.S.'s, a gain of 5 over last year. We have 2992 members, an increase of 323 over last year. We have 165 young people's organizations, an increase of 18 over last year. We have 1550 members in our young people's organizations. Our association was one of three in our state, which reached the A-1 Standard last year. The following organizations were A-1 Standard the past year: College Park W.M.S., Mrs. Grady Colson, president; Florida Street W.M.S., Mrs. J. T. Purgason, president; G.A., First Baptist Church, Reidsville, Mrs. R. R. Saunders, president; R. A., Gibsonville, Mrs. Elizabeth Draper, president; Sunbeam, First Church, Reidsville, Mrs. R. R. Saunders, president.

All phases of our work show progress. Mrs. A. L. Parker, Mission Study Chairman, reports two very successful Mission Study Institutes, one in October and the other in February. The records show an increase of 39 classes over last year with an increase of 566 people enrolled in Mission Study Classes.

Mrs. Willis Malone, Stewardship Chairman, reports an increase of 186 new tithers over last year. Our love offering also shows an increase.

Mrs. M. E. Wilson, Community Mission Chairman, reports an increase of 579 people giving themselves in community missions. She also reports that our association has spent $300 to fix up our Baptist Student House at Woman's College.

Mrs. Draper Leigh, Literature Chairman, reports a decided increase in our subscriptions to our missionary periodicals. Several of our churches have included in their regular church budget money for individual subscriptions for their young people to the young people's magazine for their respective organization.

Our new assembly was put to use this summer, even though it was in the rough. Mrs. James R. Thompson, Director of our Young People's work and Rev. T. C. Williams, Associational R.A. Leader, reports a three day camp for the R.A.'s with 75 present and 5 making professions of faith in Christ as Saviour. They had a one-day camp for the G.A.'s with 123 present. There were 9 dedications for definite service. Mrs. Thompson reports a one-day camp for the Sunbeams, with 65 present; a one-night camp for the Y.W.A.'s with 30 present. We are proud of what these consecrated leaders are doing for our young people. Let's pray for them and lend a helping hand in giving or providing the necessary equipment with which to work that they may do more and more in training, inspiring and challenging our youth!

We gave special emphasis on our annual W.M.U. program for our youth to give essays and display posters, pointing out the evil of alcoholic beverages. We are stressing more and more the importance of fighting this terrible evil in our midst.

Our B.W.C. Federation is being sponsored by our associational W.M.U. and is making great progress under the leadership of their president, Mrs. Hugh Page, and their adviser, Mrs. A. L. Parker.

Beginning October 1, 1951 our Woman's Missionary Union's year will run from October 1 to September 30.

MRS. W. ADKINSON, Supt.,

Piedmont Associational W.M.U.

Led by E. David Lee the congregation sang: "Send the Light."

C. C. Cross read Isaiah 58.

Donald G. Myers delivered the Annual Sermon on the subject: "Repairers of the Breaches" and led the prayer of dismissal.

THURSDAY, OCTOBER 18, 1:40 P. M.

Immediately following the morning session the host church, Florida Street, served dinner to the entire congregation of messengers and visitors.

Since a large congregation had reassembled and expressed wishes to hear visitors in addition to those scheduled, the Vice-Moderator called the Association to order at 1:40 P. M. Led by E. David Lee the congregation sang: "Amazing

Grace." Clifford Vestal read the Scripture and led in prayer.

By proper invitation of the Association R. M. Hauss, Executive Secretary of the Allied Church League of North Carolina spoke on the work of the League.

The moderator recognized J. M. Hayes, Superintendent of the North Carolina Baptist Home for the Aging, and he spoke on the work of that institution. Ronald E. Wall, a trustee, was called on by Superintendent Hayes and spoke briefly about the work.

Grover H. Jones, who was absent from the morning session and whose report on the Budget was postponed, now being present, was recognized and presented the following report. He moved its adoption and spoke to the report. The report dealt with the current operation of the Budget and not with a proposed budget for 1952. The motion to adopt prevailed.

REPORT ON ASSOCIATIONAL BUDGET

During the years the Association has had a financial budget it has run with the calendar year. There are at least two reasons for this: (1) The Home Mission Board of the Southern Baptist Convention and the Baptist State Convention jointly cooperate with the Association in the Associational Missions Program and their year runs with the calendar year. (2) Our associaional year beginning October 1 has already begun before the annual meeting of the Association. Thus by using the calendar year the Association in its annual meeting can adopt the budget and prepare for its support before it begins to operate.

In order to have a larger and nearer complete view of the operation of the annual budget I am in this report covering a two-year period beginning October 1, 1949 and ending September 30, 1951. Figures from the Treasurer's records are as follows:

Harry B. Caldwell presented the following Report on State Missions, moved its adoption and spoke to the report. The motion to adopt prevailed.

REPORT ON STATE MISSIONS

The State Mission program was established more than one hundred years ago to win the lost in North Carolina and to strengthen the denominational program within the churches of the State. Today almost one-half of the church members in North Carolina are Baptist and we have a well integrated program of evangelism, education, training, and other services in operation.

The State Mission program embraces a wide range of activities including work with Sunday Schools and Training Unions, Evangelism, Schools for Ministers, Rural Church work, Visual Education, Radio, Assemblies, work among the Indians, work with Silent People, Interracial Activities, Student work on college campuses, developing new churches including the purchase of lots, assistance to new and needy churches, work with Allied Church League, etc.

The report of M. A. Huggins, General Secretary of the Baptist State Convention, reveals that these activities cost $344,308 during the past year. State missions receive only about 13 cents out of the cooperative program dollar to carry on this broad program throughout the State. This amounted to $154,295.76 in 1950. Other receipts amounting to $143,248.52 were received from the Special Offering for State Missions, Home Mission Board, Sunday School Board, etc. during the year.

The State Mission program has accumulated a small debt in current operating revenues during recent years. Some of this resulted from the purchase of property and some from inflationary trends which have increased the cost of operation.

The Baptist State Convention owned no physical property a few years ago. Today we own our State Convention Headquarters building in Raleigh, two book stores, two assemblies and other property. We are paying for these properties largely out of rentals paid by the agencies to ourselves and from other income derived from their use. It seems safe to say that the investment in these properties will ultimately return dividends for the support of our total Baptist program. The financial report given by Dr. Huggins for 1950 showed assets, including the value of property owned, of $726,346.02 as compared with liabilities of $495,336.36, or a net worth of about $231,000 at that time.

Our objectives have not been realized. North Carolina is a growing State. While our church members have multiplied, the number of nonchristians has likewise grown to tremendous proportions. We must keep in mind that a large number of our churches must depend upon the State Convention program for assistance since they are too small to employ trained workers. This is revealed in a recent report which shows that we have 2,950 churches of which only 53 have more than 1000 members on roll. There are 187 churches with 500 to 999 members; and 403 churches with more than 300 members and 2307 churches with less than 300 members.

The question before us is, "What shall we do about this situation?" Operating efficiency may be possible in a few instances but operating costs will continue to rise so long as inflationary trends exist. We must either give more liberal support to the State Mission program or reduce funds that are needed for other activities, or reduce the State Mission program itself. We cannot believe that North Carolina Baptists will retreat in this critical hour when the world needs to know Him, who to know is life eternal. The job can be done if every North Carolina Baptist will give liberally for all the State Mission Program through the Special Offering on Sunday, October 28. We should always remember the admonition of our Savior who said: "The fields are white unto the harvest." He always pointed to the unfinished tasks and never advocated a retreat. We can be sure that our Master is saying to our Baptist leaders, "Speak to my people that they go forward."

HARRY B. CALDWELL

At the request of State Secretary M. A. Huggins, who could not be present for this afternoon session, T. L. Sasser sold thirty-seven copies of a pamphlet on State Missions to individuals in the congregation for ten cents each.

C. R. Harrington presented the following reports on The Orphanages and the Home for the Aging, moved their adoption and spoke to the reports, both of which he had prepared. Superintendent W. C. Reed of the Orphanages addressed the Asociation on the work of these institutions. The motion to adopt the reports prevailed.

REPORT ON BAPTIST ORPHANAGES

In our child care program we make available three channels through which dependent children are aided. At Mills Home and Kennedy Home we cared for 606 last year. Then through Mothers' Aid we helped support 100. In addition to this we supported 58 children in Boarding Homes. This makes a grand total of 764 children who were given support through our Orphanage Program.

The Orphanages have two sources of support. One is the ONCE-A-MONTH offering by Sunday Schools and Churches. The other is the THANKSGIVING OFFERING. These sources have been sufficient and the Orphanages have not sponsored special campaigns for funds. Buildings have been erected with special gifts from friends. The general financial condition of the Orphanages is good but they do not have a large surplus as some have thought.

Through the generous bequest of the late Mr. Robert M. Idol of Winston-Salem there was received last year the greatest single gift that has ever come to the Orphanages. This gift together with a similar one from his sister, the late Miss Lelia M. Idol, totaled a little more than $700,000. None of this can ever be used for current expenses. The donors designated in their wills that it should be used to build a church, an infirmary, and a print shop. These buildings and one cottage for children are now under contract. When they are finished and furnished we will have less than $30,000 of this fund left which could be used to help erect another building.

Each week Charity and Children, our Orphanage Pediodical, is sent to more than 40,000 families. Through this weekly paper and by other means we endeavour to keep the Baptists of North Carolina informed about the Orphanages. Some representative from the institution visits each annual meeting of the District Associations. They also visit as many local churches as possible during the year. Our Baptist people have always responded in the sipirit of the Master who said, "Whosoever receiveth one such child in my name, receiveth not only Me, but Him that sent Me."

Our continued prayers and support are solicited. The Orphanages pledge that they will continue to give homeless children the best training possible.

C. R. HARRINGTON

REPORT ON NORTH CAROLINA BAPTIST HOMES FOR AGING

The North Carolina Baptist State Convention in its November, 1950 session authorized the Committee on the Home for the Aging to make plans for the opening and operation of our Home for the Aging as soon as the Committee might find a way to meet the cost of equipping and operating.

On January 9, the Committee on the Home elected Rev. James M. Hayes, pastor of North Winston Baptist Church, Winston-Salem, superintendent of the Home, and Miss Edna Heinzerling, director of

Nurses of the Baptist Hospital, to serve as supervisor of our Home. The Committee decided to open the Home for residents when sufficient funds became available to begin.

There are many evidences of the Lord's favor upon the Home thus far. In the first place, He led in making a home immediately available. Ten year ago the trustees of Bowman Gray School of Medciine of Wake Forest College leased a three-story, brick constructed, fire-proof building, with an elevator, for a period of 25 years for $1.00 a year. The Committee on the Home was able to secure this building for 15 years at the same rental price. The building accommodates 20 residents at present. The top floor, if completed, would give space for 16 additional residents. The completion of this floor would cost approximately $23,000. With more than 100 applications for admission already received, and inquiries coming almost daily, one can easily see the pressing need of more space.

The Home has been greatly helped by the gifts received—furniture, office equipment, heating system, blankets, linens, towels, and many other items, as well as discounts on supplies necessary to be purchased. Although the Home has been operating only since March 16, yet it now has assets approximating $50,000 and is not operating in the red.

Our residents range in age from 67 to 91 years, and come from widely scattered sections of North Carolina—from Franklin to Elizabeth City—the mountains to the sea. The attitude of all the residents is well expressed in the brief statements of Miss Bertha Callaway, former matron of Mills Home Orphanage: "I like this good Christian home."; and of Mrs. Carroll: "I wouldn't exchange it for any other."

The Home offers four things to those who come to live there; security, comfort, congeniality, and a Christian ministry. With this sort of program North Carolina Baptists can add years to life, and life to years for those who reside in our Baptist Home for the Aging.

One donor said when he sent his check to the Home: "I believe in this practical kind of Christianity. North Carolina Baptists have waited too long to begin it." Surely it is practical, for Jesus said: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

The Committee on the Home has challenged North Carolina Baptists to build a home adequate to meet the need of the increasing number of old people from 65 years up. Their program calls for a million dollar plant, which could accommodate 270 residents. With the Lord leading and North Carolina Baptists cooperating, such a plant should be built and in operation within a few years.

"Now also when I am old and grayheaded, O God, forsake me not."
Psalm 71:18

CONCERNING LAKEWOOD

The following was read to the Association by Mrs. A. L. Parker and by vote of the Association was received as information for consideration.

Suggestions from the Executive Committee of the Piedmont Association's Woman's Missionary Union concerning the Lakewood Assembly policies: (1) Only co-operating Baptist churches in the Piedmont Association shall be allowed to build cottages on this property. The following Report on Baptist Hospitals was presented by A. H. Dunning, spoken to by him and by Chaplain R. K. Young of the Baptist Hospital and adopted.

REPORT ON NORTH CAROLINA BAPTIST HOSPITAL

What a wonderful work our hospital is doing! Surely, here is a concrete example of cooperation on the part of North Carolina Baptists.

And, with a closer observation of past accomplishments in this worthy field, we shall raise to even greater heights this great work next year.

Look at the average day at your hospital: three births per day, nine X-ray treatments, one hundred thirty-five pounds of mail, one thousand nine hundred forty-nine meals, thirteen operations, over fifty prescriptions filled, two thousand two hundred two pounds of laundry, eighteen emergency visits, five and one-half tons of coal. In addition more than three hundred doctors have received their degrees since the Bowman Gray School of Medicine began, over five hundred employees are necessary to do the work, and the cost of food alone runs over six hundred dollars per day.

Last year 9,700 patients were cared for in the Hospital and 95,000 visits were made to the clinics for examinations and treatments. About half of these were persons with little or no money. They were provided free professional care by our doctors, and were given additional financial assistance with the cost of the service they received.

This free service was made possible by our Mother's Day offerings which amounted to $140,000.00. Other assistance came from various health and welfare agencies, the Duke Endowment, and individual gifts. All this added together enabled the Hospital to spend $337,000 in free service. When the free services of the doctors are added to this, it means that our hospital provided three-fourths of a million dollars in free services to those sick persons who have little money. In other words, every time we gave one dollar in our Mother's Day offerings, it enabled our hospital to give five dollars in free service to sick persons who are poor in this world's goods.

We are happy to report that the Mother's Day offerings this year are running ahead of those last year. The reports from the special offerings to raise $700,000.00 toward the building of the new South Wing to the Hospital are encouraging. Most of our churches in the state have been making these offerings and many have gone well beyond their suggested goals. Contracts have been let for this addition to the Hospital and work is beginning on the construction which will require about 18 months.

Our hospital seeks to meet the full needs of those who go there for treatment. It seeks to prvoide the best in medical service. For those who are poor it provides financial assistance, in so far as its resources permit. But beyond these, it provides a spiritual ministry for those who are spiritually sick. Under this ministry many unsaved persons accept Christ, many weak and neglected Christian lives are renewed, and many physical illnesses are hastened toward recovery. The purpose of our Hospital is to provide a complete Christian Ministry for those who are sick.

ALBERT H. DUNNING

There being a period of time available between stated items on the Program miscellaneous business was taken up as follows:

A motion prevailed expressing thanks to Florida Street Church for its hospitality expressed in providing a meeting place for this day's sessions and an excellent luncheon for all messengers and visitors.

W. W. Robbins extended a most cordial invitation to all to attend the second day's sessions of the annual meeting of the Association to be held with Lexington Avenue church, High Point.

A motion prevailed instructing C. B. Bowen, A. L. Parker and T. L. Sasser to constitute a committee to study the Constitution of the Association with a view to rewriting it, clarifying its wording, and making expedient recommendations relative to it to the Association at the next annual meeting.

The Auditing Committee reported that the Treasurer's Report had been examined and checked against the bank records and found correct. The Treasurer's Report was adopted. See Report on Associational Budget.

The following report on Christian Education was presented by J. G. Flynt. He moved its adoption and spoke briefly to the report. Miss Mabel Starnes, Dean of Women of Gardner-Webb College, was recognized. She presented two Gardner-Webb students who sang: "There's Within My Heart A Melody." The Report was adopted.

REPORT ON CHRISTIAN EDUCATION

Baptists of North Carolina are now helping support seven colleges and the Baptist Hospital School of Nursing. Wake Forest last year conferred a total of 492 degrees. Meredith College conferred a total of 162 degrees last year. The five junior colleges, Mars Hill, Gardner-Webb, Campbell, Wingate, and Chowan had 800 completing the two-year course, with many of them transferring to senior college for further work.

It will be of great interest to note that North Carolina Baptists in 1950, through the Cooperative Program, made available $350,000 for the seven Baptist Colleges.

The 1950-51 academic year for Southern Baptist educational institutions was a period of consolidating rapid gains made during the last few years. These gains were made because of renewed effort toward financial stabilization, increased attention to the problems of adjustment of curriculum to the needs of the day, and of growing interest in Christian education among Southern Baptists.

Summary of Enrollment in Our Baptist Colleges and Schools

Enrollment for Twelve Months

	1950-51	1949-50
Seminaries and W.M.U. Training School	4,574	3,290
Colleges and Universities	44,058	46,285
Junior Colleges	11,402	10,491
Academies	2,226	1,594
Total	62,260	61,615

The enrollments listed above include duplications between nine-month and summer enrollments. The total enrollment for 1950-51 exclusive of duplications, is estimated at between 53,000 plus.

The enrollment of Graduate students last year in all twelve Southern Baptist institutions is 559 for seminaries and 1,472 for colleges and universities.

The total number of faculty members in all of our Southern Baptist institutions is 3,952.

The endowment totals are $41,842,916.49 with property value totals of $91,613,842.19.

From these institutions come pastors, missionaries, trained leadership for churches, Christian teachers and administrators for public schools, and spiritually alert men and women for professional and civic responsibilities.

The opportunities to help are unlimited. Students can be encouraged to attend one of these Southern Baptist institutions. Financial support can and must be given them. The prayers of all Southern

Bapists must be offered constantly in behalf of these great institutions. May the Lord hasten the day that all pastors of Southern Baptist churches shall help find students in their churches and then direct them to one of our denominational schools.

The Moderator presented Dr. Hoyt Blackwell, President of Mars Hill College who delivered an inspiration address on Christian Education. Dr. Blackwell led in a prayer of dismissal and the Association stood adjourned to meet at 10:00 A. M. Friday, October 19, 1951 with Lexington Avenue Church in High Point.

LEXINGTON AVENUE BAPTIST CHURCH

FRIDAY, OCTOBER 19, 1951, 11:00 A. M.

Moderator Grover H. Jones called the Association to order. Led by E. David Lee the congregation sang: "Standing on the Promises." C. R. Hanner read Romans 5:1-11 and led in prayer. The congregation sang: "I Will Sing the Wondrous Story."

The following Report on Baptist Literature was presented by Neil J. Armstrong. He moved its adoption and introduced C. W. Bazemore, Associate Editor of the Biblical Recorder, who spoke to the report. The motion to adopt prevailed.

REPORT ON BAPTIST LITERATURE

Literature is a tremendous force in the lives of the people today. Daily our minds are exposed to reading, and what we read is largely what we believe.

Opportunity is ours, as Baptist people, to crusade spiritual literature. If we fail this oppotrunity Baptist people will perish. We need to place libraries in our churches. By doing so, our people will have at hand good books and Christian literature to read, thus making better Baptists and better Christians. I, personally, feel that as Christian leaders, we have overlooked this responsibility too long.

I am sure that we all agree that the Bible is the best reading that can be found. But we have found that most people do very little reading in the Bible. Herein lies our great opportunity as Baptist people. We should urge them from the pulpit, the classroom, and through personal contact to subscribe to and to read faithfully our denominational papers and magazines. By reading our denominational papers and magazines, they will be led to do more Bible reading, thus making better Christians of our people.

We believe it is highly important that each church have a committee to be responsible for promoting Bible reading and Christian literature in the homes of the members of our churches with special emphasis being placed upon the proper use of all our publications. By doing so there will be a better understanding of the Bible and our Baptist program.

The following Report on Home Missions was presented by W. W. Robbins. He moved its adoption and spoke to the report. The motion to adopt prevailed.

REPORT ON HOME MISSIONS

The Home Mission Board of the Southern Baptist Convention was organized in 1845 for the purpose of evangelizing the home land. The task, simple then, has increased to the extent that we now have a vast field stretching from the shores of the Atlantic to the Golden Gate of the Pacific, and reaching north to Alaska. The increase in population and the unevangelized in this territory has changed the ratio of one Baptist to every five people to one Baptist to every sixty-four people.

The western states, together with the four western provinces of Cuba, the Canal Zone, Panama and Alaska, give us a field of 75,000,000 people, 25,000,000 of whom ae unchurched. Among these are millions of Spanish speaking people, thousands of French, Italian and numerous other European and Asiatic peoples.

Besides the work with the Indians, the deaf, Good Will Centers, Rescue Homes, the Child Placement Center, there are 9,000,000 underprivileged people who live in the slums of our cities who need a spiritual ministry.

Southern Baptists have as their objective the evangelization of the whole world and for this task they must have motive, money, and men. All the activities of the Home Mission Board are directed toward and for the promotion of the world program of Christ. To this end the following means are used:

1. Schools of Missions
   As a result of the increased interest in missions there were 1436 young people who dedicated theselves for life to mission work in 1950.
2. The Evangelistic Department
   The fires of evangelism must burn if young people are to be inspired to answer the call of Christ to mission work. To fail to evangelize our home land will be to lose our New Testament churches here and to make it impossible to evangelize the lost world.
3. New Sources of Revenue
   This means an increasing emphasis or stewardship, additional baptisms and the organizing of new churches.
   Pointing the way to reach the objective the Home Mission Board has set out the following goals:

(1) To double the number of Good Will Centers
(2) To add 500,000 unaffiliated Baptists to our church membership
(3) To double the number of churches in the outposts of the Board's mission fields
(4) To work to the end of having every church in the territory of our Convention winning many souls to Christ
(5) To establish 181 missions in the language group field
(6) To secure 200,000 subscriptions to Southern Baptist Home Missions
(7) To publish and distribute annually 200,000 mission study books
(8) To secure a total attendance of 5,000,000 in Schools of Missions

To accomplish this gigantic task 1500 home missionaries are needed. To finance it there is needed $2,000,000 for the operating budget and $4,000,000 for capital needs annually for the next five years.

The task is ours.

The following Report on Foreign Missions was presented by Ronald E. Wall. He moved its adoption and spoke to the Report. The motion to adopt prevailed.

REPORT ON FOREIGN MISSIONS

Dr. M. Theron Rankin, Secretary of our Foreign Mission Board, reported at the Convention in San Francisco that 111 missionaries, a new record, had been appointed during the past year. We now have over 800 missionaries in residence in twenty-seven national areas of the world.

The financial receipts of the Board amounted to $6,014,909.49, exclusive of relief funds. This is an increase of nearly $700,000. over 1949. The 1951 budget has been raised to $7,000,000. This calls for increased giving through our Cooperative Program. In 1950 there were 15,620 baptisms on the fields, exclusive of China. In China the work has been hampered by the communists and no statistics are available.

The greatest advance this year has been in Japan, where 72 missionaries are working now. We hope to reach 100 by the end of 1951 in answer to the request of the Japan Baptist Convention. Gains have been made in all countries except China. The work in China is not lost. Many Christians there are serving as a leavoning force and only time will tell the outcome of their labors and sufferings.

Every Baptist is under divine compulsion to help carry the gospel to all nations of the earth. Let us all increase our efforts by praying, giving, and going. Only thus can we be obedient to the Lord who said: "Go ye therefore, and make disciples of all the nations, baptizing them into the name of the Father and of the Son and of the Holy Spirit: teaching them to observe all things whatsoever I command you; and lo I am with you always, even unto the end of the world."

Upon a prevailing motion from the floor the Association paused for a period of prayer in behalf of the armed forces of the United Nations, remembering the men and women of our own number including Perry Jones, the son of our Moderator, suffering from wounds in an army hospital in Korea.

The following Report on Radio was presented by George Richman. He moved its adoption. He and James R. Thompson spoke to the Report. The motion to adopt prevailed.

REPORT ON RADIO

The radio work of Southern Baptists is going forward in several ways. This progress of the Radio Commision was noted by the group at its annual meeting in Atlanta the last of July.

Looking toward television, the Commission set up a small budget for the remainder of 1951, and for 1952 for study and experimentation in the TV field. A TV committee was appointed to make a special study of religious telecasting during the next few weeks, and that group will lead a Convention-wide TV conference at a date to be this fall. The findings of this committee will be published.

Studying the nationwide broadcasts of the year round Baptist Hour the Commission voted to continue the program as at present, expanding the ministry as additional funds are available. The program will remain such as it has been during the past year, and the Convention plan of financing the broadcasts through mail contributions will be continued. Charles Wellborn has been named Baptist Hour Speaker for all of 1952.

In the field of transcribed program, the Commission will soon be offering several new series of fifteen-minute devotional programs. These broadcasts will be available to local churches, government hospitals, radio stations, and any others interested in using them.

Work contemplated by the Commission in the field of Television includes the development of four specific ideas: (1) Preparing material to help guide local pastors in the production of local TV programs, (2) obtaining and distributing good 16mm religious films as available, (3) producing a series of dramatic programs on the Christian Home, adapted from scripts the Commission has used on the radio, and (4) producing a Baptist Hour program similar to the nationwide radio broadcast.

The Baptist Hour was carried by some 240 stations during the summer of 1951, and it is believed that there will be more than 260 outlets for the Fall series. Regular weekly transcriptions of the program are available to any local stations desiring to carry them. The recordings are sent each week without cost.

The Baptist Pastor's Conference of Greensboro sponsored a program each day except Sunday for a period of 6½ months. Each speaker was responsible for his own time, and had the choice of 5 minutes for $5.40 or 15 minutes for $10.80. This was a real success.

The local Churches that have programs in our Piedmont Association are to be commended for their fine work. Whether it is in Jerusalem (Piedmont), Judea (North Carolina), Samaria (Southern Baptist Convention), or to the uttermost part of the earth. Let us all join in prayer for the radio ministry.

The following Report on Baptist Brotherhood was presented by Gorge R. Bennette. He moved its adoption. He and Walter E. Crissman spoke to the Report. The motion to adopt prevailed.

REPORT ON BAPTIST BROTHERHOOD

A few years ago the power of the rivers of North Carolina was unknown, and therefore undeveloped. Men with brains and vision harnessed them, and today they generate current to turn the wheels of industry. Some engineer has estimated that we have sufficient power, developed and undeveloped in one of our rivers alone, to do as much work as was done by all the slaves in the South at the time of the Civil War. We have hundreds of thousands of passive, inactive laymen in our North Carolina churches with enough power, when linked up with God to "turn the world upside down." The great outstanding sin of our day is the power for good that is going to waste. As our enginners a few years ago caught a vision of the power hidden in our rivers, may we today catch a vision of the unlimited and undeveloped power in the lives of our laymen for the upbuilding of God's Kingdom here on earth and put it to work.

One very good way to develop and utilize this power is through the organization of Baptist Brotherhoods. These groups of laymen, preferably all the men in the church, seventeen years old and above, should be organized into Brotherhoods for the purpose of promoting the Kingdom of Christ through our churches and denomination.

We now have 5,076 Brotherhoods in the Southern Baptist Convention, more than three hundred in North Carolina and about a dozen in the Piedmont Association. Our Southern Baptist Convention Secretary, Dr . Lawson H. Cooke reports: "Men throughout the entire Convention territory are witnessing for Christ in a manner and with an effectiveness not heretofore known."

There are many reasons why we should have a Brotherhood in each church in our Association, but I am listing just seven:

1. To enlist and utilize the great power of all men of the church in carrying on the work of the Kingdom of God.
2. To give our men an opportunity for more fellowship.
3. To give the Pastor an opportunity to have a "heart-to-heart" talk with his men each month.
4. To give the church an opportunity and means of presenting to the men a correct vision of all our work around the earth beginning at home.
5. To give every layman in the church a job to do.
6. To give our men a greater opportunity in carrying out Christ's plan of witnessing and winning souls.
7. To have a continued effort for enlistment and utilization of all the talents of all the men of the church.

Our North Carolina Secretary is Horace Easom, Shelby, N. C. He will be very happy to furnish you all the necessary information for the organization of Brotherhoods.

I recommend that the Executive Committee of our Association consider the advisability of organizing an Associational unit to assist the Brotherhoods already organized and to organize new ones.

Respectfully submitted,

GEORGE R. BENNETTE

By a standing unanimous vote the Association commended Walter E. Crissman for his fine and courageous services as touching public moral issues in the North Carolina General Assembly.

The following Report on Associational Training Union was presented by J. W. Levan. He moved its adoption and spoke to the Report. The motion to adopt prevailed.

REPORT ON ASSOCIATIONAL TRAINING UNION

Growth in the Christian graces is one of the first essentials of our task. With various emphases competing for attention it is easy for us to neglect the conservation of gains through evangelism. We are now faced with the imperative need of serving the Lord with all our mind as well as with all our heart. At this point our local and Associational Training Union program can meet a need.

We live in an age of training, a world of training. As never before the times demand trained leaders, trained forces. The call is heard around the world for trained people, trained doctors, trained nurses, trained fighters, trained business men, trained servants, trained lawyers, trained school teachers, trained athletes—yet, the church seems to say, "Leave me alone, I am trying to hold my own." The church can not play dumb in such an hour!

Many of our churches, even though some are failing, are seeking to fulfill the need of training. Every church will be a stronger church by having a Training Union, which is a vital part of the training of church members. The school of experience is one of the best schools. The Training Union believes in learning by doing.

If the average Baptist Church could run a want ad it would read: "Wanted Better Church Members." "Training in Church Membership" has long been the goal of the Training Union. Training the individual in denominational, church and Union loyalty makes better church members.

Our associational banner could well read, Numbers 10:29, "Come Thou With Us, and We Will Do Thee Good." Our associational officers have helped get and teach faculty for twenty (20) churches this year. There are now fifty (50) churches with Training Unions in this association. There were four mass meetings during the year with around fourteen hundred (1400) for "M" night, which was the largest attendance ever had at such a meeting in this association according to the Associational Training Union Director. Nine Hundred fifty (950) seals and diplomas were awarded this year with most of our churches having one or two study courses. According to Carl Bell, the associational Training Union Director, the Association has had the best year in the history of the Training Union program.

We have much to look forward to in the Training Union work of the Association. With the Billy Graham revival results and Dr. W. A.

Criswell planning to be with us for "M" night we should expect much gain in many ways.

In conclusion we offer the following suggestions:

1. Every Training Union should have some kind of clinic for all the new leaders and officers this first quarter of a new associational year. Get the leaders started right.

2. Spend this quarter, or at least, a portion of it, refreshing the Unions on methods. Refresher courses.

3. Make wall charts for every Union. Put on these charts, (A) Names of officers, (B) List of all committees. (C) List schedule for the Sunday night service with the limit for each part. (D) List groups on these charts. (E) Follow the Standard. Hitch your Training Union to a standard, keep working and there you are.

Respectfully submitted,

WAYNE LEVAN

The following Report on Evangelism was presented by W. C. Adkinson. He moved its adoption and spoke to the Report. The motion to adopt prevailed.

REPORT ON EVANGELISM

Evangelism and Missions go side by side in the work of our Baptist churches and it is impossible to separate the one from the other. Everything done in our Baptist churches should have one ultimate goal, that is, win men to Christ. Evangelism is the word used to describe the process of reaching men with the Gospel. An Evangel is a messenger or bearer of good news, so every Christian should be an evangel or messenger of good news. The word witness is a term used in Christian terminology to describe the testimony of the Christian as he goes forth bearing witness for what Christ has done for him. Evangelism, or winning men for Christ is every Christian's duty.

In 1950 at the close of our Associational year, there were only 1194 baptisms reported in the Piedmont Baptist Association as over against 1637 for the previous year. There was a drop of approximately 25% as over the previous year. This year the report is more encouraging as from all reports, baptisms have increased among all our churches. This is due to the increased emphasis placed on Evangelism by all agencies in our Southern Baptist Convention, and chiefly by the Simultaneous Evangelistic Crusade this past spring, March 25-April 8.

We wish to commend all the churches of the Piedmont Baptist Association for your full cooperation during the Crusade. There were about 50 churches in our Association which participated in the Crusade, and others which held revivals during the spring season. There were about 500 baptisms reported at the close of the Crusade. We have every reason to believe that when we count our baptisms for this Associational year we will have one of the greatest records for our Association in many years.

It is the business of the local Baptist church to be continually at the task of soul winning. The minute we let up on this task, it is then that we begin to decay. The strength of Southern Baptist has been the Evangelistic zeal proclaimed by the pastors and evangelists, and the dynamic witness of individual Christians and fellow-church members to those who are lost. Our continued growth will depend upon the fundamental teaching of the New Testament that all men are lost out of Christ, and that it is each one's duty to lead men to know Jesus. To know him as Savior and Lord, to follow him in baptism and church membership, to grow in the Grace and Knowledge of our Lord, and to join the ranks of those who are witnesses unto these things. Witnesses at home, in the surrounding community where one lives, throughout the whole nation and the whole wide world. This is our Task.

Respectfully submitted,

W. C. ADKINSON

The following churches requesting admission into the fellowship of the Association being so recommended by the Church Advisory and Missions Committee were by unanimous vote received. At the request of the Moderator T. L. Sasser in behalf of the Association extended the right hand of fellowship to the Messengers bringing the petitionary letters. Calvary, Camp Herman, and Northwood.

Dr. A. B. Conrad addressed the Association informally on the life and progress of the Association as he has known it and knows it. He presented a hopeful outlook for the future.

Led by E. David Lee the congregation sang two hymns: "All the Way My Saviour Leads Me" and "Blessed Assurance."

According to announcement made the day before by the Program Committee the program was adjusted by approval of the Association to give thirty minutes beginning at 11:30 o'clock to hear an address by Billy Graham who was in the midst of an evangelistic campaign in Greensboro. His address was broadcast by a local radio station, which required careful timing. On the minute at 11:30 A. M. the congregation sang: "On Jordan's Stormy Banks." The address followed immediately.

Led by E. David Lee the congregation sang: "I Need Thee Every Hour."

Dr. J. Leo Green, Professor of Old Testament in Southeastern Baptist Theological Seminary, Read Acts 2:36 and Phillipians 2 and delivered an inspirational address. He led the closing prayer of dismissal.

FRIDAY, OCTOBER 19, 2:00 P. M.

Immediately following the morning session the host church, Lexington Avenue, served dinner to the entire congregation of messengers and visitors. Reassembling the congregation led by E. David Lee sang: "We Are Marching to Zion." J. William Hines read several brief passages from Paul's letters and led in prayer.

Frank L. Paschal presented the following Report on Sunday Schools, moved its adoption and spoke to the report. The motion to adopt prevailed.

REPORT ON SUNDAY SCHOOLS

During the past century or more, Southern Baptists have established a great reputation for doing an excellent job in Sunday School work. The reasons for this reputation are, in our humble judgment, fourfold.

First, Baptists have insisted on genuine Bible study and teaching, looking to the Bible itself as the Inspired Word of God and as the final authority as against man-made creeds and doctrines as evidenced by so many religious isms and scisms prevalent in the World of today.

Second, our Southern Baptist Sunday School leaders have realized the great importance of evangelizing or the winning of the lost through Jesus as Savior and Lord.

Third, our Sunday School program has emphasized the matter of training teachers and workers.

Fourth, our Sunday Schools and churches have in the main given loyal support to our Cooperative Program, supporting on a fair basis our causes, schools, and institutions, keeping the work of the Kingdom aflame, both at home and to the uttermost parts of the earth.

The tendency, however, after a while, in any movement, is to let the spirit of enthusiasm fade away. A constant effort must be maintained, therefore, to keep our worthy program on the march. If we are to hold the torch of leadership in the field of Bible study and in the great Sunday School movement, we must never let go of our profound faith in the insipration of God's Holy Word and always hold sacred the Holy Scriptures as a lamp unto our feet and a light unto our daily pathway.

We are happy to learn that in the Piedmont Baptist Association our Bible schools (the Sunday Schools) are growing in numbers and attendance. The reports show that we had more Vacation Bible Schools this past year than heretofore. A number of our churches are still actively pursuing the plan of establishing Mission Sunday Schools in unchurched communities, from which churches are being organized and are wielding a powerful influence in the life of those communities. We are delighted to learn that the program of a full week of special Bible study is still followed in many of our churches. We commend this practice, as it is conducive to the proper growth and development of our Sunday Schools and churches.

The churches, through the Sunday Schools, have a greater spirit today than ever befoe, but in order to make more secure the blessings which the future holds in store for us and to build upon the accomplishments of the past, we make the following recommendations for our Sunday Schools for the coming year:

(1) That real Bible study, both in the home and in our schools, be

emphasized and that every available pupil asked to study his Sunday School lesson.

(2) That an active program of enrollment of new members and enlistments of consecrated workers be implemented by systematic visitation and a genuine training program. In this connection, there should be close cooperation between the Sunday School Superintendent and the Director of Training Union.

(3) That approved Baptist literature furnished by our Sunday School Board be used and greater care be exercised to see that sufficient literature be ordered and made available for all classes and all pupils at all times.

(4) That competent, energetic Christian men and women be chosen and enlisted to carry on the work of our Sunday Schools and be requested to attend regular planning meetings to carry on a well-balanced teaching program.

(5) That we emphasize the importance of having each class organized and arrange for monthly class meetings, thus avoiding encroachment on the teacher's time with too much business.

(6) That the Standard of Excellence be established as a goal to be achieved by every Sunday School.

FRANK L. PASCHAL

The folowing Report on Ministers' Retirement Plan was presented by Troy G. Robbins. He moved its adoption and he and Dr. Zeno Wall spoke to the report. The motion to adopt prevailed.

REPORT ON MINISTERS' RETIREMENT PLAN

Continued progress and enlarged service mark the work of the Relief and Annuity Board of the Southern Baptist Convention. For the third consecutive year, the department spent more for relief than was received. On the relief roll in December 1950, there were 1443 persons and this was the largest number on the roll in the history of the department. The total income for the department for 1950 was $4,824,268.72, with total benefits paid amounting to $1,413,885.82. The total assets of the board as of December 31, 1950 were $20,518,200.12.

In the Piedmont Association there are not enough Churches or Pastors in the Retirement Plan. Of the 72 Churches in the Association, only 22 are participating in the plan. Fifty of our pastors do not have the protection offered by he Ministers' Retirement Plan. Large numbers of Pastors are retiring every year and are requesting that their names be placed on the relief roll who have never been members of the retirement plan. Pastors now in active service who are refusing or neglecting to join the plan, have no right to expect assistance after retirement.

Increased living cost for Ministers now in retirement and petitions for assistance by non-participating pastors have caused a deficit in the North Carolina Relief Account, in the amount of $6,110.57. Last year North Carolina Baptists gave $16,918.93 for Ministerial relief and the Relief and Annuity Board spent for relief in North Carolina $23,029.50. The four and two-thirds cents of each Cooperative Program dollar does not provide sufficient funds for the relief beneficiaries in this State. It is therefore urgent that every Church heed the request of the Southern Baptist Convention and take a fellowship offering in connection with the observance of the Lord's Supper at a time convenient to the Church.

The Report of the Nominating Committee was presented by Chairman Ronald E. Wall and the officers of the Association as nominated by the Committee were duly elected. Their names appear on page 3.

Retiring Moderator Grover H. Jones requested the Nominating Committee not to present his name for re-election. He, having been elected president of the North Carolina Baptist State Convention, which office requires much time and strength, he wished his long period of Service as moderator terminated. He has served continuously since 1936. The Association stood to express thanks and appreciation for this fine service.

H. O. Miller who was to lead the Memorial Service was unable to be present. A motion prevailed to send the greetings of the Association to him.

The Association stood in silent prayer and remembrance of those of the churches who departed this life since the last annual meeting.

The attention of the Association was directed to the change in the Constitution effective immediately discontinuing the Church Advisory and Missions Committee which Committee heretofore had authorized the expenditures of associational funds. A motion prevailed instructing the clerk to write letters to civic clubs requesting them to use their influence against a growing custom to hold their conventions on Sundays.

The following report by Committee Chairman Albert S. Hale on Time, Place, and Preacher was adopted:

Time: October 23-24, 1952.

Place: Baptist Temple Church, Reidsville, First Day.
English Street Church, High Point, Second Day.

Preacher: Claud B. Bowen.

Alternate: W. W. Robbins.

A motion prevailed to adopt the following resolutions as presented by the Resolutions Committee:

RESOLUTIONS

BE IT RESOLVED that this Association express its sincere appreciation to the Florida Street Baptist Church and the Lexington Avenue Baptist Church for the gracious hospitality that they have shown us.

(1) For opening the doors of their churches to the Association,

(2) For the warm welcome all received,

(3) And for the fine food prepared by the ladies of the two Churches.

THAT WE express our appreciation for the presence of the visitors who helped in the fellowship and program of the Association.

THAT WE express our appreciation to Rev. T. L. Sasser for the preparation of the printed reports and for his able leadership in general.

THAT WE express our appreciation to Mr. Grover Jones and Rev. R. E. Wall for their excellent presiding.

THAT WE express our appreciation to the Program Committee for having planned a well-rounded and inspiring program.

THAT WE express our appreciation of the Greensboro Daily News and the High Point Enterprise for the publicity given these meetings.

THAT WE express our appreciation to Radio Station WHPE for making possible the Broadcast of Billy Graham's message.

BE IT FURTHER RESOLVED that, whereas we are keenly conscious of a moral breakdown in our nation and in our communities,

(1) We express our gratitude for the work of the Allied Church League in the fight against alcoholic beverages.

(2) That our churches support the work of the Allied Church League by our gifts, subscriptions to TOMORROW, supporting men who are dry, and going to the polls and voting dry.

(3) That we voice hereby our protest at the growing secularization of the Lord's Day, and specifically we deplore the growing menace of Fairs and other commercial amusement centers being held on Sunday, for a continental Sabbath is only the prelude to a more general breakdown of the moral life of our nation.

(4) We hereby voice our protest over advertising of alcoholic beverages by radio, television, and daily papers, and we appeal to these agencies in our area to clear their channels of advertising of alcoholic beverages, and help us in our program of education concerning the evils of alcohol as a beverage.

(5) That our Clerk be authorized to send this statement concerning alcoholic beverages to the newspapers and radio stations in our associational territory.

Respectfully submitted,

W. W. ROBBINS, Chairman

$75.00 per month from the missionary's salary,
$25.00 per month from the missionary's travel expense, and
$30.00 per month from the Associational Office rent be used toward paying for the missionary's home. The home will be the property of the Association.

*** We recommend that this fund be used by the expansion committee of Lakewood for operating expenses and permanent improvements as the committee deems wise.

* We recommend that the basis for operating the Associational Budget be as follows: That each church be requested to give $1.00 per resident member, rather than the per centage of the total giving of the churches.

*We recommend that the Budget year be the same as the Associational year, and that the Budget become effective retroactive as of October 1, 1952.

REPORTS SUBMITTED

ASSOCIATIONAL MISSIONS.....By C. C. Cross

This past year the work of our Piedmont Association has gone forward in a progressive way. Situated as we are in one of the finest kingdom locations, we have not only great opportunities but attendant responsibilities that we must discharge with full fidelity.

Our Lord said, "Go ye..." and like charity, missions should begin at home and from there extend throughout the whole world. Though we have made advancement, surely none of us is satisfied and all of us realize that much more can and should be done in His name. Let us win more here that we may win more there; let us do more here that we may do more there.

Highlights of the past year are:

1. Tent and Vacation Bible School work done by seven students during few weeks of the Summer.
2. Enlarged emphasis on Sunday School work—its organization, reaching, teaching and enlisting.
3. Expansion and encouraging development of Lakewood.
4. Constitution of five new Churches: Hillcrest Baptist Church, Route 2; Love Baptist Church in Lakewood area; Reece Memorial Baptist Church, Route 1; Reavis Memorial Baptist Church, Bakertown; and Eastside Baptist Church, Reidsville.

The following is a record of the work and stewardship of our able missionary, Brother T. L. Sasser:

LAKEWOOD ASSEMBLY.....By R. W. Morton

This report is intended to outline the progress made in the development of Lakewood, your Piedmont Baptist Assembly, since the last meeting of the Association.

With the unanimous approval of the Guilford County Board of Commissioners, the North Carolina State Highway Commission consented to now maintain the .8 miles of private road leading into our property, which had already been constructed by your control committee. Pursuant to this maintenance the State Highway re-machined the road and covered same with a three-inch surface of rock, which later will be top-surfaced thereby permanently solving our road problem, without further cost to the Association.

A large picnic area has been cleared and a kitchen erected, 12 x 32 feet, with complete equipment, including water installation. Our Assembly Hall is now under construction with a concrete floor 75 x 40 already completed with a covering roof and with fully equipped toilet and shower rooms occupying one end and now available for use.

Immediate funds are urgently needed in order to carry on the development of this project which offers such a wonderful opportunity for the Christian training of our Youth as well as Adults.

The following churches, in order, have completed payment of their suggested quotas: Bessemer, Conrad Memorial, Asheboro Street, Gethsemane, Northwood, South Elm Street, Eller Memorial, Immanual, Lexington Avenue, Hillcrest and Rocky Knoll.

WOMAN'S MISSIONARY UNION.....By Mrs. W. C. Adkinson

As we look back over our year's work in our Woman's Missionary Union, we note progress has been made.

In our Association with 73 churches, we have 57 W. M. S.'s, a gain of 5 over last year. We have 3,252 members in our W. M. S., an increase of 260 over last year. We have 170 young people's organizations, an increase of 5 over last year. We have 1,496 members in our young people's organizations.

The following organizations were A-1 the past year: Penn Memorial W. M. S. Mrs. Jimmie Vaughn, President; G.A., Green Street Baptist Church, Mrs. Argie Wood, Counselor; G. A., Penn Memorial, Mrs. R. King, Counselor; four Sunbeams: Reidsville First; Asheboro Street; High Point First; and Stevens Memorial.

Progress has been made in our Young People's work. One mark of progress was our emphasis on Leadership Training. Two leaders from our Association were privileged to go to the Southern Union sponsored Regional Meeting held in Raleigh. These, along with the other three composing a Divisional Team, conducted a Special Associational Leadership Conference in March for all the counselors and leaders in our W.M.U. Young People's work. Another mark of progress was shown in our enlarged camping program. At Lakewood for the first time there was a camp for every group of our W.M.U. children. The Lord blessed us greatly and many came. Our hope is that many more will join the following who came to camp:

Sunbeams	97	Day Camp	Nine churches represented
Workers	33		
Total	130		

G. A. Three Days' Camp for both Juniors and Intermediates

Juniors	40	Intermediates	19

R. A. Three Days' Camp for both Juniors and Intermediates

Juniors	32	Intermediates	13

Y. W. A. Week End Camp

Seven girls from two churches

Much work has been done by our able Associational Leaders who are: Mrs. H. D. Minnis, Sunbeam Leader; Mrs. E. H. Trent, G. A. Counselor; Mrs. Dewitt Long, Y.W.A. Counselor; Rev. Ernest Holt, R.A. Counselor; and Mrs. Juanita Scott, Young People's Secretary.

A backward look at the year's mission study shows that many, many women and young people have been studying and reading mission books—thousands of books. The associational mission study institutes were well attended and proved to be a great help in planning and conducting study courses in the individual societies. In each of the young peoples camps at Lakewood, the mission study class was an important feature. The boys and girls were impressed with the need of the world, and lives were dedicated to the task of winning the world to Christ. As a Christian reads of the countries and peoples of other nations, their lives and their problems, he becomes a world citizen who can more perfectly help promote God's kingdom.

Our records show an increase of 60 classes over last year with an increase of 1,065 people enrolled in Mission Study Classes, an increase of 740 people who read a mission book and an increase of 1,056 mission books read.

Mrs. Ronald Wall, stewardship Chairman, reports an increase of 163 tithers over last year. Our love offering also shows an increase. She and her committee are stressing an increased study of Stewardship books during the coming year.

Mrs. Roger Morris, Community Mission Chairman, reports an increase of 61 people giving themselves in community missions and an increase of 200 people making definite efforts in soul-winning.

Mrs. W. E. Woolf, Literature Chairman and Program Chairman, reports an increase in subscriptions to our various magazines. They are as follows:

Biblical Recorder	-	An	increase	of	184	subscriptions	over	last	year
Royal Service	-	"	"	"	210	"	"	"	"
Window of Y. W. A.	-	"	"	"	15	"	"	"	"
World Comrade	-	"	"	"	73	"	"	"	"
Ambassador Life	-	"	"	"	65	"	"	"	"

You will notice from our above report that we have added many new offices and officers to our Executive Board. We feel very definitely that these added workers will strengthen all of our work.

We earnestly covet your prayers that each of us shall ever be conscious of His presence in our lives and that we shall strive ever to do His will in all our work during the coming year, that we might exalt our Christ in all that we do.

STATE MISSIONS.....By Donald G. Myers

A good definition of State Missions is given by Dr. M. A. Huggins, the Secretary-Treasurer of our Baptist State Convention. "State Missions," he says, "is that agency of our State Convention which uses the offerings our people make to supplement the work of the individual churches to the end that the Kingdom for which Jesus taught us to pray may come in North Carolina."

State Missions has been an integral part of our organized Baptist life for more than a century. Our churches now number nearly 3,000. Our work is growing. But the population of our state is growing rapidly, too. New communities are springing up near our service camps and larger cities. We must not slacken our efforts. The buying of lots and aiding salaries of mission pastors will help meet this challenging need.

State Missions also include the vast educational program through our many churches. The Sunday School, the Training Union, the Baptist Student Union, the Fruitland and Caswell Assemblies, the Fruitland School for Preachers, the Department of Evangelism, the Baptist Brotherhood, and the Department of Rural Church work are among the 17 splendid activities supported by your State Mission gifts. We need at least $400,000 for this mighty undertaking. From our Sunday Schools' offering in October, $120,000 is expected.

ORPHANAGES.....By J. B. Clifton

During the past year there has been great progress at both homes of our Orphanage. Under the leadership of Superintendents W. A. Smith of Kennedy Home and C. A. Kearns of Mills Home the affairs of these large families have been so directed as to develop among the children and employees an excellent spirit of cooperation and fair play.

One big task this year has been to see that the terms of the Idol Will were carried out in the erection of certain memorial buildings. In keeping with the wisdom of the Idols, $100,000 of their gift was placed in endowment. The income from this is to be used exclusively to keep the memorial buildings in repair. The remainder of their bequest is now being used as they specified to erect a church, an infirmary and a print shop.

In addition to the above we have completed at Mills Home a new cottage for girls, the first in more than twelve years. Then we have completely remodeled three of our oldest cottages. At one time it was thought they would have to be replaced by new ones, but now they are among the best on the campus. By remodeling we saved enough money to enable us to launch a project which will meet one of our greatest needs.

During the past year, we cared for a total of 725 children. In addition to these our Social Service staff investigated the applications of 684 children and in many instances helped to find them a home where they could be cared for. A nation, or people, or religious denomination that neglects its children is signing its own death warrant. North Carolina Baptists have always been in the forefront in ministry to the dependent child. For sixty-seven years, their service has been carried on through our great orphanage.

There are four ways by which our churches can help:

1. Churches with unified budgets should place the orphanage in their budgets.
2. The churches which do not have the unified budget should reserve one Sunday's offering per month from the Sunday School.
3. Special offerings at Thanksgiving and gifts from the interested members and groups should be promoted.
4. All churches should subscribe for ample copies of Charity and Children.

HOME FOR THE AGED.....By R. E. Wall

Resthaven, our North Carolina Baptist Home for the Aged in Winston-Salem, was opened 19 months ago and has been filled to capacity almost ever since. But only 20 guests can be accommodated at present. If room and money could have been provided perhaps 200 or more guests would now be in the home. The Convention has a lease on the present building for several years. The building is fireproof and very comfortable, but is far too small to meet the present needs.

The General Board of our Convention, according to newspaper reports recently, will recommend to the Convention meeting in Winston-Salem next month that a special offering for the home be taken by all the churches, probably in February. This offering will supplement the three-fourths of one per cent which we now receive through the Nine Year Program.

The home must expand and be more generously supported if we Baptists are to fulfill our moral obligations to our own loved ones who can no longer care for themselves. We can help by voting for this special offering day, by giving generously to the support of this home and by our earnest prayers.

MINISTERS' RETIREMENT PLAN.....By W. P. Biggerstaff

The reports, reviewing the work of the Relief and Annuity Board, presented at the annual meeting of the Board in Dallas, on March 12, showed 1951 to be a year of continued progress and enlarged service to our Southern Baptist constituency.

Total income for 1951 was $5,144,134.29, with total benefits paid, amounting to $1,559,438.69. Total assets of the Board as of December 31, 1951 were $23,333,014.10.

In spite of more intensive promotional work on the part of the several states and of the Relief and Annuity Board, there is yet much to be done to broaden the protection of the Ministers' Retirement Plan. Far too many pastors are retiring without any source of income and thus adding to the burden of the relief department. In 1951, the relief department spent more in ten states than it received. The deficit in these states could only be met by drawing upon the relief reserves. The relief department cannot continue to meet these deficits by reducing the relief reserve fund. This situation can and must be corrected. Two suggestions are made which should help in overcoming these deficits.

First, more of the churches should follow the recommendation of the Southern Baptist Convention and take a Fellowship Offering for ministerial relief on the first Sunday in June, or at such time as convenient to the church.

Second, each state should consider setting a date after which time no pastor would be eligible for assistance from the relief department who had not been a member of the Ministers' Retirement Plan. A pastor who refuses to join the plan has no right to expect the denomination to provide for his needs when he is forced into retirement because of ill health or old age when he refuses to make some effort to provide, with the help of his denomination, something for himself. Unless something like this is done, the relief load will continue to increase when it should decrease from year to year.

A pastor who lacks three to five years of reaching retirement age, can join the Ministers' Retirement Plan and enjoy an age annuity on retirement, far beyond what he would receive if he were placed on the relief roll. Every active pastor should take advantage of the opportunity which his denomination has provided that he may not face a penniless old age. We respectfully recommend that every pastor and church in the Piedmont Association participate in this plan.

CHRISTIAN EDUCATION.....By George H. Wallace

During the last college year there were 47,626 students enrolled in our colleges and seminaries throughout the Southern Baptist Convention territory. It is interesting to note that 8,520 of this number were students for the ministry and 2,909 were volunteers for full-time Christian service. In our seven North Carolina Baptist colleges, we had almost exactly 10% of these students.

Our sixty-nine institutions of learning are valued at one-hundred-forty-five millions of dollars, in terms of endowment and property values. How much more they are worth in the eyes of God we can only guess. But it is not difficult to give evidence of the tremendous contributions of these institutions to the life of our denomination. Of 827 missionaries under appointment on January 23, 1952 by our Foreign Mission Board, 806 (97.5%) attended a Southern Baptist college. Five in six of our Baptist pastors with college training came from our own colleges. More than 72% of our denominational leaders with college training, according to a survey of members of the boards of the various Convention agencies, attended a Southern Baptist college. All this is true in spite of the fact that Southern Baptists are by far the lowest of all the major denominations in the percentage of their membership enrolled in their own educational institutions. Fewer than one in six of Southern Baptists in college today are in our own colleges, yet a major share of our leadership must come from that one-sixth.

Each year there are 15,000 Baptist boys and girls graduating from standard high schools in North Carolina. Of these 15,000 who graduate from high school, not more than 4,000 of them go to any college, and of those who do go not more than one out of four of the Baptist boys and girls will go to a Baptist college. All of this means that, whereas we are now getting 1,000 boys and girls to enroll in our seven Baptist colleges each year, there are 3,000 others enrolled in other colleges, and there are at least 11,000 Baptist young people graduating from high school and not going to any college every year.

Our seven Baptist colleges in North Carolina are happy to have other young people who are not Baptists to enroll in them, but our first responsibility and our chief reason for operating these colleges is to be found in a Christian education for Baptist boys and girls, especially those who are to be our future leaders. With all the money that is being spent and with all the effort that is being put forth to expand the facilities and enlarge the usefulness of our Baptist schools and with the desperate need of a trained leadership in all of our Baptist work, it doesn't seem reasonable that so many of our Baptist boys and girls should be going to other colleges. It is enough to cause us who are pastors and church leaders and parents to wonder if we have done our duty by them. Does it not strike you that if we had been more loyal to our schools in our homes and in our churches that more of our Baptist boys and girls would be enrolled in our Baptist colleges? This condition can be corrected, must be corrected and will be corrected but our churches must exercise a care and concern for our denominational schools with a loyalty more costly than we have even seen.

BAPTIST LITERATURE.....By Troy G. Robbins

Paul in I Timothy 4: 13, 15, says, "Give attendance to reading, to exhortation, to doctrine...Meditate upon these things; give thyself wholly to them."

With all our reading and study, there is a lack of reading and study of the Bible and good, sound literature. Many Church members read anything but the Bible and Baptist Literature. Reading influences Christian character and conduct. No other agency, apart from the preaching of the gospel, is more powerful in the spreading of the Truth.

Our Baptist papers should be in every Baptist home in the state. Plans and prices are offered that meet the convenience of any church. "Charity and Children" and "The Biblical Recorder" will inform and challenge our people to greater Kingdom service.

Increased circulation of our Baptist Denominational literature means: the undergirding of Foreign Missions, Home Missions, State Missions, Education, Benevolences, Evangelism, Stewardship and every other phase and factor of the total life and work of the church. For a more informed, indoctrinated, inspired and enlisted Baptist People, lets circulate more Baptist literature.

REPORT ON HOME MISSIONS.....By J. Claude Creason

The Home Mission Board of our Southern Baptist Convention has had a glorious History and perhaps like the Foreign Mission Board it now faces its greatest challenge. Our Mission Board can only do what we give it to do with. During its past 106 years of mission service it has been a great evangelizing, unifying and missionary force for Southern Baptists.

There have been 10,544 churches constituted; 1,080,124 professions of faith have been made. Its missionaries have rendered 49,847 man years of missionary service and have reported one profession of faith for every $36.65 expended by the board.

The Home Mission Board has been able to expand its work, having gotten out of debt in the last few years, until, in 1951, it had eight times as many missionaries as in 1930. Since 1940 eight new departments or phases of work have been started or reorganized. Evangelism has received new emphasis. Field workers have been added to serve among the Goodwill Centers to help reach the Catholics, to assist with mission buildings and to minister to juvenile delinquents.

The home mission task is greater than ever before. More territory has been added to our Convention recently. This added territory is greater than the total Convention area east of the Mississippi. There are more than 12,000,000 unchurched people in this added area. The rapid growth of Atheism, Communism and materialism, together with other 'isms and 'schisms in our territory, intensifies the necessity of an advance in home missions.

This may seem like a great challenge to us, as, of course, it is, but we, by obedience to God, can accept this added responsibility and supply every need of our Home Mission Board. We Baptists have been blessed in many ways. We have grown almost three times as fast as the population. Our growth has been due to evangelism and missions. Shall we launch out with a greater program and reach these people for Christ or will we rob God of His tithe and lose these people to the Catholics and religious sects?

Truly the fields are white unto harvest. Unto whomsoever much is given will much be required.

RADIO AND TELEVISION.....By John H. Scalf

The Radio and Television Commission of the Southern Baptist Convention, at its annual meeting in Atlanta, made plans for more active participation in the field of television. The Commission reaffirmed its basic policy of seeking to produce superior religious programs which television stations would desire and would be willing to grant us on a sustaining basis.

In keeping with the policy of the Commission, a full-time man has been engaged, who, with other staff members will conduct regional, state and south-wide radio and television conferences. One such conference will be held at Ridgecrest during the summer of 1953.

It is also planned by the Commission to produce television films and specially planned programs to be used by the local stations and pastors. These prepared programs will center around the theme, "The Christian Home."

The Commission is continually enlarging its transcription library. It urges the local pastors to take advantage of both radio and television to get the Gospel and our great Baptist program in the homes and hearts of people everywhere. Also, it is felt in these days when there is so much false teaching abroad and so many religious cults who are misleading heart and mind, the antidote for this is the plain, pure, doctrinal teaching that our Baptist heritage has given us.

This is missionary work indeed. We believe that these modern methods of preaching or proclaiming the truth is a definite way of helping to fulfill our Lord's great commission to His Church to "Go ye into all the World and preach the Gospel."

Our pastors should not think that speaking on radio and television is a burden that we could better dispense with, but a glorious privilege that is certain to pay big dividends in the end. Some of our brethren have reported that, through these mediums of propagation, their churches have been strengthened and many have been added to the membership.

Brethren, the "King's business requires haste" and it is time to buy up the opportunity.

BAPTIST BROTHERHOOD.....By John T. Edwards

A Brotherhood in a local Baptist Church is a group of men, preferably all of the men in a Baptist Church, seventeen years old and above, banded together for the purpose of promoting the Kingdom of Christ through the church and denomination.

The headquarters for the Baptist Brotherhood Commission, Southern Baptist Convention, is located in Memphis, Tennessee. The Brotherhood Commission now occupies a special building which is owned by the Southern Baptist Convention and located at 1548 Poplar Avenue, which houses all of the offices of this Denominational Agency. Our Executive Secretary is George W. Schroeder who has one Associate, Mr. James M. Sapp, and a full staff of workers. The Brotherhood is growing rapidly in the Southern Baptist Convention and has at present more than six-thousand Brotherhoods. Sixteen of the twenty-two States in the Southern Baptist Convention now have State Secretaries and two of the other six states are soon to have Secretaries. Our Secretary for North Carolina is Horace Easom, and the office is located at Shelby, North Carolina.

We have in North Carolina five-hundred and eight Brotherhoods at present. These Brotherhoods will represent over twenty-thousand men. Thirty-two of the seventy-two Associations and two of the ten Regions have been organized thus far. During 1952 Brother Easom has given one-half time to the Brotherhood work and the other half of his time to our Convention's Program for Wake Forest College. The Associational Brotherhood meets quarterly and the Regional and State Brotherhood organizations meet annually. Brotherhood Retreats were held this summer at Caswell Baptist Assembly, Fruitland Baptist Assembly and Ridgecrest Baptist Assembly. In the Piedmont Association the following Churches have Brotherhoods: Allen Jay, Asheboro Street, Baptist Temple (Reidsville), Bessemer, College Park, Florida Street, Gibsonville First, Greensboro First, Green Street (High Point), High Point First, Hilliard Memorial, Immanuel, Lindley Park, Rocky Knoll, Sixteenth Street, Southside (Greensboro) and Stevens Memorial, making a total of seventeen Brotherhoods in our Association. Six new Brotherhoods have been organized this year showing a growth of fifty per cent in one year. Other Churches in Piedmont Association will organize Brotherhoods in the near future.

The Baptist Brotherhood operates in two areas:

1. Promotion of the New Birth
2. Spiritual Projects

A Brotherhood must do five things in order to be healthful, effective and successful:

1. The Brotherhood must be organized.
2. The Executive Committee must meet once each month.
3. The Brotherhood must have a definite time for meetings.
4. The Brotherhood must have good programs.
5. The Brotherhood must carry on purposeful activities.

With the above report and in the line with these suggestions, I recommend that we set up a Piedmont Associational Brotherhood organization in keeping with the plan of the Baptist Brotherhood of the South which is as follows: an Associational President, an Advisory Council composed of three laymen and three Pastors, an Executive Committee composed of a Program Vice-President, Activities Vice-President and Promotion Vice-President, a Chorister and Secretary-Treasurer.

TRAINING UNION.....By S. L. Riddle

"Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth," (2 Tim. 2: 15) is an injunction from the Apostle Paul to young Timothy. This admonition is also applicable to every Christian today. That there is a need in all of our churches for more trained leaders, no one will deny. To this end, the Training Union is seeking to fill this need through study and practice. To this is added our study course system outlined by the Training Union Department of our Sunday School Board. Through these studies, we learn more about what the Bible teaches about missions, stewardship and the Church. We urge all of our churches to use these study course books for they cover every phase of our work. We believe that an informed and consecrated people are progressive people. The Training Union not only teaches the great doctrines in the Bible, but trains Christians to be more faithful witnesses for Christ, and better workers in His Church.

We have had a good year in Training Union under the leadership and untiring efforts of Brother Carl Bell. The Associational Officers taught in nineteen Study Courses and helped secure teachers in sixteen others. There were about one-thousand study course awares. All the meetings required to meet the standard were held. One of the highlights of the year was our December "M" night which was attended by more than three-thousand, the largest such meeting in the South.

As we dedicate ourselves anew to the carrying on of the Training Union program, let us remember our theme for the year, "Christ Speaks to His Churches," and heed His Words: "...Follow Me, and I will make you fishers of men." (Matt. 4: 19).

FOREIGN MISSIONS.....By Dewey Armstrong

There are those of us who thought, hoped and prayed that when the smoke, dust and radio activity had cleared from the skies above Hiroshima and Nagasaki that a war crazed world would be rocked back to its senses and that the words spoken by the angels of our Lord almost two milliniums ago would be brought to pass and really there would be peace on earth and good will toward men. That enmity of nation toward nation would have ceased and good tidings of great joy could be preached and published in all nations.

But rather than our hopes being fulfilled it seems that reverberations of those atomic explosions had a more far reaching effect than our minds could imagine and they seem to have pulled the retaining cord of the iron curtain until it came down cutting off the progress of peace and the carrying forth of the gospel of our God and of his Christ to many parts of the earth. A great part of Europe is cut off by the iron curtain; all of the Balkans, and a part of Asia. Not only do we have a great hindrance in Communism but there is another 'ism that has raised its nasty and blasphemous head in Italy, Spain and in all of the Latin counties of the world. Our only weapon against the latter is prayer; and God only knows how we shall deal with the former. And yet, with these many and varied oppositions there is a ray of light ahead and in the words of Moses, "In the morning ye shall see the glory of the Lord" (Ex. 16: 7).

For the first time in over one-hundred years we have no missionaries on China's mainland. Our Dr. William Wallace died in a Communist prison in February and God was gracious enough that all our missionaries were able to get out after the death of Dr. Wallace; however, the work of the Lord still goes on in China because he has much people there.

In the Hawaiian Islands, Brigham Young's blasphemous forces are working two by two claiming that Christ fathered children by Mary and Martha and that they are their descendants. While Budhism struggles for a come-back the shop windows are filled with booze and Catholic influences are strong. But the Church of God called Baptist still moves on to the glory of God.

We are thankful for the great truth of Romans 8: 28. "All things work together for good to them that love the Lord to the called according to His purpose."

And may we pray that He may soon open doors that are now closed and that the hinges may be oiled by the Holy Spirit until they swing wide never to be closed again. (Isa. 45: 11.) "Thus saith the Lord, the Holy one of Israel, and his Maker, Ask me of things to come concerning my sons, and concerning the work of my hands command ye me. And in the words of David, "Let not he that putteth on his armor boast as he that taketh it off."

SUNDAY SCHOOL PROMOTION.....By Woodroe F. Haywood

The aim for the new year is a "Christian Home for Every Child." It is estimated that less than half the children in our land today have the influences of a Christian Home. Our statisticians estimate that in our Southern Baptist Territory there are more than eleven million unreached children under 17 years of age, of which nearly 400,000 are in our own state. Until this condition is corrected, what of the future?

The General Theme for the year is the same as last year, namely, "Take the Family to Sunday School." When we realize the possibilities that will come from providing for every member of every family, the possibilities for growth become unlimited and Bible teaching takes on a new meaning when parents take, not send, their children to Sunday School. When one member of the family has been won to Sunday School it is easier to approach the other members of the family. So our theme draws our churches to think and act alike, to stress the same thing through a common objective.

Throughout the Southern Baptist Territory the past year saw a growth in enrollment of 229,000. Our leaders have set a goal of 500,000 in 1953 and one million in 1954. How much of this will your church undertake? An increase of 15 per 100 church members will greatly exceed the goal of 500,000. During the past six years the average growth has been 48%. Yet out of a total number of 28,000 churches there are 6,639 churches that have shown no growth at all and, of this number, more city churches have not grown than open country churches.

Briefly, now, may I suggest six ways of improving and enlarging our Sunday Schools:

1. Provide for every member of every family represented in our Sunday School through proper grading, so that every member of every family will feel that he has a class especially his own.
2. Put more people to work by organizing new classes and departments. The records show that we are enrolling ten people for each worker in the Sunday School. The way to enroll more people is to start more classes.
3. Begin a training program to meet the needs of all our workers that will deserve and receive the support of the entire church. In addition to the splendid books that we have on organization and administration, encourage your leaders to take advantage of the facilities for training at Ridgecrest and our State Assemblies.
4. Offer a Vacation Bible School to the boys and girls of your community.
5. Observe the January Bible Study Week, January 5-9. The guidebook, prepared by Dr. Ralph A. Herring, "Studies in Philippians," will be available in the Book Stores early in November.
6. Lead your church to accept the Standard of Excellence as the guide for its Sun-

day School. It will provide a safe guide and a good program to follow.

The Lord expects us to do our best. Can we afford to do less than our best?

BAPTIST HOSPITAL.....By Charlie Monk, Jr.

"And he healed many that were sick" (Mark 1: 34). This statement refers to the ministry of Jesus when he was here in the flesh. Also, it describes the ministry of our Baptist Hospital today, where hundreds of sick people go each week in search of relief from disease and sickness of almost every nature. In many cases they go as a last resort when hope has all but failed.

"And a certain woman, which...had spent all that she had, and was nothing bettered, but rather grew worse,...came" (Mark 5: 25). Here, again, this statement concerning the woman who made her way to Jesus is the oft repeated story to those who work at our Baptist Hospital. They come saying, "We have spent all our money and we are still sick. Can our Baptist Hospital help us?"

It is the business of our Hospital to do all in its power to say, "yes," to these pleas which come out of sickness and poverty. It is our opportunity through our Mother's Day Offerings to make it possible for our Hospital to answer these calls for help from those who have little or no money. Last year, more than 10,000 people were cared for as bed patients in our Hospital. There were 95,000 visits made to the clinics for examinations and treatments. A large number of these were people who could not pay for the care they received. Much of this service could not have been provided without the help of our Mother's Day Offerings.

The construction of the new wing to the Hospital is now well advanced. This will greatly enlarge our ministry to the sick, adding 150 new beds and many other badly needed facilities. It is hoped that before this year closes everyone of our churches will have done its part in helping with the cost of this building.

Jesus said, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me" (Matt. 25: 40). We are thankful to our Lord for this great institution which He has given us. Let us give our best in the name of our Lord in keeping it strong spiritually and in meeting the opportunity to help sick people who need the service of our Baptist Hospital. It is serving our members, it is serving you, it is serving me.

EVANGELISM.....By W. C. Adkinson

The Piedmont Association has just experienced one of the greatest years in evangelism. The total figures have not been secured as to the date of the writing of this report, but, from all reports throughout the Association, this has been an exceedingly fruitful year in soul-winning. This interest in Evangelism is due to the Greater Greensboro Evangelistic Crusade led by the Billy Graham Evangelistic Team. It was last year that we had the Simultaneous Crusade with a total of 1,618 baptisms in the Piedmont Association.

This interest in soul-winning must be maintained as this is the chief work of the church. Jesus said to his disciples, "Ye shall be witnesses unto me, both in Jerusalem, and in Judea and Samaria and the uttermost parts of the earth. (Acts 1: 8). There is no way in which we can escape our responsibility unto the lost people in our communities and throughout the world. Thus Evangelism and Missions go hand in hand in reaching the lost. We cannot have one without the other.

There are two main methods used in Evangelism: Personal Evangelism and Mass Evangelism. Personal Evangelism is the method Jesus used most as he talked with the individual. He encouraged this method as he sent his disciples out two by two. Mass Evangelism is used as the preacher preaches to groups or large congregations. Jesus also used this method as he spoke to the multitudes.

HUGHEY O. MILLER
1881-1953

To Whom This Volume of the ANNUAL is Dedicated

The history of the Piedmont Baptist Association for the last twenty five years would be incomplete without an account of the life and labors of Brother Hughey O. Miller as pastor of churches in the association. He was for some years pastor of West End Church, High Point and later pastor of Hilliard Memorial Church for twenty years.

To know about the fine Kingdom service of this devoted and capable pastor, one has but to see and to know these two churches in their current vigorous life and work.

Pastor Miller was the kind of man who adds stability and strength to the churches and to the great cause. He had the pioneer spirit and consistently went forward. He served in the Piedmont Association with self sacrificing energy and diligence. He knew the people of the church and rejoiced in their fellowship. He had a passion for soul winning and gave himself to pastoral evangelism as well as to shepherding the flock. Despite the fact that he was a very capable builder of material structures, his consuming passion was soul-winning and strengthening the saved.

His longest pastorate was Hilliard Memorial where he spent his maturing and mature years of fruitful labors. From Hilliard Memorial went out a number of ministers and missionaries having been inspired and trained by this faithful pastor.

He had clear and far reaching spiritual vision. His conscience was alive to the needs of far distant fields as well as to the needs of more immediate fields. He saw these missions in their proper perspective. He knew the Christian objective of education and labored to provide the best training for his constituency. In the evening of his life which came to a close this year, he saw some of the fine results of his labors as one after another of the young men and young women of his pastorates came to places of high service in the work of his Lord whom he served so faithfully.

This issue of the Annual publication of the Piedmont Association Minutes is dedicated to him in loving remembrance.

ASSOCIATIONAL ASSEMBLY

By M. E. Suther

LAKEWOOD 1953

The Piedmont Association's assembly at Lakewood had a successful season in spite of the terrific handicap of limited facilities. The site is ideal, the assembly building is adequate for immediate needs, the kitchen, although a temporary building, will do for the present, but, there are NO sleeping quarters and NO dining room.

With such limited physical equipment one is amazed that so much was accomplished, which the following statistics of the summer camps will show:

Total attendance, besides counselors and workers, was 277, divided as follows:

Campers:	
Junior G. A.	45
Intermediate G. A.	19
Junior R. A.	51
Intermediate R. A.	9
Total Campers	124
Sunbeams	153
Total	277

This, of course, does not include the many guests who visited the camp for a day, or an evening, and who were thrilled and blessed by the sight of our boys and girls being strengthened in their spiritual life.

The camp financial report submitted by the treasurer is summerized below:

Receipts:	
Balance from 1952	$122.65
Fees from Campers	538.30
Books & Supplies sold	119.13
Profit on candy, drinks & camp kitchen	59.71
Groceries sold	31.90
Gifts	52.00
Total Receipts	$923.69

Disbursements:	
Groceries & meats	$426.62
Drinks	47.85
Books, supplies, postage	157.32
Kitchen supplies	73.58
Stretchers	32.00
Playground supplies	31.09
Honor Camper awards	15.35
Lights	20.00
Missionary Love Gifts	38.50
Total Disbursements	$842.11
Balance	81.38
	$923.69

Finally and infinitely more important the:

ETERNAL ACCOUNT

SALVATION		LIFE DEDICATIONS	
G. A.	5	G. A.	8
R. A.	7	R. A.	8
Total	12	Total	16

This alone makes the season highly succesful, and, after all, is the purpose and goal of the Assembly, and when such reports can be made the entire Association owes a vote of appreciation to the Women's Missionary Union and directors and counselors of the camps for their untiring efforts and their zeal for the salvation and spiritual growth of the youth of our churches.

Plans are now under consideration to provide sleeping quarters for at least one hundred for camp season of 1954. The cooperation of the churches of the Association is imperative to bring these plans to completion, and thus bring to partial realization the vision of a complete assembly ground for the Association.

ASSOCIATIONAL WOMAN'S MISSIONARY UNION

By Mrs. A. C. Lowe

As we view our records of Woman's Missionary Union we note progress and development of consecrated learership. Consecrated women leading the 54 active W. M. S. groups with a membership of 3,159. Twenty-three churches in our Association yet without organized woman's work and the host of women and young people yet, unenlisted presents challenging opportunities for expansion. Mrs. J. Carl Bell, Enlistment Chairman, reports that one new W. M. S. has joined our ranks this year. We welcome this added enforcement from the Battleground Road Church.

Hilliard Memorial reports an A-1 W. M. S. while Lindley Park, Asheboro Street, Florida Street, Magnolia Street, and First Church, Reidsville, gives us A-1 Sunbeams. The G. A.'s of First Church, Greensboro, and First Church, Reidsville, also attained the Standard.

As we picture our Young People's work we rejoice in the Lord for His blessings. There has been marked progress on the part of the young people and their leaders. Many have called upon the Associational Officers to help them. Again this year our highlight was our Camp experience. Our capable Associational Leaders, Mrs. H. D. Minnis, Sunbeam Leader; Mrs. Raymond Wagoner, G. A. Counselor; Rev. Ernest Holt, R. A. Counselor; directed the camps for the group. Your Young People's Director, Mrs. A. L. Parker, was assisted by Mrs. Baxter Scott, Young People's Secretary, and many of the ladies from the various churches in the camp promotion. Programs were made possible by the willingness of our pastors and leaders. Total enrollment for the camp was 277. There were 16 life dedications and 12 professions of faith. Our Y. W. A. counselor, Mrs. Dewitt Long, served well and effectively as she led in the Associational Y. W. A. Council. We shall miss her as she goes with her husband to another field of service.

A first in our achievement this year was our W. M. S. Camp Day One-hundred-thirty women gathered-to-gether "in nature's great out-of-doors." There was a consciousness of God in the surroundings, the missionary inspiration received and the wholesome recreation provided. Woman's Missionary Union has found the camp idea a vital force in the promotion of its work especially among young people.

Mission Study Records indicate that women are genuinely interested in studying about the world in which we live. One-hundred ninety-nine Mission Study classes were held and a total of 3,212 approved missionary books were read. Such mission books give to them a world view with a Christian interpretation. Response on behalf of missions comes when a people are informed. This is evidenced by our gifts and was evidenced by our young people's camps this summer at Lakewood. As experiences of missionaries were told and Kingdom work presented, young people gave their lives for definite Christian service—wherever the Lord might lead. These and others like them will be our missionaries of tomorrow as they accept the challenge of the Great Commission to "Go Ye." Mrs. Hoyle T. Allred has led faithfully in Mission Study.

Mrs. Ronald Wall, Stewardship Chairman, reports 545 new tithers for the year making a total of 2,011 W. M. U. members "found faithful" in giving. The love gifts to State, Home, and Foreign Missions have increased. High light in Stewardship emphasis has been the gathering of 200 women to study the "Sacrifice and Song" taught by the writer of the book Mrs. Foy J. Farmer. 1710 Missionary Magazines, such as *Sunbeam Activities, Tell, The Window, Ambassador Life, Royal Service, and Biblical Recorder*, are being received into the homes of our W. M. U. members. Miss Katy Ruth Grayson, Associational Literature and Program Chairman has promoted this educational phase of our work.

Well attended Leadership conferences have evidenced the fact that women and young people are groping for the "know how" in spreading the Gospel of Good Tidings. 719 women and young people have this year joined the ranks of those already enlisted in Community Mission activities. Mrs. Roger Morris, Community Missions Chairman, has revealed that 10 negro women attended the Interracial Institute in Raleigh through funds provided by First Baptist Church, Greensboro; and First Church, High Point. $191.50 of Associational Funds allocated for Community Missions projects was used to promote Baptist work in all colleges of our Association—both white and colored. Many phases of Community Missions work practised by our women cannot be listed herein of the Holy Spirit we will press forward 'til all the world shall know Him.

ORPHANAGES

By A. B. Asbill

Again your Orphanage has moved forward in its ministry of Child Care. During the year they served total of 728 children. In addition to this their Social Service Department helped to adjust 214 children with relatives, thus preventing them from having to be cared for by the Institution. Your program includes Mills Home of Thomasville, Kennedy Home of Kinston, Mothers' Aid, and Boarding Homes. The Baptists of North Carolina probably provide more services for children than any other similar group in the nation.

Practically all of their many children developed normally. There was very little sickness and none of any serious nature. In the schools at Thomasville and La Grange they were well adjusted, and their records compare favorably with the average of all other children in these schools. Twenty-four were graduate from high school in June. They believe they will make a worthy contribution to their generation.

They have been particularly pleased with the spiritual development in their homes. During the year fifty professed faith in Christ and were baptized. Another thirty acceped Christ as Savior, but were not baptized until early in this year.

Added to their many other activities they have promoted the greatest building and renovation program in the history of the Orphanage. A new cottage, a new Print Shop, and a new Infirmary were completed in 1952. The I. G. Greer Recreational Building was finished early in 1953, and a beautiful new Church that will seat 580 people will be completed this year. Then they have completely remodeled some of the old cottages and made them into good living quarters for the children. This great building program was made possible by the money left to Mills Home in the will of the late Robert M. Idol. They soon hope to be able to say that the Building and Renovating Program is finished. When this is done, there will be little doubt if any Child Care Agency in America will have more adequate facilities than the Baptists of North Carolina.

The income for the year was slightly above the income for the previous year. Truly they can say, "God is good to us," and through North Carolina Baptists He has lifted the burdens from the shoulders of many of our fine boys and girls.

HOME FOR THE AGED

By C. R. Hanner

Resthaven, our North Carolina Baptist Home for the Aged in Winston-Salem, was opened two and one half years ago and has been filled to capacity almost ever since. But only 20 guests can be accommodated at present. If room and money could have been provided perhaps 200 or more guests would now be in the home. The Convention has a lease on the present buiding for several years. The building is fireproof and very comfortable, but is far too small to meet the present needs.

During the year the trustees of the Home purchased the old Yadkin Hospital building in Albemarle at a very reasonable cost. It is now being renovated and will be opened probably in November. It will care for about 40 more guests. It will probably be filled to capacity in the near future.

The Home has also purchased a 34 acre tract of land in Winston-Salem and hopes to build its permanent plant on this lovely site whenever sufficient money becomes available.

Again next February there will be a special offering in the churches for this worthy cause.Let us give our full support to this significant phase of Christ's ministry to the aged.

RELIEF AND ANNUITY BOARD

By Frank L. Paschal

The Relief and Annuity Board has recently observed its thirty-fifth anniversary, and during those thirty-five years much everlasting good has been done through the services which it has rendered to our Baptist pastors and paid Christian workers of the Baptist Convention during its period of existence.

There are more han 7,000 pastors over the southland who have refused or failed to join the Plan and as they retire, they ask to be placed on the relief roll. A careful study of the problem with the state secretaries during the past several months has resulted in a drastic change policy. After December 31st, pastors in active service who refuse to enter the Ministers Retirement Plan will no longer be eligible for assistance from the Relief Department. This Plan is the method of our denomination for taking care of its retired and disabled ministers. The denomination must have the cooperation of the pastor and his church.

Every church should enter the Plan and urge its pastor to enroll without delay. Pastors lacking only a few years of retirement age can, with the help of the denomination, earn for themselves small annuities. Your state secretary and his Relief Committee will take pleasure in recommending that these small annuities be supplemented by the Relief and Annuity Board. An intensive effort will be made during October, November, and December, to enroll all active pastors in the Ministers Retirement Plan before December 31, 1953.

In view of the future potential load on the Relief Department, such action as outlined above is absolutely necessary. The Relief and Annuity Board is the only major retirement board in America that has not had such policy for many years.

We do, therefore, respectfully submit that all churches and all pastors and salaried employees of our churches seriously and prayerfully consider the matter of participating in the program offered by our Relief and Annuity Board before December 31, 1953.

STATE MISSIONS

By Woodrow W. Hill

The aim and purpose of State Missions in our state is to take North Carolina for Christ. Each of our churches has its own local field of service, but through our combined efforts we are able to reach the neglected areas and spheres in our God-favored state.

The work of State Missions is of great magnitude. In many weak churches State Missions helps pay the pastor's salary until the church can become self-supporting. The church then becomes a missionary force instead of a missionary object. Lots are often purchased to help in the starting of new churches in neglected areas. State Missions performs a ministry to the Negroes, the Indians, the deaf, and the sick in our sanitoriums. State Missions performs a ministry to the students in our colleges through our Baptist Student Union program. It conducts deacons' schools and pastors' schools and conferences. The Fruitland preachers' school has done more, pershaps, to develop the program of many of our rural and mountain churches than any other force in our Baptist life. State Missions is helping to outlaw alcoholic beverages in North Carolina through its support of the Allied church league.

One could go mentioning other objects of State Missions such as the summer student program, the assembly program, the Sunday School and Training Union departments, the rural church program, the radio and visual education efforts, and our strong program of evangelism. It is doubtful, however, if any one actually knows the complete extent of the work of State Missions in North Carolina. Only eternity can reveal it. This we know: it is the heart of our missionary program, for it aids in the starting and developing of new "home bases" which ultimately become missionary forces within themselves.

DENOMINATIONAL LITERATURE

By Wayne Levan

Christian literature is essential to effective educational work in a Baptist church The great task of making disciples and teaching them effectively calls for many types of printed materials. Leaders need rich resource materials to inspire and guide them, and small children need stories and pictures to shape their concepts of God, Jesus, the church, and friends. All types of program materials are needed to guide older persons into the experience of conversion and into later Christian growth. The kind of Christian literature published by our Baptist press today will offer help in leading to experiences of salvaton, will offer words of hope, and provide patterns for progress.

Since we know virtually all persons read, (that is in the U. S.), and what they read is largely what they believe, great opportunities are ours to crusade for Christian literature. If we fail here, our Baptist people and Baptist work will suffer untold harm from lack of vision and knowledge.

As a denomination we have a world of wealth in our own publications. As Baptist, the Bible heads our list of Christian Literature, then comes the stream of denominational publications as supplementary readings: *The Biblical Recorder; Charity and Children: The Commission; Home Mission; Sunday School Builder; Training Union Magazine; Home Life;* and many other Sunday School Board publications.

In our own state, the Biblical Recorder covers much of the field of our co-operative efforts, as Baptists. Since this paper helps promote our Baptist work, I encourage each of our churches to use one of the plans (Every Family Plan or Club Plan) to get the paper into more of our Baptist homes. It has been helpful to me as a pastor, in the three churches that I have pastored, to have the Baptist State Paper come into every home of the church membership. It is a consolation to me to know I have never pastored a church but what the Baptist Church Paper was in every home. Then as they read, they lead; and as they are informed, they are inspired.

The present circulation of the Recorder is approximately 55,000, but there are only about 360 churches in our state using the Every-Family Plan, and around 1,150 churches with Clubs. As the voice of experience, I know we gain by having the state paper coming to every family. Won't you put it in your budget and send it to every family of your church that you may avail yourself of the opportunity of food for thought and information through the use of Christian Literature? All our Baptist Literature will be helpful to us if we will let it—let's use it.

NORTH CAROLINA BAPTIST HOSPITAL

By A. L. Robertson

"If Thou wilt, thou canst make me clean," was the leper's plea that touched the heart of Jesus. A plea such as that comes from he sick multitudes who need help and it has touched the hearts of North Carolina Baptists. Our ministry through our Baptist Hospital is our answer to this call.

More than ten thousand patients were cared for in our Hospital last year, while thousands of others were seen in the clinics. Almost half of these were service patients, unable to pay the full cost of the care they received. The Hospital is making a large contribution toward the saving of life, the relieving of suffering and the bringing of health to those who need it most.

One of the most important parts of the program of the Hospital is the spiritual ministry it provides. This is necessary if the full needs of a sick person are met. There are trained chaplains who render an effective ministry for the sick, guidance for the nursing and medical students, and training for pastors and Christian workers.

Three floors of the new Hospital Wing are nearing completion and should be ready for use this year. There are still many needs which we can help to meet by our prayers and financial support. "If thou wilt, Thou canst make me clean," Jesus replied, "I will." You and I can give the same, "I will," by our generous support of the North Carolina Baptist Hospital.

RADIO AND TELEVISION

By Robert F. Farley

Modern science has opened many avenues of assistance to us in propagating the Gospel to those who for one reason or another are not able to attend services or who show no desire to enter a church.

One of the greatest developments of the age is being used to a great advantage by churches today. Radio and television are doing more good in helping us to reach unsaved people than most of us could possibly realize. Not only the unsaved, but the shut-ins of our communities are receiving a great blessing by this form of ministry.

Many churches are missing a golden opportunity when they fail to take full advantage of these two mediums in carrying on their work. All radio and television stations customarily set aside a portion of their time for the use of religious organizations. Your church could secure a portion of the time so allocated by formulating a plan for an interesting and entertaining religious program. You will find radio an television interests most receptive to ideas and programs of this nature.

Many churches purchase time on radio and television in order to send out their Sunday morning services to people at home. There ought not to be a single station with other than a religious program during the usual Sunday morning service hour. Costs are not prohibitive and some churches in every town in which there is a radio or television station ought to take advantage of thes means of spreading God's word and reaching people who otherwise would not hear a devotional program.

God has given us these means of carrying out the Great Commission of our Saviour and we ought to take advantage of them t o the fullest extent.

THE BAPTIST BROTHERHOOD

By S. C. Ray

A Brotherhood is an organized movement among the men of a church. It seeks to discover, enlist, and utilize the talents of all the men in the promotion of the full program of the church and denomination. The headquarters for the Baptist Brotherhood Commission, Southern Baptist Convention, is located in Memphis, Tennessee. The executive-secretary is George W. Schroeder. His asociates are James M. Sapp and David Mashburn. A part of Mr. Schroeder's report to the Southern Baptist Convention follows.

According to the reports released by the Department of Survey and Statistics, we learn that during 1952 the number of new Brotherhoods established was 1,051, bringing to a total 6,780 church Brotherhoods in the Southern Baptist Convention. During the same period enrollment was increased 28,889. Total enrollment now stands at 214,486. A breakdown on these figures reveals that over 550 new men were enrolled in Brotherhoods for every week during 1952.

Notable during the past year was the release of a new organizational pattern to enlist young men in the work of their churches. A committee of state Brotherhood secretaries, working with the executive leadership of the Commission produced a booklet entitled "Young Men's Brotherhood" in which suggestions for organizational pattern, activities, and other helps are made that should prove to be helpful in the enlistment of our young men.

There are 561 church brotherhoods in the state of N. C. There are 63 associations out of the 72 in the state that have from one to 37 Brotherhoods.

An associational brotherhood clinic was held in the Piedmont Association during the year, at which meeting there were approximately 125 men present. The State Brotherhood Secretary was present for this meeting, and he later reported that from this clinic there resulted the establishment of five new brotherhoods. There are now 14 brotherhoods in the association.

TRAINING UNION PROMOTION—1953

By Howard Foshee

"And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all hings whatsoever I have commanded you; and, lo, I am with you always, even unto the end of the world." (Matthew 28: 18-20)

Training Union acknowledges that all power comes from God and is vitally concerned with carrying out the vast mission task that is commanded of each Christian. Training Union endeavors to help its constituents keep the faith that has been entrusted to them.

Under the leadership of Carl Bell the Piedmont Associational Training Union program has advanced each year. During the past year 5 new Training Unions were organied in new churches; 9 enlargement campaigns were held; 41 study courses were completed; and the number of awards exceeded the preceding year.

In the tournament work 28 Juniors won in state-wide competion; the Intermediate Sword Drill contestant from First Church, High Point achieved Southwide honors at Ridgecrest; and the choir from Green Street was awarded an "A" rating in the State.

For the 14th straight year the Associational Training Union achieved the Standard. A record of this magitude is a tribute to the people of the Association Association and to the guidance of Carl Bell.

During the coming months Training Union will follow the plan of Christ, "Teaching them to observe all things wthatsoever I have commanded you."

FOREIGN MISSIONS

By Lloyd Garner

On June 27, 1953, at 6:15 a. m., Theron Rankin, Executive Secretary of our Foreign Mission Board, slipped "Out Beyond" and thus Southern Baptists lost one of its most gifted, spiritual giants of this generation. Dr. Rankin died from leukemia. When he learned that many were praying for him to recover, he said that it was far more important for the will of God to be done than for their prayers to be answered in the way they wanted them to be. He carried a world vision in his heart and "advance" became the keynote of his life. May we who are left go forward in the spirit of Dr. Rankin when he prayed: "Lord, save us from small self-centered thinking and planning. Enlarge our capacities of compassion and comprehension. Make us large in soul and spirit. Give us a vision of what we can do, and implant within us the devotion to fulfil that vision."

In the Orient, Christian work is both glorious and tragic. In China there is persecution of Christian leaders with long months of bitter imprisonment and the pressure from the Communist government is growing steadily. Those who are loyal to Christ must face the charges that they are spies for the Western powers and unfriendly toward the Red government. The grip of the government has our schools, hospitals, and other institution, making them practically useless. Amid this cruicible of suffering, souls are being saved before the Throne of Grace. Remarkable progress is being made in Japan with missionaries located in the major cities. Southern Baptists stand ready to enter India and Pakistan. Our applications for missionaries to enter India were rejected by the Indian government in 1950.

Latin America is in a struggle to free itself from the binding and grinding chains of its medieval heritage of poverty, disease, superstition, dictatorship, illteracy. Freedom and democracy have suffered a setback as a result of being pressed between the door of a clerical-fascist dictatorship and the wall of atheistic communism which thrives in the fertile soil of poverty and landlordism. After visiting South America, Dr. J. W. Decker of the International Missionary Council writes: "We thank God for what we saw and heard. It was a forcible demonstration of the fact that when some doors are closed—

others are opened—Latin America constitutes one of the greatest opportunities and challenges which faces the world mission—The door is wide open for unlimited advace. The evangelical churches there are well rooted, very much alive, and growing."

The "Dark Continent," Africa, is the most changing of all the continents because the people have awakened to the realization that they are capable of ordering their own affairs. It is in a state of ferment. Our country plays a difficult role; in that, we must keep the friendship of our allies and at the same time be fundamentally and traditionally against colonialism.

In Europe, there is evidence of the beginnings of a spiritual awakening as shown by the zeal of our brethern in several countries. As a result of the Germans' capacity to make a little go a long way hundreds of residents of western and eastern Germany have been provided with places of worship. There is little evidence of sloth or indifference.

In the Near East, there is fear that Christians ultimately will be liquidated. We must make the gospel of hope available to the Jews and Moslems. We must encourage those who fear liquidation. One missionary who pleaded that more missionaries be sent said: "God may not give us much longer to get ready. His time is now. God's tomorrow is beginning today."

Southern Baptists are to be congratulated on having almost 1,000 missionaries in 32 countries; and yet, the cry of those in the darkness of sin is "How long must we wait?" This should drive us to our knees with a prayer that God will give us hearts of compassion to deliver the message of hope to them! God says to us. "Have not I commanded thee? Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee withersoever thou goest."

CHRISTIAN EDUCATION

By Hoyle T. Allred

Let us first remember that we are Southern Baptists, and that as such we support with our students and our money six seminaries and the Carver School of Missions and Social Work. In the last school year these seven seminaries enrolled 4,727 students. In addition to these seminaries there are, in our convention territory, 52 junior and senior colleges, and 10 academies and Bible schools enrolling 52,660 students, but only our seminaries receive financial support from the Southern Baptist Convention. The colleges and academies receive their support from the State Conventions where they are located. In all, our Southern Baptist colleges and seminaries enroll 8,993 ministerial students, and 2,884 volunteers for full-time Christian service giving us 1 in 4 training for Christian service.

North Carolina Baptists have in the field of Christian education seven colleges, two senior and five junior, with a total enrollment exceeding 5,000. Of this number 722 are in training for Christian service. These seven colleges have an annual operation budget of $4,000,000. North Carolina Baptists through the Cooperative Program, make available $400,000 to aid these colleges with their operating costs, which is exactly 10% of the total, or a little less than $100 per student for the year. In addition to this financial aid for operating costs, in its present Nine-Year Advance Program the convention is providing another $200,000 to help the colleges with their capital outlay or building programs.

From a financial standpoint the most significant undertaking in 1953 is the effort to complete he raising of $1,500,000 in the churches for the removal program of Wake Forest College. It is confidently hoped that this total will be raised by January 1, 1954.

The Southeastern Baptist Theological Seminary now operating on the campus of Wake Forest is beginning its third year of operation with an enrollment of 320 students, and because of crowded conditions has had to refuse admittance to a host of applicants. The seminary plans to reach its maximum size in 1955 when the removal of Wake Forest College is effected.

It is interesting to note that in face of our emphasis on the transition of Wake Forest College, and the opening of Southeastern Seminary, that extremely wise leadership in our other colleges have found ways to expand facilities and to provide for increasing enrollment from year to year.

However, these institutions and the funds for their support are but means to the end of training, young men and women to take their places in the world not only as pastors and leaders, but as Christian citizens in a society that is sorely lacking in spiritual qualities or tendencies. To accomplish this task our colleges must be used. How are we using our colleges within the Piedmont Association?

Last year 18% of our students were in Baptist schools. This year 24% are attending our own colleges and seminaries. But this rise of 6% is not the whole story. Of 178 high school graduates last spring, 55 are attending college this year and 43% of them are attending our State Baptist Colleges. An additional 27% are attending "hometown" colleges which totaled with the 43% in Baptist schools accounts for 70% of the total. This leaves a "leak" of only 30%. With the removal of Wake Forest College to Winston-Salem it is hoped that a great par of "hometown" college enrollment will be siphoned into our only Senior co-educational college as this move will make commuting from the Piedmont Association possible for those who must live at home.

Yet there is work to be done. 30% of those attending college must be interested in Baptist colleges and nearly 2/3 of our high school graduates must be interested in higher education. Our high schools will graduate approximately 182 Baptist students this coming spring, of which number, approximately 59 include college in their plans. If every church could average this year as well as Immanuel and Florida Street churches, of Greensboro averaged last year in placing Baptist students in Baptist Colleges, 67% or 40 of these students will attend Baptist schools!

The pastors of these churches, the Rev. Troy G. Robbins and the Rev. W. W. Hill, say the job is to be done in these ways: (1) acquainting prospective students with B. S. U. work; (2) conducting high school senior tours of our colleges; (3) counseling; (4) continuing an emphasis throughout the church organizations on the values of attending our Baptist school; and (5) bombarding high school seniors with letters and literature about our Baptist schools. Other pastors who have met with marked success in reaching Baptist students for Baptist schools make use of the following: (1) Student Night at Christmas; (2) college officials and students as special speakers and pulpit supply; and (3) financial aid to those students attending our Baptist colleges. In all of these suggestions it is evident that the PASTOR MUST LEAD!

The pastors add that the colleges can help them tremendously in their leadership in the following ways: (1) With the theory that nothing succeeds quite as well as a salesman sold on his product, by letting students contact the churches and association to show what our schools can and are dong; (2) By securing names of Baptist pupils in high school from pastors and/or high schools and keeping in touch with each student through his high school career and not just in his senior year; (3) By, early in his senior year, rolling out the welcome mat at the college for the prospective student with a "big brother" or "big sister" guide, sports event and a meal free or at a nominal expense; and (4) By organizing the Alumni of the colleges into a working association to interest students in their alma mater.

We feel that pastors, colleges, and people working together will assure our Baptist students of receiving their higher education in Baptist institutions.

ASSOCIATIONAL SUNDAY SCHOOL

By W. F. Haywood

The Sunday School is being recognized more his year than ever before as the chief agency of the churches in evangelism, teaching, and enlistment. The major emphasis for Baptist churches for 1953-1954 is the effort to enroll a million more people in Sunday School in one year. Right of way has been granted for this, the greatest Sunday School enlargement program in the history of the world. As a result of this program, it is confidently expected that there will be substantial increases in baptisms, offerings. and Christian homes.

Our State Sunday School Secretary, L. L. Morgan, reports gains this year in enrollment, and in training awards. It is expected that the number of Vacation Bible Schools will reach a new high. In the 3,055 churches in the state, we now have more than 620,000 enrolled in Sunday School.

For the new year the following recommendations are offered: (1) That the association approve the effort of Baptists to enroll "A Million More In '54", and commend to the churches the practical plans for accompliashing this worthy objective. (2) It is recommended that the new book, "The Pull of the People," by Dr. J. N. Barnett, be taught in the churches where it has not already been taught. (3) That the association seek to do is full share in enrolling "A Million More in '54", by trying to enroll at least **twenty percent** more people in their Sunday Schools in the year October 1953 to October 1954. (5) Encourage class Sunday Schools "to move up" to department schools wherever possible. (6) That the churches call on the Baptist Sunday School Department, Raleigh, for any help with reference to remodeling old church buildings or when building new structures.

HOME MISSIONS

By James O. Hagwood

The wheat stretches for miles, golden ripe grain ready to be harvested. The farmers look skyward with anxious eyes. The harvest is ready. From one coast to the other, in crowded slums and open country, another harvest is ready. The Indians neglected and abused, the French speaking Americans of the Southeast, the hordes of Spanish speaking people of the Southwest, the Negro, the Jew, thousands of unchurched compose this harvest. Anxious eyes watch to see if Southern Baptists will respond to the task presented them.

The missionaries to the home land have done remarkably well in responding to the challenge presented. Stories of herioc effort continue to filter through. They could do more if backed in every way by every Baptist. The challenge does not diminish but with increasing population continues to grow.

Our Home Mission Board is organized to help meet this challenge of so great a harvest here in our own country. All of its activities are directed toward evangelization of these United States and the world.

We are promiting Schools of Missions, Good Will Centers, Rescue Homes and numerous other activities with this final object in mind. The Board's publication *"Southern Baptist Home Missions"* is designed to acquaint the Baptist people with both the need and the results of their work.

Dr. Samuel Courts Redford has been elected as secretary-treasurer of the Board to assume full responsibility for leadership in home mission activities January 1, 1954. He succeeds Dr. J. B. Lawrence who retires a the end of he fiscal year for 1953. We can be assured of strong leadership in the field of home misions as Dr. Redford begins his new task.

To make any venture a success we need the support of every Baptist in our convention. Home Missions needs Missionaries, money and our sincere prayers in their behalf. May we respond to the challenge afforded us by this great harvest by enabling the Home Mission Board to put in the sickle and reap.

The missionary to French Golden Meadow, Louisiana, S. T. Smith, aptly phrases it for us: "How long will God's people refuse to give to God what is His so that the lost souls here and elsewhere will be able to feast upon the Word of God?" The matter of "how long" is up to us.

EVANGELISM—1953

By W. C. Adkinson

Nothing can take the place of evangelism in the local churches of our Association. Evangelism keeps the spiritual fervor of the churches raised to a high pitch which is necessary to carry out the commandmants of our Lord when he said, "Go ye into all the world and preach the gospel to every creature." In Matthew 28:18, 19 "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you . . ." Thus our work in evangelism is a continual task. If every man, woman, and child were won to Christ in our generation, this whole work of Soul-winning would have to be done over with the next generation, as all people are born into the world lost in sin.

We are suggesting that every church in the Piedmont Association plan to have at least two revivals each year. Also to maintain a steady program of evangelism through planned personal soul-winning. Some of our churches have a Fisherman club; the members meet at stated times and go in groups of twos to visit the lost. A steady program of evangelism can be maintained through the Sunday School, with teachers busy at the job of soul-winning. During the next year with so much emphasis on the Sunday School, program of a "Million More in 54", the Sunday School will provide one of the greatest opportunities in Evangelism. It has been noted that when ever the Sunday School enrollment increased, the number of Baptisms also increased in proportion.

It is hoped that every church in our Association will plan now to enter the Simultaneous Evangelistic Crusade in 1955 which will be Southwide in its scope. This will extend over a period of four weeks to allow each Church and Pastor to plan for the evangelist so each church will have access to outside help.

M. Scott on the Lakewood Committee, then too, this committee should be chosen at this session to have more time to plan its task for the next Annual session." The report was adopted.

Upon the adoption of the following motion made by the Associational Clerk the Association was declared duly constituted: "Brother Moderator, I move that the messengers now registered and those who hereinafter may register and are qualified by their churches as messengers constitute the association now in session."

The committee was called to meet just before lunch.

The following visitors were recognized: R. B. Nelson, Chelyan, W. Va., I. Stuart McElroy, American Bible Society; and Judson Lennon, West Albemarle.

7. I. Stuart McElroy presented a report of the work of the American Bible Society. He pointed out that North Carolina was second to Virginia in gifts to the society but that there were two times as many Baptists in North Carolina. He cited Acts 1:8 as the reason for giving to the Society's work. He said that the Society was doing a good job but that it was meeting only about half of the world's needs. Brother McElroy then appealed for support through church budgets and Bible Sunday offerings.

8. Jerry Coffey, Royal Ambassador from the host church was presented to the Association. Brother Coffey, who was two times past honor camper at Junior RA Camp at Lakewood and runner up one other session, was to serve as page for the day.

He also pointed out the Kirkwood Fund Balance and the amount expended from the fund. Brother McKeel showed that $4,860.76 was given in aid to churches. He then presented the proposed budget for 1954-55 as printed

in the Book of Reports with the uping of the Lakewood amount $300.00 bringing the total budget to $19,054. He moved to adopt it. Clarence Nida seconded the motion and it carried.

(2) M. E. Suther presented the Lakewood report and a folder singing the praises of Lakewood. He moved the adoption of the report. Woodrow Robbins seconded and it was adopted. George Richman spoke to the report as a pastor who had participated in the Camps from the beginning. He called attention to a campfire program given by Mrs. Hoyle T. Allred at the last GA session as indicative of the way young people can be led through the Summer Camping Program to a closer walk with God.

(3) T. L. Sasser, Associational Missionary gave his report stating that he saw eleven times as much work to do now than he did eleven years ago and that he had eleven less years to do it. He called attention to population statistics in Guilford County—growth, urbanization, etc. He showed that 57% of our churches were urban and that there were unreached people in every community. He moved to adopt the report. After a second it carried.

12. Mrs. A. L. Parker, Jr. called attention to the Woman's Missionary Union report as printed in the book of reports and moved its adoption. Her motion prevailed. Mrs. Parker then presented Mrs. Luther Morphis, pastor's wife of Burgaw, North Carolina and returned missionary nurse from Nigeria. Mrs. Morphis gave some of her experiences on the mission field. She cited what she thought was sacrificial service on her part until she saw the sacrifice of native Christians. The missionary then called for actual sacrifice on the part of Piedmont Baptists in order that the gospel might go into all the world.

13. Dr. M. A. Huggins was presented to the Association by the Moderator. Dr. Huggins presented the following:

(1) Charts showing—Flowing of Co-op Program $ "The Sun never sets on the Baptist Co-op Program $."; The Upward Climb of the co-op $; A Good Financial Plan; and a Financial Plan for Our Church. Many of the pastors availed themselves of the supply of these charts which Brother Huggins made available.

(2) For the first time the Orphanage gets part of its support through the Co-operative program beginning January 1955. He asked that the churches keep in Budgeted amounts and the weekly offering for two or three years (a period of transition). He asked that when the amount was dropped to please increase gifts to the co-operative program.

(3) He then pointed out that Baptists were less Missionary than they were 10-13 years ago: Then $4,000,000. with .20 going to convention objects; now $29,000,000. with .16 to .17 going to convention objects. He asked that

the churches make an effort to increase their gifts by .03 on the dollar this year.

20. The Relief and Annuity Board report was given by Bro. Claud B. Bowen. After a movement for its adoption, it was adopted. Dr. Bowen introduced Mr. Edward Wall of the Internal Revenue Department who informed the association's pastors on how they could come under the "Old Age and Survivor's Benefits Plan" of the federal government. He stated that a pastor must comply within 2 years of date of eligibility or he would be ineligible and that once the pastor made application that it could not be recalled. He also showed that if a pastor entered the plan that it would in no way involve his church. Dr. Bowen then called on the pastors to accept the Social Security plan as a companion plan with

the plan offered by the Relief and Annuity Board. He pointed out with both plans in effect that the pastor at retirement would have a suitable retirement income.

21. Moderator called for Miscellaneous Business:

(4) The Resolutions Committee composed of Woodrow Robbins, Chairman; and E. O. Lankford, presented the following resolutions:

I. That we express our sincere gratitude to the Magnolia Street Church of Greensboro for entertaining the 61st meeting of the Piedmont Baptist Association on the first day of our association.

II. That we express our sincere thanks and appreciation to the program committee and to all who brought reports to this Association. Also that we express our appreciation for the presence of the visitors who helped in the fellowship and program of the Association.

III. That we express our appreciation to the GREENSBORO DAILY NEWS, GREENSBORO RECORD, and the HIGH POINT ENTERPRISE for their publicity given to this meeting.

IV. WHEREAS our day is characterized by a moral slump which is dangerous to our society; and

WHEREAS the churches of the Piedmont Baptist Association are vitally interested in the moral and spiritual life of our Association and State;

a. BE IT RESOLVED that the Piedmont Baptist Association continue to record their wholehearted approval of the noble work of the Allied Church League and that we continue to work in the closest possible association with them on behalf of civic righteousness and public morals, the outlawing of alcoholic beverages and for our State Legislature to give the people of North Carolina the right to vote on the alcoholic beverage question.

b. BE IT FURTHER RESOLVED that the Clerk of our Association voice our protest concerning advertising of alcoholic beverages by Radio, Television, daily papers, appealing to these agencies in our area to refuse to do such advertising and at the same time to help in the program of education concerning the evils of drink.

c. BE IT FURTHER RESOLVED that we protest the growing secularization of Sunday—The Lord's Day—and that our Associational Clerk be authorized to write to the City Councils of Greensboro and High Point and the County Commissioners of Guilford County (and any other county represented in our Association) and urge these bodies to prohibit all those commercial activities which lead to a further break down of Sunday.

WHEREAS there has been much written and spoken concerning the United States Supreme Court doing away with the racial segregation in our Public Schools and realizing how controversial an issue it is, we call upon our people to study carefully the pronouncements of the Southern Baptist Convention and the North Carolina Baptist State Convention, and that we seek to keep a calm spirit, a level head and a Christian attitude. Let us resolve always to be Christian in our attitudes and conduct twoard people of other races.

VI. WHEREAS Baptists believe that every church is free and indepdent, self-governing body; and

WHEREAS we realize that the Piedmont Baptist Association has no jurisdiction over the internal affairs of any church; and

WHEREAS Christian courtesy and love lead to a consideration of the influence and conduct of each church upon the other; and

WHEREAS the licensing and ordaining of preachers is one of great concern to each church;

BE IT RESOLVED that the Piedmont Baptist Association call upon each one of our churches to exercise the most careful consideration in this most vital act on the part of a church. And should one who has been licensed and/or ordained prove himself unworthy of his high and sacred office as a minister of the Gospel of Jesus Christ that the church withdraw his license and ordination.

The above resolutions were adopted and the clerk conformed to the wishes of the association by forwarding copies of the resolutions as called for above to the various agencies, newspapers, etc. involved on October 27th.

22. Brother A. L. Parker presented the report of the Allied Church League which was adopted. R. M. Hauss, Executive Director of the League spoke to the report. He cited the success which the Liquor Industry was having with its advertising campaign to persuade people to drink. For proof he offered the information that over $6 million was spent in Greensboro last year for alcoholic beverage. He showed that churches lost this engagement by default stating that the time to re-coup and do battle is now. Liquor, he said, has the money but the churches have God. He called upon the churches to observe Temperance Sunday the 1st Sunday in December. He stated Methodists must observe it and that Baptists ought to do it. In closing he said, "Beverage alcohol is taking more people out the back door of our churches than we can bring in the front door." He requested that our resolution committee act on his request for observance of temperance Sunday. The committee stated a resolution would be offered at the Second Day's session.

23. H. B. Anderson, Chairman, General Board, N. C. Baptist State Convention, was presented by the Moderator who commended the Program Committee for their excellence in work of securing Mr. Anderson and others. The Pastor of Grace Church, Durham, used Jude 3, Matt. 28:19,20 as background for his remarks which he also coupled with Psalm 34:3 "O magnify the Lord with me and let us exalt His name together" to present his message "Magnifying the Lord Through Our Denomination." He said we can do the job of magnifying the Lord better together than we could as individuals. He further stated that (1) We ought to be Baptists as individuals, (2) We ought to be Baptist churches and receive only Baptists, (3) We ought to work together as Baptists and meet the glorious opportunities that are before us. He stated that Christianity was not a luxury; that Jesus found that it costs everything and so did the early pioneer Christians. He cited the following incident as typical of the power of consecrated giving: "When the banks were carrying on a reorganization plan behind closed doors, the First Church, Greensboro was declaring a $1,000 monthly dividend to world missions. When God's people, brings God's money, to God's house, on God's day—we need never to fear starting something in Jesus name—the church is greater than the monied banks! Let us be workmen unashamed."

He emphasized the fact that three-fifths of the world's people could neither read nor write but in the U. S. the people who could read are reading! He substantiated his claim by the statistic that 50,000,000 people buy some daily paper every day. The editor then made the statement that since people were reading that they ought to read good literature. At this time he mentioned the 67 publications of the Souhern Baptist Sunday School Board and displayed samples of many of them. In connection with the latter he gave the humorous incident of the orphaned boy when asked how he was making out in the first grade replied, "I don't know. I can't read; can't write; and they won't let me talk." We can do it if we train our people to do it.."

33. W. A. Aydellette, general director of Baptist Brotherhood for the Piedmont Association, presented the report of the Brotherhood and spoke to the report by reading a letter from the Home Mission Board which outlined the Board's juvenile delinquent program. Mr. Aydelette asked that the Association go on record as supporting the plan which consists in the men of the Brotherhood offering their services to the courts as counselors and aids to delinquent children in an effort to lead them to the more abundant life in Christ Jesus. The association adopted the suggestion and the report. Mr. Aydelette intimated that the men of the Brotherhood would be asked to comply.

ASSOCIATIONAL ASSEMBLY

By M. E. Suther

During the Spring of 1954 your Lakewood committee planned, designed and built accommodations for eighty campers in the form of ten concrete cabins, at a total cost of $5,527.65, or $69.10 per sleeping space. We have had favorable comments from in and out of the association, complementing both the design and type of construction, indicating that these cabins compare favorably with other camps of similar nature. Your committee is gratified with this acceptance of the initial step in our building and improvement program for Lakewood.

The help of men from many of the churches in the construction of these cabins, and lunches served by the ladies, provided a major contribution for which the Committee expresses appreciation on behalf of the Association.

We are even more gratified by the increased use of the facilities, indicated by the following statistics of camp for the two Summers:

Campers	1953	1954	Increase	Percentage
Junior G. A.	45	87	42	93.3
Intermediate G. A.	19	41	22	115.7
Junior R. A.	51	58	27	12.7
Intermediate R. A.	9	26	17	188.9
Total Campers	124	212	88	71.
Part time program				
Leaders		5		
Sunbeams	153	234	81	53.6
	277	451	174	63.
W. M. U. Day Camp		137	137	
Total	277	588	311	112.3

Again the Eternal account is the most significent and for which your committee is most gratified and for which we praise the Lord:

SALVATION		LIFE DEDICATIONS	
G. A.	4	Intermediate G. A.	7
R. A.	6	Intermediate R. A.	3
Total	10	Total	10

In addition to these definite decision, there were nine who felt they definitely knew what they wanted their lives to be and twenty-two who said they would be willing to go anywhere and do anything the Lord wanted them to go or do.

We realize, of course, the most of these campers had been touched by other christian influences, but that decisions were made during camping periods more than justified the time, the labor and the money expended for its spiritual good upon so many.

Your committee's plans for additional building during the coming year, which are now only tentative and subject to your approval, call for a dining room and modernly equipped kitchen. Realization of these plans will be contingent upon sufficient funds, for which appeal will be made to the churches of the association. This will be another forward step in the long-range plan for a complete assembly ground for our association.

ASSOCIATIONAL MISSIONARY'S REPORT

To Piedmont Baptist Association
Annual Session October 21-22, 1954

Dear Brethren:

Herein I make my eleventh annual personal report as Associational Missionary.

As the years have passed the bigness of the task and the opportunities for service it affords has led to a personal conviction that is overwhelming. Despite the apparent progress many of the churches have made in evangelism and enlistment there are still very many thousands of unreached and unenlisted people whom the churches of the Association should minister to and strengthen.

Developing the churches already established and constituting new churches in strategic places is the two-fold objective of the Association. Both phases of the work are imperative and urgent. More local churches are needed to win the unevangelized. I think the following observation carries its own point.

There were 28075 members of Piedmont Association churches on September 30, 1953. Of these 1468 had been baptized within the year closing on that date. This means that 26607 won 1468 during the year. On that date 33 of the churches were less than 11 years old. These 33 churches baptized 509 during the year and had a total of 4920 members on September 30, 1953. The other 43 churches of the Association from 12 to 128 years old baptized 959 members during the year and had 23155 members on September 30, 1953. This shows that the churches less than 11 years old baptized 1 to 8.6 and the churches more than 11 years old baptized 1 to 23.1 during the year. Counting all the churches of the Association the churches baptized 1 to 19.1. this test has been applied on other occasions and has proven that the younger or newer churches are more effective in evangelism.

My personal activities during the year now closing are revealed in part by the following summary.

Days on the Field	337
Days on other Fields for State and Home Boards	14
Miles Travelled	32698
Personal Conferences with Individuals on Work	469
Pastors' Conferences Attended	54
Group Conferences Attended or Participated In	85

Mission Fields Surveyed	12
Visits to Churches	171
Sermons Delivered	59
Addresses Delivered	37
Other Services Participated In	48
Constitution of New Churches Participated In	1
Southern Baptist Meeting Attended	2

I wish to express my sincere thanks to all the people of the churches for their many kindnesses and their cooperation through this and former years.

Respectfully submitted,
T. L. SASSER

ASSOCIATIONAL WOMAN'S MISSIONARY UNION

By Mrs. LeRoy Parker

The work that is being done in the 56 churches by the women through Woman's Missionary Union is noteworthy and encouraging. Of this number One Society is only three months old, but this is the beginning of a good work at Jones Memorial Church. There are still twenty churches without organized Woman's Missionary work. Each Associational Officer is striving to help where help is asked. There have been two outstanding Associational gatherings since the new slate of officers was installed. One was at Lakewood in July with 137 ladies present from 21 churches. This day camp was highlighted by a State Mission address by Dr. Spivey. On Sept. 30th our Annual Leadership Conference was held. There was a day meeting and a night meeting duplicating the program at each session. Two hundred and seventeen ladies and men from thirty one churches gathered to be instructed in their work for the New Year. We believe that the growth of our organization and development of our youth will depend largely upon how well our leadership is trained.

The interest of our organization in Associational Missions work has been made manifest by the Community Missions project directed by our chairman, Mrs. Robert Barbee. Reports show that $1,250.55 was contributed toward the erection of the cabins at Lakewood.

Endeavoring to carry out the purpose of Waman's Missionary Union our Mission Study Chairman, Mrs. W. S. Creech has planned conferences and institutes to instruct and inspire teachers to present the study of Missions in such a way that all will want to give and pray and some will want to go as Missionaries. Women and Young people have continued to read and to study about our work throughout the world.

Mrs. Ronald Wall, Stewardship Chairman reports that Woman's Missionary Union has ever had as one of it's goals to teach it's members to be faithful stewards. In this past year our women in this Association have been promoting this work through planned stewardship programs in our young peoples' organizations, Sunbeams, Girls' Auxiliaries, Royal Ambassadors, and Young Woman's Auxiliary; through stewardship devotionals in our societies, and through mission study classes. We are glad to report that we have on record 307 new tithers, 42 study classes, 12 churches observing the night of stewardship, and 2,577 of our members giving through the co-operative program this past year. During the coming year we are hoping and praying for an even more effective work.

Mrs. Hoyle Allred, our Young People's Director reports that:

Our young people's work has continued to grow during the past year. We now have 163 young people's organizations, in 45 churches, with over 2,000 young people enrolled.

The camping program is keeping pace with the improved facilities at Lakewood and again this year there was a camp for every group of our W. M. U. children, and attendance set the following new records:

	Children	Adults	Total
Jr. R. A. Camp	50	8	58
Int. R. A. Camp	19	7	26
Jr. G. A. Camp	73	14	87
Int. G. A. Camp	33	8	41
Subeams—Pre-school	36	17	53
Sunbeams—Primary	143	38	181
Totals	354	92	446

Far more important than the large number attending was the fine spiritual program and the response of the young people in all the camps. Among the Intermediates there were 7 professions of faith and 10 Life Dedications. In the Junior camps there were 3 professions of faith and 29 decisions as to willingness to follow the Lord's leading for their lives in the years ahead. Many others made rededications There is no way to estimate the far-reaching results of such camping programs.

This year we lost our very capable G. A. Counselor, Mrs. Raymond Wagoner, of Reidsville, by reason of withdrawal of her church from our Association. We are happy to welcome Mrs. Hugh Smart of High Point as our new G. A. Counselor. All of the Associational Counselors have served faithfully and well in every face of the work and in particular with respect to the planning and carrying out of our camp program. The other Counselors are: Sunbeam, Mrs. H. D. Minnis; R. A., Rev. Ernest Holt; Y. W. A., Mrs. H. F. Robinette; and Young People's Secretary, Mrs Juanita Scott.

All of the work done through our organization has been done because of the willingness of all to cooperate, pray, give and work. We are grateful to each one who serves in each church and as officers, chairmen and group leaders in our Associational program.

NORTH CAROLINA BAPTIST HOSPITAL

By Clarence Nida

This is a year of enlargement for our Baptist Hospital. This was the greatest year in its history as more people were cared for than any other time. The new South Wing, about half of which is complete and in use, provided new and enlarged facilities so that about 14,000 bed patients received treatment, while other thousands were seen in the clinics.

Samaritan service was rendered by our Hospital in the relieving of suffering and the saving of life, with many thousands who came unable to pay the full cost of the care they received. Our hospital gives aid and provides services for persons who cannot pay for it, as well as for those who can pay in full. This is where our churches share in this ministry of healing. The hospital has no money except what patients pay or what our churches give.

The enlargement of the hospital made possible the enlarging of the school of nursing. Superior training is provided for doctors, nurses, technicians, pastors and Christian workers. The hospital is concerned not only with the meeting of the physical need, but also the spiritual welfare of the patient, as trained hospital chaplains give themselves to counseling, comforting and personal evangelism.

There is an increasing call for help. There are multitudes that need the help of our hospital. If this call is to be answered, if the desperate needs of many about us are to be met, it will mean the expansion of our churches' Samaritan vision and the enlargement of our support of the North Carolina Baptist Hospital.

NORTH CAROLINA BAPTIST HOMES FOR THE AGING

By J. Wayne Levan

The youngest member of our Baptist family is the Home for the Aging. Only for the past four years have the Baptists of this state realized the great opportunities to be found in this most worthy program for our aging Baptists people. We have neglected this field of service until the last few years and even now there are many who would like to and need care in an institution of this nature but are unable to obtain it. Last year we couldhave cared for more than two hundred if money and space had been available. However, we are glad and rejoice over the growing interest since this work came to life as a member of the Baptist Family of institutions in North Carolina. The four years have been marked by progress in this work. During the past associational year we have seen the most progress of any one year and there are signs of God's continued blessings upon this program.

The Home at Albemarle. A great move forward was the opening of the Albemarle Home, December 7, 1953, which provided space for 34 more residents; when added to the Resthaven total, brings the total capacity of the two homes to 54 residents. The purchase price of the property at Albemarle was $25,000. This included the Hospital and Nurses buildings and three acres of land. The cost of renovation was about $75,000, thus making the total cost $100,000. With the value of equipment donated, the property is now worth at least $300,000. The reverend Zeb A. Caudle, former pastor of the First Church, Aberdeen, was selected to serve as superintendent of the Albemarle Home. The program of service is pleasing to all who are acquainted with the Home.

Resthaven, Winston-Salem. This home began operation March 16, 1951 and was operated alone until the December 1953 opening of the home in Albemarle. It has been filled to its 20 resident capacity throughout the year. Although the ages in both homes range from 67 to 94 years, there has been no death within the past year. The greatest loss came with the retirement of Mis Edna L. Heinzerling, supervisor of Resthaven since its opening. Mrs. Ethel Fulghum, a resident of Resthaven, was elected as temporary supervisor.

A tract of 34 acres of land, just outside of the city limits of Winston-Salem, was purchased in 1953 for a central site for new buildings. The cost was $25,000. A topographical map has been made and an architect engaged to sketch types of buildings to be erected on the site as money and circumstances will permit. It is the intention of the trustees, however, to proceed with one building at a time. The first unit will furnish space for additional residents and for offices, chapel, infirmary, laundry, refrigeration, etc. It is hoped that construction of the first unit can get under way within a year.

February Offerings. The second special offering, February 21, 1953 was encouraging. Total amount will be about $65,000 to $75,000. In addition the Homes received $21,000 as their share of the Nine-Year Program of Advance. Word has come concerning wills which include gifts for the Homes. At least one will was probated in 1954, from which estate the Homes will receive $2,000. But the most encouraging progress has been the wonderful response of the churches. The residents and all who serve in the Homes are deeply grateful for the help received thus far and covet the prayers and continued support of all Baptists in this state.

Recommendation. It is requested that an Associational Representative be elected at this sessions and the name be sent to General Supt. J. M. Hayes, Kentucky Avenue, Winston-Salem, North Carolina.

REPORT OF RELIEF AND ANNUITY BOARD

By Claud B. Bowen

Time marches on. With every succeeding year a minister thinks more and more about his financial security, including his obligations to his family.

The Southern Baptist Convention organized the Relief and Annuity Board thirty-five years ago and it has had "a glorious history". The report of the anniversary year shows that all records have been broken, using six standards of measurement, namely:

1. New Business Written
2. Total Income Received
3. Total Benefits Paid
4. Increase in Assets
5. Investment Income Earned
6. Increase in Reserves

Facts in figures for these items may be found in the 1954 annual, page 312. Other facts can be found on page 154 of our North Carolina Baptist State Convention report for the year ending 1953. It is interesting to see that 1200 cerificates have been issued out of 2864 pastor-possibilities. Also we note that 1239 churches out of 3064 in the state are cooperating with the plan.

Our Secretary, Dr. M. A. Huggins, has stated in a pamphlet the three-fold purpose of the Ministers' Retirement Plan for ministers and church employees and the Widow's Supplemental Annuity Plan in the following way.

1. To provide annuities for ministers and church employees who participate in the plan when they reach retirement age, 65, or at any period they may retire after reaching that age and an annuity to the widow;
2. To provide disability annuity if such disability occurs at any time prior to age 65;
3. To provide an annuity for the widow in the event of the death of the member before reaching age 65.

It is so designed that each church a pastor serves during his participation in the plan has a share in providing something for his old age. If it is good to provide for pastors in their old age, it would seem good for all churches he serves during his ministry, whether they be five or twenty-five, to have some share in providing an annuity for him. That is exactly what the Ministers' Retirement Plan does. In this way the burden of caring for a minister does not fall on the last church served.

The two plans cost about 12% of the salary. Of this 12% the minister is asked to pay only 5½%. The churches provide an additional 4% and the Convention pays 2½%. It is believed that the churches will gladly pay their part if they understand the plan.

The Raleigh office is ready to furnish necessary information to pastors, deacons, members of finance committees, and to wives of ministers. Convention staff members are ready to visit a church to help explain the plan.

This program should be supported by all Baptist churches.

ALLIED CHURCH LEAGUE REPORT FOR 1954

By A. L. Parker

During the year Alamance and Johnston Counties voted on ABC stores and both went Dry by large majorities. Town Beer and Wine elections were held in Valdese, Carthage and Hope Mills. The drys won all three by overwhelming majorities. Due to the Primary and General elections, it was impossible for other counties or cities to vote. Beer and Wine elections are scheduled for Haywood and Davidson Counties in January and February respectively. Efforts are being made to vote out beer and wine in towns in Dry counties.

Summary:	Liquor	Wine	Beer
Dry Counties	70	50	48
Wet Counties	30	50	52
Wet Municipalities	6	16	18

Since 1954 was election year, our Committee on Good Government, has made special effort to get candidates to the General Assembly who were favorable to a State-wide Referendum, opposed to legalized gambling, opposed to special legislation and opposed to the so called "Gag-rule". From all indications the Drys will have a larger majority in both House and Senate than in 1953. Baring the stacking of Committees to which liquor legislation is referred, the opportunity for a State wide vote on the liquor question looks more favorable than previous sessions.

The Allied Church League has promoted an active program of temperance education in the churches and public schools. Greater interest is being shown by our various denominations in alcohol education. More courses are being taught in our summer assemblies and many of our colleges are giving emphasis to alcohol education in their curriculum. Courses were taught in Pastor's Schools this year and Seminars were held in several parts of the state for Church Leaders. Many Youth Groups held District wide Seminars on Alcohol Education with more interest being shown in this phase of our work than at any time in the past several years. A new interest has been aroused in our local churches and more stress is being laid on proper instruction in our temperance lessons in the church schools. More churches are using visual aids in promoting temperance programs and our films have been in constant demand. The League is working with the State Department of Education in seeing that alcohol education is being properly presented to our young people. The State Department has assigned a person to supervise alcohol education in the public schools and the supervisor of public instruction has promised that greater emphasis will be given to this phase of education. We commend Dr. Carroll for his efforts and pledge to him the full support of the League.

Temperance Sunday and Commitment Day was observed on the first Sunday in December last year. Reports indicate all denominations participated in the state-wide program. Plans are under way for the 1954 Temperance Sunday which will be held on December 5th. Each church is urged to set up a Committee on Temperance and begin immediately to plan programs for that Day.

More than 10,000 copies of "To-morrow" are being received by our church people each month. Practically all ministers and every school library in the State are receiving our publication. We feel that our message is being carried to many people and that this free service has been instrumental in bringing about the increased interest in our cause shown throughout the State. We urge each pastor to put "To-morrow" in every church home.

DENOMINATIONAL LITERATURE

By Dewey Armstrong

In these days of advanced education when the old red school no longer exists and every child has the opportunity of a high school education and every person can read and write, some, however, are not careful what they write! Proof of this is to be found on every news stand: **Whiz Bang, Hot Dog, Horror, Perfect Crime, Murder Comics, True Love, True Story, True Sex, Confession, etc.**

We cannot dictate what is to be written, however, we can select what we are to read. Most certainly our first selection should be the Bible which is the word of God. There are other books which have the Bible for a background and there are those which have the Bible as a foreground. It is my sincere conviction that the books which have the Bible as a foreground and Jesus Christ as their hero are the reading we should choose for our reading.

We most heartily recommend our two State Baptist papers, **Charity and Children** and **Biblical Recorder**, and any of the more than a dozen publications of our Southern Baptist Sunday School Board as good reading. We especially advise that our Sunday Schools use the literature published by our own denomination such as **The Builder,** departmental quarterlies and helps for teachers which are fundamental, sound in the faith biblical reading.

ORPHANAGE REPORT

By George H. Wallace

It is always a pleasure as well as a privilege to write the report of our Baptist Orphanage. Because it is so dear to the hearts of all North Carolina Baptist. It is a joy to tell how nearly 700 homeless children were cared for in our Mills Home and Kennedy Home last year.

With a feeling of pardonable pride we look upon the beautiful New Church Building and the Recreational Center which were completed at Mills Home in 1953. The same feeling grips our hearts as we look forward to the completion of the New Church Building at Kennedy Home. Let us rejoice that special friends have made these buildings possible and that now for the first time our children will have adequate places to play and to worship. We should also thank God that our homeless children are privileged to grow up in a spiritual atmosphere.

Charity and Children, our Orphanage publication which has become a tradition with most of us, continues to grow in size and influence. Under the able and consecrated leadership of editor J. Marse Grant, Charity and Children has attained an all-time high in circulation of more than 46,000 copies each week. Charity and Children has one of the lowest subscription rates and is one of the best sources of Orphanage and Baptist information of any publication in the South. No Baptist church can afford to be without 10, 20 or more copies of this publication each week.

From Dr. Reed's report we learn that North Carolina Baptist continue to support their Orphanage well. Our churches through the Once-a-Month offering and the Thanksgiving offering are meeting the challenge of the homeless children in our midst. We can always expect God to bless us when we minister to those who can't help themselves.

The new plan of Orphanage support will go into operation Jan. 1, 1955. This plan gives any church the privilege to send all its funds except the Thanksgiving offering through the Cooperative Program if it so desires. However, the General Board and the Executive Secretary of the Convention make the following recommendations: First, the churches that now take the Once-a-Month offering continue this plan. Second, that churches which have the Orphanage in the budget for a certain amount be encouraged to continue this same method during the period of transition.

The Thanksgiving offering will be continued just as before. Each church is urged to give the people a chance to make a Thanksgiving offering. Each person is urged to give at least one day's pay as a "Thank offering" for the support of the dependent children for whom Baptists are responsible. These children are wholly dependant upon North Carolina Baptist for their chance in life. We must not, we will not fail them.

RADIO AND TELEVISION COMMISSION

By George Richman

The first part of the Commission given to the church by our Lord is "Go ye into all the world and preach the Gospel." One of the best, and quickest ways is through the medium of radio and television.

The local church programs are reaching thousands every week. The devotional periods on the radio and television are blessing multitudes. If these two mediums are the devils instruments as many have said, then the devil has had them long enough. Let us use them for the Lord's glory!

The Radio Commission of the Southern Baptist Convention changed its name officially to "The Radio and Television Commission" this year. The work has been greatly enlarged and expanded during the last ten months and is due to the great vision which the new director, Rev. Paul M. Stevens, seems to have. He decided that the Commission must set its sight on television for the future but the big effort for the time being must be the Baptist Hour.

Enlarging the scope of "The Baptist Hour" took precedence over TV and subsequent efforts put the radio on more than 400 radio stations for the first six months of the year.

It is not enough to state proudly that the "Baptist Hour" is now on 390 radio stations in 36 states, and 8 foreign countries—more than ever before in the history of the Commission. Every effort must now be made to make this program more effective and to beam it toward the large population areas of the nation.

Television has already begun. Actual shooting of the first 30 minute television film began the second week in July. This will be a pilot film to head a proposed series of films to launch Southern Baptists into television on a regular basis for the first time. Costs of this one film ran to $27,500. The Radio and Television Commission and the Baptist Sunday School Board at Nashville are cooperating as far as possible in the production and use of the films. Already several films which you may have had in your churches are being retitled and made the proper length for television stations. This of course will be carried out by the Commission and official television agents for the Convention.

More than half the families in America now own television sets. Television Stations want good religious films and live programs. If Southern Baptists will furnish them, we will make great strides toward further evangelizing the nation's unsaved masses.

"Frontiers of Faith" a weekly NBC-TV program will again feature Southern Baptists. The course of the year including the latter part of 1953, Southern Baptists sponsored two other NBC programs, one CBS "Church of the Air" program and two "Faith in Action" radio programs for NBC. All in all there is a decided increase in demand by these large networks for more of Southern Baptists' Christianity.

And then last but not least is the "Bible Story Time", a local 15 minute TV feature for children, produced by the Radio and Television Commission's WSB-TV station in Atlanta. This program has been very popular with Christians in that area and a real blessing to children.

The apostle Paul said, "Press on toward the Mark." Let us use these media and others for the proclamation of the unsearchable riches of the Lord Jesus Christ.

TRAINING UNION

By S. C. Ray

We continue to recognize in the Training Union one of the important functions of our Baptist churches. Every Baptist church ought to have a program of training for its membership. Never before in history have we seen so clearly the need for trained Christians. The training Union seeks through its program of study and activity to make church members useful church members.

Twenty-three of the churches in Piedmont Association do not have Training Union organizations. We feel that these twenty-three churches would be better churches if they particpiated in the program of training sponsored by our convention.

Commendation should go again this year to associational director Carl Bell for a job well done. He is completing his eighteenth year as director. He has given of his time and efforts unselfishly and willingly. Many of our Piedmont churches have been strengthened because of his efforts.

The Training Union program of our state convention moves forward. Records show that last year was the best year in many respects—enrolment, attendance at assemblies, and the number of awards attained by members.

Our Training Unions can have a great deal to do with assimilating the new members that will be gained by our churches in the 1955 evangelistic crusades.

THE BAPTIST BROTHERHOOD

By W. A. Aydelette

The Brotherhood continues to grow each year in achievements. The past year was no exception.

The Southern Baptist Convention annual revals that a total gain of 13.3 percent in Brotherhood membership was made throughout the Convention. This is an increase of 28,432 men during the last twelve months. A great advance came also on the associational level. Now 50% of the associations are organized for Brotherhood work.

Probably the most important single event in the activities of the Brotherhood was the report of the committee to study the probems involved in Brotherhood taking over the sponsorship of the Royal Ambassanors.

It was decided to transfer the Royal Ambassadors to the sponsorship of the Brotherhood from the Woman's Missionary Union.

A full time secretary will be appointed to direct the promotion of this work. For a three year period the WMU will pay $10,000 per year for salary, travel and promotion expense.

During this three year period the sponsorship will be under a joint Brotherhood and WMU committee. At the end of the three year period the transfer of RA work to the Brotherhood will be consummated.

FOREIGN MISSIONS REPORT

By A. H. Dunning

Doctor Walt N. Johnson once remarked, "A Christian should study with a Bible in one hand and a map of the world in the other." This was his method of reminding us of the world's needs for the gospel of Christ. No report on foreign missions should begin or end without that urgent appeal to take the world look for Christ today.

You can have for the asking a well prepared, concise world look at missions as they concern Baptists today by writing to your Foreign Mission Board in Richmond, Va., and request a copy of the little booklet, KNOW YOUR BAPTIST MISSIONS. Secure a copy for the leaders of your church for further study on Foreign Missions.

For example, we learn from this source the heart rendering need for help in Nigeria today. Nigeria—that land inhabited by more than 26,000,000 souls, 10,000 of whom are white, that country as large in areas as Texas and Oklahoma, and yet these millions of people have only 51 couples, 48 single missionaries, and 148 appointees, a number far less than that of the workers in our own churches of the Piedmont Association alone. What are we to do about situations like this?

Or, if you are interested in what Baptists will do in Europe tomorrow, you will learn the overwhelming odds against us when our Southern Baptist Seminary located in Switzerland is training approximately 50 students gathered from all of Europe representing our higher education for some 550,000,000 people. But it is a start. Let us pray that God will mightily use his nucleus there in that hot-bed of turmoil and conflict that is always prevalent in that part of the world.

Maybe we need a quick glance toward our own possession, Hawaii. Here, with its ten islands and half a million souls, we are content to entrust 44 missionaries to the task of converting 500,000 to Christ. Remember, Christ on these islands will assure us a beach-head among the orientals later.

Although Japan sheds the brightest spot of light and hope for the cause of Christ in the far east, we are moved to tears and anxiety when Russia and China are named, and yet, we must keep looking for the slightest break in the clouds even there, and be ever on the alert for our Master's sake.

To come nearer home we go south of the border to learn that Mexico with the land area equal to all the states east of the Mississippi, and with a population of 24½ million people, is learning the story of Christ as we are taught to teach it, with the small force of 12 couples and 3 single missionaries. What an urgent need for the work of God-fearing people! How shall we, acceptably to God, answer this challenge?

Space will only permit to remind you of India's 362,000,000 poverty stricken, hungry souls, with a supposedly free form of government, and only last year all Baptists visas were cancelled. This year, Spain with its 28,600,000 people practically closed the door in our face with the charge that we were trying to interfere with other religions.

All too often the study of foreign missions reveals too little attempted too late, but we can't lose still more ground by grieving over that. We must become **World Mission Minded** by study, precept and example; by including in our church activity more mission centered programs, by becoming acquainted with our foreign mission program and following their leadership, by consecrating our own lives and making ourselves available for the Lord's call for our own service, and by following expressly the command of our Lord as set forth in Matthew 28:19-20.

HOME MISSIONS

By C. K. Rand

Under the leadership of Dr. Courts Redford, the Home Mission Board is expanding it's work: On March 1st, 1954, Rev. W. E. Burke, a former Roman Catholic priest was added to the staff of Field Missionaries. Rev. Burke is well-known for his ability to instruct and help young people who are planning to marry Roman Catholics.

"Soul-Winning"!

In the last year, over 31,000 souls were won to Christ by the efforts of the Home Board missionaries. Professions of faith reported by Baptist Chaplains numbered 17,912, and baptisms reported in evangelism crusades led by members of the evangelistic staff numbered 6,140; making a grand total of conversions reported under either direct or indirect ministry of home missionaries 55,901.

"The West"!

The Home Board has set up a fund to help small churches in the West. There are cities in California, with over 100,000 in population; that do not have a single Baptist Church. The Board is assisting to establish Churches in these needy sections.

The Home Mission Board is winning untold numbers of former Roman Catholics to a personal experience with Jesus Christ. In Texas and Louisiana, there are large mission fields that await our evangelistic efforts.

"Rescue Homes In New Orleans"

The Baptist Rescue Mission in New Orleans is the largest Rescue Mission in the South. There, over 17,000 men are cared for each year, with an average of 350 men making a profession of faith in Christ.

A new work has been started—The Good Samaritan Home—a home for women who are stranded in New Orleans. This work has a fine record, and many a woman has been saved from prostitution, thanks to this home.

The Women's Emergency Home is a home for un-wed mothers, and has been a haven of refuge for many a miserable, heart-sick girl.

The Home Mission Board needs the prayers and support of every Baptist. They urge that we give through the Cooperative Program.

ASSOCIATIONAL SUNDAY SCHOOL

By Howard B. Foshee

The year 1954 will long be remembered in Southern Baptist Sunday School history. Although it will be several months before all of the records will be compiled, present indications point to the largest growth ever in a one year period.

The theme "A Million More in '54" has echoed throughout the Southern Baptist Convention. Class Sunday Schools have moved up to department units. New classes have been organized where it was once thought impossible. New leaders have been enlisted and trained from individuals whose potential had previously been overlooked.

What will be results of this tremendous Sunday School effort? We can hold on to these new members and train them or they can gradually drift away.

If we follow the plan outlined by the Sunday School department these additional members will be held and developed. The battle cry for 1955 is "Let Us Go On." With these potential converts already enrolled in Sunday School a great harvest should be the result during the coming "evangelistic crusade.'

EVANGELISM

By Neil J. Armstrong

Much has been said about Evangelism. We all have made our minds up about what we think of Evangelism. But I feel we have looked on the surface and not into the heart of "CHURCH CENTERED EVANGELISM." Satan dislikes all forms of Evangelism. And I am sure that he will do everything he can to do away with it. I feel he hates "CHURCH CENTERED EVANGELISM" worse than any other kind.

Strictly speaking, Evangelism means winning to Christ by a proclamation of the evangel, the good news of the Christ. It carries the idea of the simple process of bringing to Christ; it speaks of the glorious work of bringing to discipleship, of the initial bringing into the Kingdom of Grace. It can hardly be said to embrace the preparatory processes which are essential to an early and full surrender to Christ, as it does not include the later measures of training and culture which are essential to the rounded completeness of Christian life and character.

NEW TESTAMENT EVANGELISM PUTS THE CROSS OF JESUS ALWAYS AT THE CENTER. It offered as the sole hope for a wayward and sinning humanity the sacrificial death of Jesus. Under all conditions and with all people it sounded this note. But, we let the New Testament Scriptures speak for themselves.

> And as Moses lifed up the serpent in the wilderness,
> even so must the Son of man be lifted up; that whosoever
> believeth in him should not perish, but have eternal
> life (John 3:14,15).
> And I, if I be lifted up from the earth, will draw all
> men unto me (John 12:32).

Any gospel, that ignores the cross in it's relation to sin is unfit to cope with the actual case of the world, its giant souls and hearty sinners. Without the message of the cross our message is a very lovely song of one that has a pleasant voice and can play well on an instrument. And the people hear and do not. They are enchanted but not changed.

NEW TESTAMENT EVANGELISM LED PEOPLE TO ENTER EARNESTLY INTO THE SPIRIT OF JESUS' TEACHINGS AND TO APPLY HIS TEACHINGS IN DAILY LIFE. In New Testament times, believers were friends, imitators, followers of Jesus. Men were expected not so much to subscribe to a creed as they were asked to join themselves to the living Christ and to walk with him in his way of living. This was the test which Jesus imposed:

> "Whosoever heareth these words of mine, and doeth them" (Matt. 7:24).

In this connection we may well ponder the words of Jesus to John's disciples: "Go and tell John the THINGS WHICH YE HAVE SEEN AND HEARD." Christianity in New Testament times was something which could be seen and heard. New Testament Evangelism led men to do and be.

NEW TESTAMENT EVANGELISM BUILT UPON CAREFULY LAID FOUNDATIONS. New Testament Evangelism sought out men and women who were devout and expectant, men and women in whom had been wrought careful preparation. Such were the people to whom Jesus gave himself most largely and on whom he relied to reproduce and extend his own Evangelism. That which Paul said to Timothy could have been said with equal propriety of the disciples of Jesus and of practically all his followers who had part in extending the appeal of Christ.

"From a child thou hast known the Holy Scriptures" (II Tim. 3:15). The success and value of any Evangelism must depend upon the material upon which it is permitted to operate. **A necessary element in Evangelism is the preparation which is made for it.**

NEW TESTAMENT EVANGELISM MADE MUCH OF CHRIST'S CHURCHES. Jesus himself centered his labors on the founding of his church. As He marched toward the cross his church loomed before him. His church was constantly in his thinking. To his church he was to commit his gospel.

This is Evangelism which is by the church, and through the church and for the church. In a word, it is by the body of Christ, through the body of Christ and for the body of Christ. This Evangelism deserves to rank first and highest in all efforts to publish the good tidings. Thus a given church may prepare for Christ, win to Christ and train in Christ. It is good for the lost to find Christ in Christ's church. THIS IS NORMAL NEW TESTAMENT EVANGELISM.

CHRISTIAN EDUCATION

By Jack Roe

For the graduating high-school senior who is truly seeking a Christian Education, a Christian school should be chosen for that important period of higher, formal learning. Particularly, for that graduating high-school senior who is a Baptist and is seeking a Christian Education, one of the seven Baptist Colleges, of which North Carolina is so proud, should certainly, above all others be singled out. Quite often, it is necessary for these students to be channeled in this direction, but those who are, cannot help but be forever grateful for the opportunity offered in such surroundings. Not only is the training Christian, but more than that, it is Baptistic.

We need to remember that we are Southern Baptists, and that because we are, we support with our students, as well as with our money, six theological seminaries and the Carver School of Missions and Social Work. Statistically speaking, in the last school year these seven seminaries enrolled almost 5,000 students. Other than these seminaries there are in our convention territory, 52 junior and senior colleges, and 10 academies and Bible schools enrolling well over 52,000 students, but only our seminaries receive financial support from a Southern Baptist Convention. The colleges and academies are state supported.

We should be grateful to know that in the 1953-54 academic year, there was an increase of 6 per cent in total enrollments of regular students in Southern Baptist educational institutions. The increase was greatest (14%) in the seminaries, during a period when enrollments in seminaries throughout the United States decreased by 10.8%, according to the U. S. Dept. of Health, Education and Welfare. It is encouraging to know that we are growing, not only in number, but in levels of higher learning and Baptistic inference, as well.

Perhaps the most heartening sign on the educational horizon for Southern Baptists is the growing tide of interest in our educational institutions . . . at the level of the local church. Throughout the Convention territory, increasing attention is being given to the pre-college guidance of boys and girls in the churches, to the advantages of the Christian college, and to the matter of proper support and wise operation of our colleges and schools.

The North Carolina Baptist Council on Christian Education feels that we, as North Carolina Baptists, have a great deal of which to be proud in our seven Baptist colleges, with their geographical locations, now receiving support from the Baptist State Convention. There are 5,000 students enrolled annually in these seven instiutions. 400 of these are being trained for the Baptist ministry, and an additional 250 are student volunteers for other full-time Christian services. Each year some 600 students are being graduated from the two senior colleges, and 500 from the junior colleges. 400 officers and teachers work as full-time employeees in the seven institutions. The responsibility for the operation of each of these colleges is vested in a Board of Trustees named by the Baptist State Convention. They have a net plant value of $15,000,000 and an annual operating expenditure of $3,000,000. The Nine-Year Program of the Baptists of North Carolina provides for the expenditure of $8,125,000 for plant additions and improvements, and an annual operating fund of $450,000, or approximately $100 per student. From funds contributed by the Baptist churches in North Carolina through the Cooperative Program, our colleges will have received approximately the following amounts for current operating costs in 1954: Wake Forest, $115,676; Meredith, $93,720; Mars Hill, $73,810; Gardner-Webb, $40,012; Campbell, $44,110; Wingate, $22,357; and Chowan, $20,488.

Perhaps the high-light of this year in academic happenings, was the first graduation exercises of the new Southeastern Seminary on the Wake Forest campus the last week in April. Another highlight to which we may look forward is the fact that Wake Forest College will be in its new home by 1956. Another high-light concerns Mars Hill College. When President Blackwell and his associates began to talk about the Centennial celebration in 1956, they announced a program which seemed to be impossible of realization. Today, with a new library building and new boy's dormitory under construction and sufficient funds almost in sight for the R. L. Moore Memorial Auditorium, it is now very evident that by 1956 the announced program will be realized in full and that Mars Hill College will occupy an enviable position among the great junior colleges of America.

In a day when the lot of denominational colleges and seminaries in general is becoming more and more difficult, it is reason for thanksgiving that Southern Baptist educational institutions are going forward—in enrollment, in support, in academic growth, and in their relation to the denomination and to each other. Their progress is far from rapid enough, however, to prepare them for the demands which will be made upon them in the next decade. More support, more encouragement, more effort in their behalf by Southern Baptists as a whole is necessary if our colleges and schools are to meet the challenge of the future.

J. CLAUDE CREASON

To Whom This Volume of the ANNUAL Is Dedicated

Rev. Claude Creason was a beloved pastor in the Piedmont Association, the Pastor of Guilford Baptist Church. Claude was accidently drowned this past summer. The words of this dedication are taken from the funeral sermon delivered by Rev. T. L. Sasser, the Associational Missionary.

> "All of us who knew Claude Creason have observed in his life the unmistakable marks of nobility of character. The first of these was his sense of values. He was a merchantman. He sought goodly pearls. He found the one of great price, sold all his possessions and bought it. The second was his love for all people. This was dominant in his soul. In the heart of a Christian, love suffereth long and is kind, it envieth not, it vaunteth not itself, is not puffed up. It does not behave itself unseemly, seeketh not its own, is not easily provoked, thinketh no evil; rejoiceth not in iniquity, but rejoiceth in the truth; beareth all things, believeth all things, hopeth all things, endureth all things. It never faileth. This is a true description of the love dominant in Claude Creason. He was chaste in his life, exemplary in his conduct and refined in conversation. He was strong in his convictions, his ideals were high and he lived up to them."

TO THE PIEDMONT ASSOCIATION

WHEREAS the decision of the Supreme Court of North Carolina in the North Rocky Mount Baptist Church case has caused considerable confusion as to what the true customs, doctrines, practices, and usages of Misssionary Baptist Churches have been, and WHEREAS it seems advisable and to the best interest of the denomination and of all the Baptist churches in the state that this confusion be cleared up, THEREFORE, be it resolved by the Piedmont Baptist Association, in its annual session assembled at the First Baptist Church of High Point, **that we affirm the traditional Baptist principle of majority rule in all matters,** regardless of a church's affiliation with the association or convention, which affiliation is purely voluntary,—which principle has been abundantly set forth in many recognized Baptist writings, as for example in the following statements:

> "There is no such thing as 'The Baptist Church' in the sense that one may speak of 'The Methodist Church' or 'The Presbyterian Church'. 'The Baptist Church' is one local congregation, that and nothing more. When, therefore, these churches joined forces they did not surrender ,and do not now surrender any of their autonomy." From
> M. A. Huggins, **North Carolina For Christ,** pp. 64, 65.

> "Each church is free and independent. The members of the church meet in executive session and draft their own constitution, write their own by-laws, elect their own officers, and conduct their affairs as they choose. The church is democratic in government. It is the purest democracy to be found on earth . . . When local churches through messengers come together in the work of the Kingdom and form a denomination, it must be solely on the basis of co-operation. Two or more churches may thus work together so long as they agree. But one may withdraw at any time, and the others can exercise no authority to restrain it . . . Our churches co-operate in associations, state conventions, and the Southern Baptist Convention. Yet all of these relations are voluntary."
> Harold W. Tribble, **Our Doctrines, pp. 110-111.**

> "All Baptist general bodies are voluntary organizations, established by individuals who wish to cooperate for some common end or ends in the Kingdom of God. This Convention is not an ecclesiastical body composed of churches, nor a federal body composed of state conventions. Churches may seek to fulfill their obligations to extend Christ's Kingdom by cooperating with these general organizations, but always on a purely voluntary basis, and without surrendering in any way or degree their right of self-determination."—W. W. Barnes, **The Southern Baptist Convention,** 1934, reprint 1946; also **The Southern Baptist Convention:** 1845-1953, pp. 259-260.

Be it further resolved that we call upon the Baptist State Convention, in its annual meeting this November, to affirm these above-stated principles.

Rev. George Tunstall made a substitute to the resolution. C. K. Rand spoke to the substitute motion and Grover Jones also spoke to the substitute motion and called attention to Article 7 in the constitution. C. K. Rand again spoke to the subsitute motion.

(1) The Mother's Day Offering Goal is $187,000.

(2) Two kinds of people served by the hospital, those "Able to pay" and those who "Cannot Pay."

The report was adopted.

33. The Sunday School Report was presented by Woodroe Haywood. The report was adopted and a motion that his report be printed in the minutes was adopted.

The success of those churches who have faithfully applied the programs and tools given to us by our Sunday School Leaders clearly demonstrates that if we will but follow these programs we not only build greater Sunday Schools but strengthen and enhance all phases of the denominational program. The Sunday School when properly used can be the outreaching arm to help build greater churches, to reach more people for Christ and to improve the financial position of the churches.

One reason why Baptists have been so successful in reaching more people in recent years is the emphasis placed on the individual. He is the product of God's creation and responsibility of Christians. Last year was our most successful year when we gained 597,000. This was greater than the total for 1952 and 1953 combined. It was more than the ten year gain from 1928 to 1938. The gain last year was more than these six other denominations: Methodists, Presbyterian, Episcopal, Congregational Christian, Lutheran and the Disciples of Christ.

This is impressive but let us consider the unfinished task before us. Our present population is 165 million, it is estimated

by 1965 there will be 188 million
by 1970 there will be 200 million
by 1975 there will be 220 million

within 20 years there will be an additional 55 million with 45 million in the Southern Baptist Convention territory. Within 10 years it is estimated that our State will have a population increase of 12%.

By 1960 there should be 74½ million white people in SBC territory with 53½ million unreached unless we step up our program.

By 1960 there should be 44 million adults in our territory, of which 36 million may be unreached.

At the present rate of 1½ million marriages a year there should be at least 7 million new married couples between now and 1960; and more than half of them will have at least one child.

In 1956 Southern Baptists will major on three groups —men — young people — babies.

White adult population (SBC)	44,266,000
White adult men	22,000,000
White adult men enrolled in SS	3,700,000
White adult men unreached	18,000,000
Young People—Population, 17-24 (SBC)	8,025,000
Enrolled in SS	559,371
Enlisted in Armed services	175,000
Unreached by any SS	5,900,000

We now have enrolled in our Intermediate departments (ages 13-16) 686,501 more than the total Young People enrollment. Within three years we will promote more Intermediates into Young People's departments than our present Young People's enrollment. Are we preparing now for the future of these young people.

Since 1950 our population has increased 5%, while crime increased 20%. Last year 3 out of 5 arrested for auto thefts and ½ of all burglary arrests were under 18 years of age.

BABIES: An average of 11,000 babies are born every 48 hours—more than 4 million last year.

These special groups, and others, present a tremendous challenge. What will you and your church do about it? We have the message, the program, and the methods to reach the people. More Sunday schools are needed—more departments, more classes, more workers, and, more of you. **We are the stewards of the gospel of redemption, and while the message is eternal, the time we have for sharing it is limited.** We must not fail to provide Bible study for every member of the family in fullfilment of our responsibility to the people of our day and generation.

ASSOCIATIONAL ASSEMBLY

By M. E. Suther

The Lord has supplied urgently needed additions to our facilities at Lakewood, and we praise Him for enabling us to add: a comfortable four-room caretaker's cottage; a spacious modernly equipped kitchen, a 31 fooot addition to our assembly building; and the closing in with blocks and screen of the entire assembly hall. All of these additions were made at a cost of approximately $18,000.00, and your committee is gratified with favorable comments on them. We are now in position to take care of any reasonable requests for use of the assembly grounds.

Total attendance at the camp conducted by the Women's Missionary Union was 676 compared to 588 for 1954, or 15 per cent increase. At these camps there were eleven who accepted Christ as Saviour and forty who made definite dedications of their lives to the Lord and His work. We praise the Lord for these visible results as well as the general spiritual effect upon those who took part in the camp.

We extend the thanks and appreciation of the Piedmont Baptist Association who directed the camp, the counsellors, the camp pastors, the ladies who prepared and served the meals, each of whom was richly blessed in the rendering of this service.

There are still unfilled needs at Lakewood which will have to be deferred until funds are available, but I urge future committees to keep these needs in mind, so that ultimately and as near in the future as possible we may have a truly modern assembly ground for the use of our churches.

Again we praise the Lord for all the way He has led so far and earnestly pray for His continued leadership and blessing for Lakewood.

ASSOCIATIONAL MISSIONARY'S REPORT

By T. L. Sasser

To Piedmont Baptist Association Annual Session October 20-21, 1955

Dear Friends.

Herein I make my twelfth annual personal report as Associational Missionary.

Days on Other Fields for State and Home Mission Boards	43
Miles Travelled	36,113
Personal Conferences on Work	437
Group Conferences on Work	88
Associational Meetings Attended	5

Visits to Churches	168
Sermons Delivered	72
Addresses Delivered	78
Other services Participated in	13
Southern Baptist Meetings Attended	3
State Baptist Meetings Attended	4
Simultaneous Schools of Missions Participated In	1

This personal report is being given to the printer before the annual letters from the churches are available hence accurate statistics are not in hand, but I am sure that a large number of people have been baptized into Piedmont Association churches this year. I am also sure that large gifts have been made to missionary and benevolent objects this year.

The smaller and newer churches have continued to have a larger percentage of baptisms according to the number of church members than the larger churches.

This year is significant because of the large number of new church buildings which are under construction or finished.

There have been 45 Baptist churches constituted in the Piedmont Association area during the last twelve years. All of these have continued active. Two of them, however, have departed from the Baptist faith and have become holiness churches.

The Seminary Extension Center in its first annual session in Greensboro this year made a large contribution in Bible knowledge and church related subjects and proved spiritually helpful to those who attended the center and took the courses. The second annual session is beginning with high hope and good courage.

May I record here my sincere thanks to all the people of the churches for their cordiality, kindness and cooperation throughout this and former years.

DENOMINATIONAL LITERATURE

By William L. Bennett

For more than 50 years Southern Baptists have shared cherished biblical truths and religious experiences through the extensive publication and use of denominational literature. In a day, when much of the secular literature is degrading and much of the religious literature is filled with unbelief and superficiality, we should be eternally thankful for the consecrated, faithful efforts of our leaders in preparing these materials for us. The best way to show our gratitude is to use this literature that falls into our hands. By so recommending, I would not try to force "thought control" on anyone. No one is expected to accept or use all the millions of ideas, programs, suggestions and recommendations contained in this vast library of literature. Still, all the literature can be adapted for use by any individual or church, and there is always the freedom of bringing in our own originality and convictions and indeed, the literature encourages such freedom.

God has blessed our literature because it has been rooted and grounded in the Bible, our only authority for faith and practice. It has also been Christ-centered, Church-centered and person-centered. These emphases must be preserved at all cost. Nothing can bind us together except these biblical doctrines. Anything less will be like a rope of sand.

One of the greatest values of our literature is that it insists upon a personal, daily study of the Bible. Also, it stresses almost without exception the primacy of soul-winning in the churches and the lives of individual Christians. This later emphasis is fundamental, for evangelism made us and evangelism must keep us.

The Sunday School Board, our greatest unifying organization, publishes our Sunday School and Training Union materials. This Board also publishes "Home Life", a monthly magazine for the spiritual guidance of families and thousands of free tracts on Baptist beliefs, doctrines, stewardship, soul-winning and the Christian life.

The Foreign Mission Board publishes "The Commission", and the Home Mission Board publishes "Home Missions". These two publications keep us informed about our work abroad and at home. Baptist pastors, deacons, young people, yes the entire church, could read these two journals before they do the morning paper. From the Woman's Missionary Union and Baptist Brotherhood offices, we receive the "Royal Service" and "Baptist Brotherhood Journal."

"Charity and Children" and the "Biblical Recorder" are our State Papers. They bring to us each week a report of our State work. "Charity and Children" is more specialized in that it publishes the news of the Baptist Orphanage, with which it is associated. Each Baptist should be a regular reader of these publications, and the churches should put them in their budgets.

It has been said, "If we are not up on something, we are down on it." This is surely true of Baptists. May we, therefore, use our denominational literature to become better informed and trained, that we might work together for His eternal glory.

NORTH CAROLINA BAPTIST HOSPITAL

By C. E. Hamilton

Our Baptist Hospital fills an important place in the life and work of North Carolina Baptists. It will probably serve 50,000 patients this year, touching every area of our State.

In addition to this great host of sick people, our hospital provides an educational program for more than 450 young people who are in training to become nurses, doctors, technicians, pastors and other Christian workers.

The Department of Pastoral Care provides Christian counseling and guidance for the patients, students, hospital staff and personnel, as well as hundreds of others who come to the hospital from over the State for this purpose alone.

It is not easy to estimate the value of these and other services rendered by our hospital to multiplied thousands of people of all ages in the fields of health, education, and spiritual guidance.

The cost of carrying on this program for such a multitude of people is tremendous—more than two million dollars a year. One-half million dollars of this is spent in helping to care for sick people who are not able to pay for the service they need. We are grateful to God for the privilege of sharing in such a work, and we want to thank the Churches of our Association for their part in it.

The Opportunities for Christian service and witness through our hospital are truly great. We need to give it a much more generous support through our Mother's Day offerings and the Cooperative Program.

ASSOCIATIONAL WOMAN'S MISSIONARY UNION

By Mrs. A. L. Parker

As the women in our churches have led out in the study of and training for missions we have seen our vision enlarged and gifts increased. We are happy to announce the organization of three new Woman's Missionary Societies. These are in Jewel, Summerfield and Jamestown Churches. It has been thrilling to observe the interest manifested by the ladies' of these Societies. Each Associational Officer considers herself a missionary to be used in any way that God directs, and is ready to serve when and where she is called. Mrs. C. E. Siceloff is our officer to encourage formation of new societies.

Mrs. J. E. Rawlinson has accepted the responsibility of Mission Study. On the evening of October 18th she will conduct a Mission Study Institute at the Magnolia Street Baptist Church. All teachers of the fall foreign mission series will be given help and aids in teaching. The purpose of these institutes is to inform and inspire teachers that they might present the needs of the world to our young people and women.

Mrs. Norman Blythe, Stewardship Chairman has found her place of service in the Association. She met with the two G. A. Camps and W. M. S. Day Camp to bring challenging inspirational stewardship messages. Our record show that we have 2198 tithers in our membership. Our aim is to have every young person and lady a tither of time, money and personality. Our special offerings show increases: Lottie Moon Offering for Foreign Missions, $17,543.88; Home Missions Offering, $5,838.75; Heck Jones Offering $2,544.66. We do not yet have the report of our State Mission Offering.

Mrs. Hoyle Allred our Young People's Director led our 163 young people's organizations in an acceptable way. Along with Mrs. Ralph Burroughs, Sunbeam leader; Mrs. Hugh Smart, Girls Auxiliary Counselor; Mrs. H. F. Robinette, Young Woman's Auxiliary Counselor, and Rev. Ernest Holt, Royal Ambassador Counselor, she was responsible for a full campaign program for each organization. The young people present were as follows:

Sunbeams, Preschool	45
Sunbeams, Primary	142
G. A., Junior Camp	68
G. A., Intermediate Camp	60
R. A., Junior Camp	39
R. A., Intermediate Camp	12
Y. W. A.	50
	416

Much of the success of the youth work is due to the untiring efforts of Mrs. Baxter Scott, who "keeps our records" and makes many contacts for the counselors.

Another group of contact people have as their Group Leaders; Mrs. C. D. Foster, Mrs. Dan Sears, Mrs. John Edwards, Mrs. F. T. Matthews. They have served as real helpers in all phases of our work.

Mrs. E. W. Richardson is our newly elected Community Missions Chairman. Throughout this last year our Associational projects have been to help furnish the Baptist Student Union House with a few extras and also we have through several societies made contributions to Lakewood. As has always been our purpose. Mrs. Richardson will lead our ladies' to do Community Missions in Jesus' name and for the purpose of leading To Christ each one helped.

One main concern of each of us is that there are 19 churches which do not have Woman's Missionary Societies. We are ready and willing to help to organize these Societies when the churches requests help. Another concern is that our Young People's Organizations have good consecrated leadership in order that they might be the kind of Christians God would have them to be and be prepared and ready to take the Gospel throughout the whole world.

THE BAPTIST BROTHERHOOD

By W. A. Aydelette

The future is indeed bright for Brotherhood work. Future promotion, goals and activities swing largely on the hinge of the 1957 celebration of the Golden Anniversary of Brotherhood work in the Southern Baptist Convention. The year 1957 is also the year which will see the completion of the transfer of Royal Ambassadors from Woman's Missionary Union to the Brotherhood.

You might be interested to know that in the past five years there has been a 100% increase in the number of Associational Brotherhoods, Church Brotherhoods, enrollment in Brotherhoods and number of men receiving the Brotherhood Journal. From 1950 to 1954 the Brotherhood had the highest percentage gain of any of the organizations in Asheboro Street Church.

We have in North Carolina nine hundred and seventy-eight Brotherhoods at present.. These Brotherhoods will represent over fifty thousand men .Fifty-eight of the seventy-five Associations and the ten Regions have been organized thus far. During 1955 Horace Easom, State Brotherhood Secretary, has given three-fourths of his time to the Brotherhood Work and the other fourth to the Baptist Foundation and Wake Forest Program. The Associational Brotherhoods meet quarterly and the Regional and State Brotherhood Organizations meet annually. Brotherhood Retreats were held this summer at Caswell Baptist Assembly, Fruitland Baptist Assembly, and Ridgecrest Baptist Assembly.

According to the records we now have twenty-seven Brotherhoods in our Piedmont Baptist Association. Our State Secretary plans to give much time during the coming year in the Piedmont Association in the support and promotion of the Brotherhood movement.

The most vital and fruitful periods in the history of the Christian Church have been those in which Laymen have most vividly realized and most earnestly sought to discharge their responsibility to propagate the Christian faith.

REPORT ON STATE MISSIONS

By C. Roger Bell

I. State Missions is the missionary effort on the part of North Carolina Baptists to reach the unsaved for Christ and teach, enlist, and train the saved in giving, living, and serving through the churches and throughout the world.

1. There are 4,225,000 people in the State. About 2,000,000 of these above the age of eight years are affiliated with some kind of church. 1,900,000 of these above the age of eight years are unchurched. If 25% of the affiliated church members are unsaved then 62½% of the people of North Carolina above the age of eight years are lost. North Carolina, therefore, is far from being half Christian. Here is our urgent challenge.

2. We have 781,777 Baptist church members in North Carolina. Perhaps 35% of these are enlisted and are being taught and trained in Christian giving, living, and serving. This means that 65% of our church constituency is not dedicated in the Christian profession. In this undeveloped area, the churches have their primary challenge.

3. The above interpretation of the purpose and challenge of State Missions demand a varied program of mission activity.

A. **Our people need to be taught and trained.** Therefore, three of the most significant phases of our State Missions work are promoted through the Sunday School, Training Union, and Rural Church Departments. Already 2,200 Vacation Bible Schools have been reported for 1955—giving $29,000 to the Cooperative Program. Over 5,700 of our Baptist people attended Training Union Weeks at Caswell, Fruitland and Ridgecrest this summer. Perhaps this is a record for any state. Many rural churches have been enlisted in our Baptist program of Stewardship and Organizational life. Many quarter and half-time churches have been led to actuate full-time programs of service.

B. **Over 60% of the people** in North Carolina are lost—and need a Savior. State Missions provides a Department of Evangelism that seeks to inspire pastors and churches to evangelize their communities; also to plan for and promote united evangelistic efforts on a State and Associational-wide scale. Since the organization of this Department baptisms have averaged 3,000 a year more. North Carolina Baptist churches, during the crusade, Baptized more people than any other state except Texas.

C. **A growing population demands new and stronger churches.** State Missions provides a necessary and significant ministry through aid on the purchase of sites for new churches and some one hundred or more salaries for pastors. These supports enable new churches to move forward in a building program and other churches to strengthen their programs and enable the pastors to give more of their time in developing stewardship churches. During the past year approximately $110,000 was invested in this work.

D. **A more highly developed and intelligent congregation demands a better trained pastor.** Pastors' Schools are promoted through State Missions to meet this growing demand. Each year about 125 pastors receive better training at Fruitland and about 35 at Caswell. Refresher courses are offered from time to time at Mars Hill and Caswell for the benefit of all pastors and their wives—trained or untrained. This summer we reached approximately 400 during these two weeks.

E. **The colored races in our midst** constitute a large percentage of our population. State Missions seeks to minister in a limited degree to the Negroes and Indians. We should do more—not because the Catholics are winning them, but because we should. Ours is the major denomination in North Carolina and, therefore, they are our responsibility.

F. **Other areas of need constantly** challenge the resources of State Missions, namely:

(a) **The Allied Church League.** This organization is doing a tremendous job in helping to produce a sober and sane citizenship in North Carolina.

(b) **The Silent People.** Three thousand of them becken for our care, love, and concern.

(c) **The Department of Pastoral Care.** All our pastors need help, counsel, guidance in facing their own problems and those of their people. This department cannot begin to meet the calls that come.

(d) **The Assemblies—Fruitland and Caswell.** Our people greatly need the fellowship, inspiration and training they offer. Perhaps 12,000 attended these assemblies this summer.

G. **Our church and denominational leaders of tomorrow need to taught and trained in cooperation and loyalty now.** State Missions promotes a Baptist Student program among 20,000 sons and daughters from our Baptist homes who are attending the many colleges, universities, business and medical schools of our State. These young men and women constitute a great potential leadership for all areas of tomorrow's world. The churches will need the strength and service of **that leadership.** Baptist Student Centers near the campuses of our State colleges and other schools are a must.

H. **What are the Sources of Support whereby State Missions can function effectively and fruitfully in all these phases of work?** Here they are:

1. Cooperative Program	$264,000
2. Sunday School Board	20,000 if goals are met
3. Home Mission Board	2,000
4. W. M. U. Week of Prayer	75,000 (goal)
	$361,000

4. Offering through the Sunday Schools October 23—hoped for $89,000.

The State Missions budget to meet **minimum** needs is $450,000. The minimum goal for State Missions Day on October 23 is $89,000. Remember. this day for Missionary Baptist churches in North Carolina is the oldest of our Mission emphasis.

I. Therefore, will you as an individual and you as a church do your part so that the first part of **The Great Commission** might be obeyed—and that these rich ministries might be continued to the extent that next year North Carolina and the world might be more Christian?

Results of the Five Year Crusade

The past year closed a special Five Year Crusade in Home Missions. The workers of the Home Mission Board have increased from 754 regular and 271 student missionaries to 954 regular and 370 student missionaries.

Some of the results of the five years as reported by missionaries of the Board were as follows: 167,247 professions of faith, 1,440 new churches constituted; 2,974 missions started; and 131,527 added to the churches. During the five years Southern Baptists have baptized an average of 1,000 persons per day; have added 1,200 by letter; have given approximately $5,000,000 per week for the Lord's work; and have constituted an average of 11 new churches per week.

This report is submitted with the sincere hope that it will move our churches to greater support of the Home Missions Board.

REPORT ON FOREIGN MISSIONS

By Mrs. Mary Phillips

For the first time in the history of Southern Baptists, the number of foreign missionaries has reached the one-thousand mark. On May 15, 1955, the number stood at 1,002, including 67 appointments during 1954 and 64 during the first five months of 1955. A loss of 37 missionaries leaves an increase of 93 since January 1, 1954. During the seven years since January 1, 1948, when the Advance Program was launched, the number has increased 377.

To step up the annual number of appointments, the Foreign Mission Board is placing major emphasis on life commitment to special Christian service. Young people who feel the call of God to lifetime service will be asked to consider foreign service in harvest fields where laborers are fewest. In April, Mr. Bill B. Cody, formerly associate in the Sunday School Board's Department of Student Work, was elected to the staff of the Department of Missionary Personnel as assistant secretary, student representative. He will visit colleges and other schools throughout Southern Baptist Convention territory.

Missionaries of the Board live in 182 centers in 35 geographical areas. Their service touches innumerable surrounding villages and towns. Statistics from the current annual report show 3,776 outstations. They also show 22,125 baptisms last year in 2,268 churches made up of 209,346 members served by 1,408 national and 120 missionary pastors. Church organizations (Sunday schools, women's and young people's groups) total 9,687 with 379,246 members. There are 544 schools with 85,456 students, including 23 seminaries with 979 enrolled. We have 11 hospitals and 28 clinics, which treated 226,548 patients last year. Publishing houses on mission fields turned out 9,385,929 pieces of literature, including books, magazines, and pamphlets.

An increasing number of Baptists in mission countries are catching the vision of missions. Working with the missionaries in the mission churches, schools, hospitals, publishing houses, and other institutions are 3,582 national leaders. Nigerian and Brazizlian Baptists have home and foreign mission boards of their own. Colombian Baptists formed boards last year. The Argentine home mission board sent its first missionaries last year to the extreme southern tip of the nation. Japan has launched a special campaign of evangelism at home and is sending an evangelistic team to Okinawa this year. The Maracaibo church has work among the Indians of Venezuela. The Chinese church in Baguio (Philippines) divides its income half for local expenses and half for outside work. Through their "Carlota" (Lottie) Moon Offering last year, the women of Spain contributed toward medical work in Korea. Through their "Birthday Gift for Jesus," Nigerian women contributed toward building a church in Jordan. Italian women regularly send half of their annual love offering to Africa.

Out of a total of $10,739,497 contributed by Southern Baptists through the Cooperative Program last year, $4,772,123 went to the Foreign Mission Board. In addition, Southern Baptists contributed to Foreign missions $1,539,230 in designated gifts and $3,600,765 through the Lottie Moon Christmas Offering. (The preceding figure is for the calendar year 1954. The total Lottie Moon Offering for the fiscal year—May 1, 1954, to May 1, 1955—is $3,957,821.)

At the home office last October, Dr. Frank Means, formerly secretary of the Department of Education and Promotion, became secretary for Latin America to fill the vacancy created by the death in April last year of Dr. Everett Gill, Jr.

The circulation of **The Commission**, the foreign mission magazine, averaged 106,726 the first four months this year. A special budget rate of 55 cents a year became effective last fall for churches sending the magazine to every church family. The regular church club rate for ten or more subscriptions is 77 cents each per year.

RADIO AND TELEVISION

By Claud B. Bowen

In the last few years Southern Baptists have learned to use radio and television for Kingdom causes. All phases of our work have in many ways been strengthened by using wisely this medium of witnessing for Christ. The Baptist Hour has been a great help to our work from the East to the West, from North to South, for the rural areas as well as for the urban centers.

Headquaters of the Radio and Television Commission are located at 6248 Camp Bowie Road, Fort Worth, Texas. Dr. Paul M. Stevens is director. In seventeen years, the work has grown from a small scale of broadcasting to great proportions with a budget of $200,000;

however, this amount is small compared to other religious broadcasts.

The Baptist Hour is now broadcast by 380 stations. It is ministering to millions of people in America, reinforcing the work of 30,000 Southern Baptist Churches.

Information about our Baptist witness through broadcasting can be found in a monthly magazine called THE BEAM. Reprints of Baptist Hour Sermons, book reviews and other interesting news are found in this publication.

Ministers are using this wonderful means of preaching, and many churches send out their services each Sunday. Sunday School lessons are being broadcast to a great advantage. It behooves each one to do his best to study and to use radio and television that others may know the way of life we find in Christ.

SUNDAY SCHOOL

By Woodroe Haywood

The Bible teaches, "The entrance of Thy Word giveth light," and that "The Word maketh people wise unto salvation;" and therefore, the importance of the Bible teaching ministry of the Sunday School.

The Sunday Schools have proven themselves to be a great teaching, evangelistic, enlistment, and financial agency of the churches. We rejoice in the growth and service of the Sunday Schools in our association.

This year our Piedmont Association reports 77 Sunday School; with an enrollment of approximately 30,000, and more churches have held Vacation Bible Schools this past summer than before.

The State Sunday School Department Secretary, L. L. Morgan, reports a total of 3,160 Sunday Schools. The Sunday School enrollment at the close of 1954 was 703,953, which is 89.9% of the total church membership in the state. We are happy to say that North Carolina ranks above all other states in the Southern Baptist Convention in this respect. The next state in rank is South Carolina with 87.6% of the total church membership enrolled in Sunday School. The Sunday School Department reported 2,549 Vacation Bible Schools in 1954, an increase of more than 200 over 1953. 32,464 training award were earned last year.

The Department is seeking to have 40,000 training awards in 1955; 36 Standard Sunday Schools; a 20% increase in Sunday School enrollment and 2700 Vacation Bible Schools. We urge the churches of this Association to help reach these challenging goals.

As Superintendent of the Sunday School promotion work, I wish to make the following recommendatins:

1. That we maintain a complete associational Sunday School organization, and that we urge all of our Sunday Schools to cooperate fully with this program.
2. That we set a goal of 20% increase in Sunday School enrollment this year, a Vacation Bible School in every church; one or more training courses for teachers and officers; the observance of Bible Study Week in January, a minimum of 50% of our churches with Standard Sunday Schools.
3. That our Sunday Schools cooperate with all the special days as promoted by our North Carolina State Convention.
4. That the Executive Committee of the Association be authorized to perfect the Associational Sunday School organization.

5. That the Executive Committe of the Piedmont Association, appoint a nominating committe, three or four months in advance of the annual Associational meeting, for the purpose of nominating an Associational Sunday School Superintendent to the Executive Committee for approval and election; and that the newly elected Superintendent be given authority to select and enlist the other officers to be nominated to the Executive Committee of the Piedmont Association. This procedure is suggested in order to have the Sunday School organization completed and ready to function at the beginning of the Association year.

TRAINING UNION PROMOTION

The training of disciples was begun by Jesus himself. The twelve constituted the first group to be trained. They were trained and commissioned to win, teach and train others. This is the Scriptural plan. No Christian is to be left out. All are to be trained for larger service than they could render without training.

Just as every church member should attend the preaching services so should every one attend and take part in the Training Union. This is our objective and this associational year we have worked at it in part as follows:

1. We had an association-wide Study Institute in College Park Church on February 1. This institute was attended by 152 workers Since then many of these have taught soul-winning courses, some in their own churches and others in other churches of the Association.

2. Those who have taken study courses sponsored by the Training Union in Piedmont Association this year have received over 3,000 awrds. The Study Institute in February played a large part in this achievement.

3. We had an Association-wide youth banquet at the First Baptist Church in Greensboro on April 8. There were 216 present. The program was an impressive demonstration of the Youth Program of Southern Baptists.

4. The annual Association-wide tournaments were held at High Point First Church April 23. One hundred and sixty-eight people took part in the tournaments. Sixty-five of these were juniors who went on to the State tournaments at Caswell and Fruitland Assemblies and passed the memory work requirements.

5. Over 400 Training Union members of Piedmont Association churches attended the State Assemblies at Caswell and Fruitland this year, and many others attended Ridgecrert Assembly for Training Union Weeks.

6. Training Union enrollment is higher in Piedmont Association churches than ever before. The simultaneous evangelistic campaigns in April during which many were baptized added many new members to the Training Unions.

Special recognition and honor are due Mrs. John A. Reavis and Mrs. R. O. Hedrick for their outstanding work with juniors.

Very fine service has been rendered by a large number of our Training Union young people in mission Vacation Bible Schools and youth revivals.

This Training Union year has been one of progress and we look forward to the coming year with increasing expectations.

REPORT OF RELIEF AND ANNUITY BOARD

By J. Devee Hillman

The thirty-six year old Relief and Annuity Board of the Southern Baptist Convention has had the greatest year of its history. During 1954 the Board put on the greatest promotional program in its history. It has had a large increase in members and steps have been taken to inaugurate two new plans: the ministers Security Plan and the Southern Baptist Protection Plan.

During the year just closed the total amount received by the Board was $7,463,921.61, the largest income in any single year. This is the second year the investment income has exceeded a million dollars, with an increase over the previous year of more than $270,000.00. The total earnings on investments made during the thirty-six years of its history are now in excess of eleven and one half million dollars. The assets of the Board on December 31, 1954, were $35,091,515.37, a net increase of $4,888,919.88 over the previous year. The two years prior to this the financial report showed the assets to be approximately $10,000,000.00 less than they are today. Thirty-five per cent of the total assets of the Board have come during 1953-54. The income for the year 1954 alone was equal to the total assets of the Board during its first twenty-four years of history.

Our churches need to be reminded that many thousands of our pastors and denominational servants are depending upon the Relief and Annuity Board for security in their old age. This makes the benefits the Board pays to its constituency of even greater interest to us than the income. Last year the Retirement and Relief departments combined paid $1,763,466.82 in benefits, an increase over the previous year of $110,139.12.

At the present time only about 35% of the pastors in North Caroline are participating in the retirement plan. More of the pastors and churches should take advantage of this protection. Let us review the three fold purpose of the Ministers Retirement Plan and the Widows Supplemental Annuity as presented by our Secretary, Dr. M. A. Huggins:

1. To provide annuities for ministers and church employees who participate in the plan when they reach retirement age, 65, or at any period they may retire after reaching that age and an annuity to the widow;
2. To provide disability annuity if such disability occurs at any time prior to age 65;
3. To provide an annuity for the widow in the event of the death of the member before reaching age 65.

The total cost of Ministers Retirement and Widows Supplemental Annuity is about 12% of the salary. Of this 12% the minister is asked to pay only 5½%. The church provides 4% and the convention pays 2½%. It should be pointed out that Social Security does not take the place of Ministers Retirement. It is well if every minister can afford both. Information to pastors, deacons and members of finance committees will be gladly furnished from the Raleigh office. It is recommended that the program of protection and security offered by the Relief and Annuity Board be supported by the churches.

THE ALLIED CHURCH LEA7GUE

By W. P. Biggerstaff

One phase of State Missions which needs much more emphasis in the churches is the program of the Allied Church League. It is the conviction of the writer that we will never make any headway toward a solution of the problems and evils created by the sale and use of beverage alcohol until our people are informed and aroused about the situation which confronts us. We shall never get any action by our General Assembly until the people who elect its members are concerned enough to demand that action be taken. A state-wide referendum will come when our churches are sufficiently aroused to create a sentiment in their respective communities that will become vocal enough to be heard in the halls of the General Assembly.

During the 155 session of the General Assembly the League had three representatives in Raleigh most of the time. Hon. Marvin T. Leatherman of Lincolnton and its two regular employees. A sincere effort was made to get a bill through calling for a referendum but we again met with failure. We did succeed in rendering ineffective a beer bill which would have brought back to every county in North Carolina 3.2 beer and a second beer bill was killed in committee.

The League is greatly handicapped by lack of funds to promote an effective program and it seems likely that we may be forced to curtail what we are now doing. This will be tragic in the face of what should be done in our state. There is need for additional personnel, funds for an educational program, new films, and a more vigorous effort in the field of Good Government. We also need to combat liquor propaganda by radio and television and, with a reasonable amount of money we could do a very effective job in that field.

The Drys have recently won two major victories in North Carolina. In High Point where an ABC election was held the city remained in the dry column by a vote of 5,446 votes against stores while 2,283 voted for them. This election was held on July 23. Then on August 6 the voters of Henderson County voted out beer and wine by a landslide. The vote was 5,976 against beer and wine 1,499 for beer and wine. We now have 49 counties in the state that have voted out beer and wine since local option was granted in 1948.

The problems created by the use of beverage alcohol are increasing as time passes. Under the constant urging of liquor advertising more and more people are using it and of course more and more are becoming its victims. It is said on reliable authority that one quarter of a million people are becoming alcoholics each year. It kills one fourth of those slain on our highways, and is said to be rapidly becoming the number two health hazard in our land.

One of the major problems in dealing with the situation in our state is that there is nothing we can do about it, that liquor is here and we will just have to make the best of the situation. That is the position of the defeatist. Whatever conditions exist in North Carolina, do so by the permissive will of the church members. There are enough Christian people in our state to do whatever needs to be done if we will only stand together.

It is possible that we need a new approach to some of these problems, certainly in those sections of the state where liquor is entrenched. The Allied Church League program is not inflexible and we are willing and anxious to work with any group who wants to make an effort towards a solution of local problems. Because the law permits local option on the legal sale of beverage alcohol we believe every county and city having legal sale should call an election as soon as is practical. An election can be called in any city or county upon the signing of a petition by fifteen per cent of those who voted in the last general election for governor. We also sincerely believe that every church should promote a vigoroous program of alcohol education. We are ready to help any church in setting up such a program. It would be very helpful if local groups on the county or associational level would undertake to hold clinics or seminars on alcohol problems. The League would be happy to assist in such work.

We express deep appreciation to our Baptist people for the support given us. State Missions has stood by us financially, and our people have cooperated in a fine way. We are trusting you for continued support and pledge our best effort in helping to make ours a better state in which to live and a safer one in which to work.

NORTH CAROLINA BAPTIST HOMES FOR THE AGING

By Mrs. McDaniel Lewis

The North Carolina Baptist Homes for the Aging began their fifth year of operation March 16, 1955. This has been a year of encouraging progress. Both Homes—Resthaven and Albermarle—have had a coontinuing waiting list of applicants. As soon as vacancies occur there are far more applicants for admission than can be accepted.

This year will be remembered as one of notable enlargement of facilities. Construction of the Administration and Residential Building, costing $300,000, will get under way, and it should be completed by this time next year. The new building will provide office facilities, dining room, kitchen, chapel, infirmary, recreational and handicraft space, and rooms for forty additional residents, thus raising the total capacity of the Homes to 95 residents.

Two-thirds of the cost of the new building is now in hand, counting the value of real estate turned over to the Homes. Personal and corporation gifts are being received which will further add to the amount on hand.

Memorial gifts may be made in the following ways: A gift of $300 will furnish a room; $1,000 will endow—furnish and maintain—a room; $3,000 will pay cost of building a room. In either case, a memorial plaque—bearing the name of the donor and the name of the person memorialized, or honored—will be placed on the door of a room.

Miss Nettie Pearl Willis gave her homeplace at Vale, N. C., as a memorial to her mother, Mrs. Laura Elliott Goode Willis. The property will be sold and proceeds be used to erect a cottage on the permanent site of our Homes. In addition, Miss Willis made her will in favor of the Homes.

Increasing support on the part of our churches and denominational program gives great encouragement. So far this year, our Special Day Offering has reached almost $70,000. Since many of the churches put the Homes in the budget instead of taking a special offering, and some of the churches wait until the end of the calendar year to send their gifts, a complete report for the year cannot be made at this time. But it is likely that our goal of $100,000 for the special offering will be nearly reached. In addition the Homes will receive $39,850 as their share of the Nine Year Program, according to the estimated budget.

With increasing aid from denominational sources, the Homes are helping a larger number who do not have sufficient funds with which to pay the cost of keep as residents. In fact, about ninety per cent of all the residents are being helped by the Homes—some with about two-thirds of the cost of keep, and others with about one-third. Less than ten per cent of the residents in the Homes have turned over enough assets to pay their cost of keep on the life plan. Regardless of financial condition, an applicant is received into the Homes on the basis of need and room available.

All connected with the Homes—staff and residents—are most grateful for the prayers and support of our friends. "Hitherto hath the Lord helped." Surely all North Carolina Baptists should be grateful for the progress made thus far. Let us all rally to the challenge to render a greater ministry to the increasing number of aging friends who need the services of our Homes.

(The Association is requested to elect a representative for the Homes at this session).

ORPHANAGE REPORT

By W. C. Reed

During the past year your program of Child Care has moved steadily forward. Probably there has never been a year in the history of the Orphanage when the children's needs were more adequately met.

God created the home as a place for children to live as they grow into maturity. The best institution is a poor substitute for a good Christian home. However, we are doing our best at your Children's Homes to make conditions as nearly like a normal home as possible. This is reflected in the fine spirit of your children.

During the year we cared for a total of 713 children. At the same time we gave services to and helped in the placement of more than 600 other children.

Charity and Children

Your Orphanage publication, **Charity and Children**, continues to reach our people all over the state in ever increasing numbers. It carries the message direct from the Orphanage to more than 47 thousand homes each week. Eevery Church in the state should have a club of ten or more copies to be distributed in the Sunday Schools. The subscription price is 60c per year in clubs of 10 or more. Through **Charity and Children** you get so much for so little you just can't afford to miss it.

Building Program

Special gifts have made possible the continuation of our building program. The new Church building at Kennedy Home is almost completed. It is considered one of the most beautiful in the state. This will greatly help to meet the greatest single need of the 160 children who live there.

During the year the Broyhill Swimming Pool was constructed at Mills Home. This was a gift from the Broyhills of Lenoir, N. C. It meets a very definite need in the lives of growing children.

Our New Plan of Support

In 1954 our income from the Churches was at an all-time high.

The Baptist State Convention voted for the Orphanage to come into the Coooperative Program beginning January 1, 1955. From the

Cooperative Program it is to receive "That part of its support not otherwise provided for." Under this plan the vast majority of the Churches continue to send to the Orphanage the Once-A-Month offering just as in the past. Some, however, have put the Orphanage in their Cooperative Program budget. It now looks as if about $60,000.00 of our income this year will be through the Cooperative Program.

Thanksgiving Offering

Under the new plan of support the Thanksgiving offering becomes more important than ever before. Any future expansion of your Child Care program will depend largely upon this offering. Hence, the Orphanage representative in your Association, along with every pastor and Sunday School worker, is urged to try to get every Church to promote a worthy "Thank Offering" this year. Urge each person to give at least "One Day's Pay" to help the host of homeless children who cannot possibly help themselves.

CHRISTIAN EDUCATION IN NORTH CAROLINA

By James O. Hagwood

The complicated world of today is demanding better educated citizens. People no longer question the need for knowledge and a good education. It has become a necessity that young people train themselves for the tasks they will engage in as adults. However, if the education is defective or does not embrace every aspect of living, young people will enter into their vocations ill prepared for the tasks which confront them. It is our responsibility as Southern Baptists to see that our young people have an opportunity to receive the right kind of education and we believe that it is found in a Christian education available in the schools which we provide. The reason for the existence of Christian Colleges is summed up well in the pamphlet from the Training Union Department entitled, "Planning For College";

> It is distinctive that Christian colleges provide the right environment for wholesome recreational and social activities while eliminating the unwholesome ones often associated with collegiate life. Moreover, by providing for the spiritual welfare, as well as for the intellectual, social, and physical needs of their students, Christian colleges offer the only complete educational opportunity.

We believe that our Baptist schools in North Corolina offer such an educational opportunity.

Here in North Carolina we have seven Baptist colleges with a total enrollment of approximately 6,000 young people, 750 of whom are training for the ministry and full-time mission service. Unfortunately we are not providing as much financial assistance as we should to these young people. In this year 1955 our Cooperative Program budget is expected to provide an average of a little more than $150 per student for both operating and capital purposes in the seven colleges. With the success of our Nine-Year Program of Advance these colleges will continue to receive increased amounts to enable them to do more effectively what Baptists expect them to do.

All seven colleges in North Carolina; Wake Forest, Meredith, Mars Hill, Campbell, Gardner-Webb, Wingate and Chowan are in building and expansion programs, trying to provide for the ever increasing number of students wanting to attend Baptist colleges. Certainly as

Baptists we are now facing our greatest opportunities in the work of Chrisian education.

Let us return though to the reasons for the existence of these colleges. The fruits of Christian education is not only seen in a better prepared ministry but others who have chosen vocations other than the Christian ministry also profit. We see the fruits of such an education in our homes, in churches where trained leadership can be of real service, and in the community where talents can be put to use for the good of all. If we accept the fact that education is essential for modern living, then it naturally follows that Christian education is essential for the Christian to live and serve to the best oof his abilities for the sake of the kingdom of God.

Our Southwide educational program is designed to help each Christians who seeks through a better education, a Christian education, to train himself for the task of being a better servant of God, of expressing Christ through the life which he lives. For this reason and many others Baptists support five seminaries, 30 senior colleges, 21 junior colleges, eight academies and four Bible schools as well as giving aid to the American Baptist Seminary for Negroes in Nashville and the Carver School of Missions and Social Work. We feel that it is our responsibility to engage in this task as Southern Baptists. May each of us work diligently to provide the best in Christian education in our North Carolina colleges by supporting them with our prayers, our stewardship of money and our genuine interest.

THE SEMINARY EXTENSION DEPARTMENT

By John T. Edwards

The Seminaries of our Southern Baptist Convention are offering two courses of study in its Extension Department, and one may receive a certificate for completing such studies. The first group of classes will include, Old Testament, New Testament, Preaching, Religious Education, Evangelism, Theology, Christian Missions, Pastoral Ministries, and other electives. The second group includes Religious Education, Old Testament, New Testament, Church History, Theoloogy, and music.

In the Piedmont Association last year and also this year, we are having these classes. Our teachers are very able men, Rev. T. L. Sasser, Dr. Claud Bowen, Dr. J. Devee Hillman, Rev. A. L. Parker. The classes meet on Monday mornings. Pastors and Laymen are invited to attend any or all of such groups. The text books are prepared by well qualified men in their field.

Christian Education is a vital necessity in these days, and we thank God for such opportunities as are provided by this Extension Department. Contact can be made with Rev. T. L. Sasser, Rev. John T. Edwards, Dean, and Rev. Gene D. Phillips, Registrar.

AMERICAN BIBLE SOCIETY

Travel to a desert area in northest India. Stand with a group of men gathered around a young Christian layman working as a government surveyor. He is using an opportunity to tell the good news of Jesus Christ to men who never heard the Gospel before.

As the young man speaks of the Bible, one of his older listeners asks, "Is that book in my language?" When told that it is, he exclaims, "Young man, get me that book!" Holding the book in his hands and opening his heart to its message of the Savior, he asks the searching question, "Why didn't someone bring us the book long ago?"

The old man's question stirs our hearts to take the Bible to the millions who still wait—and emphasizes this missionary principle which is true around the world:

Every person must have the Bible in his own language if the Word of God is to speak to his heart

Giving the Bible to the people of the world in their languages is a missionary task. The American Bible Society aids in Bible translation, publishes the Scriptures without note or comment and distributes them—without profit and usually below cost—for mission work around the world. For the Blind, it supplies Scriptures in raised-letter systems and on Talking Book records.

The American Bible Society is an active partner of Southern Baptists in their world-wide mission program; it serves every form of mission work at home and abroad.

During 1954 the American Bible Society—distributed thorughout the world more than 15 million volumes of Scripture.

—donated 1,360,604 Scripture volumes for the Armed Forces, providing a vital link between the home churches and the members of the Armed Forces.

—continued to supply Scriptures in many strategic areas, such as Germany and other countries along the "fringes" of the Iron Curtain, Africa, Latin America, Japan, Korea and India—and to millions of Chinese in the countries of East Asia and Southeast Asia, outside the communist-controlled China mainland.

—received gifts which provided for the largest budget in its history and adopted for 1955 an even larger program to serve more of the millions who still wait for the Word of God—keenly conscious that missionary advance, through increased Scripture distribution, waits only for needed funds!

Southern Baptists' Part in the Work

In 1954 Southern Baptist churches set a new record by giving $112,064 to the American Bible Society and stood second only to Methodists gifts of $155,109. Gifts from churches of all denominations totaled $826,721.

Has your church given to the American Bible Society this year?

The help of every Southern Baptist church is needed. Every church can give at least these amounts each year:

Country and village churches $10 to $25.
Churches in small cities $25 to $100.
Larger churches $100 to $200.
Great city churches $200 to $500 or more.

Please send gifts to your Baptist state office marked "for the American Bible Society."

PROTESTANTS and other Americans united for the separation of Church and State successfully stood against the encroachment upon the principle of the separation of church and state,

Rand to the effect that President Harold W. Tribble of Wake Forest College be asked to explain and interpret his testimony relative to the doctrine of the Virgin Birth as given at the North Rocky Mount trial. C. K. Rand moved that his resolution be adopted by the Association. His motion was seconded by W. W. Robbins. an Inspirational Sermon and one a Doctrinal Sermon. W. W. There was a second and adoption of the amendment, then the amended motion was adopted.

ASSOCIATIONAL ASSEMBLY

By Jack Roe

Perhaps no other Association of which we know has a camp of which to be as proud as we are of Lakewood. God has blessed in a marvelous way the use of each of the facilities there, this year. There is no other medium in which the heart of Youth can be reached as readily as at camp, where one is taken into an entirely new world, accepted for just what he is, and given the privilege of forgetting the old, and accepting the new. This is what Lakewood offers.

The program this year has not been one of construction. The majority of the facilities that we now have were completed last year. However, a new road into the basic portion of the camp site is being laid by the State Highway Department, with the cost of only $57.50 to the Piedmont Association. The road will come into the traffic circle just beyond the pump house, having been routed behind the cabins from the main highway. This will be much conducive to worship in the main shelter.

R. A. Camps and G. A. Camps have been well attended this year. The G. A. Camps will be included in the W. M. U. report, but as for the R. A. Camps the following should be noted; there were two camps . . .(1) Juniors, July 9-11 and (2) Intermediates, July 12-14. It is believed that the Junior Camp was the highlight for the R. A. summer. At this camp there were 52 enrolled, with eight first time decisions for Christ, three rededications, and eight to follow where Christ would lead. The feeling is apparent that camps of greater length should be held, and the point in view is toward more Christian decisions.

Bed capacity is supposedly 80. However, several times this summer, over 100 were cared for. This makes for stress and strain on facilities and faculty. This can be cared for only by more facilities or less campers. It seems that more facilities would be our greatest opportunity.

A real joy was seen in the eyes of all the ministers who attended the Evangelistic Conference at Lakewood sponsored for three associations this summer. As time goes by, and as our camp grows, it is felt that God will continue to bless, as we dedicate our talents, our time, our lives and our possessions to Him, through our children and young people, at our Lakewood Camp.

BAPTIST HOSPITAL REPORT

By W. Murphy Cassell

The year 1955 was the best in service our Baptist Hospital has ever had. Our churches gave the largest Mother's Day Offering they have ever made, and the Hospital was able to serve more sick people than ever before. More than 115,000 days of bed-patient care were rendered to almost 15,000 sick people, and more than 100,000 visits were made to the clinics and offices of the medical staff.

Following the completion of the new south wing and the moving of a number of departments into new quarters, much of the original building which was constructed in 1923 had to be renovated.. Most of this work has been completed, as in evidenced by the new waiting rooms for visitors and many other changes. Our Hospital is not only larger now, but it has the best facilities and staff to serve our people that it has ever had.

The new x-ray department is one example of improvement.. Just recently, three new type x-ray machines have been installed at a cost of over $30,000. A small concrete building is now under construction to house a cobalt machine, which is much more safe and much more effective in the treatment of certain types of cancer than any x-ray machines now being used. The cost of this will be $75,000. No other hospital in North Carolina has equipment equal to these new machines.. We now have the best x-ray department in the South. The doctor who heads the department is one of the outstanding radiologists in America.

Most other departments have been improved and new departments added. Regular services are being held in the beautiful new chapel which was opened in June. We now have a fine specialist for testing and advising those who have defective hearing. Our Baptist Hospital is trying to stay in the forefront in providing for our people the best there is available in medical service.

The most urgently needed new facilities are a new nurses' home, in order that the nursing school may be enlarged, and additional parking facilities. Anyone who has visited the hospital recently is probably aware of the serious parking problem, and the nursing school need is equally acute.

Costs in all hospital have increased steadily and every indication is that they will continue to increase. Such medical service as is provided by our Baptist Hospital cannot be made available without great cost. All who can possibly do so should carry hospital insurance with a reliable company. Those of us who can pay for our medical care must do so. Then we need to give generously through our Mother's Day Offering to help care for those who cannot care for themselves.

ASSOCIATIONAL MISSIONARY'S PERSONAL REPORT

By T. L. Sasser

To Piedmont Baptist Association Annual Session Oct., 25-26, 1956

Dear Friends:

Herein I make my thirteenth annual report.

1. Statistics
    (1) Days on the Field 330
    (2) Days on Other Fields for Baptist State and Home Mission Boards 26

(3) Miles travelled on Local Field	35,915
(4) Personal Conferences on Work	522
(5) Group Conferences on Work	90
(6) Visits to Churches	84
(7) Sermons Delivered	29
(8) Addresses Delivered	37
(9) Other Services Partcipated In	22
(10) Classes Taught	88
(11) State Baptist Meetings Attended	3
(12)) Southern Baptist Meetings Atended	2
(13) Simultaneous Schools of Missions Worked In	2
(14) Budget Campaign for State Convention in Three Associations. Six addresses in each.	

2. Observations

(1) The year just closed revealed an increased interest in the establishing of new mission stations and churches. This is in keeping with a general movement among Southern Baptists.

(2) Increased giving to denominational causes, both through the Co-operative Program and by designated gifts. The Co-operative Program now in operation thirty-three years has proven conclusively that it is legitimate, wise, practical and successful. It is the major financial item of Southern Baptist life.

(3) Working harmoniously together produces more and better spiritual fruit than working separately. It therefore follows that cultivation of Christian fellowship should be a major purpose of all of us and the associational level is of prime importance for the churches as such and the denomination.

(4) There is an important element missing in the fellowship of the churches, which manifests itself in the existence of so-called local independent Baptist churches. The restoration of this element may be found in the New Testament.

(5) The Sunday School, Training Union, Missionary Union, and Brotherhood are vitally necessary to local church and denominational effectiveness. Records of growth prove this conclusively. Their organizations merit our best efforts.

(6) The Seminary Extension Center in its second annual session in Greensboro this year proved a valuable activity in the study of the Scriptures and related subjects. The pastors pursuing these courses have become better pastors thereby. Continuation of the Center is expected.

MISSIONS COMMITTEE

By Woodrow W. Hill, Chairman

The Missions Committee has the difficult task of promoting the Missions Program of the Association, preparing and recommending a budget to the body, and the raising of funds and supervising expenditures. We find it our responsibility to appropriate funds designated in the budget for new mission work and the aiding of churches which face financial emergencies. We do not find our task easy, but earnestly desire to see the whole program of Christ advanced through any actions we may take. We covet sympathetic understanding from all the pastors and churches of this Association, and we welcome any criticisms that are given in love and genuine zeal for Christ's total program.

We have seen much interest in new work in this Association this past year. In High Point our Committee has counselled with the group which is now the Emerywood Church. The First Baptist Church there has started a mission at Five Points and has employed Mr. Roger Bell to serve as its pastor. This will probably become a church in a few years. In Greensboro we have met with the Missions Committee of the First Baptist Church and have given them our best advice concerning their excellent Program of Advance. We have watched them as they have started a new work in the Lawndale area, and are making preparation to begin another new preaching station. Asheboro Street Church has begun a new work in cooperation with us which is to become the Parkway Baptist Church. Eller Memorial has purchased property and begun a new mission in the Northeast section of Greensboro. The Florida Street Church is continuing to operate the Calvin Wiley Chapel in the Smith Homes-Terrell Street area. From the Student Fund we have invested $150.00 to pay three weeks salary for a seminary student who, in cooperation with our missionary and one of our churches, has laid the ground work for a mission in Hunter Hills.

Your Committee has examined and recommended to the General Board of the State Convention requests for aid on new church lots and pastors salaries from State Mission Funds. We have also discussed areas where new churches need to be started and in some cases have recommended that individual churches take the initiative in getting these respective works under way.

We have recommended in our new Budget that we discontinue receiving aid from the State Convention on our missionary's salary after January.

Your Committee has adopted the following self-imposed rules which have guided it in its task:

1. As a Committee we will not attempt to establish churches, but have the feeling that new work should be established, guided, and nurtured by another well grounded church. It is our intention to serve only in an advisory capacity.

2. No appropriation will be made to any work unless it is a church in our Association, under the watchcare of the Association, or a mission of a church in our Association.

The following appropriations have been made this year:

Highland	$300.00
Jamestown	$500.00
Jewell	$500.00
Southside, Greensboro	$500.00 on new building
Eller Memorial Mission	$500.00
Battleground Road	$250.00

Asheboro Street, Parkway Mission $2,000.00 (From Kirkwood Fund)

In addition to this, songbooks have been provided some of our new churches and mission. Also we have helped in financing and furnishing student leadership for Vacation Bible Schools in many of our churches.

Your committee is deeply appreciative for the expert services of our Associational Treasurer, Mr. C. A. McKeel. We could not operate without a gifted and dedicated layman like him. We regret that this is his last year in this important office. The Associaion owes him a debt of gratitude for the unselfish service he has rendered.

State Missions is the missionary effort on the part of North Carolina Baptists to reach the unsaved for Christ and teach, enlist, and train the saved in giving, living and serving through the churches and throughout the world.

1. There are 4,300,000 people in the State. About 2,000,000 of these above the age of eight years are affiliated with some kind of church. 1,900,000 of these above the age of eight years are unchurched. If 25 per cent of the affiliated church members are unsaved, then 62.5 per cent of the people of North Carolina above the age of eight years are lost. North Carolina, therefore, is far from being half Christian.

2. We have over 800,000 Baptist church members in North Carolina. Perhaps 40 per cent of these are enlisted and are being taught and trained in Christian giving, living, and serving. This means that 60 per cent of our church constituency is not dedicated in the Christian profession. In this undeveloped area, the churches have their primary challenge.

3. The above interpretation of the purpose and challenge of State Missions demand a varied program of mission activity.

A. **Our people need to be taught and trained.** Therefore, four of the most significant phases of our State Missions work are promoted through the Sunday School, Training Union, Rural Church and Music Departments. Already over 2,000 Vacation Bible Schools have been reported for 1956—giving $42,000 to World Missions. The goal of $2800 will be reached. Over 7,300 of our Baptist people attended Training Union Weeks at Caswell, Fruitland and Ridgecrest this summer. Perhaps this is a record for any state. Many rural churches have been enlisted in our Baptist program of Stewardship and organizational life. Many quarter and half-time churches have been led to activate full-time programs of service. Over 1200 leaders in the fields of Music and Sunday School attended the assemblies this summer. The programs were promoted and directed by the leadership of these two departments.

B. **Over 60 per cent of the people** in North Carolina are lost—and need a Saviour. State Missions provide a Department of Evangelism that seeks to inspire pastors and churches to evangelize their communities; also to plan for and promote united evangelistic efforts on a State and Associational-wide scale. Since the organization of this Department, Baptisms have averaged 8,000 a year more. North Carolina Baptist churches, last year, baptized more people than any other state except Texas.

C. **A growing population demands new and stronger churches.** State Missions provide a necessary and significant ministry through aid on some church buildings and the purchase of sites for new churches and some one hundred or more salaries for pastors. These supports enable new churches to move forward in a building program and other churches to strengthen their programs and enable pastors to give more of their time in developing stewardship churches. During the past year, approximately $150,000 was invested in this work. Six out of every ten Baptist churches in North Carolina have been assisted in one or more ways through this ministry.

D. **A more highly developed and intelligent congregation demands a better trained pastor.** Pastors' schools are promoted through State Missions to meet this growing demand. Last year about 160 pastors received better training at Fruitland and about 35 at Caswell. Refresher courses are offered from time to time at Mars Hill for the benefit of all pastors and their wives—trained or untrained. This summer we reached approximately 400 during the week of Christian Study and Fellowship.

E. **The colored races in our midst** constitute a large percentage of our population. State Missions seeks to minister in a limited degree to the Negroes and Indians. We should do more—not because the Catholics are winning them but because we should. Ours is the major denomination in North Carolina and, therefore, they are largely our responsibility.

F. Other areas of need constantly challenge the resources of State Missions, namely:

- (a) **The Allied Church League.** This rganization is doing a tremendous job in helping to produce a sober and sane citizenship in North Carolina.
- (b) **The Silent People.** Three thousand of them beckon for our care, love and concern.
- (c) **The Assemblies—Fruitland and Caswell.** Our people greatly need the fellowship, inspiration and training they offer. Perhaps 12,000 attended these assemblies this summer. The organizations of the Women's Missionary Union had 2,150 women and young people to attend State and Association W.M.U. Camps this summer. They serve all phases of our Baptist work.
- (d) **Other Ministries:** Summer Student Work—Student Aid—Ministry Through Service Institutions—Baptist History—and Separation of Church and State.

G. **The Department of Church Planning.** This department serves many churches through counsel and guidance in planning for beautiful and adequate churches and educational buildings.

H. **Brotherhood and Royal Ambassador Work** will become departments of State Missions in 1957. Here will be an unlimited ministry through men and boys.

I. **Our Church and Denominational leaders of tomorrow need to be taught and trained in cooperation and loyalty now.** State Missions promotes a Baptist Student program among 20,000 sons and daughters from our Baptist homes who are attending the many colleges or universities, business and medical schools of our State. These young men and women constitute a great potential leadership for all areas of tomorrow's world. The churches will need the strength and service of **that leadership.** Baptist Student Centers near the campuses of our state colleges and other school are a must. This year the Convention purchased a beautiful site for a student center at the University of North Carolina where we have 1,700 Baptist students.

J. **What are the Sources of Support whereby State Missions can function effectively and fruitfully in all these phases of work?** Here they are:

(1)	Cooperative Program (If goals are met)	$270,000
(2)	Sunday School Board	21,000
(3)	Home Mission Board	4,000
(4)	W. M. U. Week of Prayer (goal)	75,000
(5)	Miscellaneous Income	7,000
		377,000
(6)	Offering through the Sunday Schools and churches October 28, 1956 (goal)	123,000
		500,000

The total State Missions budget needs are $500,000. The goal for State Missions Day on October 28 is $123,000. Remember, this day for Missionary Baptist churches in North Carolina is the oldest of our Mission emphases. It has constantly undergirded our total world Missions program. If this goal is reached by our people, your 24 ministries of State Missions will have their 1956 needs met and long standing overdraft on State Missions could be met in December and we could begin the year 1957 with a clean slate.

K. Therefore, will you as an individual and your Sunday School and church do your part so that the first part of **The Great Commission** might be obeyed—and that these rich ministries might be continued to the extent that next year North Carolina and the world might have many more Christians and be more Christian.

SUNDAY SCHOOL REPORT

S. C. Ray, Associational Sunday School Superintendent

Mr. J Edgar Hoover, head of the Federal Bureau of Investigation, states that only one out of every twelve people attend church services, that seven out of eight Sunday School pupils will stop attending both church and Sunday School before they are 15 years of age, that a major crime is committed every 23 seconds, and a murder is committed every 40 minutes. He then goes on to plead that American churches use every means at their disposal to intensify and expand their Sunday School activities because of the tremendous bulwark the Sunday School is in checking this rising tide of lawlessness and juvenile delinquency.

In answer to this appeal and in obedience to our Saviour's command, "Let us go on" more than 722,000 North Carolina Baptists in over 300 churches are busily engaged in carrying on an ever expanding Sunday School program of reaching more people, teaching the Word of God, and winning the lost to Christ. Last year we had an enrollment gain in N. C. Baptist churches of 20,610. One thousand one hundred sixteen churches reported 32,772 training awards.

The Piedmont Association reports 77 Sunday Schools with an enrollment of approximately 30,000. Thirty-two Vacation Bible Schools have been reported. The total number of training awards for this year is 1026.

On April 24, 1956 a very successful Vacation Bible School Clinic was held. Attendance was around 200. Plans are being made for an all day meeting next year.

Our assocation will be host to the Regional Sunday School Clinic January 21-25. Meetings will be held at the First Baptist Church in Greensboro. Outstanding leaders in Sunday School work from several states will be here to lead us in this clinic. It is hoped that every church in the asociation will take an active part in this regional Sunday School Clinic.

ASSOCIATIONAL WOMAN'S MISSIONARY

By Mrs. F. T. Matthews

Most of you are aware that I am new as Associational W.M.U. Superintendent, but in these four months I have come to see that our people need to become more aware of the world's needs. In W. M. U., our first "Aim for Achievement" for this new year upon which we will launch out, is "World Awareness". This does not apply to our women and young people only, but to the pastors and laymen of local churches and Association. In Proverbs 29:18a we read "Where there is no vision the people perish". Is not that challenging command? As we, the executive officers of the W.M.U. Association, help to lead in this program of "World Missions", won't you give us your full cooperation? God needs each of you for a special task. Won't you help?

We start our new year with a complete slate of officers and each one feels deeply the great responsibility attached to her particular job. We look back with regret to those nineteen churches in the Association which do not have any W. M. U. organizations. Mrs. J. C. Bell is our officer to encourage formation of new societies in the local church. Won't you call her, to help your church start a W. M. S.

Throughout our S. B. C., beginning October 28 to November 4, "World Mission Week" will be observed. Mrs. J. E. Rawlinson, our Mission Study Chairman, will direct our Mission Study Institute October 16 at the First Baptist Church, High Point, N. C., preparing the teachers for our first Mission Study Book, "Advance in Japan".

Mrs. Norman Blythe, Stewardship chairman, has been busy, not only in our Association but in the State as well, encouraging our women to be more effective stewards of our Lord. She led in Leadership Conferences on Stewardship at Campbell College and Ahoskie. In our Association we have 2,220 who have pledged themselves to be Tithers to the Lord's Work.

Mrs. W. H. McCuiston, our Community Chairman, has been busy already encouraging our women to consider themselves missionaries, to take the Gospel, as well as material things to those in our communities who are lost and without Christ.

Those of our number who have contributed greatly to our program this summer have been the Group Leaders, Mrs. R. P. Royal Mrs.. C. D. Foster, Mrs. Raymond Collins, Mrs. Dan Sears, Mrs. J. M. Lancaster, Mrs. M. M. Hall and Mrs. John Edwards.. They are the contact between the local church and the Association. We are grateful for them and for the women of the Association who prepared meals for the four camps, W.M.U. Day, and the Association Evangelistic Clinic..

The good work done by our young people this year is due in a large part to our Youth Director, Mrs. T. R. Parlier, and her co-workers, Mrs. Joel Radcliff, Mrs. A. J. Spinks, Mrs. Ralph Burroughs, Mrs. Baxter Scott and Nolan Johnston..

We have had excellent reports throughout the Association about the camps held at Lakewood. There were eighty Junior G.A.'s at the first Camp and the combination G. A.'s and Intermediate Camp had ninety in attendance. Mrs. Parlier reports that ten girls accepted Christ and forty made other decisions. Mrs. Ralph Burroughs, Sunbeam Leader, reported 175 Sunbeams in attendance at Camp. Much of the planning and leading in the Camps was done by our most earnest and efficient Advisor, Mrs. A. L. Parker. Throughout our days at Camp we had the wonderful privilege of having Rev. and Mrs. Gene Phhillips as our Missionary speakers (our newly appointed Missionaries to Southern Rhodesia). We feel that the wonderful Christ-like spirit that prevailed through the Camp was due to these dedicated people of God.

As we look ahead at the momentus task confronting us, we would be tempted to give up, except we realize the urgency of God's call, and we know that "God can supply our needs" (Phil. 4:19).

The knowledge of the Glory of God surrounds us. Let us labor together with Him until all shall see Him as He is—The Lord and Saviour of the world.

ASSOCIATIONAL BROTHERHOOD

By W. A. Aydelette

North Carolina Baptists are "On The March" in every phase of their work. This is especially true as it relates to their Brotherhood endeavor. It is with much delight that we submit to our Association this report of the stewardship of their Brotherhood up to date, keeping in mind that all the Brotherhood movement has done and is seeking to do is to enlist the men of all churches in an ever-increasing number in supporting more fully and adequately their own local church programs and that of our great denomination.

The most vital and fruitful periods in the history of the Christain Church have been those in which Laymen have most vividly realized and most earnestly sought to discharge their responsibility to propagate the Christian faith.

Meaning and Purpose

A Brotherhood is a group of consecrated Christian men, preferably all of the men in a Missionary Baptist Church seventeen years old and above who have banded themselves together for the sole purpose of promoting the full program of their Church and Denomination. The Brotherhood is built upon four Cornerstones: Evangelism, Stewardship, Bible Doctrine and Church Loyalty.

Its Function

It is a service organization which seeks to harness and utilize the manpower in the church and to provide an outlet for men to put into action those impressions for Christian witnessing they received while attending the various services of the church. The following six vital functions carried out by the organization will enable one to see something of its challenges and objectives.

1. The Brotherhood offers a great Chrisian fellowship to all of the men.
2. Programs are planned and offered which will give the men visions of the great program of Christ carried on by the church and denomination.
3. The sponsorship of Royal Ambassadors and promotion of the Man and Boy Movement.
4. The Brotherhood offers and endeavors to give every man in the church a definite responsibility and service to render in undergirding and promoting the full church and denominational program.
5. The enlistment and cultivation of that large group of delinquent church members.
6. The Brotherhoods seek to lead the men to witness for Christ and win lost souls to the Saviour.
7. The Brotherhood endeavors through its Education Committee to enlist every home in the church for the Biblical Recorder and other denominational periodicals.

We have in North Carolina approximately eleven hundred Brotherhoods at present. These Brotherhoods will represent over forty thousand men. Sixty-five of the seventy-three Associations and the ten Regions have been organized thus far. During 1956 Horace Easom, State Brotherhood secretary, has given three-fourths time to the Brotherhood work and the other to the Baptist Foundation. The Associational Brotherhoods meet quarterly and the Regional and State Brotherhood organizations meet annually. Brotherhood Retreats were held this summer at Caswell Baptist Assembly, Fruitland Baptist Assembly, and Ridgecrest Baptist Assembly.

According to the records in the State Brotherhood Office, the Piedmont Association has twenty-nine Brotherhood organizations.

Our state secretary plans to give much time during the coming year in the Piedmont Association in the support and promotion of the Brotherhood Movement.

With the above report and in line with these suggestions I make the following recommendations:

1. That Piedmont Association continue to strive toward the goal of "An Active Brotherhood in every Church."

2. That we set up a Piedmont Associational Brotherhood organization in keeping with the plan of the Baptist Brotherhood of the South which is as follows: An Associational Brotherhood President, Program Vice-President, Attendance Vice-President, Promotion Vice-President, Chorister, Secretary and Treasurer, and an Advisory Council to be composed of three pastors and three laymen.

3. That we cooperate with the State Brotherhood Department in sponsoring and promoting a joint Brotherhood-Royal Ambassador one night clinic in our Association sometimes during the year 1957.

ORPHANAGE REPORT

By Charles R. Pierce

During the year of 1955 a total of 824 applications for the care of needy children passed over the desk of the General Superintendent. A decision had to be made on each case. We were able to admit to some phase of our program 137 of these children. To the other 687 we had to say no. Of course, many of these were accepted for some sort of care by relatives or other agencies.

In 1955 there were 58 per cent more applications sent to us than in 1950. Thus the need, based on the number of applications, grows greater each year. Last year we cared for a total of 736 children, or 23 more than the year before. The increase was in foster home care and was made possible by an increase in the Thanksgiving Offering.

Plan To Support

Last year for the first time the Orphanage received part of its support through the Cooperative Program. About ten per cent of the total income was given through this channel. Most of the churches continue to place the Orpjhanage in their budgets or else take the Once-A-Month offering through their Sunday Schools. Each church, of course, makes its own decision about this matter. Let us always bear in mind the fact that the income for the Orphanage from church budgets, Once-A-Month offerings and the Cooperative Program is fixed and will be the same amount each year. Therefore, the only way for the Orphanage to get more money to meet the ever increasing needs for child care is through a greater Thanksgiving Offering.

In North Carolina there are more Baptists than ever before; the income of our people is at an all-time high; they have given more money to our total Baptist program than ever before. Surely this year they will make a greater Thanksgiving Offering to help the homeless child if our church leaders will give them a chance.

Building Program

During the past year a new church building and a new parsonage have been completed at Kennedy Home. These are buildings of which every Baptist can be proud. A contract will be let sometime this fall for a new Boys' Cottage and a swimming pool at Kennedy Home. Bear in mind that all of these buildings are erected with special gifts or bequests.

Charity and Children

We believe your Orphanage publication, **Charity and Children,** is now making a greater contribution to our Baptist program than ever before in its glorious history. With the tremendous amount of "trash" reaching our people through the printed page, it is impossible for us to get too much good literature in their hands. Today more than 51,000 copies of **Charity and Children** are mailed out each week. These are filled with information about some phase of our Baptist program.

"We are all blind unless we see
That in the human plan
Nothing is worth the making
If it does not make a man.
Why build the nation glorious
If the child unbuilded goes?
In vain we build the city
Unless the child also grows."

ALLIED CHURCH LEAGUE

By Woodrow W. Robbins

The Allied Church League is seeking to make effective in North Carolina the importance of our people being interested in good government to this end they are promoting the Citizens' Committee for Good Government.

One of the vital phases carried on by the Allied Church League is that of working with the people in elections to help vote out beverage alcohol in whatever form it appears (note report further on).

As W. P. Biggerstaff says: "There is need for a vigorous program of education concerning the damaging effects of alcohol. This work needs to be pushed in all churches and in the public schools. Much work needs to be done in those areas where liquor is entrenched. In many places it appears that the people have surrendered to the liquor evil and are accepting it as inevitable. Even many church members are indifferent and some have become users of alcohol. The alcohol propagandists have done an excellent job in breaking down convictions of our people with reference to the evils of beverage alcohol. On the other hand they have been very successful in building the idea that liquor is a harmless social necessity and a great economic asset."

As this report is prepared the League is making a determined effort to secure names on the petitions which call upon the legislature to enact a bill to provide for a state-wide referendum on the manufacture and sale of beverage alcohol in North Carolina. Your representatives in the League have sought to set up an organization in every county in the state. Just how successful we will be in securing a substantial number of names signed to the petitions remains to be seen. It looks now as if most of the counties will have an effective organization for this purpose. The success or failure of the effort will be determined by the effort put forth in each county to give every person of voting age in such county an opportunity to sign. We believe a majority of our citizens are eager to do whatever they can to help rid our state of the liquor traffic. The petitions offer an opporunity in that direction.

We believe the prospects for a referendum in the 1957 session of the General Assembly are brighter than they have ever been. But it cannot be said too emphatically that much depends on the effort made to get signatures on the petitions. The employees of he League are helpless apart from the cooperation of the Christian people of our state. We urge that an effort be made to enlist every denominational group, including Negro Christians, in this worthy undertaking. If we should fail in this effort we believe our cause will be hurt for years to come.

Conditions in North Carolina are favorable to a referendum at this time. Our people are becoming more and more alarmed at conditions produced by the beverage alcohol traffic. Those who know what is happening are beginning to say that something must be done. Figures released by the Department of Motor Vehicles indicate that 25 per cent of the fatalities on the highways of the state resulted from drinking. Of the 45,054 accidents on the highways during 1955, 8,487 had been drinking, and 323 people were killed by drinking drivers. Prison authorities are alarmed at the high percentage of the prison population who have drinking records. This percentage is said by one official to be as high as ninety per cent. The report of the State Board of Public Welfare reveals that in June, 1956, there were 11,215 persons confined in the county jails in North Carolina and of this number 5,038, almost 50 per cent were charged with violations involving alcohol.

It is becoming more evident all the time that we must promote a program of education in the churches which will have as its purpose a sober society and the creation of a moral climate which will eventuate in higher spiritual living. The rehabilitation of the victims of alcohol cannot longer be neglected by the churches. We must set up clinics designed to train our people in methods of working with people who have drinking problems. To this end we urge the election in each Association of a person who will help the League in promotion of these projects. Each church should elect a committee on Social Education to work with the Associational leader. We **must** get back to the people with a program of education on all moral issues, and civic responsibilities

We are no wmaking a drive by which individuals can become members of the League and give financial help. The plan is this: Lifetime Contributing Membership—$500; Honorary Contributing Membership—$20 annually; Active Contributing Membership—$5 annually; Contributing Membership — $1 annually. Membership cards are available from the person making this report.

In concluding let me urge all of our churches to be alert to what is going on in our respective communities, our counties and our state and give your support to help bring about a state wide referendum.

Let us remember:

1. That beverage alcohol is an evil.
2. As Christians let us abstain from the use or sale of it.
3. Let us urge our people to refuse to trade in grocery stores, filling stations, etc. where beverage alcohol is sold and inform the store of your decision.
4. Let us continue to pray for God to lead in the fight against all evils in the Allied Church League work.
5. Let us pray for the conversion of drunken sinners.

ASSOCIATIONAL TRAINING UNION

By J. Carl Bell

I Peter 2:2 admonishes us, "As new born babes desire the sincere milk of the word that Ye may grow there-by: If so be Ye have tasted that the Lord is God."

This verse should challenge all who have experienced th Saving Grace of Our Lord, to want to grow. There can be no better way than through the Training Union Department of our churches. Jesus saw the need of training those disciples whom He had chosen to be witnesses. Those of us who serve Him today should also be trained for this great mission. No christian is too young or old for Training Unio.n The objective of every church should be to train its church membership. Much has been accomplished in our Association this year, but still less than half the membership of our churches is enrolled in Training Union. One of the most outstanding features accomplished this year was an Associational Youth banquet where 256 met at the First Baptist Church to hear the Pastor Dr. Claud Bowen challenge those young people. "To Live All of their Life for Christ," 100 indicated a desire to serve in full time Christian service. We have had 3500 to receive Study Course Awards.

This has been a good year for our Training Union Tournaments. Competition has carried our contestants in Memory Work and Bible Reading through the local churches, to the Association and on to Caswell and Fruitland Assemblies with more than 250 participants. 60 juniors in our Association won out in the State Memory work. Mr. Gomer Lesch of First Baptist Church, Greensboro, won out in Stae Bible Reading Tournament. We are especially pleased with the good work that choirs have been doing. Five choirs in the Association were rated A in the Music Hymn festival held at Caswell.

More and more the Pastors in our Association are beginning to see that Training Union is the organization in the church from which the leaders in every phase of our church work come.

Ten new churches in our Association have a full Training Union program. Woodlawn church in High Point, since organizing, has had more than one hundred in attendance every Sunday night.

Our sincere thanks to all who have had a part in the organization and the functioning of this vital phase of our Lord's work. This has helped us to gain the first place in Southern Baptist Convention by meeting our goal of ten new Training Unions.

We would covet your prayers as we plan to expand our work in the new year. Leadership is needed everywhere, especially in our churches. Let us remember, "The largest cemetary is where talents are buried." *Train now!*

REPORT OF EVANGELISM

By Neil J. Armstrong

"For this is good and acceptable in teh sight of God our Saviour: Who will have all men to be saved, and to come unto the knowledge of the truth." (I Timothy 2:3-4)

Evangelism is the heartbeat and lifeblood of New Testament Christianity. Evangelism is the beginning of morality and the basis of righteousness. Jesus clearly stated His own purpose in coming into the world, "For the Son of man come to seek and to save that which was lost" (Luke 19:10). He did many incomparable things while He was in the world, but His primary and consuming passion was the salvation of the lost. He had that in mind after His resurrection when He said to His disciples, "As my Father hath sent me, even so send I you" (John 20:21).

Southern Baptist have been characterized as evangelistic people. We, however, detect our own weakness. Over a period of 110 years we have averaged one baptism to every twenty-two church members. When we consider that more than 40,000,000 now living in the area of the Southern Baptist Convention are not affiliated with any church we conclude our efforts have not been adequate. We are further humiliated and embarrassed by the report from the Department of Surveys and Statistics that 4,799 churches reported no baptisms in 1955. Those churches failed the Lord at the point of his greatest heart concern. If there was a pastor,, he failed. The church failed. In all these communities there are lost people. They go on lost because the nearby Baptist church is failing. Associational missionaries, evangelism chairman and nearby pastors face a real opportunity here.

Our churches need a renewed emphasis on evangelism and personal soulwinning. Our denomination needs the tonic of a strong evangelistic consciousness. Our organizational life comes alive with new power. Our institutions broaden the scope and deepen the effectiveness of their ministries. Our boards come alive to their opportunities and denominational business. God's people respond with God's money, a dream of world evangelization begins to come true and the prayer our Lord taught us begins to dawn as a reality, "Thy will be done, as in heaven, so in earth."

REPORT ON DENOMINATIONAL LITERATURE

By W. Frank Marks

A large number of our people have bias opinions in the realm of Christian life because they have not been informed. Multitudes of Christians have not read one mind-searching Christian book, with many having not even read one informative and inspiring article in any of our denominational literature. Of books and articles concerning sin and secularism they have read many.

Christian literature should not need defending, but what it does need is more distribution and a wider reading, for we gain more knowledge of God from one moment of obedience to Him than we gain from hours or days of argument about Him. In order that we might have a greater knowledge and understanding of God, we must become obedient unto the commandments and laws we already know. One of the principle means of bringing this about is through a wider promotion and distribution of denominational literature.

Some Baptist Literature which should be found in every Baptist home:

Biblical Recorder	52 issues for	$2.50
Charity and Children	52 issues for	1.00
The Commission (Foreign)	12 issues for	1.00
Home Mission	12 issues for	.50
Total	128	$5.00 or .04 ea

The above literature along with the required literature in Sunday School, Training Union, W.M.U., and Brotherhood, and the very minimum of study course material should provide us with our greatest opportunity to promote and magnify Our Lord's work through Christian Literature. No one could say that this vast store of information and inspiration is too expensive. Who is there, except God alone, that could correctly estimate the extremely high cost, in life and morals, of that literature which is least religious.

We as Baptist should be careful in condemning literatures bad until we have prayerfully sought to provide Christian literature to take its place in our homes.

N. C. BAPTIST HOMES FOR AGING

By J. W. Hines

The Homes are in their sixth, and greatest, year of operation.

Construction of the Administration and Dormitory Building began in February. It should be completed by the end of the year, and ready for occupancy by February 1, 1957.

North Carolina Baptists have good reason to be proud of their new building, which, when completed and equipped, will add one-half million dollars to the total value of the Homes. What is more encouraging, there is reason to believe that the total cost of the new building will be paid for by the time it is occupied, if our 3,200 Bapist churches will respond with a generous Special Day offering on the third Sunday of February, 1957.

The added facilities of the new building will make it possible to care for 100 residents—20 at Resthaven, 36 at Albemarle Home, and 44 in the new building. Of this number, less than 10 will be part-time helpers. Moreover, a greater ministry to our aging residents will be possible because of the extra facilities in the new building. Among these will be ample space for craft shops, sun parlors, library, and other additional features. In fact, the new building was planned and is being constructed to provide a well rounded program with the most up-to-date facilities.

The Special Day Offering this year, to date, is $88,400.03, including personal and corporation gifts. This amount will be increased by churches late in reporting their gifts. It is encouraging to know that the number of churches responding increases each year.

Resthaven and the Albemarle Home have been filled to capacity. When a vacancy occurs, which is rare, there is always a waiting list.

Effort was made in Winston-Salem during June and July to raise $100,000 for the new building. In addition to the money raised, the response on the part of a large number of splendid business men to help with the campaign was most inspiring. The aroused interest in the program of the Homes will bring increasing results for years to come.

There has been a larger number of building memorial gifts. They ranged from $300 to $3,000—$300 to furnish, $1,000 to endow, and $3,000 to pay cost of constructing, a room.

A trustee, Mr. Don G. Matthews, gave, in addition to $3,000 to construct a room in the new building, $1,378 to pay cost of excavating a lake on the grounds of the new building.

Your Homes are putting forth their best efforts to render a ministry of security, comfort, congeniality, and Christian love to our residents.

North Carolina Baptists should keep in mind that their special offering and the share of the Nine Year Program received by the Homes help to make this ministry possible to all who come to the Homes, and, especially, to a larger number who could not come but for such help.

There are some rooms left to be memoralized. Also, a limited number of cottages may be built on the Park Road site. If interested, contact James M. Hayes, general superintendent, N. C. Baptist Homes, Kentucky Avenue, Winston-Salem, N. C.

"Cast me not off in the time of old age; forsake me not when my strength faileth" (Psalm 71:9).

RADIO AND TELEVISION REPORT

By George T. Tunstall

Radio and television have been discovered and developed within the memory of most of us. These two agencies have incredible possibilities for good or evil. The brewers are spending millions and reaching millions for their products which are only harmful. Some of the evil effects of their propaganda could be overcome if the Christian groups of America would prepare as carefully and present as skillfully as they do the products of Christianity. The leading denominations, including the Catholics and Jews, are realizing some of the potentialities of radio and television and making and presenting many worth-while programs.

The Southern Baptist Convention began work in this field in 1938, but it was 1946 before the Radio Commission was put into the Co-operative program. The Convention authorized the addition of "television" to the agency's title in 1954 and in 1955 approved a headquarters' move from Atlanta, Georgia to Fort Worth, Texas.

The Baptist Hour has had a remarkable growth. Today it is carried on 400 radio stations in 33 states and several foreign countries. We fear, that due to neglect on the part of some of us, the Baptist Hour is not being carried in Winston-Salem, Greensboro or High Point. Some of our most outstandiig leaders are on this program. Dr. Baker James Cauthen, our Foreign Mission Board Secretary, will, beginning in October, be the speaker for the next three months. Our people would profit greatly by his challenging messages. It is estimated that 10,000,000 people hear these messages every Sunday.

During 1956 the Radio and Television Commission has produced two television and six radio programs for CBS and NBC which is evidence that Southern Baptist are committed to this long negleced medium of spreading the gospel of Christ. The political parties and business corporations of America would not spend their millions through these agencies if they did not believe they were reaching and influencing the people. If we are wise we will do more in this field to tell the story of Jesus to a lost and confused world.

Therefore, we recommend that a committee be appointed to contact one of our largest Radio Stations in Greensboro or High Point with a view to having them carry the Baptist Hour at some time other than during church services.

AMERICAN BIBLE SOCIETY

By Ernest G. Holt

A Chinese college student, during World War II when Bibles were scarce in his country, made this earnest request: "We students want to know Jesus. We must have this book." Another thoughtful Chinese student, talking with his missionary teacher, said: "Your English Bible speaks to my head, but my Chinese Bible speaks to my heart."

The words of those Chinese students express two missionary principles which are true in all lands:

People must have the Bible because it presents Jesus Christ, the one hope of men and nations.

Each person must have the Bible in his own language because it speaks to his heart as no other language can speak.

The Bible is the missionary's chief tool. He uses it in every form of mission work. The Bible itself is a missionary. It can go where the human missionary cannot go. It can stay on after he must leave —and keep on speaking to a man's heart!

The American Bible Society aids in Bible translation, publishes the Scriptures withut note or comment and distributes them without profit, usually below cost. For the Blind it supplies Scriptures in raised-letter systems and on Talking Book records. The Bible Society serves every form of Southern Baptist mission work around the world.

During 1955 the American Bible Society—

—helped to publish Bibles in Russia by giving to Russian Baptist leaders, mats made from our printing plates—which they are using to print 50,000 Russian Bibles.

—helped the Japan Bible Society publish the full Bible in Colloquial Japanese, the every-day language easily understood by all the people. This opens the Book to many millions of new readers and is stimulating interest in Bible reading.

—donated 1,397,100 Scripture volumes for distribution by Chaplains to our Armed Forces, providing a vital link between the home churches and the men in service.

—distributed throughout the world almost 15 million volumes of Scriptures.

Southern Baptists Support the Work

Because the Bible Society serves mission work—and because Southern Baptist missionaries depend on the Society for Scriptures they need for distribution in their own work—Southern Baptist churches give to the American Bible Society.

In 1955 Southern Baptist churches again broke their own record by giving $115,631 to their Bible Society—but again stood in second place, exceeded by Methodist gifts of $139,151. Gifts from all denominations totaled $804,998.

The help of every Southern Baptist church is needed. Has your own church given this year? Here are suggestions, based on what many churches are doing:

Every Church can give **at least** these amounts **each year**:

Country and village churches	$10 to $25
Churches in small cities	$25 to $100
Larger churches	$100 to $200
Great city churches	$200 to $500 or more

Please send gifts to your Baptist state office marked "for the American Bible Society,"

CHRISTIAN EDUCATION

By J. Devee Hillman

In Southern Baptist Colleges and schools enrollments during 1956 reached a record of 53,682, surpassing by 3,602 the previous high of 1954-55. Not included in this nonduplicating net total are the 7,722 students in special noncredit or extension classes, or 3,135 students enrolled in the Seminary Extension Department.

There was an increase in enrollemnts of 9.5 per cent over 1954-55 in the senior colleges, 4.2 per cent in the junior colleges. Enrollments in academies and seminaries were practically unchanged, and those of the Bible schools decreased slightly. In Southern Baptist Colleges the overall increase last year was 8.7 per cent, in line with estimates of the national trend.

Dr. R. Orin Cornett, Executive Secretary of the Education Commision of the Southern Baptist Convention, says in a recent report that the lack of increase in enrollments in the seminaries has been largely a matter of saturation of facilities. Hundreds of qualified students seeking admission could not be accepted—or, in most cases, could be admitted but could not find housing. Many of the senior colleges have also reached or neared the limit in housing facilities.

Enrollments of ministerial students, for the fifth year in succession, reached a new total. The 1955-56 total of 10,782, surpassing by 328 the 1954-55 figure of 10,454, includes 3,894 in the seminaries, 6,448 in the colleges and 440 in the academies and Bible schools.

Support received from the Co-Operative Program by Southern Baptist educational institutions increased from $5,413,736 for current operations in 1954 to $5,759,883 in 1955, or 6.4 per cent. Capital needs support was virtually unchanged in total, decreasing from $3,830.629 in 1954 to 3,763,420 for 1955. For the colleges, however, capital needs support from the state conventions increased from $1,854,559 for 1954 to $2,333,326 for 1956. There was a compensating decrease in capital needs support for the seminaries from $1,922,685 for 1954 to $1,330,314 for 1955. Capital needs funds for the academies and Bible schools increased from $3,418 for 1954 to $99,680 for 1955. Additional income from gifts and grants totaled $5,925,087, compared with $13,096,085 from tuition and fees and $2,579,513 from endowment, for all the schools.

Southern Baptist colleges are facing up to the prospect of continued increases in enrollemnt for the decade ahead by continuing vigorous building programs. Property values increased $16,151,764 over the previous year.

During the thirteen years of operation of the Council on Christian Education in the Baptist State Convention of North Carolina the enrollment of students in our seven Baptist colleges has increased from 2,300 in 1944 to a total of more than 5,000 last year. During this period financial support from the churches through the Co-operative Program for operating purposes has increased from $130,000 in 1944 to $440,000 last year.

Our seven colleges, Meredith, Mars Hill, Gardner-Webb, Wingate, Campbell, Chowan and Wake Forest, are continuing to expand their facilities. Wake Forest moved to its new campus in Wintson-Salem this year, conducted a summer session, and has recently begun the first full year of operation.

A continued increase in the shortage of well-qualified candidates for faculty position in Southern Baptist colleges was noted during 1955-56. Factors contributing to the shortage, according to Dr. R. Orin Cornett, are as follows:

1. Not enough persons, particularly Baptists, are doing graduate work in an effort to prepare for teaching.

2. Most of those qualified for teaching in Baptist colleges are prepared only to teach religion, the only field in which qualified candidates outnumber opportunities.

3. Salaries are still too low in the colleges to attract and hold qualified persons unless they are willing to make a substantial financial sacrifice.

4. Rising enrollments are increasing the number of teachers needed.

5. Not enough is being done in an effort to awaken Baptist young people to the challenging need for teachers and to assist them to get the needed training.

It should be noted that the third annual (1956) April Emphasis on Christian Education, centering on the theme, "Prepare for Leadership," was planned to stimulate Southern Baptist young people to anticipate leadership responsibility and opportunity, and in order that in the not too distant future, many of the urgently needed teaching positions in our Baptist colleges may be filled.

The final report on the 1955 April Emphasis ("Finding a Worthy Career"), not available for last year's report, indicates that 837,165 tracts and leaflets were sold and distributed to the churches, more than eleven million published pages of supporting materials in Southern Baptist Convention agency publications, and several million of pages in the state Baptist papers.

HOME MISSIONS REPORT

By Reece Baucom

Dr Courts Redford, Executive Secretary says: "This has been a year of unprecendented growth and achievements. The emphasis being placed on Evangelism with gratifying results. There were twenty-five thousand more baptisms reported than any previous year. The gifts through the cooperative program, the Annie Armstrong offering and general designations had a grand total of $3,134,-

340.86. The loan department made 257 loans to churches totaling $2,834,600.00 during the year.

The Home Mission Board is cooperating with the State Mission Board emphasizing Church Extension with a slogan "2,666 in 56" churches revitalized during the fiscal year. We are cooperating with other agencies in a crusade for Christian morality and world evangelization in year '57. This is a aprt of the "Four Year Conquest For Christ". We desire wholehearted cooperation in this great enterprise for the glory of Christ.

REPORT ON FOREIGN MISSIONS

By Fred G. Culler

At the end of 1955, there were 1020 foreign missionaries under appointment in the Southern Baptist Convention. This was a net gain of 71 missionaries over the previous year of 1954, 1955 stands as the first year in Southern Baptist history that the number of foreign missionaries has reached the one-thousand mark. In 1915, 104 new missionaries were sent out by the Foreign Mission Board; of these, 35 went to Africa, Europe and the Near East; 26 went to Latin America; 43 went to the Orient. During the ten-year postwar period, 1946-56, we have averaged appointing 78 new missionaries per year. During this same period we have averaged losing 28 missionaries per year; giving an average net gain of 50 missionaries per year. Our goal of 1750 missionaries on the field by 1964 is a high mark which may only be reached by averaging 91 new missionaries per year until 1964.

As was announced in the 1955 minutes of the Piedmont Baptist Association, Mr. Bill B. Cody was added to the personnel department as assistant secretary-student representative. His is the responsibility of recruitment and conservation of commitments of mission volunteers who are in college. Through his leadership, mission programs of inspiration and information were held at 103 colleges, universities and schools of nursing and medicine. A total of 17 furloughing misionaries and Mr. Cody have shared in this significant service in the 1955-1956 academic year., The personnel department is now in contact with 3675 young people who are deeply interested in God's leadership to missionary service. Of this group 975 are in seminary or other graduate schools or else out in responsible places of leadership. The other 2700 are in college or below. Out of this vast reservoir will come the missionaries of this year and the years ahead.

There are many fine and encouraging reports that continually come to our ears from many of the mission fields. These Baptists in foreign lands are beginning to catch the vision of what can be done for the Lord.. From the Brazilian Baptist Convention this year were sent out 44 summer workers into 20 churches of the eight states of the North (an area more than half the size of the United States). While they were there they directed 180 Vacation Bible Schools with an enrollment of 13,559 and taught religious courses in 183 churches with 3226 people receiving their awards. In Chile there is definitely a time of inflation of that country's economy, but despite this condition the churches are very definitely leaning more and more Toward self support. This year the Central Baptist Church of Bogota, Columbia dedicated a new sanctuary and their attendance jumped from 250 to 1420. They also had a revival meeting the week of the dedication service and received 194 by profession of faith. The 104 Baptist Sunday Schools of Japan have an enrollment of about 12,000; the report is that much work is being done to expand the programs and present work of these Sunday Schools.

Last year eight and one-half million Southern Baptists gave a total of $335,000,000 for all purposes. Of this amount $48,500,000 was sent to the state secretaries for use in the states, the homeland, and the foreign mission fields. $10,838,935 was given for our foreign mission program in 35 countries and territories of the world. However, Southern Baptists contributed $269,333 in designated gifts to the work of foreign missions. This may seem like a large sum of money for foreign missions until we see that this was only $1.29 per Southern Baptist in 1955. As the figures now stand, it takes 8000 Southern Baptists to keep one missionary on the field according to "The Commission" for September, 1956. Certainly in 1957 we will want to increase our gifts to the work of foreign missions both through the Cooperative Program as well as designated gifts. According to the Book of Reports of the Southern Baptist Convention for 1956, there are specific and urgent requests for more than 500 new missionaries to serve in 35 countries and territories around the world. These are needed now, but there is not enough money available to send them. There are new areas in Pakistan in the Orient and Kenya and Tanganyika in East Africa that are waiting for us to enter when the sufficient funds and personnel are forthcoming. I trust that as members of the Piedmont Baptist Association and the Southen Baptist Convention, will rise in the remaining months of 1956 and the months ahead in 1957 to meet the great needs we find in the world today.

REPORT ON RELIEF AND ANNUITY BOARD

By J. E. Rawlinson

The Relief and Annuity Board of the Southern Baptist Convention was established thirty-eight years ago. The purpose as stated in its charter then was "to provide relief, support, benefits, and annuities for Ministers of the Gospel of Baptist Churches and their widows and orphans within the bounds of the Southern Baptist Convention." It was originally known as "The Board of Ministerial Relief and Annuities of the Southern Baptist Convention."

The assets of the Relief and Annuity Board have steadily grown over the years. On January 1, 1953, the total assets were $26,000-000. It is expected the assets by the end of this year will be approximately $50,000,000—almost twice as much as 4 years ago.

Up to January 1, 1956, the Minister's Retirement Plan in North Carolina had been different from the Minister's Retirement Plan in other states. Since that date all new members must come into the Southern Baptist Protection Plan, which is uniform in all the states of the Southern Baptist Convention. This now plan replaces the old Minister's Retirement Plan.

All of the retirement plans for Pastors, Educational Directors, the Minister's Retirement Plan, the Widow's Supplemental Annuity Plan, the Minister's Security Plan are State plans. This consumates a uniformity long desired.

One of the matters of concern to the Relief and Annuity Board is that the plans are reaching a very small percentage of the potential. The average over the Southern Baptist Convention is about 35 per cent. This is approximately the average for North Carolina. This should be a matter of interest and concern to every church, pastor church staff worker, and all others who may be eligible to participate.

One of the outstanding steps forward is the Family Benefit Endorsement Plan. This is a term insurance plan. The participant must be paying currently on one of the retirement plans. Anyone joining after January 1, 1957, must be under 60. Payments continue to age 65. Beyond 65 there are no benefits. The policy carries the disability and double indemity features. It will go into effect January1, 1957, if a sufficient number prove their interest in the plan.

The Relief and Annuity Board is constantly seeking to render the most effective, efficient, and helpful services possible. It behooves everyone who is eligible to participate in the service of the Board, to do so.

THOMAS LEO SASSER

"Tom is by personal bent a student of human nature; he can tell you more about yourself than you or your father probably ever guessed . . . he possesses wisdom, experience, and judgment that make him pre-eminently a leader among his fellows."

To those who know our beloved T. L. Sasser these words are equally true today as they were when they were written in the Mississippi College Annual of 1912.

Brother T. L. was born August 25, 1888. He began preaching at the age of 19. After receiving his degree from Mississippi he was a high school principal for two years. He received his Th. M. Degree from Southern Baptist Theological Seminary in 1926. His pastorates include churches in Mississippi, Louisiana, and North Carolina.

As of January 1, 1958, he will be retiring as our Associational Missionary. His untiring years of service, since 1943, have endeared him to the hearts of the people of this Association and as he leaves us we thank God for the privilege of having worked with him. We wish God's richest blessing upon him and Mrs. Sasser.

LAKEWOOD ASSEMBLY

By M. E. Suther

It is with gratitude to our Lord, Jesus Christ, that we go over the records of Lakewood Assembly for the summer of 1957. More than ever, in the seven years of operation of this associational camp site, have the facilities been used by the churches of the Association. Aside from the regular camps that were held in July, which have been through the years the central interest, we note that during the five summer months there has been a continuous flow of our people to Lakewood. During this period the register indicates a total of 1,969 persons using the camp officially. Of this number 1,567 came in large and small groups from twenty churches of the Association and Association-wide projects. One hundred thirty-nine were overnight campers, ninety in the two one-week GA camps, forty-three in the one-week RA camp, and one hundred thirty in two three-day Training Union camps. These figures do not include hundreds who visited the camp from time to time during the summer and did not register.

A source of especial gratification is that for the first time the Association Training Union held two three-day camps at which one hundred thirty members of our Training Unions received special instructions and enjoyed a period of fellowship. The Sunday School also conducted a work shop on August 24, with fifty in attendance. We believe this is only a beginning and these two organizations will use Lakewood more and more in the years to come.

The above statistics are indeed gratifying to the Lakewood Committee, and we believe to the entire Association, but when we consider the number of churches in the Association which made no use of these facilities during the whole year, and when we see the days on which the camp was available and not used, we are grieved that more of our people did not take advantage of these facilities, and we apepal to all of our churches to use our Lakewood Assembly Ground to the full extent of availability during the next summer season.

Due to the debt which was incurred in the enlargement of the Assembly building, building the kitchen and caretakers cottage two years ago, your committee has not been able to make additions which we feel are necessary, but it is our desire and purpose to make everything as comfortable and pleasant as possible for those of the Association who desire to use Lakewood for camping or picnics, or as a general fellowship center, and we welcome any suggestions from any of the churches, or members of the churches, for any needed improvements that can be made within our means.

MISSIONS COMMITTEE

By Woodrow W. Hill

The Missions Committee of the Association has not had as many meetings this year as usual. In the early part of the associational year the major portion of available funds was expended. In addition to this the needs of our new churches and missions had decreased because of the large amounts allocated to them in the latter part of the previous year.

The following appropriations have been made from the Aid to Churches Fund in the budget:

Hunter Hills Mission (Greensboro, First)	$1,000
Parkway Mission (Greensboro, Asheboro St.)	1,000
Emerywood (High Point)	1,000
Faith (High Point)	500
Five Points Mission (High Point, First)	1,000
Colonial Heights	325
Calvin Wiley Mission (Greensboro, Florida St.)	2,000
Total	$6,825

Hymn Books for various new works have been purchased and distributed. These books cost $834.90.

The Kirkwood Fund has been completely expended with the exception of $68.11 it had earned in interest. The following appriations were made from this fund during the associational year:

Hunter Hills Mission (Greensboro, First)	$2,000
Emerywood (High Point)	2,000
Northside Mission (Greensboro, Eller Memorial)	540.92
Five Points Mission (High Point, First)	2,000
Total	$6,540.92

All this means that our Association has invested $14,200.82 in aid to churches during the past associational year. Some of this was reported at our last associational meeting, but the appropriations were actually made during this associational year.

God has blessed us with much new work. These new missions and churches are thriving and will grow into great churches. There is yet room for much expansion. Let's do more for the Saviour in this new associational year.

COOPERATIVE PROGRAM

BY TROY G. ROBBINS

Southern Baptists everywhere believe the Cooperative Program to be the greatest means ever used by churches to practice the stewardship of money. A missionary church has reason to be perturbed if it is not missionary in practice. Through the Cooperative Program achievements are being made which would not be possible if the responsibility rested upon a single congregation. It is an enterprise in which each participating church can have a very vital part. It provides an economical collecting and distributing method. It curbs overspending and indebtedness. It enables the churches to present a common front to the world. The Cooperative Program helps the local church to witness to the unity that we have as Baptists. It makes the local church a part of the world field. It is a source of strength and inspiration to the individual church regardless of size. The Cooperative Program helps the individual Christian to fulfill his responsibility as a missionary, to contribute permanently to God's plan of the ages and to demonstrate on a world basis the Christian principle of sharing.

Mission gifts through the Cooperative Program increased nearly $1.3 million in 1956 over 1955 throughout the Convention. 1955 gifts by Southern Baptists were $35.7 million and 1956 gifts were $37 million.

North Carolina Baptists, as of September 16, have given 10% more through the Cooperative Program this year than was given last year. Though we have increased our gifts, the needs are so numerous that our North Carolina Baptist Convention needs $5,000,000, NOW. The multiple needs within our State is the prime reason for our "Tithers Prove Me Program" which our churches are now promoting.

Already destined to play a vital role in the promotion of The Cooperative Program is the Forward Program of Church Finance. 43 churches which used the program by May 20, 1957, reported that their number of tithers jumped from 9,000 to 17,000 and their weekly pledges form $44,000 to $72,000. These same 43 churches increased their Cooperative Program gifts from $500,000 to $700,000.

The Southern Baptist Convention, meeting in Chicago last May, adopted a goal of each church increasing its percentage to missions to the Cooperative Program by 2% of the total budget (not 2% of the present Cooperative Program gifts) per year between now and the Jubilee year, 1964. If each church meets this goal, Cooperative Program giving is estimated to climb as follows:

Year	Cooperative Program
1957	$ 43 Million
1958	58 Million
1959	74 Million
1960	93 Million
1961	114 Million
1962	137 Million
1963	162 Million
1964	189 Million

THEREFORE, aware of the proven value of the Forward Program, and conscious of the eternal good that would result from reaching the Baptist Jubilee Advance Goal in Cooperative Program giving, the following recommendations are offered for adoption:

1. That our Association plan and have a Forward Program Clinic to inform our Pastors and Deacons as to the merits of such a program.
2. That each church be encouraged to use the Forward Program and beginning with its 1958 budget, seek to increase its gifts to missions through the Cooperative Program by at least 2% of its total budget (not 2% of present Cooperative Program gifts) per year through at least 1964.

NORTH CAROLINA BAPTIST HOSPITAL

By W. Murphy Cassell

Our North Carolina Baptist Hospital is dedicated to the service of those in need of medical care, the education of young people in various branches of medical service, and the bearing of a Christian witness throughout North Carolina and the world.

Once more it has set a new record in its ministry to sick people. Last year it provided 123,000 days of bed care for 15,784 patients. There were 61,000 visits to the out-patient clinics and 60,000 visits to the private clinics. Service patients came from 92 of the 100 counties of our State. This represents specialized medical care in twenty-five different fields of medicine and surgery. It represents the services of skilled medical specialists and special equipment in each of these fields. It represents a medical staff and equipment which, because of the many skills and the large investment involved, cannot be provided except in such a medical center. It provides medical service of the highest order for our people in North Carolina, whatever their financial circumstances may be.

The new Cobalt machine is in full operation, providing treatment for about 35 cancer patients each day. Our very fine plastic surgeon is doing highly skilled work, and our heart surgeon has performed successfully some of the newest and most difficult heart operations known. These services are typical of those offered by our Baptist Hospital.

If a person wishes to go to the Baptist Hospital for treatment, it is necessary that an appointment be made in advance. When an ap-appointment is requested, accurate information must be given as to the general nature of the patient's problem and whether he needs to go through the out-patient clinic, rather than as a private or full-pay patient. The out-patient department is open to persons who are not able to pay the full cost of their medical care. In cases of emergency, or the need for immediate hospitalization, a local physician should always call or write the hospital in order that he may give the medical information required before the proper arrangements can be made. If a person will not be able to pay his full hospital bill when he leaves the hospital, definite financial arrangements should be made when he is admitted to the hospital and not left until later. This can prevent misunderstanding and unnecessary hardships.

It appears now that our churches of the State have made their largest Mother's Day offering this year. We are grateful for this because the needs for help have been greater than they have ever been before. Let us share in the ministry of our Baptist Hospital by giving generously of our prayers, our love, and our money.

ASSOCIATIONAL MISSIONS

By T. L. Sasser

In recent years Southern Baptists have given a decided new emphis to Associational Missions. World-Wide and State-Wide Missions are now no less the objectives of New Testament churches but the necessity of a sure foundation upon which to base world missions becomes increasingly evident. A fact sometimes overlooked is that Associational Missions underlies and undergirds the whole missions program. With this thought and conception in mind let us consider some facts and problems involved as touching our own associational missions field.

I. Facts to Consider:

1. The population of this area is steadily increasing. New homes in large numbers encircle the cities and are in visible evidence in rural sections. Multitudes are all about.
2. There are many churches and a large number of them are easily accessible to the people. Moreover, very many families have cars to travel long distances to attend churches. This makes all the churches accessible. With Scriptural programs of work the people can be won to attendance in all the churches.
3. The area is financially prosperous. The members of the churches and the people as a whole were never so well off materially as now. Excellent home and expensive automobiles indicate the potential wealth of the people who live hereabout.
4. We have freedom of worship and work. No state church dominates and prescribes our activities. This means that we have a great opportunity to expand, that we have a minimum of hindrances as compared to many other places. Our responsibilities and opportunities are therefore the greater.

II. Problems to Solve:

1. Evangelism—reaching the multitudes. Hundreds of people—even thousands—are at our very doors. We daily meet them face to face. We have the message of salvation. To win to Christ is imperative; to fail is indescribably tragic.
2. Enlistment. Piedmont Baptists have succeeded in winning many more to church membership than we have enlisted in constant attendance, in Bible study, in Scriptural giving, and consecrated living. This constitutes a most serious problem and to solve it is a superhuman task. However, we have not utterly failed. Within our churches we have leaders and a goodly section of constituency who are evangelized in the best sense of that term and who are enlisted and developed spiritually. They are as fine as can be found anywhere. Since

it has been demonstrated that it can be done leaves us without excuse if we fail to advance and expand our forces on this front.

3. This brings us to the problem of expansion. There is only one hope of survival and achievement. We are under divine orders to preach the gospel to every person and to teach all nations.

Dependable surveys show that probably half the people of Guilford County have no vital relationship or affiliation with churches. This is a challenging field within itself. There is hope in an alert and active program of expansion. Without such, there is no hope of worthy achievement. What are we doing?

Year by year we increase in membership and in giving. New mission stations are opened and new churches are constituted all along. These and other evidences of expansion are encouraging, but it is very apparent even to casual observers that we are not adequately covering the field.

This calls for a renewal and a re-thinking of our program and a new energy on the part of the evangelized and the enlisted. The number of workers in the Associational Program must be greatly increased. To this end I wish to urge that the Executive Committee of the Association be so organized that every member of the Committee will have an assignment of committee work throughout the year. I suggest the following sub-committees of the Executive Committee. 1. Finance and Administration. 2. Evangelism and Enlistment. 3. Survey and Expansion. 4. Promotion and Publicity. Every member of the Executive Committee would be a member of one of these committees and active in it. Under the current set-up only ten members of the Executive Committee out of the one hundred and sixty or so have any specific work as members of the Committee. What a magnificent group of men! What a work in Associational Missions to be done!

DENOMINATIONAL LITERATURE REPORT

By Paul Riggs

For many years Southern Baptists have faced the problem of providing Christian Literature for our people in every area of life. We are not ashamed of the fact that we have condemned literature which is unchristian and degrading to our way of life. We are proud of the fact, however, that we have done more than just present the problem—we have also sought to find an answer for the problem. Thus, we have taken a positive attitude as to just what the needs of our people really are and how those needs can be met through our denominational literature..

God has blessed our literature because it is grounded in His Word. The underlying theme which runs through all our literature is that Christ must be glorified, and His work must continue to flourish. Anything less than this would be to miss the mark entirely.

One of the unique things about our literature is that it does not stop within the boundary of church organization but also reaches into the home to aid in meeting needs there. "Home Life," a monthly magazine published by the Sunday School Board, gives spiritual guidance for families and becomes the medium through which the church can minister to the home. Our Sunday School Board publishes a total of 79 periodicals. Included in that number are the "Sunday School Builder," "Training Union Magazine," and literature for all age groups. We also have "The Commission," published by the Foreign Mission Board, and "Home Mission," published by the Home Mission Board.

Our Baptist State Convention keeps us informed of the work of our state through the "Biblical Recorder," and "Charity and Children." The "Biblical Recorder" has served North Carolina Baptists for more than 123 years and has a circulation of approximately 61,500 each week.

It is said that no denomination in America has so fine a selection of Christian literature as Southern Baptists. The aim of all our literature is to inform, enlist, unify, teach and inspire the people for greater service in the work of the Lord.

WOMAN'S MISSIONARY UNION

By Mrs. F. T. Matthews

"Behold I have set before thee an open door." Revelation 3:8. This, indeed, has been our aim and heartfelt desire, as we have tried to promote the W. M. U. work in our Association this year. We, as your leaders, feel that God has richly blessed our efforts. We have had the privilege of going into many of the churches in our Association to help to start W. M. U. organizations, from Sunbeams through the W. M. S. We have gained five (5) Y. W. A., twenty-two (22) G. A., and fifteen (15) Sunbeam groups this year.

The camps held at Lakewood were well attended. There were eighty (80) Junior G. A. members for the first week and fifty-six (56) Intermediate G. A. members the second week, with two days of Sunbeam camp also. We feel that these weeks with our young people are the highlights of our work. We realize that our young people, who will one day be our missionaries and Christian laywomen, are first impressed, of the needs of the world and the saving power of God, as Juniors in camps such as Lakewood, under the guidance of Christian men and women. Our pastors for the two weeks were Rev. Jack Roe and Rev. A. L. Parker. Surely the crowning event, of the weeks, was the coronation and dedication service on the last day of camp when forty-five (45) made decisions for Christ. This work has been under the direction of our capable youth leaders: Mrs. T. R. Parlier, Mrs. Joel Radcliff, Mrs. Ralph Burroughs and Mrs. A. J. Spinks.

We are inded sorry that, again this year, we have not been able to enlist more of our churches in real mission work. We feel that the most effective way in which this can be done is through W. M. U. organizations in your church. Mrs. J. Carl Bell, our enlistment chairman, is eager to help start a W. M. U. in your church, Won't you call upon her if you need help in organizing?

At Hilliard Memorial Church, High Point, September 30th, we held our leadership conference. Perhaps this part of our work is most important since we try to set forth the aims of our W. M. U. to the newly elected officers to help them better prepare themselves for their work in their local church. Our four fundamental chairmen led in these conferences on Mission Study, Prayer, Community Missions and Stewardship, helping to show others that in order to promote missions we must first know the needs to be able to pray, give and witness effectively. These dedicated leaders are: Mrs. John Edwards, Mrs. Harry Moore, Mrs. W. H. McCuiston and Mrs. Norman Blythe.

In line with our Southern Union's suggestion, our youth work will be under three directors rather than one over-all director. These directors: YWA, Mrs. A. P. Spinks; G. A., Mrs. Joel Radcliff; Sunbeams, Mrs. Ralph Burroughs. We are indeed grateful for the fine work that Mrs. T. R. Parlier has done for the past two years as director of this group. She will not be leaving this work entirely but will help in any way as she is called upon by these directors. We would all, in the Association, like to thank her personally for a job well done. Others who have made great contributions in making this a good year are: our group captains, Mrs. R. P. Royal, Mrs. C. D. Foster, Mrs. Raymond Collins, Mrs. Dan Sears, Mrs. J. M. Lancatser and Mrs. M. M. Hall; our publicity chairman, Mrs. B. B. Stockard; our treasurer, Mrs. S. A. Yates; our publications chairman, Mrs. Leona Thomas; and, our wise and helpful advisor, Mrs. A. L. Parker. We would thank the cooperating churches and pastors who helped to promote our W. M. U. work and feel the door of opportunity is open to the Christian woman who hears God's call and obeys it.

BROTHERHOOD

By John W. Woody

The Brotherhood movement in North Carolina in its short history has experienced phenomenal growth. There are seventy-five associations in our state and in seventy-three of them there are found from one to fifty-two Brotherhoods. Sixty-six of our associations have associational Brotherhood organizations. There are approximately twelve hundred Brotherhoods in our state representing forty-five thousand men.

In the past year the ten regions in the state held conventions with approximately five thousand men in attendance. Brotherhood Retreats were held at Fruitland, Caswell, and Ridgecrest. The most outstanding meeting during the year was the National Conference of Southern Baptist Men held in Oklahoma City September 18-20. The meeting was attended by 6128 men including 135 from North Carolina.

Encouraging reports in carrying out the purpose of the Brotherhood have been received by our State Office from Brotherhoods all over the state. Besides the regular activities carried on by our Brotherhoods, some special efforts are being reported such as organizing cottage prayer meetings prior to revival efforts, sponsoring boys' work, leading in Laymens' Revivals, assisting in mission stations, and the promotion of Laymens' Day in the churches. In addition to these responsibilities and activities, the Brotherhood assumed sponsorship of the Royal Ambassadors October 1.

Brotherhood work in the Piedmont Association has experienced some progress in the last year. There have been six new Brotherhoods organized and one reactivated, giving a total of twenty-six. Mr. Horace Easom, State Brotherhood Secretary, suggests that the aim of Brotherhood work is "MEN MARCHING FOR THE MASTER." It's the sincere hope of the Director of Brotherhood that our Association and our churches will foster a strong program that will set our "MEN MARCHING FOR THE MASTER."

BAPTIST CHILDREN'S HOMES

By W. Frank Marks

When working with children one always stays busy. The year 1956 was an unusually busy one for the Baptist Children's Homes. During the year 813 applications were received. Each case had to be studied carefully. Every case was definitely needy but we were able to admit only 169 to some phase of our program. Many of the remaining 644 children were placed with relatives or other Agencies and their needs are being met. Many others could not be placed and are still waiting in their need for someone to come and help them.

During 1956 the Baptist Childrens' Homes served a total of 751 children. Of these, 126 were supported in Foster Boarding Homes. It is planned to gradually expand the Foster Home Program until we as a Denomination are caring for our proportionate share of dependent children.

An outstanding need facing us is the Indian Orphanage at Pembroke. This Home, which cares for fifteen to twenty children, is located in Robeson County in the Burnt Swamp Baptist Association. Since this Home has not been and probably cannot be adequately supported by the local Association, considerable sentiment has developed among North Carolina Baptists for admitting it as a part of the Baptist Children's Homes. The Board of Trustees of the Homes are recommending to the Baptist State Convention that the Orphanage at Pembroke become a part of the Childrens' Homes.

The only possible way for our Childrens' Homes to get more money to meet these challenging needs is through an increased Thanksgiving Offering in November. The Homes receive a fixed amount from the Cooperative Program and Once-A-Month offerings. This amount cannot be increased or decreased except by vote of the Convention. If the churches will increase their Thanksgiving Offering then there will be available the funds with which to expand the Foster Home Program and care for some of the 644 who were turned away last year.

Since our report last year we have built a new swimming pool at Kennedy Home, and a new cottage for boys is under construction. Perhaps a contract for another Boys' Cottage at Mills Home will be let within the next twelve months. These new buildings are erected with special gifts and bequests.

The Charity and Children continues to grow in circulation and service. It not only keeps our people informed about their program of Child Care, but gives complete and interesting coverage to all phases of our Denominational work. That our people appreciate the paper is shown in the fact that nearly 52 thousand copies are mailed weekly.

ALLIED CHURCH LEAGUE

By Jack Roe

The "Allied Church League of North Carolina" is motivated by firm convictions regarding matters of personal and social righteousness and realizing the unceasing efforts made by evil forces to corrupt the moral, ethical, and spiritual ideals of our land, we hereby unite ourselves in an organization to further the cause of civic and social righteousness and promote the highest standards of Christian morality in the lives of our people . . . . These are the words to the "Preamble" of the Allied Church League.

There are five (5) purposes that the League is trying to fulfill. They are : (1) To unite all who believe in total abstinence in a cooperative effort against beverage alcohol in its every form; (2) To provide an efficient agency through which all evangelical churches can work in opposing beverage alcohol and promoting civic righteousness; (3) To work for good government by seeking to elect men of highest character to public office and by encouraging the making of laws that will further civic and social righteousness; (4) To enlighten the public and educate youth concerning the dangers of beverage alcohol and allied social evils; (5) To promote programs for the rehabilitation of the victims of alcoholic beverages, such programs to be in keeping with the other purposes stated above.

This past year, the Allied Church League has assisted in the promotion of an active program of temperance education in the various denominations affiliated with the League and in the public schools. The Methodist Church promoted temperance institutes in all their Districts in October and November of last year, and the reports indicate that these were well attended. The Southern Baptist Convention promoted alcohol education week during February and March in all departments of the Sunday School and Training Union. Reports from the leaders indicated that more than 50% of the churches in the State participated in these schools. Other denominations emphasized alcohol education during the year. Request for the League's films and free literature greatly exceeded our supply. It is imperative that we increase this service for the coming year.

We commend Governor Luther Hodges for proclaiming April 22-27 as Youth Temperance Education Week in North Carolina. We are grateful to Dr. Carroll, Superintendent of Public Instruction, for the effort he has made in the teaching of alcohol education in the public schools. We are pleased that he has requested additional funds for his department to secure a Supervisor of Alcohol Education. We are cooperating with the schools in their program in so far as our limited time will permit.

Temperance Sunday and Commitment Day was observed in many of our churches on the first Sunday in December. The Baptist State Convention joined the Methodist Denomination in setting aside this day for the signing of pledges and special emphasis on total abstinence. Reports indicate general observance by these denominations. Several other denominations observed Temperance Sunday on a date more convenient to their program. Special efforts will be made during the coming year to get all denominations affiliated with the League to observe Temperance Sunday and Commitment Day on the same day.

The kindness of the Denominational Conferences, Conventions, Associational and District Meetings to present the program of the League has been deeply appreciated.

When we think of the broken homes, broken hearts, broken minds, and broken spirits that result from Demon Alcohol, can we help but cooperate with the efforts of the Allied Church League? The Christian Conscience says that we must do our part to bring about a brighter day.

TRAINING UNION

By J. Carl Bell

Training Christians in Church Membership is the purpose of Training Union. Being saved is not all there is to the Christian Life, it is simply the beginning. The scriptures remind us that we are "Saved to Serve" and we cannot serve to our full potentials unless we are trained. How better can we train than following our Southern Baptist program which is set forth in our Training Union quarterlies. They are planned with the idea of informing our membership in Educational, Missionary and Denominational truths.

Each year we have tried to enlarge in all phases of our Associational work. For the first year we can report a successful summer camp at Lakewood, with 77 Junior boys and girls in attendance. Each of these will receive a diploma or seal for his work. During the week we had eight pastors to review various phases of our denominational program, Rev. Claude Simpson was the camp pastor. Our intermediates under the directorship of Mr. Frank Roberts had 58 for a week end of training and fellowship at Lakewood.

We had a large attendance at our M-Night program at the First Church, Greensboro. Over two thousand were present with Bessemer Church having 367. Rev. Charlie Howard, Professor of Religion at Campbell College, was our speaker.

Our Association was represented by over five hundred at Caswell and Fruitland this summer for the Training Union Week. Fifty junior boys and girls were winners in the Tournament, many of these four year winners. Miss Elizabeth Reavis of High Point was second in the State as Sword Drill winner. Mr. Ben Baber of First Church, Greensboro, won in the Bible Reading.

I had the priviledge of assisting our churches in Study Courses and in organizing Training Unions in five new churches.

Our Annual Youth Banquet was held at the First Church, Greensboro, with 256 in attendance. Rev. LeRoy Parker was our speaker.

Always the crowning part of any of our work is when we see these young people and adults dedicating their lives to a fuller work for Christ. However, there are many churches and pastors in our association who are not reaping this joy of a fuller dedication in their membership, because they have not introduced Training Union to their people. It is my earnest desire that within this next year all of our churches will have a full program, including all phases of our denominational work.

ASSOCIATIONAL SUNDAY SCHOOL

By S. C. Ray

A regional Sunday School Clinic was held in our Association last January 21-25. This was a joint effort of the Piedmont Association, the State Sunday School Department, and the Sunday School Board. Total enrollment in the clinic was 1580. Average attendance was 975. Forty-two churches in the Association participated in the clinic. Mr. Herman King, secretary of administration of the Sunday School Department of the Sunday School Board was the director. Outstanding Sunday School leaders from several states served on the faculty.

The annual Associational Vacation Bible School Clinic was held in April with an attendance of approximately 250. Fourteen churches reported to the associational superintendent that schools were held in the summer of 1957, however, many more schools were held than reported. Fifty-five churches reported Vacation Bible School in their 1956 Associational Letters.

Total Sunday School enrollment for the Association is approximately 30,000.

An associational Sunday School workshop was held at Lakewood in August. Approximately fifty persons were in attendance.

NORTH CAROLINA BAPTIST HOMES FOR THE AGING

By William L. Bennett

The year 1957 marked the seventh year of operation of the Baptist Homes for the Aging. This year, undoubtedly, has been the greatest year of expansion for the Homes. The new Administration and Residential Building opened June 13. This building increased facilities to 112 residents counting the residents in Resthaven and the Albemarle Home. It also added half million dollars to the value of assets of the Home for the Aging. Another forward step was taken in July when the General Board voted unanimously to accept the offer of Don G. Matthews, Sr., Hamilton, North Carolina, to give $50,000 and land on which to build a Home for the Aging in Eastern North Carolina. This fourth Home will provide space for about 40 additional residents, thus bringing the total capacity of all homes to 150 persons.

A total of about $85,000 has been received from the February Special Day Offering. This represents an average gift of about ten cents per Baptist, based on a total membership of 850,000 throughout the state. Two wills have been probated in Forsyth County in which the Homes were remembered with sizeable gifts. Also, word has come of other wills in which the Homes will share.

The challenge facing the Homes for the Aging at present is to pay the balance of $100,000 owed on the new building. This balance should be paid within the year, provided the churches respond with a generous offering on the third Sunday of February, 1958, and provided gifts continue to come in from other sources as they have hitherto. Therefore, if every Pastor and Superintendent of the Sunday School will urge the members of each church to respond to this worthy cause, the Baptist Home for the Aging will be free of debt by the end of the year 1958.

The residents of the Home are enjoying remarkable health, considering that their ages range from 65 to 97 years. The residents and all connected with the Homes for the Aging are deeply grateful for the support received in the past and join with the Baptists of our state in thinking God for his favor and blessings year by year.

EVANGELISM

Neil J. Armstrong

This century has furnished the world with arts, ships, railroads, planes, halls, colleges, schools, hospitals, homes, food, clothing, and books; so that, for our physical, social, and intellectual life, nothing seems to be wanting. One thing is greatly needed among clerks and merchants, among men of labor, and men of capital; it is needed in the halls of learning among students, and among the professors, in the pews, and in the pulpits—and that is the New Testament type of character, more conscience, and more righteousness by faith.

The way to supply this need is to have a deep and widespread program of evangelism, or as we call it many times A REVIVAL OF RELIGION.

Our churches need a revival of quality and quantity, better likenesses of Jesus and more of them, in all the social and business channels of life. Transferring men from the outside to the inside of our churches, and then shouting over our increase is not the thing that is needed; for unless the sins are pardoned and the polluted hearts are cleansed and wrong living changed to right living, the transfer should be the other way.

Tragic as it may seem there are 25,000,000 unsaved people (white) nine years of age and above in the territory of the Southern Baptist Convention.

In Matthew 9:35, we read, "And Jesus went about all the cities and villages, teaching in the synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people." Then in verse thirty-six are these startling words, "But when He saw the multitudes . . . ." Now where were the multitudes? They were "scattered abroad, as sheep having no shepherd."

The lost people are on the outside of the established places of worship today as much so as they were two thousand years ago. Then reaching the lost is placed as the first step in the process of evangelism. "And Jesus said unto them, come ye after me, and I will make you to become fishers of men." (Mark 1:17).

RADIO AND TELEVISION

By Claud B. Bowen

The theme for our Southern Baptist Convention program last May was "That the World May Know," which is a quotation from

Jesus as recorded in the book of John. Since those words were spoken by our Lord, great progress has been made in electrical science, as well as other fields of research. Jesus said that His disciples were to "Arise and go hence" to tell the world about the love of God. Our Heavenly Father has allowed men to discover laws by which the human voice and pictures may be sent out over the ether waves.

Southern Baptists have not been asleep to this great opportunity. Nineteen years ago a radio committee was named to study radio as an evangelistic medium. Since that time, television has appeared on the scene. Let us not forget the sacrifice and work which have gone to make this progress possible. Dr. Sam Lowe, the first director of the Radio Commission, literally burned out to get Baptists alerted to the field of broadcasting.

The Baptist Hour, official radio broadcast of the Southern Baptist Convention, is now in its sixteenth year on the air. From a quarterly appearance of 11 radio stations, the work has grown to weekly broadcasts of 440 staions in 34 states and several foreign countries. Other programs are taped and sent, upon request, to those who can use them.

One great achievement of the Radio and Television Commission during the past year was the production of an entire series of 30-minute religious dramas in color based on the parables of Jesus.

Other activities include radio and television programs as the official representation of Southern Baptists in the field for national network companies.

North Carolina Baptists cannot overlook the importance of the medium of broadcasting. Some progress has been made by our Convention under the leadership of L. J. Morriss, who is director of audio-visual work.

When we have the invitation to use the radio or television for preaching the gospel, let us accept it. We prepare our messages well so that the quality of our work will be second to none. There are many ways to learn the best means of using this time. After we feel led to the message, we should have the knowledge of technique to help put the message over to those who hear.

For information about our Baptist State Audio-Visual Department we should write to Rev. L. J. Morriss, Baptist Building, Raleigh, N. C. Southern Baptist literature about radio and television services can be obtained from Dr. Paul Stevens, Box 12157, Forth Worth 16, Texas.

THE AMERICAN BIBLE SOCIETY

By Clyde H. Tucker

THE BIBLE SPEAKS TODAY is not merely a theme—it is a fact. The message of the Bible can never be silenced; it is eternal. Because it is eternal it has been been miraculously preserved, transcribed, and translated. It has survived the vagaries of being at the same time a Book most loved and most hated, a Book most studied and most neglected, a Book most controversial and yet the most influential in history.

That the Bible does speak today is, for the American Bible

Society, not merely a statement of fact. It is an imperative, and it is a challenge. The Bible must speak tomorrow and through the years to increasing numbers of people in a world that seems to convulse as it contracts into even smaller electronic and jet-age dimensions that give new meaning and necessity to the Bible's witness to Christ our Lord.

The American Bible Society belongs to your church, and at the same time it belongs to more than 54 other denominations. Its single task is providing the Holy Scriptures for all mankind.

This year the Bible Societies celebrate the translation and publication by all agencies of some part of the Bible into more than 1,100 different languages and dialects (1,109 to date). Distribution in the United States is at a high level. In the United States there are almost 1,200 Scripture distributors working in association with the Society. These persons canvas systematically new suburban developments, industrial centers, and rural areas. Foreign language groups or individuals are distributing currently Scriptures in 74 languages. Grants are frenquently made to hospitals and prisons, to home missionaries, migrant workers, mission churches, and many others. The customary large distribution was made to chaplains in the Armed Forces and in veterans' hospitals. Requests are steadily outrunning the budget which the Society is able to provide for this purpose.

Scriptures for Service Personnel represents the largest single item in the national distribution budget. Chaplains requested, and received, more than 800,000 Scripture volumes for free distribution in 1956.

The Foreign Department reports that the Bible is speaking today in 67 countries served by the American Bible Society. It also states that the American Bible Society working alone, or with other societies, is the only established regular source of Scriptures to the churches and missions in 60 of the 67 countries.

The American Bible Society works in cooperation with 23 other national Bible Societies in increasing Scripture production for the world. And yet there are millions who wait for the Word of God. The American Bible Society occupies a strategic place in the Kingdom of God as it seeks to provide copies of the Bible to all men everywhere. Through the Society the Bible or portions of Scripture have been translated into 1,100 tongues and millions of people throughout the world have received God's Word because of work the Society does. There are yet 1,000 languages and dialects without a word of the Bible. The Society looks prayerfully forward to the day when the Bible may be placed in the hands of the millions who still lack its message for their lives.

The churches and denominations are the backbone of the American Bible Society, and they are urged to consider prayerfully how they may enlarge their spiritual witness throughout the world through increased support of the American Bible Society.

The churches and denominations which cooperate in the support of this society are asked to continue to pray that God may lead it into further service in His Kingdom. The American Bible Society has demonstrated time and again that it operates as the Bible Society of the churches and denominations which support its work and which lean on it for aid.

CHRISTIAN EDUCATION

By James O. Hagwood

It is thrilling to note that Baptists are continuing their emphasis on Christian education. The some 825,000 Baptists in North Carolina continue to demonstrate their belief in the importance of supporting Baptist colleges as training centers for preparing Baptist leadership. We now have enrolled in our seven colleges around 6,500 students, most of whom come from our Baptist homes, with approximately 800 of these being trained for the ministry and other full-time Christian work.

To aid these students in their training Baptists of North Carolina are contributing an average of $1.25 per person for a total outlay of $1,100,000 annually to be used for both operating and capital needs. It is the hope of our Council on Christian Education that this amount be increased to an average of $2.00 per person in our Baptist churches.

As proud as we are of our colleges and their work with our young people, we cannot escape the fact that of the 21,000 Baptist young people enrolled in colleges in North Carolina, only about one out of every five is able to attend a Baptist college. It must be remembered that our colleges not only train ministers and other church workers but also these colleges are our chief source of Baptist doctors, lawyers, teachers and business leaders.

In 1957 for the first time, our colleges, through the Council on Christian Education, promoted Father's Day as Christian Education Day in our Baptist churches. Although total contributions then were not as was hoped the response was encouraging. We hope that every pastor and friend of Christian education will make plans for next June 15th so as to include Christian Education Day in his Church Calendar.

These Baptist schools are doing an excellent job. Wake Forest, Meredith, Campbell, Chowan, Gardner-Webb, Mars Hill and Wingate are names with which we should become very familiar. Visit on the campus of one or more of these schools, write for literature about them, counsel your high school seniors about going to one of these Baptist colleges and enlist support wherever you can so that in the near future a Baptist boy or girl will not have to go to some other school because our Baptist colleges could not take them for lack of space or shortage of teaching personnel.

Let us continue to demonstrate our belief in Christian education by increasing our support in every way.

HOME MISSIONS

By B. C. Lamb

The report of Home Missions for 1957 must of necessity deal with the figures for 1956. At the beginning of 1957 the Home Mission Board reported 1180 missionaries, an increase of 81 over the previous year. There were 39,458 professions of faith reported by the missionaries, an increase of 1,983 over the previous year.

The income of the Home Mission Board for 1956 was: from the Cooperative Program, $2,027,369.87; Annie Armstrong Offering,

$1,574,890.61; and from designated gifts, $127,761.01; a total of $3,730,027.49.

Among the new personnel additions at the headquatrer's office are Clovis A. Brantley as assistant secretary in the department of direct missions, William B. Mitchell, superintendent of Jewish work, and Wendell Belew, director of church-sponsored mission work.

Among major emphasis during 1957 the Board will continue its effort to enlist every church in an evangelistic ministry and every member to participate in soul-winning, and conservation of the results will be pursued. All work of the Board is in full cooperation with all other agencies of the denomination. The "$30,000 Program," with its challenge to contstitue 10,000 new churches and establish 20,000 additional mission stations in seven years, will receive major emphasis not only throughout the year but for the duration of the Third Jubilee of Baptists. Minority groups: Indians, Negroes, and language groups will receive major attention. The Board has set a goal of 1,050 missionaries serving minority groups by 1964. Increased loan funds are greatly needed.

The City Mission Program is to be enlarged with the entry by the Board into a new major city every year if possible. The rural church program had major emphasis in 1956 and efforts will be intensified constantly in this area. Pioneer areas call for extensive interest and work with special groups and needs, such as the deaf, the Jews, migrants, broken homes, juvenile delinquents, and a ministry to military personnel. All these challenge the best leadership of the Board's missionaries.

Promotion and education made great demands on the Home Mission Board's staff because of increased interest. Filmstrips, motion pictures, maps, mission study books, tracts, picture packets, publicity, the magazine, and all other projected and published materials have been greatly improved and the demand has been tremendous. Schools of Missions and assignment of home missionaries to fulfill increasing demands have afforded missionary information and inspiration.

The Chaplains Commission reported 421 chaplains on active duty and 11,074 professions of faith were recorded in their ministry.

Home missionaries were instrumental in starting 729 new missions and constituting 296 new churches.

The greatest need of the Board is expresed in a single statement: We need your prayers and personal interest, a larger proportion of the church budget dollar, a wider interest in tithing, missionary volunteers committed to home missions, and a share in every Southern Baptist's consecration.

THE RELIEF AND ANNUITY BOARD

By Billy M. Gordon

After thirty-nine years the work of the Relief and Annuity Board of the Southern Baptist Convention continues to grow. More than 16,000 pastors and denominational workers are actually enrolled in one of the retirement plans—an increase in 1956 alone of 1,885.

A total of nearly $2,000,000 was paid in benefits to all recipients last year. There were 3,174 retired ministers who received

$1,626,211.59. The remaining $320,443.24 went to 1,474 aged preachers and widows as grants in direct relief.

The long range answer to the problems in this field is being met by direct promotion and enlistment. Too few of our workers are availing themselves of the wonderful provision for retirement, disability, and death provided in the Retirement Plans.

As of July 1, in North Carolina, we have 311 active participants in the Southern Baptist Protection Plan—for a gain during the year of 179 members.The North Carolina Ministers Retirement Plan which was closed to new members on January 1, 1956, now has 600 active members as compared to 787 at this time last year. This decrease is due to the transfer of many of the men in the Ministers Retirement Plan who would be advantaged by going into the Southern Baptist Protection Plan. Also, we have had about twenty-five members to reach retirement age and annuities have been set up for these. About ten members have died during the year and their widows are now drawing benefits.

When it is remembered that pastor, church, and convention co-operate in the Retirement Plan, each paying one third of the cost, it is difficult to understand a pastor or a church not availing themselves of the security provided. We look forward to continued growth in this program.

O. J. Hagler is secretary for Retirement Plans for North Carolina and is at the service of the pastors and churches.

Dr. Alton Reed is Executive Secretary of the Relief and Annuity Board of the Southern Baptist Convention, Dallas, Texas.

FOREIGN MISSIONS

By John H. Scalf

When we think of the staggering unfinished task of Foreign Misions we immediately ocnclude that evangelizing the nations of the world is humanly impossible. Nevertheless, as the servants of Christ we must not lose sight of this divine truth, that when God calls one to a task He supplies the necessary power and equipment to fulfill His purpose. Thus the work of reaching the heathen with the Gospel of Christ is a partnership. We are "Workers together with God" in this great cause that cannot fail.

In some of the areas where our Southern Baptist missionaries are working the visible results are not very outstanding at this time. Yet there is no place for discouragement. The very difficulty of the situation is a challenge to the missionary on the field and those of us at the home base to more fervent prayer, sacrifice and faith.

The picture is much brighter in many of the countries where our representatives are laboring. From these fields the reports are very encouraging. Our seminaries in Europe and Asia are contributing largely in supplying hundreds of native pastors and Christian workers who are invaluable to their area. Our hospitals and schools are serving many thousands of people annually. It should be noted that these institutions are not an end in themselves but a means to win the sick and illiterate for Christ and His Church.

It is not enough to heal mens' bodies but we must heal their minds and souls.

It would seem unfair to single out any particular area and say, "Here the greatest progress has been made" because it may be only the result of long and arduous years of faithful sowing of the Word of God. On the other hand many fields have not reached this stage of success but diligent workers are laying the foundation for great future blessing.

There is a call to advance on every field which is our responsibility. With the world situation as it is we must make haste with the Gospel light. Everywhere, the cry is, "Let's advance." Our great need is more money and more missionaries. The need is imperative. This is the challenge to the whole Southern Baptist constituancy today if we are to increase our world-wide ministry.

We thank God that many consecrated young men and women are answering the call to foreign service and the report is that an encouraging number of new appointees are expecting to leave this fall for mission points around the world.

STATE MISSIONS

By A. L. Parker

State Missions is the missionary effort on the part of North Carolina Baptists to reach the unsaved for Christ and teach, enlist, and train the saved in giving, living and serving through the churches and throughout the world.

1. There are 4,300,000 people in the State. About 2,000,000 of these above the ages of eight years are affiliated with some kind of church. 1,900,000 of these above the age of eight years are unchurched. If 25 percent of the affiliated church membres are unsaved, then 62.5 per cent of the people of North Carolina above the age of eight years are lost. North Carolina, therefore, is far from being half Christian.

2. We have over 800,000 Baptist church members in North Carolina. Perhaps 40 per cent of these are enlisted and are being taught and trained in Christian giving, living, and serving. This means that 60 per cent of our church constituency is not dedicated in the Christian profession. In this undeveloped area, the churches have their primary challenge.

3. The above interpretation of the purpose and challenge of State Missions demands a varied program of mission activity.

A. Our people need to be taught and trained. Therefore, four of the most significant phases of our State Missions work are promoted through the Sunday School, Training Union, Rural Church and Music Departments. Already over 2,200 Vacation Bible Schools have been reported for 1957—giving $42,000 to World Missions. The goal of 2,800 will be reached. ver 7,300 of our Baptist people attended Training Union Weeks at Caswell, Fruitland and Ridgecrest this summer. Perhaps this is a record for any state. Many rural churches have enlisted in our Baptist program of Stewardship and organizational life. Many quarter and half-time churches have been led to activate full-time programs of service. Over 1,200 leaders in the fields of Music and Sunday School attended the assemblies this summer. The programs were promoted and directed by the leadership of these two departments.

B. Over 60 per cent of the people in North Carolina are lost—and need a Savior. State Missions provide a Department of Evangelism that seeks to inspire pastors and churches to evangelize their communities; also to plan for and promote united evangelistic efforts on a State and Associational-wide scale. Since the organization of this Department, baptisms have averaged 8,000 a year more. North Carolina Baptist churches, last year, baptized more people than any other state except Texas.

C. A growing population demands new and stronger churches. State Missions provide a necessary and significant ministry through aid on some church buildings and the purchase of sites for new churches and some one hundred or more salaries for pastors. These supports enable new churches to move forward in a building program and other churches to strengthen their programs and enable pastors to give more of their time in developing stewardship churches. During the past year, approximately $150,000 was invested in this work. Six out of every ten Baptist churches in North Carolina have been assisted in one or more ways through this ministry.

D. A more highly developed and intelligent congregation demands a better trained pastor. Pastor's schools are promoted through State Missions to meet this growing demand. Last year about 160 pastors received better training at Fruitland and about 35 at Caswell. Refresher courses are offered from time to time at Mars Hill for the benefit of all pastors and their wives—trained or untrained. This summer we reached approximately 400 during the week of Christian Study and Fellowship.

Let us resolve to make the combined State Mission Offering the largest ever given. The W.M.U. and the Sunday School join together in September of each year to make this worthy offering.

BE IT THEREFORE RESOLVED that we express our deep gratitude and sincere appreciation to Brother Robbins for his labor of love as Moderator of our Association.

Where are the places? and What about the passion and the power needed for its success? He noted that (1) it is to double the preaching stations by 1964, to gain 30,000 churches and missions; (2) it is a significant way to implement the Great Commission; (3) the world is in great need of the Gospel; (4) "Among evangelical groups Southern Baptists have been blessed for a purpose;" (5) the areas are the neglected areas, new housing developments, rural or static areas, and anywhere and everywhere (e.g., institutions and minority groups); (6) it will take a passion of dedication and a willing attitude; and (7) we will have to be extravagant for the Lord's work.

30. The Sixty-Fifth Annual Session was adjourned with the Association singing "Blest Be The Tie That Binds" followed by a closing prayer offered by the Reverend James DeLoach of the Conrad Memorial Church.

LAKEWOOD REPORT

M. E. Suther

The Lakewood register shows the use and enjoyment of our assembly during the year as follows:

Girls Auxiliary one-week camp	52
Junior Girls Auxiliary one-week camp	95
Royal Ambassadors one-week camp	73
Total attending weekly camps	220
Sunbeams—two-day camp	232
Training Union two-day camp	32
W.M.U. one-day camp	132
16 one-night camps of classes and other groups from churches	462
18 one-day picnics of classes and other groups from churches	1,005
Total	2,083

The above record indicates a slight increase over 1957 but is still not a full use of the property by our people. A total of 2,083 represents considerably less than ten per cent of the Association membership, when there is ample facilities and open time for every member of every church to visit Lakewood at sometime during the Spring, Summer, and Fall months. Registration by months given below will show the many open dates when no one went to Lakewood:

November 1957	1 group
January 1958	1 group
March 1958	1 group
April 1958	2 groups
May 1958	8 groups
June 1958	5 groups
June 1958	3 1-week camps
July 1958	3 groups
July 1958	1 Sunbeam camp
July 1958	1 W.M.U. camp
August 1958	7 groups
September 1958	6 groups

Only 15 of our churches (some of these more than one group) are represented in the above figures and out of about 200 usable days, Lakewood was used only 67.

The foregoing may seem somewhat pessimistic, but the concern of the committee is that our investment in money and time and energy be used to the fullest extent and that all of our people benefit from the excellent assembly made available for them.

The usual glowing reports come from directors and staffs of the G.A., R.A. and Sunbeam camps. Everyone who had a part in conducting (directors, staffs, counsellors and circles) deserves a standing vote of appreciation for their work of love and the splendid results obtained.

MISSIONS COMMITTEE

Clarence Nida

The Missions Committee of the Association, meeting almost every month, purposed to fulfill its ministry as effectively as possible. With deep convictions regarding the needs and challenge of the Association, the Missions Committee:

1. Made a sincere effort to organize the Executive Committee of the Association into five working committees, hoping to utilize every member of the Executive Committee. These committees are: Social Work, Publicity, Survey and Extension, Finances, and Evangelism-Education. The effectiveness of these committees is determined by the needs of the Association and the challenge given to them.

2. Because of the failure of the churches to give to the budget by some $5,000 the previous year, the Missions Committee sent a letter to every pastor, treasurer of the church, and church stating the needs of the Association and the churches' part in meeting that need. A Missions Committee can do no more than the churches of the Association make possible.

3. The most significant work of the committee was the presentation of a proposal to establish a revolving fund, departing from the traditional gifts to the churches, and the creation of a loan policy. This revolving loan fund is to be utilized for the purpose of aiding in the establishment of new churches and missions. The funds will be accumulated from the contributions to the budget received from the churches of the Piedmont Association, from the Piedmont Association Baptist Builders Group, and from any endowments. The fund shall be established initially in an amount that will be regarded as appropriate by the missions committee when considered in the light of the presently prevailing conditions and circumstances and it will be increased from time to time as permitted until the $5,000 proposed in the annual budget for mission purposes is accumulated. In future years there will be paid into the fund in an Associational year an amount equal to the receipts allocated thereto by the missions committee at the time of preparation of the annual budget. The borrowed funds will be replaced in accordance with the contractural arrangements established with the borrowing institution without interest for the first five years, after which prevailing interest charges will be made. Acting on this adopted policy, loans were made as listed below.

Love Baptist Church	$ 700.00
Faith Baptist Church	$1,000.00

4. The organization of a Piedmont Association Baptist Builders Group was recommended and adopted. This group will be composed of interested people willing to give an amount annually, over and above the tithe, not to exceed $15.00. These funds will become a part of the revolving fund and be made available to the churches of the Association. Without the efforts and abilities of an Association Missionary the group has not been established but can be an effective agency in helping to establish new and mission churches within our Association.

The challenge of the future is great. Our Association ought to accept the challenge given to us by the Southern Baptist Convention and double the number of churches, missions, and preaching points. This can be realized by a vision of the need and a determination to expend our energies and funds as the opportunities arise.

WOMAN'S MISSIONARY UNION

Mrs. F. T. Matthews

"Man is like a bird in a cage until he lives for eternity. He is like a prisoner in a cell until he gives the eternal within him expression." So says Vance. This is not only true of man but for all who have not experienced the power of the Holy Spirit as it can and will take the leadership in our lives if we are willing to

"Let Go and Let God." Our purpose as leaders of Woman's Missionary Union is to help our women and young people to see that God has made us to live for eternity—and it is our choice as to whether we are to be heirs of His Kingdom or to be prisoners of Satan.

Certainly every phase of our work is projected for no other purpose than to help evangelize the world. It is through the W.M.U. fundamentals that we have been privileged to lead others to find the true purpose for which God has created them.

Under the leadership of Mrs. John Edwards, Mission Study; Mrs. Harry Moore, Prayer; Mrs. W. H. McCuiston, Community Missions; and Mrs. Norman Blythe, Stewardship, Leadership Conferences were held, Mission Study Institutes were planned and mission books were taught. We feel that the women of our churches are becoming more aware of how God and the church can use them in the full church program if they are better prepared.

I think there have been many highlights in our work this year. The annual W.M.U. Day at Immanuel Church in April was well attended, and on July 24 we had a day of fellowship, information and inspiration at Lakewood.

The young people's camp gets bigger and better each year. We have had many wonderful reports from the young people themselves regarding this year's camp which was under the leadership of Mrs. Joel Radcliffe. Junior G.A. camp was filled to capacity, and many had to be turned away for lack of space. Surely God has caused His face to shine with favor on our camps for many of these young people have found in Him the answer for their lives. I would like to thank each person who contributed any part to the fine work done at camp. Especially are we grateful for Mrs. J. T. McRae, our missionary to Gaza; Miss Pope, a mission nurse to Gaza; and Mrs. Owen Herring of Winston-Salem. At the closing service of G.A. week there were 50 who made rededications, 10 decisions were made for the first time, and one volunteered for full time service.

The Sunbeam camp, under the direction of Mrs. Ralph Burroughs, had two days at Lakewood with the largest attendance in its history. The first day there were 80 Beginners, and the second day day there were 154 Primaries with more than 30 mothers. Emphasis on Home Missions, Bible stories, games and handiwork was the program for the day. Capable leadership kept the program running smoothly.

Miss Betty Hamner, our Y.W.A. Director, would encourage churches to call on her to help organize or promote Y.W.A.'s "Train Y.W.A.'s today. Tomorrow they will be our leaders."

As our Associational year came to an end in April two of our general officers felt they had to resign: Mrs. Joel Radcliff, G.A. Director and Mrs. Harry Moore, Prayer Chairman. Elected to take their places are: Mrs. James Allred, G.A. Director and Mrs. J. Boyce Brooks, Prayer Chairman.

I am happy to report that three new churches have been constituted this year: Temple, Lawndale and Phillips Avenue. Each has a W.M.U. organization.

Other officers in our Association (who work mostly behind the scenes) have kept our organization working smoothly, namely: Mrs. J. Carl Bell, Associate Superintendent; Mrs. S. A. Yates, Treasurer; Mrs. Loy Brafford, Publication Chairman; Mrs. Joe Crowder, Carver School; Mrs. C. E. Flowers, Recording Secretary; Mrs. B. Latcher Webster, Corresponding Secretary; Mrs. B. B. Stockard, Publicity; Mrs. Neil Armstrong, Pianist; Mrs. M. E. Wilson, BWC Advisor; Mrs. David Reddick, Auditor; Mrs. J. N. Turner, Historian; Mrs. C. D. Foster, Mrs. Vernon Williams, Mrs. R. P. Royal, Mrs. Argie Wood and Mrs. E. R. Lewallen, Group Captains.

It has been a real joy for me to have been invited into many of the churches this year. The fellowship and inspiration have meant much to me. I consider it a great privilege whenever and wherever I can serve the Lord. I would use the words of the Psalmist, "Sing unto the Lord, bless his name; shew forth his salvation from day to day." That is our purpose. God has richly blessed us. We give unto Him our thanks.

TRAINING UNION

J. Carl Bell

Training Christians in Church Membership is the purpose of Training Union. How better can we train than following our Southern Baptist program which is set forth in our Training Union quarterlies? They are planned with the idea of informing our membership in Educational, Missionary and Denominational truths. Training Union is not a new organization. Thousands of years ago Samuel wanted his people to be strong in the Lord. He started schools for promising young people that they might train for religious leadership in their homes and communities. Solomon said "That all the people may know that the Lord is God and there is none else" (I Kings 8:60). This message could be known to all the world if people were trained to tell the news.

A study of the history of Training Union, convinces us that it had its beginning in the mind of God. As the consecreated leaders and Deacons in our denominational work began to study the program and needs of Southern Baptist churches and people, the method of how best to help our people, began to formulate in the mind of one of our devoted Southern Baptist leaders, Dr. L. P. Leavell, who was beginning to see that if Christ's command "To go ye into the world" meant each individual Christian, then there must be a right way to train them. So began B.Y.P.U. which we now know as Training Union. Most of our Sunday School teachers and church workers are products of Training Union.

Our Association was represented by over 600 at Caswell and Fruitland this summer for the Training Union Week. Fifty junior boys and girls were winners for the State Tournaments. Many of these are four year winners. Miss Elizabeth Reavis of High Point was second in the State as Sword Drill Winner.

I had the privilege of assisting our churches in Study Courses and in organizing Training Unions in four new churches, two of which were in our missions.

Our Annual Youth Banquet was held at the Y.M.C.A., High Point, with our largest attendance. Mrs. Owen Herring of Winston-Salem, was the speaker. A very good program was presented by Miss Betty Hamner and Jerry Stamps.

Our goal for awards would have been reached if the churches had sent in their request for their awards when they finished the Study Courses.

Always the crowning part of any of our work is when we see these young people and adults dedicating their lives to a fuller work for Christ. However, there are many churches and pastors in our association who are not reaping this joy of a fuller dedication in their membership because they have not introduced Training Union to their people. It is my earnest desire that within this next year all our churches will have a full program, including all phases of our denominational work.

SUNDAY SCHOOL REPORT

W. Edward Kissiah

The current year began without officers or organization to project an Associational Sunday School program. Our first object was to enlist workers for the 15 associational Sunday School places of leadership. We are pleased to report that the following have been filled: Superintendent of Training, S. C. Ray; Superintendent of Beginner Work, Miss Dorothy Cox; Superintendent of Intermediate Work, Rev. Albert Leath; Superintendent of Young People's Work, Rev. Jack Roe; and Superintendent of Adult Work, Rev. Thomas O. Dekle. Positions now unfilled are Superintendent of Enlargement and Evangelism, Superintendent of Vacation Bible School Work, Superintendent of Audio-Visual Aids (a position created this year), Secretary, and the following department superintendents: Cradle Roll, Nursery, Primary, Junior and Extension. With capable workers in all of these positions we will be able to develop a program of associational Sunday School work which will undergird and strengthen the work in all of our churches. This is the task to which we are all committed.

An Associational Vacation Bible School Clinic was held in the First Baptist Church of Greensboro on April 22. Two hundred fifty-seven persons registered for the clinic (with over 50 babies in the nursery not included in this figure) which was led by Mrs. Myra Motley and Rev. D. P. Brooks of the State Sunday School Department and an excellent group of workers from our Association. At this time, 43 churches have reported Vacation Bible Schools this year.

On September 9 an Associational Officers' Training-Planning Clinic was held in Green Street Church, High Point. Following dinner, Rev. Neil Armstrong, regional superintendent, led the officers in a study of the book "Associational Sunday School Work" by J. D. Barnette.

Immediately before us is the matter of enlisting additional officers and training them in the duties of their office, and projecting and promoting a program of work which will include well-planned monthly meetings of help to all the churches, following the program of work outlined in the Sunday School Bulletin for Associational Workers. This program embraces evangelism, stewardship, training, visitation and enlargement.

More than 30,000 people are enrolled in the Sunday Schools of the 76 churches in our Association. Please pray for and give your full cooperation and support to our work on the associational level.

REPORT OF BAPTIST CHILDREN'S HOMES

James R. DeLoach

June 30, 1958 marked the culmination of 15 years of progressive leadership by W. C. Reed with the Baptist Children's Homes of North Carolina. After serving as Superintendent of Kennedy Home for seven years, Mr. Reed moved to Thomasville where he served as General Superintendent for eight years. Under his supervision the Children's Homes experienced one of their greatest periods of building, growth, and expansion of services. At present North Carolina Baptists probably provide more services for dependent children than any other similar group in America. Those associated with our child care program have, in the 73 years of its history, developed a program which is recognized as one of the best in the nation.

Dr. W. R. Wagoner, of North Wilkesboro, was elected by the trustees to succeed Mr. Reed. Dr. Wagoner assumed his duties July 1.

The year 1957-58 has been a fruitful one in expanding services. Since October 1, 1957, North Carolina Baptists have directly served a grand total of 753 children. In addition to these, our social workers have been able to place with relatives or other agencies more than 200 children where their needs are now being met. Each application has been investigated by our case workers. During the past year we were able to admit about one-fourth of the applicants as compared with one-fifth admitted in 1956. Through the dedicated resourcefulness of our social workers, many homes were re-established while others were saved from breaking.

Last year's report pointed up the need for expanding our Foster Homes and for the care of the Indian children at Pembroke. The Baptist State Convention at its annual meeting last November voted unanimously to accept the recommendation of the Board of Trustees of the Baptist Children's Homes and to make the Odum Home at Pembroke a part of the North Carolina Baptist Child Care Program. This work, with 16 children, has been under the care and support of your Homes since January 1958. Money has been set aside to build a new cottage at Pembroke for the Indian children. We are now working to get a clear title to the land. When that is done, we will move rapidly to erect the building.

North Carolina Baptists have two sources for supporting the Children's Homes:

SOURCE NUMBER I is the combination of the Once-A-Month Offering and the Cooperative Program. Through this plan the Homes receive a fixed amount. This cannot be increased or decreased except by vote of the Convention.

SOURCE NUMBER II is the Thanksgiving Offering. Every dollar marked "Thanksgiving Offering" comes to the Children's Homes. Last year we asked for an increase of 10 per cent in the Thanksgiving Offering. The churches responded with a 15 per cent increase. This increase of $31,000 enabled us to support the Indian work at Pembroke and at the same time to considerably expand the Foster Home Program. We have confidence that North Carolina Baptists will continue to remember deserving children at Thanksgiving with a generous offering.

During the coming year a cottage will be erected at Mills Home for boys and a cottage at Kennedy Home for girls. These new buildings are being made possible by special gifts and bequests.

Serious consideration must be given in the near future to more adequate care for the children whose emotional stability has been seriously damaged. North Carolina Baptists have the potential resources with which to meet this growing need.

A bundle of *Charity and Children* should go into every Baptist Church in the state. If your church is not receiving this attractive and informative paper each week, please write Editor Marse Grant at Thomasville immediately and begin a club in your church. All pastors and Sunday School superintendents will receive complimentary copies if they will send their names to the editor.

Most important of all, remember to pray for the children being served by your Children's Homes. Some carry heavy burdens which can be lightened with your prayers and material support. The administration and staff members also appreciate every expression of your love and concern for this Christ-ordained ministry.

STATE MISSIONS

Ernest G. Holt

On July 1, 1957, there were 4,498,000 persons living in North Carolina. According to recent statistics, there are 2,000,000, or more, who are lost and without any hope of Eternal Life through Christ. This vast number of unsaved persons is the responsibility of the Baptists of this state. Fifty per cent of the church members in this state are Baptists. We are, therefore, responsible for more than 1,000,000 lost persons, but last year there were only 33,483 baptisms reported. We are failing in our job of reaching people for Christ. The 849,000 Southern Baptists in 3237 churches, in this state, failed because it took 24.8 members to reach one lost person. We need compassion, dedication to the task, and the power of the Holy Spirit in our churches if we are to succeed in this tremendous task of reaching the lost.

One of the ways we can reach more people is through State Missions. Our State Mission offering goal for this year is $250,000. All the money over $175,000 is designated for pastoral aid and church lots. The 22 ministries of State Missions is endeavoring to vitalize our churches in order that we might win more people to Christ. Rev. Julian Hopkins, our Secretary of Evangelism, says that we ought to reach at least 50,000 persons for Christ next year, the year of our continent-wide Simultaneous Evangelistic Crusade.

There are four major areas of ministry by State Missions to help us reach more people:

1. REACHING THE LOST AND TEACHING THE WORD OF GOD:
    - Evangelism
    - Sunday School
    - Vacation Bible School
    - Brotherhood

2. TRAINING THE CHURCH MEMBERS FOR CHRISTIAN LIVING, GIVING AND SERVICE:
    - Training Union
    - Baptist Student Union
    - Department of Church Music
    - Royal Ambassadors
    - Assemblies
3. ASSISTANCE AND SERVICES TO PASTORS AND CHURCHES:
    - Aiding and Establishing Churches
    - Aiding in Pastors Support
    - Audio-Visual Aids
    - Preachers' Schools
    - Church Development Department
    - Fruitland Bible Institute
    - Church Planning Department
4. CONCERN FOR OTHER NEEDS:
    - Sanatorium Ministry
    - Student Loan Fund
    - Silent People
    - Other Races
    - Allied Church League
    - Church-State Separation (P.O.A.U.

THE BAPTIST BROTHERHOOD

CLYDE H. TUCKER

One of the most encouraging signs on the spiritual horizon in North Carolina is the awakening of our Baptist men to their Christian responsibilities. To lead the men of North Carolina Baptist Churches into the realization of the obligations and privileges of Church Membership and to provide a medium through which they can serve are the chief functions of a Brotherhood.

The full enlistment and utilization of the men for Christ is the greatest challenge facing North Carolina Baptists. Our churches are suffering today, not because they are over organized but because they are undermanned.

Only eight of every one hundred of our Baptist men are familiar with Christ's Program through a Baptist Church and Denomination. Out of every one hundred Baptist men only forty have definite responsibilities and definite places of service through the Church. We find twelve New Testament tithers out of each one hundred of our men. Only three out of each one hundred has caught the concept of being a witness and personal soul winner. The need of the enlistment of this host of men is undisputed. The church needs the men. No church will ever reach the maximum possibilities of its ministry without the full enlistment of its men with their lives and talents consecrated to its service.

We believe that God is blessing Brotherhood work because he has a very definite and far reaching task for the men in North Carolina to accomplish. Surely as we look at the world today we can truthfully say that our world needs that which Christian men can give to it. The Brotherhood reaches a number of men including new members of the church who have no responsibility in the church's life. Men find tasks in the Brotherhood that they can perform for Christ, and they discover a joy in performing them.

It is very encouraging to Brotherhood leaders to see the increased number of men who seek training and instruction at Annual Associational Brotherhood Clinics, State and District Brotherhood Conferences and Summer Encampments.

One of the greatest challenges of the Brotherhood is the sponsorship of the Royal Ambassadors. This began on October 1, 1957. During the past summer we have seen a new resurgence of interest in Royal Ambassador work as well as Brotherhoods.

The Brotherhood is built upon four Cornerstones: EVANGELISM, STEWARDSHIP, BIBLE DOCTRINE and CHURCH LOYALTY. The four major areas of activity suggested for 1958 are: Boys, Evangelism, Stewardship and Co-operative Program.

In North Carolina there are 75 District Associations. Seventy-three of these Associations have from one to fifty-two Brotherhoods in them. There are sixty-eight Associational Brotherhood Organizations. There are one thousand, one hundred and eighty-nine Brotherhoods in the State.

In the Piedmont Association there are thirty-nine Brotherhoods. This is a gain of thirteen. We humbly thank God and all who have followed Him to make this increase. There is a spirit of concern among the men that needs to be cultivated and the Brotherhood organization is a channel through which God can work for the salvation of the lost and the edification of the saved.

NORTH CAROLINA BAPTIST HOMES FOR THE AGING

GEORGE HYLER

The Homes For Aging are now in their eighth year of operation—Resthaven opened March 16, 1951; the Albemarle Home, December 7, 1953; and the Administration Building, Winston-Salem, June 13, 1957. The three Homes have facilities for 119 residents and helpers. The average number of residents exceeds 100.

Efforts were launched in June to raise $100,000 to match a gift of Mr. Don G. Matthews, Sr., of $50,000 and land on which to build a fourth Home For The Aging to be located at Hamilton, Martin County. It is expected that the campaign will be successfully completed this year. Construction of the new Home will then begin with facilities for approximately forty residents. Thus, giving a total capacity for all three Homes of 150 persons.

The Homes have had a good year financially. The auditors' report for the year ending September 30, 1957, showed an income of $268,924.58. When the new Administration Building was ready for occupancy, $103,000 was borrowed to finish paying for construction and equipment. All but $20,000 has been repaid. Funds received from the Special Day Offering and the Cooperative Program have helped to meet the current cost of operation. Gifts come from corporations and individuals. The largest individual gift for this year was $40,000.

A large number of the residents have been aided financially. Fewer than ten per cent have given to the Homes assets sufficient to pay their cost of keep for life. Thirteen residents have paid the monthly rate, which is less than the actual cost to the Homes. Most of the residents are paying one-third to one-half of their cost of keep. This means, therefore, that the difference in cost is taken from funds received from denominational channels and special gifts by individuals and corporations.

Our program of ministering to the aging presents a great challenge to the 850,000 Baptists of our state. We think, first, of the ever-increasing number of aging friends needing larger dormitory facilities; and, secondly, of doubling the capacity of our infirmary in the Administration Building. It now accommodates fifteen patients, but we should have space for at least thirty. It is estimated that elderly people will become invalids at the rate of ten per cent annually. There have been times when we did not have sufficient room for those who needed to be in the infirmary. Our aging friends must look to our Baptist constituency to meet these pressing needs.

The Rev. Charles P. Burchette, Jr., came to the Baptist Homes For Aging in May, and lives at the Albemarle Baptist Home. He is devoting his efforts in the field of promotion and public relations, and is ready to answer invitations to speak at churches and group meetings.

With gratitude to all who have made our present Homes possible—churches, individuals and corporations—and with confidence that the Baptists of North Carolina will continue to care for these "old soldiers" of Christ in a deserving way, we look to the future with great hope.

NORTH CAROLINA BAPTIST HOSPITAL

George H. Wallace

Our Baptist Hospital provides a well-rounded program of medical care and training under Christian guidance and influence.

With 1200 well-trained persons including doctors, nurses and other professional personnel armed with the most modern equipment, the Hospital does its job of training doctors, nurses and technicians and extending its ministry of healing to the sick of all walks of life. No one is too rich or too poor to receive the very best in medical care and spiritual guidance in this great institution.

A Private Diagnostic Clinic is provided for patients who are able to pay in full for medical care. Patients are referred to this Clinic for examination or admission by their own physicians, and appointments, which must be scheduled in advance, are handled through the Clinic's business office. In 1957 there were 66,146 visits to this Clinic.

Through the Out-Patient Department many patients are served who do not have the money to pay the total cost of hospitalization or medical care. Some cannot pay even part of it. In 1957 there were 58,766 out-patient visits by persons from 92 of North Carolina's 100 counties and from 15 other states and the District of Columbia. Many of these patients were so ill that they had to be hospitalized for treatment. The services of the medical staff were given free to all service patients, and the Hospital spent more than half a million dollars in providing free care for them beyond what they were able to pay.

A service patient pays what he can of the cost of his care. The Hospital has some assistance from welfare agencies and the Duke Endowment for patients who can qualify, but it must depend primarily upon the Mother's Day offerings for this support. Therefore, this fund can be used only in case of real need and after the patients family has paid all it can and all other possible help has been secured.

A largely increased Mother's Day offering is imperative for two reasons: First, hospital costs everywhere have increased more than 30% in the last five years; Second, as the number of North Carolina Baptists increases, the demand for this service increases.

Fortunately, the Mother's Day offerings have grown by 20% in the last five years. Yet, it is clear that only through greatly increased support by our churches can the Hospital hope to continue to give the large volume of free service it has been giving to our people.

North Carolina Baptists will provide the necessary funds if they realize the need, for where churches have acquainted their people with the need, the response has been excellent. When the hospital movie and the slide film have been shown and an active effort has been made to present the Mother's Day program, offerings have been generous. Our need, therefore, is simply for our churches to inform their people of the need more effectively. The Hospital will be happy to assist you in your efforts.

DENOMINATIONAL LITERATURE REPORT

Randall Lolley

Concerning literature, the practical motto of Baptists is: every need matched with a publication of the highest caliber. Hence our literature is characterized by depth, scope, and variety. We have sought to combat widespread pornography with qualitative literature which is intelligently prepared and firmly anchored in the Bible. Our goal has been to provide information, engender inspiration, and promote participation for persons of all ages in the cause of Jesus Christ.

We are the first to admit certain needs for improvement in our literary ministry. However, each year finds our Sunday School Board adding several new periodicals and revising some old ones in a persistent effort to offer help to individuals in every age and interest group. The recent "Periodical Literature Catalog 1958-1959" prepared by the Sunday School Board gives a detailed description of all literature published by this agency. In addition to the Sunday School and Training Union periodicals, special publications are provided for individual and family devotions; pastors, church officers, and deacons; lovers of music; students; the deaf; and the blind.

Baptists are kept informed concerning their program for missions through various publications by the respective mission boards. The Foreign Mission Board publishes "The Commission" and "Home Mission" is published by the Home Mission Board.

North Carolina can be genuinely proud of the Baptist State Convention publications. The "Biblical Recorder" has been a part of Baptist life in this state since its founding in 1833. "Charity and Children" carries us behind the scenes in our Baptist Children's Homes each week.

We can be genuinely enthusiastic at the prospects for a continued and improved flow of high quality literature into the homes and churches of our Convention. It remains for us to take advantage more and more of this ministry among us.

THE AMERICAN BIBLE SOCIETY

REECE BAUCOM

Southern Baptist plans for the Baptist Jubilee Advance, 1959-1964, remind us that in every missionary advance the Bible goes forward first.

The Bible is a "MUST" in missions and evangelism. If the people of the world are to know Jesus Christ, the one hope of men and nations, they must have the Bible. It is the one basic source of knowledge of Him. The Bible is the missionary's chief tool; he uses it in all his work. The Bible itself is a missionary. It can go where the human missionary cannot go. It can stay when he must leave—and keep on speaking to a person's heart.

Every man must have the Bible in his own language, but in most countries the people cannot afford even the cost of printing the Scriptures.

The American Bible Society helps to translate the Bible, publishes without note or comment and distributes without profit, usually below cost, for world-wide mission work. For the blind, it supplies Scripture, at a small fraction of cost, in raised-letter systems and on Talking Book records. The Bible Society is an active partner of Southern Baptist and serves every form of Southern Baptist mission work at home and abroad.

During 1957 the American Bible Society distributed throughout the world nearly 15 million volumes of Scriptures;

Donated more than one million Scripture volumes for distribution by Chaplains to our Armed Forces as a vital link between the home churches and the men in service;

Introduced the Finger Phono, a new feather-weight plastic phonograph, operated by one finger. These are being supplied, with Scripture recordings in the languages needed, in areas where very few people can read. They are now in use among the Navajo Indians in the United States and in various parts of Africa and Asia; and

Accepted a new joint responsibility, with the British and Foreign Bible Society, for the work in India, in France and in the Congo Basin of Africa. In India, the Bible Societies are undertaking to provide in the next five years, a New Testament for every Christian who can read and a Gospel for every non-Christian who can read; this will require 90 million Scripture volumes in five years for India alone.

SOUTHERN BAPTISTS SUPPORT THE WORK

Because the Bible Society serves mission work—and because Southern Baptist missionaries depend on the Society for Scriptures they need for distribution to their people—Southern Baptist churches give to the American Bible Society.

In 1957, Southern Baptist churches gave $118,815 to the American Bible Society but still stood in second place, exceeded by Methodist gifts of $136,499.

The help of every Southern Baptist church is needed. Has your church given this year? Here are suggestions, based on what many churches are doing.

EVERY CHURCH can give AT LEAST these amounts EACH YEAR:

Country and village churches	$ 10.00 to $ 25.00
Churches in small cities	$ 25.00 to $100.00
Large churches	$100.00 to $200.00
Great city churches	$200.00 to $500.00 or more

Please send gifts to your Baptist state office marked "for the American Bible Society."

RELIEF AND ANNUITY BOARD

R. S. Liner

Since its organization 40 years ago, the Relief and Annuity Board has paid out benefits totaling nearly $27 million. In 1957 alone, $2,245,861.18 in benefits was received by more than 5,000 retired or disabled ministers and denominational leaders and widows.

At the close of 1957, there were approximately 17,500 active members in the Board's various retirement plans, with nearly 20,500 churches, Boards and agencies cooperating. During the year, membership in the plans increased by 2,454.

Each year continues to show an increase in the number of retirement, disability and widow annuities. Last year, 503 persons were added to the Board's annuity roll, 136 more than the previous year.

PROMOTION

Mailing of "THE YEARS AHEAD," the Board's official publication, was increased to 30,000 in February of 1957. A new color film, also with the title "THE YEARS AHEAD," was produced during the year. It is being used throughout the Southern Baptist Convention at state, associational and district meetings to explain the Board's work and to show the benefits provided by the various protection and retirement plans.

Presently, only 34% of our Southern Baptist ministers are enrolled in the Annuity Board's protection program. The Board's Promotion Department is constantly working to enlist the thousands of others in this vital program. A study of the retirement or pension plans of other denominations reveals an important fact. In the denominations showing the greater percentage of their preachers in the protection program, the church assumes the entire financial responsibility, paying the pastor's dues as well as its own.

Out of the approximately 11,000 Southern Baptist churches now participating with their pastor in this protection program, around 36% are paying both member and church dues. It is hoped our churches will give this matter some serious thought as a possible solution to giving these other preachers and their families the protection they need through the Annuity Board's program.

FINANCIAL SECURITY

The Board's financial security is dependent on the work of the Investment Department. It is this department's duty to safeguard and increase by interest additions, the funds belonging to the members of the retirement plans. Last year, 97.55% of the Board's total assets were invested for this purpose. Because of the splendid program of investments, the Board was able to add an additional credit of one-half of 1% to all the Board's reserves at the end of 1957. The basic rate of interest is 3%.

OFFICERS OF THE BOARD

Administrative officers of the Relief and Annuity Board are: R. Alton Reed, executive secretary; Floyd B. Chafin and L. T. Daniel, associate secretaries; Fred W. Noe, treasurer and investment director; Owen Henley, assistant director of investments and Mable H. McCartney, registrar.

ASSOCIATIONAL MUSIC COMMITTEE REPORT

JERRY STAMPS

Christianity is the singing religion. Southern Baptists are a singing people. The Bible sings the message of God as well as preaches the message of God. Great revivals are characterized by great Spirit-filled singing.

Yet, one of the great needs among Southern Baptists in particular is music training, not only for music leadership and choir members, but among the total congregation. Much progress has been made throughout the Southern and State Conventions, particularly in the last few years. Much time, effort and money has been spent by leaders in the Church Music Departments of the Southern and State Conventions. Yet, the great challenge more recently has come to the individual associations and individual churches. Long-range plans have been made to help associations develop efficient music committees, which in turn will be able to assist each church in the associations they serve. This can only be accomplished as the individual churches cooperate in the plans made to carry out these purposes.

Last year the Associational Music Committee was established in the Piedmont Association. The officers were: Jerry Stamps, Dir.; Bill Wilson, Pastor-Advisor; David Lee, Congregational Song Leader; Norman Acker, Dir. of Instrumental Activities; Mrs. Tom Henderson, Dir. of Graded Choir Activities; Roger Cole, Dir. of Training; and Mrs. Neil Armstrong, Dir. of Publicity and Promotion.

The first need was for the committee itself to be trained. We met and studied *The Associational Church Music Guidebook.* Then we mapped out plans for the years work, meeting quarterly hereafter for reports and more detailed plans. All of our plans were carried out with wonderful cooperation among different churches. These major events were promoted: Carol Sing before Christmas (one in Greensboro, one in High Point) with about 50 attending each; an Associational Music Conference in January at N. Main St., High Point with J. O. Stroud leading a conference for all music leaders; a Hymn Sing in March at Sixteenth St., Greensboro with about 15 churches and 150 attending; a Hymn Sing in June at English St., High Point with 5 churches and about 100 attending; then the Associational Music School in September at Green St., High Point with 36 churches and about 375 attending with 270 receiving awards. This exceeded our expectations and we thank you for your support.

We know you will want to make these associational events an annual affair.

Next year we hope to be of more assistance to you in the training aspects of music in your churches. The needs of training are evident; better understanding of the real mission of church music, to undergird the total program of the church with the pastor's full support; choir opportunities for each age-group in every church for the development of talents to be used to glorify God; Sunday School and Training Union Department pianists and choristers, and also the need for Spirit-filled congregational singing.

Some of these needs can and will be met as you lend your support to the Associational Music Committee who will do their best with the help of the Spirit's leadership to help you.

HOME MISSIONS

NORMAN L. BLYTHE

One of the most important agencies we have working toward the evangelization of the United States is our Home Mission Board. This report will indicate the direction and progress being made by our Board in this large assignment. These servants need and desire our prayers and support.

The Annual Report of the Home Mission Board for 1957 showed an income of slightly over four million dollars through the Cooperative Program and the Annie Armstrong Offering.

There were 1,723 missionaries, including 452 student summer missionaries, who worked for ten weeks in the summer under the direction of regular missionary personnel. This was a gain of 91 missionaries for the year. Professions of faith through the service of the missionaries numbered 36,464, with 3,569 additions to the churches. In addition, the 425 Southern Baptist chaplains reported 13,534 professions of faith in their services.

Among the new workers added to the missionary staff in 1957 were: Paul S. James, director of Southern Baptist work in New York City; J. V. Jones, director of work in behalf of juvenile delinquents and broken homes; W. Bertram King, liaison worker among the Baptists in Canada; Victor T. Glass, associate secretary in the Department of Negro Work; and Billy T. Hargrove, director of church surveys. Dr. C. C. Warren is jointly employed by the Home Mission Board and the Sunday School Board for the promotion of the 30,000 Movement.

The Board has made progress on its Third Jubilee goals. In evangelism 1957 was a year of planning for the Year of Prayer in 1958 and the Year of Evangelistic Crusades in 1959. Also, a survey by Home Board staff reveals the need of 30,000 new churches now and a likely need for 60,000 missions. The goal for this year is "2,888 in '58." Vigorous effort is put forth to increase church loan funds and to keep them in circulation in order to help new churches and strengthen older ones.

The Rural Church Program in three years exceeded the goals set for ten years. In city missions there were 64 programs in 1957. An enlarged ministry in pioneer areas showed the Home Mission Board serving the state mission boards in a ministry reaching 43 states.

A goal of 1,050 missionaries for minority groups by 1964 has been set. The increase of missionaries in that area has been 169, numbering now 776 missionaries to minority groups. The ministry to migrants, Jews, and the deaf has been intensified and the number of missionaries increased, while in Negro work the budget has been materially increased and the number of missionaries enlarged, particularly in co-operation with state mission boards in the employment of state directors of Negro work.

Schools of Missions number some 3,000 annually with a million people reached: more than 300,000 mission study books are circulated annually: and *Home Missions* has reached a circulation of 175,000, with a goal of 200,000 within the next year. Every family in our churches should receive and read this magazine.

Dr. Redford suggests "a goal of 2,000 missionaries, and $1.00 per member from Southern Baptists for the support of home missions by 1964."

It was brought to the Association's attention by Woodrow W. Hill that two of our churches, Parkway and Hunter Hills, would complete their year of watchcare status in January, 1960. 26. The meeting was recessed until Friday, October 23, 1959, at 9:30 A.M., to reconvene at the Parkway Baptist Church.

SECOND DAY, OCTOBER 23, 1959

PARKWAY BAPTIST CHURCH

MORNING SESSION

27. Upon coming to order the Association sang "O Worship the King" and "I Love to Tell the Story."

Everett Richardson read from Psalm 90 and offered prayer.

The host pastor, Eugene Deese, extended a welcome to the Association.

28. The Christian Action League report, the successor to the Allied Church League, was brought by J. Boyce Brooks. Mr. Brooks urged a personal stand for abstinence, that moral reform has always been brought about by the few and not by the many. He emphasized the "action" part of the League and called on all to be active in moral issues rather than being spectators. The approach should not be negative, such as being against something, but in teaching the better things of life. "As we lose our purpose, we lose our hearts . . ."

His report was adopted by the Association.

29. The General Secretary and Treasurer of the Baptist State Convention of North Carolina, Douglas M. Branch, was introduced by A. Leroy Parker. Mr. Branch reported that North Carolina Baptists are now writing the most significant record ever in the area of financial support. At the rate of our present giving we can give in the next 10 years what had been planned for the next 20 years. The Secretary stated that if Baptists are to achieve the miraculous we must rise to a new place of commitment to the will of God and attain a unity of fellowship. Our present lethargy will not do. We must subjugate our personal desires to the will of Christ.

30. The Association sang "Great Is Thy Faithfulness."

31. The Home Mission Board report was adopted upon a motion by Eugene Deese. Mr. Deese spoke to the report.

32. The Credentials Committee report was given by T. L. Sasser. The Moderator and Mr. Sasser extended the right hand of fellowship to the members of those churches who were present.

33. Upon a motion by George B. Hyler the Homes for the Aging report was adopted. A. Leroy Parker spoke to the report, noting that the Piedmont Association has two trustees on the board of the Homes. He called on J. Boyce Brooks and Douglas Branch for further words on the Homes.

34. The Hospital Report was adopted upon motion by H. D. Jack Roe. Dr. Albert Meiberg, Director of Research of the Pastoral Care Department of the North Carolina Baptist Hospital spoke to the report. He noted that the Piedmont Association's Mother's Day offering was $8,621.95.

35. Roy S. Liner moved the adoption of the Children's Homes report and this action was taken. W. R. Wagoner, General Superintendent of the Children's Homes spoke to the report. He stated that the Homes were able to accep only 1 of every 5 applications last year, that the Homes were now caring for approximately 700 children either directly or indirectly.

36. During the business session T. L. Sasser moved that the money in hand from the Northwood properties be invested in 5% bonds of our local churches. There was a second but a substitute motion by W. A. Duncan, Jr. prevailed. He moved that this matter be referred to the Missions Committee, that they be empowered to act, and bring their report to the Executive Committee.

The Constitution Revision Committee reported it would have its report ready at the afternoon session.

The Clerk reported that there were now 308 people registered for the Associational meeting.

Further correspondence from the Central Association requesting a letter of dismissal for the Mt. Calvary Church was read by the Clerk. The letter was granted.

The host pastor gave instructions for lunch.

J. Boyce Brooks moved that the Association reconvene 15 minutes early for the afternoon session. It was so voted.

37. Following special music by A. L. Robertson who sang "No One Ever Cared for Me Like Jesus," the Doctrinal Sermon was delivered by H. D. Jack Roe, the alternate. Using Matthew 28:16-20, Mr. Roe spoke on "The Doctrine of Christian Missions." His sermon pointed up that we live today in a world of vast confusion, of exaggerated material emphasis, of political turmoil, of fear, of hunger, and in a world of selfishness and perversion.

38. The Association enjoyed a fine meal prepared by the host church.

AFTERNOON SESSION

39. W. Randall Lolley led the Association in singing "O For A Thousand Tongues to Sing."

M. W. Shaw read I Peter 2:1-17 and offered prayer.

40. The recommendations of the Nominating Committee, J. Boyce Brooks chairman, were accepted without further nominations. (Those elected are listed elsewhere in this Minute.)

41. The Constitution Revision Committee recommended that Articles II, X, XI, XII, and XIII be revised according to the changes presented. Roy Liner so moved and the action was taken. (The Constitution in its revised form is printed elsewhere in this Minute.)

A motion by Clarence Nida, a substitute for one by Paul D. Early, prevailed that the Committee on Committees appoint a Time, Place, Preacher Committee to begin now and to report next year.

Motions by H. D. Jack Roe and William G. Wilson that in the absence of Norman L. Blythe and Claud B. Bowen we send greetings to them were passed unanimously.

42. Nolan C. Johnston moved that the American Bible Society Report be adopted. It was so ordered. Mr. Johnston spoke to the report.

We wish to express our thanks to the Florida Street Church and the Parkway Church for their gracious hospitality and delicious dinners served.

We wish to express our thanks:

1. To the Program Committee for the excellent program which has been inspirational as well as informative, and for the parts taken by each one.
2. To Brother Troy Robbins for his excellent leadership as Moderator the past two years.
3. To the *Greensboro Daily News* and the *Greensboro Record* for giving us courteous coverage during our Associational meetings, and that the Clerk of our Association express our appreciation to said papers.

The report was adopted.

47. A motion to adopt the previously given Training Union report prevailed and Ernest G. Holt presented a resolution concerning the retiring Training Union Director, J. Carl Bell. His resolution:

> BE IT RESOLVED that the Piedmont Baptist Association express our sincere appreciation to J. Carl Bell for his outstanding work in our Association for the past 30 years.
>

The resolution was adopted.

LAKEWOOD REPORT

VINCENT G. WALL

There has been a wonderful increase in the use of Camp Lakewood this year. The record shows that the following groups used the Camp.

Junior and Intermediate Girls Auxiliary	Two-week camp	268
(This 268 includes Counsellors and Cooks.)		
Royal Ambassador One week camp		90
Sunbeam two day camp		259
Training Union Retreat		90
Woman's Missionary Union Day		80
Over-night campers		314
One-day picnic and other classes		1,384
Total using Camp Lakewood up to September 8, 1959		2,787

The use of Camp Lakewood according to groups and months shows that there are many camp days not being used.

November 1958	30 People	1 group
March 1959	66 People	2 groups
April 1959	10 People	1 group
May 1959	396 People	7 groups
June 1959	703 People	9 groups
July 1959	513 People	10 groups
August 1959	760 People	9 groups
September 1959	125 People	1 group

Twenty three of our churches used our Lakewood facilities this year. This is an increase of thirteen churches over last year. This sounds encouraging but there are still quite a few churches that never use the camp. We call upon our Pastors and church leaders to promote the use of Lakewood next season.

Central Association had one church to bring a group to camp this year. We had written them inviting them to use the camp as in years past.

There have been some improvements made this year, such as flood lights around the Assembly Building and cabin area. This will be of great benefit for evening use of the camp. The boys' shower room has a partition in it now to give them more privacy. As funds and ideas become available we hope to make many improvements. One of the main items at hand now is to improve the plumbing facilities.

MISSIONS COMMITTEE

Clarence Nida

The challenge of the Piedmont in its missions opportunities is ever increasing. As the field is surveyed and carefully studied, there is a great feeling of urgency if Baptists are to keep abreast the rise in population and area growth.

Therefore the missions committee recommends:

1. That each church carefully consider the possibility of a mission in an adjacent area. This is in keeping with the challenge of the 30,000 movement to double our churches, missions and preaching points.
2. That each church reflect its interest in the associational work of developing new church opportunities by an increase in giving. At the recommendation of the Missions Committee the Association voted to increase its giving with each church giving one dollar per member and not one dollar per resident member. This has resulted in some increase in our receipts. However, if the Association is to realize and fulfill its responsibilities in the total area of missions work, more money must be given yearly to the budget. Initially, we must think in terms of one dollar and twenty-five cents per member.

During the first full year of the operation of the Revolving Loan Fund, loans were made to:

Temple Baptist Church	$2,000.00
Gethsemane Baptist Church	800.00
Camp Herman Baptist Church	1,000.00

In the year to come, if this fund is to be available, there will have to be an increase in our giving to the associational budget. The work of the Association is worthy of the support of every church.

This is an hour of unprecedented opportunity and great responsibility. There can be no question that we are come to "The Kingdom For Such A Time As This." There is need for us to rise to the challenge to fulfill the great commission of going into our world, to "Lengthen The Cords and Strengthen The Stakes" in order to "Enlarge The Place Of Our Tents."

EVANGELISM

William G. Wilson

Jesus' command to us is, "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: teaching them to observe all things whatsoever I have commanded you: and lo, I am with you alway, even unto the end of the world." Matthew 28: 19-20. Here Jesus summed up God's purpose in the world and the objective toward which God's people must ever move in full dedication if they are to be in His will.

The purpose of God in which He uses His people (and the only purpose in which He uses them) is the evangelization of the world. Evangelization means making disciples, "baptizing them," and "teaching them" to be obedient to Christ in "all things" He has commanded. Thus a person is not evangelized until he becomes an evangelist. Therefore, evangelism is to make disciples and mature them. This is God's purpose and plan for His people in the world.

In the Great Commission Jesus said, "Go," "teach" with the purpose of making disciples, "baptize" and "teach" them to be obedient to Christ in all things. The only imperative in all these mighty words of action is "to make disciples" or to teach with the purpose of making disciples. Thus Jesus puts soul-winning first in His total program with a definite command. In every church or associational program, soul-winning must be in the forefront of its total program to be in the will of Christ. This order is the divine imperative. Any individual or church that changes this order is disobedient to Christ, and therefore cannot expect His empowering and blessing upon the efforts put forth.

During the years 1959-1964, in the Jubilee Advance, Baptists of North America are making an effort to be obedient to the Great Commission by putting soul-winning in the foreground of their respective programs. In 1959 it appears that real progress has been made in this direction. Reports received in the office of Evangelism in Raleigh indicate that the Simultaneous Evangelistic Crusades over the state were the most friutful ever. With one exception, every association in the State participated. Most of them did more praying, planning and working to win all the people to a full committal to Christ than ever before. Figures in the Raleigh office for the state show about 15,000 baptisms, 20,000 total additions, and that more than 2,000 young people offered their lives for full-time Christian vocations.

In the Piedmont Association reports on the 1959 Crusade reveal the following: 155 came forward for baptism, 82 transferred their membership and 18 surrendered for special service. (18 out of 29 participating churches reporting.)

The ratio of baptisms to church members is 1:22 for Southern Baptists and 1:25 for North Carolina Baptists. Our association's ratio for 1957 was 1:23; (see pages 84-85 in digest sent to all pastors from Department of Evangelism recently for figures). In 1958 it was 1:20. In view of our simultaneous crusade, this ratio should be lower this year. The goal of Southern Baptists in ratio of baptisms to church members is 1:8. This constitutes our greatest challenge. Only as we get soul-winning in the forefront of our total program can we become obedient servants of Christ. In an effort to achieve this objective, therefore, be it resolved that the Piedmont Association adopt the following goals:

1. To conduct an annual clinic devoting two sessions exclusively to evangelism striving to have at least seventy-five per cent of the churches and pastors participating.

2. To conduct an annual Simultaneous Revival Crusade with at least eighty per cent of the churches participating.

3. To endeavor to have at least seventy-five per cent of the churches using the church council and sustaining perennial programs of evangelism with soul-winning in the forefront of the total program in every church.

WOMAN'S MISSIONARY UNION

Mrs. F. T. Matthews

"The Southern Union," as we refer to the staff and headquarters in Birmingham, chooses each year a watchword for that year which is to be the underlying theme from which all of our work is based. This year the verse carries the thought of the sovereignty of God having been manifested in human history, and his people are called on to worship him and to show forth his salvation from day to day. Since Christ finished his work on earth and was received to his glory in heaven Christians have been "singing a new song" unto him and proclaiming the glad tidings of his salvation. Psalm 96:2 parallels the purpose of Woman's Missionary Union. After having received his marvelous blessings let us zealously praise him for all his benefits.

We have had the joy of having in our association this year two new churches: Hunter Hills and Parkway. At the beginning of their organization they started fully graded W.M.U. organizations which should be the ideal of every church.

We had a "first" for our Y.W.A's this year—an overnight camp at Lakewood with 35 in attendance. A wonderful spirit prevailed, and the girls asked for a week next year. Mrs. William Bennett, Y.W.A. Director, organized a Y.W.A. Council in February which meets each quarter. A good spirit of fellowship and competition has resulted.

We had two weeks of G. A. camp this year with 130 in attendance. Mrs. James Allred, our G.A. Director, was in charge of the camp. It is always a thrill to hear of the experiences of the young people at camp, and as always, many make decisions to follow Christ for the first time.

Two days of Sunbeam camp, under the direction of Mrs. Ralph Burroughs, brought the largest attendance in the history of our camp. Surely we of the Piedmont and Central Associations have a great privilege and are afforded a marvelous opportunity as we work to mold the lives of these little ones that they may hear and heed the call of our Lord to "show forth his salvation."

We had several missionaries to appear on our programs at Lakewood: Miss Ola Lee, Formosa;Rev. Bill Moody, Indian, who has been an evangelist with the Home Mission Board; Miss Thelma Williams, nurse from Hong Kong; and Mrs. Gene Phillips, Southern Rhodesia. We thank God for these servants who came to challenge us with the needs around the world.

Besides our camps our leaders have attended workshops at Southeastern and Ridgecrest, have led in W. M. U. day at Lakewood, and held two leadership conferences and mission study institutes.

Our annual associational W.M.U. day was held in the new sanctuary of the Florida Street church in April. Everything was done for our pleasure and comfort, and we are very grateful. A new schedule of afternoon and evening meetings was held to meet the needs of those who work. Rev. Franklin Mitchell, missionary to Chili, inspired and challenged us concerning his work in this predominantly Catholic country.

Again this year many of our officers have been privileged to go into many of the churches in our association to teach yearbooks, mission study books and to help in the organization of new W. M. U. work.

The Lord has blessed our work this year. We have tried to inform and inspire our women and young people in the "Great Commission." We thank each one for her cooperation. A great debt of gratitude goes to our officers: Mrs. J. Carl Bell, Vice President; Mrs. John Edwards, Mission Study Chairman; Mrs. J. Boyce Brooks, Prayer Chairman; Mrs. Norman Blythe, Stewardship Chairman; Mrs. W. H. McCuiston, Community Missions; Mrs. Loy Brafford, Publications; Mrs. Carl Kellum, Margaret Fund; Mrs. Ike Fesmire, Recording Secretary, Mrs. B. Latcher Webster, Corresponding Secretary; Mrs. Marshall Hargrove, Publicity; Mrs. R. P. Royal, Chorister and Group Captain; Mrs. Tom Henderson, Pianist; Mrs. E. O. Lanier, Auditor; Mrs. J. N. Turner, Historian; Mrs. S. A. Yates, Treasurer; and Group Captains, Mrs. C. D. Foster, Mrs. Vernon Williams, Mrs. Glenn Redmon and Mrs. R. H. Baucom.

The challenge for the future is great. Of the fifty-eight churches in our association there are still eight churches which have no W. M. U. work.

As much as we covet the ladies of these churches to be interested in missions, we know that it is "not by might nor by power, but by my spirit saith the Lord" that this will come to pass.

TRAINING UNION

J. Carl Bell

On August 5, 1959, a group was discussing how to reach juniors and intermediates for Training Union. In the conference, Mr. Gibson asked me what I thought about it. This was my answer. "Mr. Gibson, if we could see a junior or intermediate boy with a dedicated life and his interest, with his personality and influence, and could see him grow through the Intermediate Department and the Young People's Department and could see him on into adult life, fifty or sixty years from now, to see what he means to the Kingdom of God and world-wide missions,no sacrifice would be too great for us to make in trying to reach and work with the people in our Associations."

This is what your director has been trying to do for eight years as director of the Greensboro District and the last 22 years as director of this great Association.

We have had a good year.

We have organized two churches with Training Unions and have two more ready to be organized the first of October.

Our training Union enrollment has increased a great deal this year.

We have reached our goal for Study Course Awards.

M Night was well attended and we had a fine program. Our Youth Banquet was the best ever, with 377 in attendance. The Reverend Randall Lolley was speaker.

We are looking forward to our clinic for September 28. They are to include conferences for church officers.

With the coming of our Superintendent of Missions and a new director, only God knows the possibilities of our Association for the years ahead.

With this final report, I will end 22 years of being your Training Union Director. It is with mixed emotions that I resign and I am deeply grateful for the privilege of serving my Lord and my fellowmen and for the friends I have made through the years, both pastors and laymen, but mindful of the fact that I have failed in many instances. Realizing that this job requires more and more time and that I am not getting any younger, I feel that another should fill this directorship. May I say "thank you," to all who have helped me through the years in whatever capacity you have served and though I am no longer in leadership, my prayer is that God will find a place in which I can serve him all through life.

SUNDAY SCHOOL REPORT

Harold Pritchard

Southern Baptist Sunday Schools continue to grow. During the years in which we are greatly concerned about the 30,000 movement, Sunday schools are playing a vital role. Dr. C. C. Warren says that a mission is any point where there is regular teaching or preaching under the auspices of a church or group of churches. Many Sunday schools which have been established by churches and groups of churches are helping us on toward the goal of 30,000.

In cooperation with the Central Baptist Association a Vacation Bible School Clinic was held in the Piedmont Baptist Association at the First Baptist Church of Greensboro in April of 1959. There were approximately 300 persons present for this meeting. Dr. Herman Ihley and Mrs. Myra Motley of the State Sunday School Department were present to help direct this clinic.

There are many churches in the Piedmont Association which would profit from a well organized associational Sunday school program. Such an organization should be effected and put into operation.

This present associational year offers Southern Baptist Sunday Schools an opportunity perhaps greater than any it has had before. This year has been designated in the Jubilee Advance program as the year of teaching and training. Churches throughout the convention will be emphasizing the importance of an effective teaching program and the necessity of a training program for all church members. Every church in the Piedmont Baptist Association should strengthen its Sunday school and training program during the year just ahead of us.

STATE MISSIONS

A. L. Parker

1. STATE MISSIONS is the missionary effort on the part of North Carolina Baptists to reach the unsaved for Christ and teach, enlist, and train the saved in giving, living, and serving through the churches and throughout the world.

(1) There are 4,600,000 people in the State. About 2,100,000 of these above the age of eight years are affiliated with some kind of church. About 2,000,000 above the age of eight years are unchurched. Perhaps 25 percent of the affiliated church members are unsaved; then more than 60 per cent of the people of North Carolina, above age of eight years, are lost. North Carolina, therefore, is not half Christian.

(2) We have over 880,000 Baptist church members in North Carolina. Perhaps 40 per cent of these are enlisted and are being taught and trained in Christian giving, living, and serving. This means that 60 per cent of our church constituency is not dedicated in the Christian profession. In this undeveloped area, the churches have their primary challenge.

(3) The above interpretation of the purpose and challenge of State Missions demands a varied program of mission activity.

A. *Our people need to be taught and trained.* Therefore, many of the significant phases of our State Missions' work are promoted through the *Sunday School, Training Union, Brotherhood, Royal Ambassadors, Church Development,* and *Music Departments.* Over 2,800 Vacation Bible Schools will be reported for 1959—giving $50,000 to World Missions. Approximately 5,000 of our Baptist people attended Training Union weeks at Caswell, Fruitland, and Ridgecrest this summer. The R. A. Camps were full. The Church Development Department has enlisted many new, rural and urban churches in our Baptist program of stewardship and organizational life. Many quarter and half-time churches have been led to activate full-time programs of service. Over 1,600 leaders in the fields of Music and Sunday School attended the assemblies this summer. The programs were promoted and directed by the leadership of these two departments.

B. *Since* 60 *per cent of the people in North Carolina are lost*— they need the Savior. State Missions provides a Department of Evangelism that seeks to inspire pastors and churches to evangelize their communities; also, to plan for and promote united evangelistic efforts on a state and associational-wide scale. Since the organization of this Department, baptisms have greatly increased. We reported 34,833 baptisms in 1958. North Carolina Baptist churches baptized more people last year than any other state except Texas.

C. *A growing population demands new and stronger churches.* State Missions provides a necessary and significant ministry through aid on some church buildings and the purchase of sites for new churches and some one hundred or more salaries for pastors. These supports enable new churches to move forward in a building program and other churches to strengthen their programs and enable the pastors to give more time to developing stewardship churches. During the past year, approximately $150,000 was invested in this work. Six out of every ten Baptist Churches in North Carolina have been assisted in one or more ways through this ministry.

Requests for lot aid already in 1959 amount to $100,000.

D. *A more highly developed and intelligent congregation demands a better pastor.* Pastor's Schools are promoted through State Missions to meet this growing demand. Last year about 175 pastors received better training at Fruitland. Refresher courses are offered at Mars Hill each summer for the benefit of all pastors and their wives—trained or untrained. Approximately 600 attended during this Week of Christian Study and Fellowship this summer. Associational Pastor's Schools are assisted also.

E. *The Colored races in our midst constitute a large percentage of our population.* State Missions seeks to minister to these through the Department of Interracial Cooperation. We should do more—not because the Catholics are winning them, but because we should. Ours is the major denomination in North Carolina, and, therefore, they are largely our responsibility. Our main emphasis is helping to train their leadership.

F. Other areas of need constantly challenge the resources of State Missions, namely:

(a) The Christian Action League (formerly Allied Church League). This organization is doing a tremendous job in helping to produce a sober and sane citizenship in North Carolina. Through their ministry we cooperate with other major religious groups.

(b). *The Silent People.* Three Thousand of them beckon for our care, love and concern. This ministry has captured the imagination of television leaders who are promoting it without charge to our missionary.

(c) *Caswell Assembly and Fruitland Camp.* Our people greatly need the fellowship, inspiration, and training they offer. Approximately 8,000 people attended these assemblies this summer. The organizations of the Woman's Missionary Union had hundreds of women and young people to attend state and associational W.M.U. camps, mission weeks and institutes: over 1000 during Music Week, and 2000 Training Union weeks. Many decisions for Christ and full-time Christian vocations are made.

(d) *Other ministries*: Summer Student Work—Ministry Through Service Institutions — Separation of Church and State and Pastoral Care.

G. *The Department of Church Planning.* This department serves many churches through counsel and guidance in planning for beautiful and adequate churches and educational buildings. Tens of thousands of dollars are saved Baptist Churches each year because they use the services of this department.

H. *Brotherhood and Royal Ambassador Work* are great departments of service to the men and boys of our churches. Here we have an unlimited ministry for evangelism, stewardship, missionary recruitment and world missions.

I. *Our Church and denominational leaders of tomorrow need to be taught and trained in cooperation and loyalty now.* State Missions promotes a Baptist Student program among 22,000 sons and daughters from our Baptist homes who are attending the many colleges or universities, business, medical and nursing schools of our State. These young men and women constitute a great potential leadership for all areas of tomorrow's world. The churches will need the strength and service of *that leadership.* Baptist Student Centers near the campuses of our State colleges and other schools are a must. Two years ago the Convention purchased a beautiful site for a student center at the University of North Carolina where we have 1,900 Baptist students; and one this past year at Greensboro, near Woman's College. More are planned for in the future.

J. *What are the sources of support whereby the* 20 *ministries of State Missions can function effectively and fruitfully in all areas of our state?*

Here they are.

(1) Cooperative Program (hoped for)	$396,000
(2) Sunday School Board (Promised)	38,000
(3) Home Mission Board (Promised)	7,000
(4) Special State Missions' Offering in the Churches — promoted by the W.M.U. and Division of State Missions. Actual Need to Meet Budget	186,000 (Why)
W. M. U. Goal — $75,000 Sunday School Goal — $111,000	
(5) The budget — including overdraft	627,000
(This does not include the $80,000 on lot requests beyond the budget.)	

Answer to the "WHY?":

If we meet the requests on church lots and pastoral aid already in for 1959, the budget would require $707,000.

However, the total State Missions' needs within the budget are $627,000. The goal for State Missions' Day on September 20 is $186,000—$75,000 through W.M.U. and $111,000 through the Sunday Schools. Remember, this day for Missionary Baptist churches in North Carolina is the oldest of our mission emphases. It has constantly undergirded our total World Missions' program. If this goal is reached by our people, your twenty ministries of State Missions will have their 1959 budget met and the overdraft ($33,000) on State Missions also from 1958.

K. Will you as an individual do your part through your Sunday School, W. M. U., and church so that the first part of The Great Commission might be obeyed—and that these rich ministries might be continued to the extent that next year North Carolina will have many more new Christians in it, and many more trained, dedicated Christians serving in the Kingdom of God?

DENOMINATIONAL LITERATURE REPORT

Darrell Holland

It has been said, "Imitation is the sincerest form of flattery." Our Baptist literature has been flattered in this manner. A good many organized groups have sought to pattern their literature after ours. A number of individuals of other Christian denominations have borrowed our quarterlies for use in preparing their own teaching lessons. We are happy to share with them, and we are truly flattered by their desire to follow our lead.

We are blessed with appropriate literature for all of our needs whether it be for preparation and teaching, self training, instructions for organized work, or general information. One cannot help but note that all of it is based on the Word of God and ultimately designed to advance God's Kingdom.

A good amount of our literature is made available to us as individuals at no cost, this literature being purchased by our churches for distribution to its members. Some of the printed matter is purchased directly by us individually, yet the cost is so small that everyone can afford it. At a nominal cost we have available to us literature of the highest caliber. Our state papers, *The Biblical Recorder* and *Charity and Children,* serve to inspire and inform. Through them we are able to keep up with our statewide activities as well as our work outside the state. Seldom does an issue fail to bring news of work being done by a personal acquaintance, and it is a pleasure to read what is taking place. We are fortunate to have available to us such good literature; however, unless we read it, we cannot profit by it. A dusty book may be indicative of a dusty mind as well as a dusty house.

HOME MISSIONS

Eugene Deese

The pattern for the work of the Home Mission Board is found in the message of its watchword, "Our Land For Christ," taken from Numbers 13:30. "Let us go up at once and possess it—for we are well able." The heartbeat for Home Missions is supplied by the more than nine million Southern Baptists who make up our local churches. The great concern for the lost in the homeland is constantly kept before the people through prayer and study. People in all age groups learn of home mission endeavors and needs through the Home Mission Graded Study Series, *Home Missions* magazine, schools of missions, tracts, maps, filmstrips, motion pictures and other visual aids. Each year the Annie Armstrong offering, which is the annual love offering for home missions, is sponsored by the Woman's Missionary Union.

One of the most significant events in the life of the one hundred fourteen year old Home Mission Board during the past year was its reorganization after a very careful study. The Board now functions under five main divisions. They are: the Division of Evangelism, the Division of Missions, the Division of Education and Promotion, the Division of Chaplaincy, the Division of Church Loans. This reorganization, as Dr. Courts Redford expresses it, "provides for an evangelistic, church-centered mission program in all the areas which are now served, or may be served, by the Home Mission Board."

The Home Mission Board now has 1282 missionaries, not including summer workers or the 382 Southern Baptist Chaplains who are on active duty with the Armed Forces. These missionaries reported 41,859 professions of faith last year and the Chaplains reported 11,203. Five hundred sixty four new missions were organized and 399 new churches constituted.

The missionaries of the Home Mission Board will be cooperating with the Sunday School Board and other agencies in the Special educational emphasis for 1960. Special plans are being made for cooperation in the Stewardship emphasis for 1961, and Church Extension in 1962. Special emphasis is being given by all Home Mission forces in the promotion of the 30,000 Movement.

Southern Baptists have an ever increasing opportunity to cooperate in a convention wide program of missions and evangelism. The Homeland is becoming ever larger and a more potent missionary advance is imperative. With knowledge and concern for souls without the Saviour, we move toward our ultimate aim: "Our Land For Christ."

HOMES FOR THE AGING REPORT

GEORGE HYLER

The ninth year of operation of the Baptist Homes for the Aging began March 16, 1959. All three of the Homes — Resthaven, Albemarle, and Headquarters — have had a good year, and have been filled practically all the year to capacity—119, counting residents and helpers. When vacancies occur there are always more applications on the waiting list than rooms to be filled.

Since the average age of a resident is about 80 years, there were several deaths during the year. Among the deceased was the oldest resident, "Uncle" John T. Holt, formerly of Wilsons Mills, N. C. He died July 13, being 99 years of age. Had he lived until February 26, 1960, he would have been ONE HUNDRED YEARS of age. He was a resident of the Homes nearly eight years, and for the past two years was a patient in the infirmary of the Headquarters Building. He was, indeed, a great soul.

This has been another year of God's favor upon the Homes and of encouraging progress. While the campaign to raise funds to build the fourth Home in Eastern Carolina, at Hamilton, has not been completed, yet there is good reason to believe that the money will be secured this year and construction will begin. Mr. Don G. Matthews of Hamilton has given the land for the site, and most of the $50,000 which he promised. He is ready to give the balance when the extra $100,000 has been raised. With reorganization of plans and persistent effort, the balance needed can and will be forthcoming.

Architectural plans and specifications for the enlargement of the infirmary at Headquarters have been prepared, and construction of 28 additional bedrooms should begin by September or October.

The two most pressing needs of the Homes for the Aging now are (1) to finish raising the funds to start construction of the Hamilton Homes, and (2) to raise about $75,000 to cover the balance needed to pay for the additional facilities in the infirmary expansion. So, a total amount of $150,000 must be raised, therefore, to finish these two projects. When they are completed 60 more bedrooms wlil be added for anxious and needy residents, thus increasing the total capacity of all the Homes to 170 residents.

Would you like to have a generous part in helping to make these become realities rather than plans at the earliest possible date? If so, please let us hear from you at once. Why not furnish, or endow, or construct a room with your gift? If you are not able to do as much, send the amount you are able to give to N. C. Baptist Homes, Inc., Reynolds Park Road, Winston-Salem, N. C., and your gift will be used as you may instruct.

All connected with the N. C. Baptist Homes are most grateful to the churches, individuals, and corporations for the help given to offer our aging friends who live in the Homes a program of security, comfort, congeniality, and a Christian ministry.

NORTH CAROLINA BAPTIST HOSPITAL

H. D. Jack Roe

Nowhere in the world is there another hospital like our Baptist Hospital in Winston-Salem where there are three departments on equal footing — (1) The Department of Medical Care, (2) The Department of Pastoral Care, (3) The Department of Mental Care. The Scriptures tell us that Jesus came—(1) Preaching, (2) Teaching and (3) Healing. How wonderful that in Baptist Hospital the total person is cared for.

The September issue of *Reader's Digest* contained a condensed book section entitled: "Spiritual Therapy: Modern Medicine's Newest Ally." This is the condensation of a book written by Dr. Dick Young explaining the Department of Pastoral Care at Baptist Hospital. Our Hopsital in Winston Salem, for many reasons, is acclaimed world-wide, but it is especially known for its excellent work being done through Counseling Therapy in the Department of Pastoral Care. It is sufficiently widespread to have brought about a quiet revolution in the relation between medicine and religion. Today it is estimated that of the 8000 ministers who have received some form of clinical training roughly 5000 are applying this training by helping doctors to produce spectacular results with the healing team approach to human ills. The team, of course, is made up of the Physician, the Psychiatrist and the Minister.

With 1200 well-trained persons, including doctors, nurses and other professional personnel armed with the most modern equipment, the Hospital does its job of training doctors, nurses and technicians and extends its ministry of healing to the sick of all walks of life. No one is too rich or too poor to receive the very best in medical care and spiritual guidance in this great institution.

A Private Diagnostic Clinic is provided for patients who are able to pay in full for medical care. Patients are referred to this Clinic for examination or admission by their own physicians, and appointments, which must be scheduled in advance, and handled through the Clinic's business office.

It is through the Out-Patient Department that the patients are served who do not have the money to pay the total cost of hospitalization or medical care. Some cannot pay even part of it. Each year the Hospital spends nearly three quarters of a million dollars in providing free care for those who cannot care for themselves. *It is for this, and many other reasons, that it is imperative that Mother's Day Offerings increase.*

How desperate is the need for our people to be informed! Certainly every Minister needs to visit Baptist Hospital, and it would help if planned tours could be made for church groups. The Hospital is happy to furnish a movie or slides on the Hospital program.

CHILDREN'S HOMES REPORT

ROY S. LINER

North Carolina Baptists have shown remarkable interest in their Children's Homes during the past year. Numerous church groups have visited the campuses of the three homes. Continued financial support has been encouraging. Awakened interest in your Child Care program has been evidenced in many respects.

PROGRAM STUDIED

During the past year members of the Children's Homes staff, under the best leadership available, have engaged themselves in a conscientious study of the entire Child Care program sponsored by North Carolina Baptists. Findings have been gratifying. The program has a commendable history and is one of the best in the nation. Every effort is being made by the present administration to continue the best care possible for dependent children.

CHILDREN SERVED

More than 1,000 boys and girls were served by the Children's Homes during the past year. Mills Home, Kennedy Home and Odum Home provided care for 547 children while 197 lived in foster homes. Through financial assistance of the Mothers Aid Program 40 children where able to live with their mothers. Supervision and financial help were afforded 30 college students. Resourceful case workers assisted 214 additional children to find homes with relatives and other social service agencies.

COTTAGE CONSTRUCTION

Three cottages are currently under construction—one at each of the three Homes. The Roy Culler family of High Point is providing funds for a boys' cottage at Mills Home. The H. C. Ferebee family of Camden is making possible a cottage for girls at Kennedy Home. The new cottage at Pembroke will provide administrative offices and living accomodations as well as kitchen and dining facilities for the Indian boys and girls.

ADMINISTRATIVE CHANGE

Vernon S. Sparrow became Superintendent at Mills Home, Thomasville, July 1, 1959. He comes to this post with an excellent background of training and experience. Prior to Mr. Sparrow's coming to Mills Home to serve as associate pastor and minister of education in the First Baptist Church of Lenoir.

SIGNIFICANT CONVENTION ACTION

Significant recommendations relative to the Children's Homes were adopted by the Baptist State Convention in May following a two and a half year study by the Committee of Twenty-Five. They are as follows:

1. The number of children in foster home care be increased to approximate the number in institutional care.

2. That the Children's Homes begin to develop new types of programs to help children who are not being adequately cared for in other ways.

3. That increased attention be given to families throughout the state by well-trained, mature case work consultants to help avoid family breakdowns.

MORE ADEQUATE FINANCIAL SUPPORT

The Convention has voted to bring the Children's Homes into the Cooperative Program on the same basis as all other institutions and objects. Churches may continue to send once-a-month offerings and special gifts. Designated gifts from churches to the Children's Homes will be administered by the Convention in the same manner as designated gifts from churches to other institutions. The Homes are encouraged with this improved financial relationship with the Convention. For lack of sufficient income the Homes operated on a $22,000 deficit in 1958. The deficit for 1959 will be approximately $65,000. The only way the Homes have of meeting the $65,000 deficit this year is through a substantial increase in the Thanksgiving Offering.

WHAT OF THE FUTURE

With the increase in population, the development of industry, the growth of cities and the mounting tensions in present day society, there is an increasing demand for services to dependent children. Your Children's Homes are being asked by the Convention to expand their services. With your prayers, and loyal and generous support, your leadership will continue to move forward as resources are made available.

AMERICAN BIBLE SOCIETY

WM. H. CAIN

The American Bible Society rejoices in Southern Baptist plans for the Baptist Jubilee Advance, 1959-1964, because Southern Baptists thoroughly recognize these basic missionary principles:

> People must have the Bible because it presents Jesus Christ, the one hope of men and nations. Each person must have the Bible in his own language because it speaks to his heart as no other language can speak.
>
> In most countries, people cannot afford even the cost of printing the Scriptures.

The Bible is the essential tool of missions and evangelism. The missionary uses it in all his work. The Bible itself is a missionary. It can go where the human missionary cannot go. It can stay on after he must leave, and keep on speaking to a person's heart.

The American Bible Society is an active partner of Southern Baptists. It serves every form of Southern Baptist mission work at home and abroad. The Society helps missionaries to translate the Bible, publishes without note or comment and distributes without profit, usually below cost, for world-wide mission work. For the blind, it supplies Scriptures at a small fraction of their cost, in Braille and other raised letter systems and on Talking Book records.

During 1958 the American Bible Society distributed around the world a record of over 16½ million volumes of Scripture and donated more than one million Scripture volumes for distribution by the Chaplains to our Armed Forces as a vital link between the home churches and the men in service. They enlarged the ministry of the Finger Phono, a phonograph operated by one finger, now being supplied in areas where few people can read, including the United States, Africa, and Asia. The 1958 program of Finger Phono was expanded to include 25 additional languages.

Because of the tremendous importance of the work of the American Bible Society Southern Baptists support the work. In 1958 Southern Baptist churches gave $162,199 to the American Bible Society, and for the first time stood first among all denominations, because Methodists, who led for many years, dropped from $174,447 in 1956 to $147,935 in 1958.

In 1959, the first year of the Baptist Jubilee Advance, people in mission lands, and the missionaries serving them, look to Southern Baptist churches to continue their increased support for providing the Word of God for every man in his own language.

If Southern Baptist give as the Society suggests, they can continue to lead in the support of the American Bible Society.

Country and village churches	$ 10 to $ 25
Churches in small cities	$ 25 to $100
Larger churches	$100 to $200
Great city churches	$200 or more.

RELIEF AND ANNUITY BOARD

Emmett E. Smith

Since its founding in 1918, the Relief and Annuity Board has faced a challenge of meeting the retirement needs of preachers and employees of a great and growing denomination. The main work of the Relief and Annuity Board is in building strong retirement plans for pastors, church and denominational employees.

Today the board administers about 165 different plans. Each state has its separate plan. Each college, institution, hospital, agency and board has its individual plan. As the plans multiply, so do the problems. However, last year we started a program that someday will find the Southern Baptist protection plan and its supplement, the age security plan, the only plans in operation.

The board also administers the relief funds which are allocated through the Cooperative Program. When the ministry of this board was begun most of the work was relief. As the years passed and denominational workers began to enroll in the protection plans, relief work began to play a minor role. Today, the board administers relief to about 1,300 persons while serving thousands.

TREASURER'S REPORT FOR 1958

SOUTHERN BAPTIST CONVENTION

Income and receipts for the year 1958 were as follows:

Investment income	$ 2,424,377.92
Receipts from premiums and dues	8,305,562.16
Miscellaneous income	25,337.22
Miscellaneous Receipts	385,307.79
Total Income and Receipts	$11,140,585.09

Church, are we forgetting the rural pastors? Are they retiring to what? In the Bible it says, "What think ye of Christ;" or could we ask this question, church, "What think ye of Christ's servants?"

We wish you would ponder this in your heart. Will you pay the full benefit for the protection plan for your pastor? What a great relief that would be to him and his family.

FOREIGN MISSIONS

Bill Bennett

Southern Baptists now have 1350 missionaries serving on the foreign fields, the largest number in the history of the denomination. We should be encouraged by our missionary advance, but we can really take no justifiable pride in our missionary accomplishment. It still remains that world evangelism is a staggering, unfinished task. Less than one tenth of the 2,800,000,000 people of the world are personally committed to Jesus Christ as Lord and Saviour or vitally related to an evangelical church. At the present rate of growth the world will never be evangelized, for the population is increasing at a faster rate than people are being won. If the world is to be won to faith in the only Saviour of humanity, there must be a definite acceleration of world evangelism. Jesus made clear our mission task in Acts 1:8: "You will be witnesses to me, not only in Jerusalem, not only throughout Judea, not only in Samaria, but to the very ends of the earth" (Phillips Tr.). In this commission Jesus is commanding the churches to carry on a world-wide simultaneous mission program, beginning in the local church but at the same time reaching to the ends of the earth. It is as *unscriptural* as it is selfish to say that we must take care of local and home needs before sharing the gospel with the world. Every person on earth is entitled to hear the gospel once before those who have heard it once hear it again.

It is my considered conviction that Southern Baptist can do for missions what our Saviour desires and commands only if four major concerns grip their hearts:

1—Genuine Care:	There is no greater need among our people than to feel at heart a burden for the lost world.
2—Intercessory Prayer:	If we advance in missions we must do it on our knees. The greatest unused resource of our people is their prayer potential.
3—Financial Share:	"The Gospel is free but it cost money to provide the pails in which to carry the water of salvation" (Louis Evans). The tithe and more must be forth-coming from all our people if we are to undergird rightly our total mission work.
4—Personnel Affair:	Missions is men and women. Jesus said "You go," and each of us must go or have a reason acceptable to Him for staying. Christian parents should give their sons and daughters to be used of the Lord anywhere, including the remotest corners of the earth. Mary A. Thompson expressed the missionary call nobly when she wrote:

"Give of thy sons to bear the message glorious;
Give of thy wealth to speed them on their way;
Pour out thy soul for them in prayer victorious.
And all thou spendest Jesus will repay.
Publish glad tidings,
Tidings of peace;
Tidings of Jesus,
Redemption and release."

BROTHERHOOD REPORT

IKE FESMIRE

Since the formation of the Central Association, we have left in the Piedmont Association 58 churches, 29 of which have Brotherhoods and an enrollment of approximately 800 men. Needless to say, with a church enrollment of between 17,000 and 18,000 a membership of 800 is far from what it should be.

In 30 of our 58 churches there are Royal Ambassador Chapters with an enrollment of something over 500. In four of these churches there is no Brotherhood, and in four of the churches where there is a Brotherhood there is no R. A.

Certainly the men in all of our churches are missing a golden opportunity to serve Christ through working with our boys and young men.

Now that we have a State Brotherhood Secretary to suggest and encourage and help, it is hoped that the Brotherhood will grow, and it is hoped that as more men are enlisted to work for the Lord, that not only will the work among the boys increase, but all of the activities of the church will be benefited.
